

Local Department.

To Correspondents.

Communications, letters, contributions, generally of merit and interest to the reader, will be acceptable from friends from all quarters.

PIANO FOR SALE.—We have for sale, at our domicile in Walnut street, above Second, a first-rate Piano, which we offer at fifty-five dollars. Dirt cheap. Don't all pass by once.

THANKS.—We are under particular obligations to brother "Honest," of York County, for a sack of his elegant buckwheat flour. May you always be prosperous, and your crops abundant. It was quite a treat. The article is scarce in this section.

RESPONSIBILITY.—We do not hold ourselves responsible for the sentiments expressed by our correspondents. Believing in freedom of thought, and the right of expression for oneself, we would not deny the same right to others. We only ask correspondents to base their thoughts upon principles that will be of benefit to the reader, to write clearly, pointedly, well.

THE HUTCHINSON AFFAIR, AGAIN.—Since our last article appeared, relating to the rupture between Mr. Hutchinson and the workmen at Grubb's Furnace, we are informed that the first statement was correct in the main. Mr. Allison also states that his name should not have been made use of, as he knew nothing about the affair. He and Mr. Reid were setting in the office at the time the fracas occurred, and did not see it.

HONESTY.—Show your respect for honesty, in whatever guise it appears; and your contempt for dishonest duplicity, by whomsoever exhibited. Persons who buy goods at the Store of I. O. Bruner are always honestly dealt with; they do not misrepresent their merchandise, and those that buy there once, are always sure to go back.

MOUNTVILLE STATION.—This Station has remained inactive for upwards of twenty-five years. But now, through the activity and energy of Mr. M. G. Shindle and Mr. Grider, it has just waked up into existence. A sorghum mill, feed mill and warehouse have lately been built. A coal yard has been opened, and a railroad siding has been put in, and a ticket office established, all of which look more like business, energy and enterprise, than the lifeless old station of former times.

FALL OF THE LEAF.—The season of the fall of the leaf has come again, with all its sad and salutary teachings. Who can shut his heart against its lessons? Who, as he sees the frost-withered leaf driven by the fitful winds, is not reminded of winter's approach; and he behoves all, to prepare in time for its coming. To do this, go to the store of Maltby & Case and select from their immense stock of goods, clothing suitable to the seasons.—They sell cheap, and the variety of goods cannot be excelled in Columbia.

SORGHUM.—Mr. Shindle has sent us a sample of sorghum manufactured by him, at his works in Mountville. It possesses a fine flavor, and unlike most sorghum molasses that we have tasted, it has not that peculiar sickening flavor. Mr. S. has put up extensive team works, and is manufacturing the article on an extensive scale. The crop this season is the largest ever known in the county.

MORE DWELLINGS WANTED.—There is a crying want for dwelling houses in Columbia. Fifty more would not meet the demands. Business men, mechanics and laborers leave our town almost every week, for want of accommodations for their families. We are pained to see this—it is a burping shame. Let capitalists go to work and erect moderate-sized dwellings, sell them on time to mechanics, and laboring men, and it would not fail to prove a remunerative investment, and be of a lasting benefit to the place.

THE NEW SCHEDULE.—A new schedule went into effect on the Pennsylvania Railroad, on Sunday last. Corrected time of the arrival and departure of trains at this place may be found on first page.

The change does not seem to give general satisfaction in this region. We have now, no train, through East or West.—The mail train that formerly arrived here at 11.51 A. M., does not arrive until a few minutes of 1 o'clock P. M. Most persons coming to Columbia, come on this line; but they are now discomforted by having to change cars at Lancaster. Some one suggested that Columbia had better be stricken from the time table. We should have a through train East and West; or if we could only get the Erie mail to pass this way, all would be well.

THE ILLUMINATION.—The Republicans of this place celebrated their late victories by a grand illumination, and the "Boys in Blue," by a torchlight parade, on a Saturday evening last. The Zouave Battalion turned out full ranks, headed by their Drum Corps and the Union League Band of Lancaster, which discoursed the most charming music. Nearly all the business places in town, and many private residences were brilliantly illuminated—some of them were most magnificent, and great taste was displayed in their arrangement. In front of Major Fahlber's hardware establishment, the "White Star" appeared, surrounded with gas jets, which made a beautiful appearance, and was greatly admired by the passing crowd.—It was made at the Major's shops, by Mr. Becker, who is an experienced gas-fitter. The most attractive part of the procession was a boat mounted on wheels—drawn by ten or twelve mules, and filled with a motley crew, bound for the Saline Springs. They were greeted with shouts and cheers from the multitude along the streets.

It was, perhaps, the largest affair of the kind ever witnessed in Columbia. The streets were packed full of people. Many persons from the adjoining towns and townships were present to witness the demonstration. The brilliancy of our streets—the enthusiasm and excitement of the people, contrasted strongly with the jubilee after the fall of Richmond, and the surrender of Lee.

DESERVING CREDIT!—The Spy was gotten up this week, and worked off by two apprentice boys, one (Will Erwin), being at the trade only a few weeks. Besides this, one of them furnished much of the local matter, and about twenty-five dollars worth of job work was done.

SPLENDID HATS.—If you cannot get suited with a splendid hat, of the latest style, at Shultz's Lancaster, Pa., there is no use of looking further. They keep about the largest assortment of hats and caps of any store in the State. They always keep posted in the fashions, and can suit the taste of the most fastidious.

SALES OF REAL ESTATE!—George W. Heise sold his farm of 76 acres, in West Hempfield Township, to Frank Shillott, of Columbia, for \$135,50 per acre. We learn that Michael Liphart and Jas. Vaughn have each sold lots of ground on Cherry street between 2d and 3rd, to Mr. E. Krause, of Lancaster City. Mr. K. intends to put up a fine dwelling and also a brewery, on these lots, which formerly was the garden property of Col. S. Shooh.

MAN DROWNED.—John Henry Jones a colored man in the employ of John Brown, and engaged in boating either to the wharf of John B. Bachman, was drowned on Thursday evening last. By some mishap he fell off the flat, and immediately sank to the bottom of the river. He was raised to the surface soon afterwards and an inquest held by Deputy Coroner Cullity, and a verdict rendered of accidental drowning.

FATAL ACCIDENT ON PENNA. R. R.—Early on Sunday morning last, a railroad accident occurred between Chandler's and Midway, by which John McGinty, Conductor of a freight train, was killed, and the engineer and several other persons were wounded, some seriously, among them Dennis Collins, of this place. The engine and cars were badly wrecked, and over one hundred sheep were killed.—The accident was caused by the coupling of one of the cars becoming detached, thus leaving a portion of the train on the track; and not being observed by the engineer of the rear train in time to prevent the accident. Blame is attached to the flagman in not performing his duty, in going back far enough to flag the approaching train. The morning was a very foggy one.

WM U. HESS, ESQ.—We have had frequent occasion in these columns to notice the enterprise of the above named gentleman, and we take renewed pleasure in observing the improved interior of his handsome store. The display of books, albums, school stationery, etc., is particularly fine, and exceedingly tempting to all persons of liberal culture and refined taste. Some meretricious rascal carried off the beautiful gold pen sign, lately put up by Mr. Hess, in front of his store. If the guilty party can be found out, the severest penalties of the law will be inflicted.

ACCIDENT.—Benj Van Lew, Master Mechanic of the Reading & Columbia Railroad, was injured by a collision on said road, near Deep Cut, on Monday last week. He was cut on the back of his head—ankle sprained, and otherwise injured. At last accounts he was still confined to his room. Fortunately he was insured in the sum of five thousand dollars, in the North American Transit Insurance Company, by our friend A. J. Kauffman, esq., for which he pays thirty dollars a year, and will draw twenty-five dollars a week, during the whole time he is disabled from attending to his business. Our advice to all, is to insure.

HEADQUARTERS.—Our friends in want of traveling bags, horse blankets or robes, will find the establishment of J. C. Fahlber the headquarters for these articles. He has now a better assortment than ever before offered to the citizens of Columbia.—We examined the carrying bags a few days since, and must say they are beautiful and unique, and comprise all sizes and patterns; we only regret that we cannot run one of them. He also has valises, trunks, rugs, and robes of all styles; also saddles, harness, etc. Call and examine his stock. He sells as cheap as the same articles can be had in the city.

MONEY STOLEN.—On Saturday evening last, some person entered the house of Mr. James Bennett, on Walnut street above Third, and robbed his desk of \$64. The house was entered between eight and nine o'clock, while the family were absent attending the torchlight procession. The robbery was evidently committed by some person well acquainted with the premises; as the key was taken from a crevice in the sofa, where it was kept, the desk unlocked and the money taken out. Suspicion rests strongly on certain parties, yet no clue has been obtained that will justify any arrests.

CROSSY ART ASSOCIATION.—Read the article on our fourth page in reference to this Association. The drawing will take place within sixty days, and by the first of the year some lucky mortal will be the happy possessor of the beautiful Opera House in Chicago. For our part we would as soon have one of the many exquisite pictures, to be distributed at the same time; some of which are now on exhibition at E. Springer's Jewelry Store, Front street, Columbia. Subscriptions to the Association will be received there.

BASE BALL.—Our citizens who take an interest in such matters, have had a perfect carnival of Base Ball this week.—On Wednesday a game was played between the Columbia of this place, and the Keystone of Harrisburg, and resulted as follows; Columbia 12; Keystone 45. This game we announced in our last, was a mistake, made by the Sec. of the Columbia, the Keystone was wrongly informed as to the day set for playing them.

The Columbia met with better success on Thursday afternoon, when they played the Excelsior of Mount Joy, and were the winners of a ball. The score standing: Excelsior 29; Columbia 31. It is due to the Columbia to say, that they did not have their full nine out, in this game. Their Pitcher having hurt his hand on Wednesday.

This afternoon, the 2d nines of the Columbia and Teumseh of Millersville Normal School, play a match game, on the grounds of the Columbia. Game to be called at 2 P. M. We wish the Columbia success. The Teumseh are the challengers.

"NATIONAL BLUES" BALL.—The National Blues' Ball came off in Odd Fellows' Hall, on Thursday Evening last, with great eclat. The hall was beautifully adorned with pictures, wreaths and flags. The room was well filled with handsome ladies, and admiring gentlemen, who seemed to enjoy the delights of the mazy dance, and the twirl of the polka. We believe everything passed off to the entire satisfaction and enjoyment of all concerned.

SERIOUS ACCIDENT.—Paul Strickler, of this borough, and son of Jacob M. Strickler, deceased, met with a very serious accident in Lancaster, where he is engaged in the office of his uncle, M. M. Strickler, Internal Revenue Collector of this District. It appears he was crossing the street, after dark, on Tuesday evening last, when he was run over by a buggy driven by one George Messenhop, at a rapid rate. The shaft struck him between the eyes, and the buggy ran over him. He was taken up senseless and carried into a store near by, and medical aid called in; he was finally removed to the residence of his aunt, Mrs. B. A. Sheaffer. He was senseless for six or eight hours, and is still lying in a critical condition. Our readers will remember that this is the young man who barely escaped from drowning last Spring, while out gunning on the river with young Grubb, who was drowned by the boat going over the dam.

THE ZOO ZOO HOR.—The second grand Hop given by the Columbia Zouave Battalion, in Odd Fellows' Hall, on Tuesday evening last, was a great success.—The room was beautifully decorated with evergreens, and the stars and stripes hung in festoons on the walls. The hall was brilliantly lighted up, and the showy uniforms of the Zouaves added zest to the occasion. The music, Keffor's Orchestra, was all that could be desired. We shall not attempt a description of the fair ladies who flitted about the ball-room, each carrying in her train, numerous heart-hopeful admirers. The fun was kept up until the "wee sma hours" when all returned to their homes, highly delighted with the evening's enjoyment. The Ladies return thanks to the gallant Zouaves for their splendid entertainments, and at some future date, think of returning the compliment.

HIGH PRICES.—Since the close of the war every one has been hoping and looking for a reduction in the prices of the necessaries of life. From present indications, however, the cost of living is likely to be higher than ever during the coming winter. One article only, coal, is cheaper than it has been, while meat, flour, groceries and dry goods, have all an upward tendency. The grain crops have been far above the average, and it was thought that breadstuffs would be cheaper, but the poor crops everywhere in Europe, and the waste and destruction of the German war, have created a foreign demand for American grain and run up the prices. The people, then, must meet these high prices with proportionate economy, and the rich should not neglect the poor, for whom there is a hard winter in store.

OUR YOUNG FOLKS.—The varied, interesting and valuable character of the contents of "Our Young Folks," is instructive, and reaches the purpose for which it is intended. We venture nothing, in saying that it is the best juvenile work ever published in this country. The attractions promised for 1877 may be found in the prospectus, and also the liberal prizes offered for procuring clubs. Ticknor & Fields, Publishers.

AUTHOR'S HOME MAGAZINE.—The November number presents a table of contents, not to be surpassed by any of the monthlies. Artistic and literary, and always acceptable to those who love reading matter of a high moral standard. The steel engraving, "The expected letter," is a good thing, and this alone, worth the price of the book. The subscription price of this book is \$2.50 a year. T. S. Arthur & Co., 323 Walnut Street Philadelphia, has it for sale.

ATLANTIC MONTHLY.—The November number of this valuable periodical has been received, and its contents are as usual interesting and suited to the tastes of literary people. The "Atlantic" is generally recognized by the intelligent reading public, as an exponent of the best American thought and literature. Its contributors include all the most distinguished American writers, and its contents have unequalled facilities for entering their pen in that of its readers.—The attractive promises of the "Atlantic" for 1877 are the serial by Dr. O. W. Holmes, the series of articles by James Parton, frequent papers from James Russell Lowell, in addition to the literary contributions. Ticknor & Fields, Boston U. S. Hess has it for sale.

BRYAN'S PULMONIC WAFERS. (The original medicine established in 1827, and first article of merit ever introduced into the use of "Pulmonic Wafers," in this or any other country, all other Pulmonic Wafers are counterfeits.) This medicine has been used by the name BRYAN being stamped on each Wafer. The very best of the public for nearly thirty years, and the immense sale attained, not only in America but in foreign countries, fully attest their intrinsic value. For sale by all the quantity containing each box is nearly double that of that of the many worthless imitations advertised. Bryan's Pulmonic Wafers cure Coughs, Colds, Sore Throat, Hoarseness, Asthma, Whooping Cough, Bronchitis, Spitting Blood, Pains in the Chest, Inipient Consumption and all diseases of the lungs. Not only affording temporary relief, but effecting a permanent cure, and are warranted to give satisfaction in every instance. The following is a list of the ingredients, and the medical properties are combined in a form so agreeable and pleasant to the taste, that the patient can readily eat them. One dose will always succeed. Relief in Ten Minutes. To Vaccinate and Patent Specimens of these Wafers are peculiarly valuable; they will in one day remove the most severe occasional hoarseness, and their regular use will, at all times, increase the power and flexibility of the voice, greatly improving the tone and quality of the voice, for which purpose they are regularly used by many professional vocalists. The very great popularity of this invaluable remedy has induced unprincipled persons to prepare base imitations, which disappoint the just expectations of the public, and which are not the genuine medicine. See that the name BRYAN is stamped on each Wafer, and also observe the fac simile of the signature of the Proprietor, "JOH MOSES" on each wrapper, to ensure the genuineness of the medicine. Parties will be dealt with to the full extent of the law. Bryan's Pulmonic Wafers are for sale by all Druggists. JOH MOSES Sole Proprietor, 27 Cortlandt St., N. Y. Jan. 6, 1y

LATEST FASHIONS DEMAND J. W. Bradley's Celebrated Patent DUPLEX ELLIPTIC (or double spring) SKIRT. The Wonderful Flexibility and great comfort and pleasure to any Lady wearing the Duplex Elliptic Skirt will be experienced particularly in all crowded assemblies, Opera Houses, Balls, and other places. Peas, Arm Chair, for Promenade and House Dress as the Skirt can be folded when in use to occupy a small place as easily and conveniently as a Silk or Muslin Dress, an invaluable quality in traveling, not found in any single spring Skirt. A Lady having enjoyed the pleasure, comfort and great conveniences of wearing the Duplex Elliptic Skirt for a single day, will never thereafter willingly dispense with their use. For Children, Misses and Young Ladies they are superior to all others. They will not bend or break like the Single Spring Skirt, but will preserve their perfect and graceful shape when three or four ordinary Skirts will have been thrown aside, as usually worn. The Duplex Elliptic Skirt is made with double and twisted thread, and the bottom rods are not only double springs, but twice (or double) covered, thus giving the firm wearing out, without dragging down, straps, &c. It is made in all styles, and is universally recommended by the fashion Magazines as the Standard Skirt of the Fashionable world. To enjoy the following inestimable advantages in wearing the Duplex Elliptic Skirt, durability, comfort and economy, engage for J. W. Bradley's Duplex Elliptic Skirt, and be sure you get the genuine article. CAUTION: To guard against imposition by parties endeavoring to sell cheaply, viz: "J. W. Bradley's Duplex Elliptic Skirt" is the only one that will give satisfaction. All other makers are genuine. Also Notice that every Hoop will admit a pin being passed through the center, thus revealing the two (or double) spring braided together, which is the secret of their flexibility and strength, and a combination not to be found in any other Skirt. For Sale in all Stores where First Class Skirts are sold throughout the United States and elsewhere. Manufactured by the Sole owners of the Patent.
