Incidents of the Famine in India. Much has been said of the distressing scenes witnessed in India during the recent famine, but we have seen no narrative more touching than the following, which we copy from an English maga-

A planter was informed that a woman had died by the roadside, and that a living child was at her breast. He sent out his servants, who found the corpse. and the child so tightly clasped in the mother's arms, that in bending it back, stiff and cold, it broke. The poor little infant, exhausted by exposure and want, died as it was being released. Another ease: A woman, with her three children, crawled up to a planter's house just as tiffin was being cleared away; the re mains of the curry and rice were carried out in the verandah and placed before her. Without attempting to eat, she seated the three children round the dish, who speedily devoured its contents; and, although the mother was wasted to a skeleton, mumbling her thanks; she turned away, grateful that her offspring had been fed, even while she herself still hungered. Here is yet another instance, still more wonderfully touching in its forgetfulness of self: A little girl and her mother were seen lying under a mango tree. But were faint from hunger; they had been trying to keep life together by feeding on snails, berries and lizards; but growing weaker day by day, they at last sunk down under this tree to await a lingering death. Some boiled rice was placed before them. The mother was too weak to raise herself. so, althoguh 'the child's big eyes flashed with hungry gleam,' her little hands, well filled, first sought the mother's mouth, and not until half the rice was thus consumed did she herself eat."

Twice Married and Still a Maid. In the great Paris Exhibition there will be a painting with the simple title of "The Widow." A terrible fact connected with this picture is thus related:

The lady is the Countess D-, who, although only twenty-four years of age has been twice widowed. She is said to be of humble birth; but when only sixteen years of age, her great beauty attracted the attention of the Marquis de U-, who married her. On leaving the church, however, the Marquis was assassinated by some obscure rival, and the lady was left a widow with an immense fortune. The Marchioness retired to a Plain Mourning Goods, convent, where she remained until her twentieth year.

She had made a journey to various parts of Europe, and visited, among other places, St. Petersburg, where one of the most wealthy boyards of Russia placed at her feet his heart, his diamonds and his millions. The marriage was celebrated in the house of the bridegroum's mother, in a remote part of Russia, some distance from her own estate. The newlymarried couple left for their new home in a magnificent sleigh. On the way they were attacked by wolves, and the Count, in trying to defend his bride, made a false step, fell out of the sleigh into the snow, and was immediately devoured by the wolves. The horses, mad with terror, dashed off with immense speed, and did not stop until they arrived at the Count's chateau, which was brilliantly illuminated for the newly married couple.

. WHILE science has labored for the benefit of the human race, it is but a poor return to have imitaters start up and claim merits for their articles which never existed except in appearance. Since Hall's Vegetable Sicilian Hair Renewer has been introduced, and the remedial effects of this valuable prepa- MEN'S and BOY'S WEAR DEPARTration have been so plain, a legion have commenced manufacturing their nostrums. In point of merit there is no comparison, no more than the counterfeit resembles the genuine bank bill. One has a value for which the holder receives its value, while the other is worthless and is palmed off, upon the unwary. The effects of Hall's Sicilian Hair Re newer upon the head is to renew the growth of the hair, restore it to its natural color when it has become gray, and cures all diseases of the scalp. The effcots are seen from the first bottle.

BEAUTY.—Let me see a female possess ing the beauty of a meek and modest de portment-of an eye that bespeaks intelligence and purity within—of the lips that speak no guile; let me see in her kind benevolent disposition a heart that can sympathize with distress; and I will never ask for the beauty that dwells in ruby lips, or the flowing tresses, or snowy hands, or the forty other et ceteras upon which our poets have harped for so many ages .- These fade when touched by the hand of time, but those ever enduring qualities of the beart shall outlive their reign, and grow brighter and fresher as the ages of eternity roll away.

X 1566 L THE GREAT ZINGARI BITTERS. A Sure Preventative of

CHO JERA

THIS WONDERFUL REMEDY was discovered and introduced about twenty years ago by Dr. S. cheepsus, an eminent Egyptian physician. He had long seen and felt the want of some remedy which would strike at the root of disease, and so prevent much of the suffering which the human lamily was then compelled to endure.

The great question was presented to his mind every dry in vivid colors as he moved among the stek and dying, and observed the inefficiency of nearly all the remedies then in use. Thus he was lead to think and experiment; and after ten years of study and labor, he presented to his fellow-man the wonderful Zingari Bitters. The effect of this preparation in the prevention and cure of disease, was so marvellous and astonishing, that the most flattering marks of royal favor were bestowed upon the Roll of Nobles, and a gold medal with the following inscription—Dr, Cheopsus, the Public Benefactor—was presented to him by the Viceroy.

The preparation has been used in several epidemics of choleta, both as a preventive and curative measure, and with such great success, that it has been introduced into nearly all the general hospitals of the old world.

The old saying that an ounce of prevention is worth a pound of cure, applies with marvelous force to choleta, and therefore any remedy that will protect us against this terrible disease should be freely and persistently used.

All pathologists now agree that the cholera poison CHO\_ERA

nd persistently used. All pathologists now agree that the cholera poison All pathologists now agree that the cholera poison acts on the exceeding organs, and keeps them in working order, must prevent a sufficient accumulation of the poison to exert its terrible effects on the organism. This is true not only of cholera, cut of nearly all other maladies, especially the different forms of fever.

The Great Zingari Bitters is just such a remedy as the abive conditions require. Its acts on the organs of excretion and secretion, keeping up a perfect behave between them. This Bitters is composed entirely of roots and herbs, so nicely concocted that every organ is acted upon and put in

cocted that every organ is acted upon and put in tone. Its teste is pleasant and its effects prompt tone. Its taste is present and lasting.

Numerous cases of the following disease have been cured by it: Cholera, Diarrhea, Dysentery, that bit me Typhoid and Typhus Fever, Fover, Ague, Nervous Deblity, Anaemia, Female Irregularities, Dyspersia, Flatthency, Co.ic, Scrofula, &c.

CHOLERA.

Cured by Mishler's Herb Bitters! FOR the best Boots, go to Breneman's, W. King. When Mishler's Bitters were first intro-When Mishler's Bitters were first introduced to the public the propriotor did not feel justified in recommending it as a specific for Cholera During the fall of 1865, Dr. Mishler received the following note from Jacob L. Baker, Esq., of Lancaster Pa., a member of the Philadelphia College of Pharmacy. Mr. Baker had a great deal of experience in the treatment of Cholera is a druggist of sixteen years standing was is a druggist of sixteen years standing, was Hospital Steward in the Jefferson Hospital, thiladelphia, for three years, and is withal a gentleman of undoubled integrity and

a gentleman of undoubted integrity and one in whose statement the most implicit confidence can be placed:

Lancaster, November 3d, 1865.

Dr. Mishler—Dear Sir:—Knowing that the Cholera with its dreadful ravages is now upon our land, and knowing that no medicine now in our country possesses such a caloric influence "which is the vital remedy for all diseases of this kind" as the dy for all diseases of this kind," as the Bitters you now making I request you to prepare such a quantity of your bitter as would suit all demands, as I assure you they will be an invaluable remedy, and will be hailed as a blessing by all who will use it.

Yours respectfully.

JACOB L. BAKER. Being thus urged, and having noticed the Bitters were constantly curing the most-violent cases of Diarrheea, Cholera Morbus and kindred complaints, Dr. Mishler at last offered his compounds as a cure for Cholera The result have the compounds. Rooms adjoining the residence of James Barber, in Walnut street, where he is at all times prepared to do all kinds of work in his line. Such as, Hanging Curtains, cutting, making and laying Carpets. expectations and fully justifies all that Mr. Baker says in his note. It certainly proves that Mr. Baker's practical knowledge of medicine far exceeds that of most doctors who too often dose their patients with delatoring days are respected. leterious drugs on some absurd theory.— For the purpose of showing that Mishler's Herb Bitters will cure Cholera we give

below a few facts.

All intelligent persons who have investigated the origin of cholera, agree that it is caused by poison introduced and generated into the system by impure water, damp-ness, filth and over-crowded rooms with deficient ventilation. This is proved by the fact that cholera always rages worse on board of ships where all of the above causes are found more or less combined. To cure cholera, and also to prevent it, it is necessary to neutralize this position, and that Mishler's Bitters will do this is proven

by the following:
The steamship Virginia, arrived at the
Port of New York about the middle of
April with cholera a board a number of the April with cholera a board a number of the passengers having died during the voyage with this complaint. Among the passengers were a family named Schmith, from Baden, Germany. This family was attacked with cholera. Fortunately for them they had friends living in this city (Lancaster, Pa.,) who knew the virtues of Mishler's Bitters and who procured a bottle and sent it to the Schmith family. When this package arrived at Quarantue, the doctors examined it and confiscated the contents. Another bottle was procured and packed in Another bottle was procured and packed in a more secure manner: it safely reached the Schmiths. On its arrival aboard the Virginia, Henry Schmith and Christ. Schmith were both laboring under choleric symp-toms: Mrs. Marcia Schmith, wife or the former was very bad, not expected to re-cover, and a son had died of the dread complaint and had been buried theday previous. It was in this plight a bottle of Mishler's Bitters, sent forth like an Angel of Mercy found the poor Schmith family.—Henry Schmith was the first to try it, and so instantaneous was the relief he experienced that he grave it to als wife and by the enced that he gave it to his wife and brother both of whom it at once relieved. They used the entire contents of the bottle and all three were so much relieved that the physicians permitted them to leave the physicians permitted them to leave the Virginia, after being confined at quarantine aboard that scourge ship forty-two says.—The Schmiths proceeded to their relatives in Lancaster, and at an early opportunity called on Dr. Mishler to express their gratitude for the timely relief they had found in his Bitters. Mr. Henry Schmith stated that all the compounds the doctors had given him did no good, but that one glass of Mishler's Bitters made him feel like a new man, warming his whole system.

new man, warning his whole system, giving him a healthful heat and causing him to perspire freely. His statement was substantially was substantially as given above, and he further said that if the doctors had not kept the first bottle from reaching him, his son would yet have been

reaching him, his son would yet hrve been living. Mrs. Schmith was still weak from the effect of cholera, but the continued use of the Bitters were most surely restoring her accustomed vigor.

It is not to be expected that regular M.
Ds. will admit that any remedy not to be found in the Dispensatory will cure Cholera or any other complaint, but candor compels Dr. D. H. Bissell of the Cholera Hospital ship. Fulgor, to admit that he

Hospital ship "Falcon" to admit that he believes Mishler's Bitters to be a "very good Tonic." In reply as to a case of Bitters that was sent to him by a well known gentleman of Lancaster, he writes as fol-Hospital Ship Falcon, Quarantin, New York, June 7th, 1866. George S. Rowbotham, Esq.—Dear Sir: Yours of the 23d, inst. is to hand. In reply, I begleave to say, that I received the case of Bitters you sent me for trial &c., that I gave them to the convalescents in

Hospital. I believe them to be a very

good tonic Bitters, well adapted to all cases requiring Tonic remedies. D. H. BISSELL, Physician,
Hospital Ship "Falcon."
This letter from Dr. Bissell, justafter the reception of the Bitters, and before he had time and opportunity to thoroughly test their wonderful medicinal properties is considered an important endorsement, as that gentleman to-day occupies the most important position of any physician in America. The passengers and crews o emigrant and merchant vessels that arrive in the Port of New York from foreign countillations of the passengers and crews of the passengers are considered to the passenger of the p tries, are subject to his inspection and con-trol, and the great experience he has had in the management of that dreadful disease, Cholera, gives an endorsement by him an unusual importance. This letter together with the statement of the Schmith family—who while in the Steamer Vir-ginia, were under Dr. Bissell's control, shows what the Bitters have done and can

Another case of Cholera cured by Mish ler,s Herb Bitters is that of Mr. Pearsol o Another case of Cholera curve by Misherseler, Herb Bitters is that of Mr. Pearsol of York county, who, after suffering severely from all the symptons of Cholera, finally became collapsed and while in this state, (the doctors stating that he was beyond relief) a friend administered freely, Mishler's Bitters. The effect was instantaneous; heat was generated in the body, perspiration was induced and after using one bottle Mr. Pearsol was entirely restored.

Mishler's Bitters cures Cholera by counteracting the poison which is the cause of the disease. Poison in the system, whether generated by bad air, filth, &c., as in Cholera, or introduced by the bite of a venomous snake or mad dog will be expelled and all bad symptons allayed by the use of Michler's Herb Bitters. The above proves this to be the fact in Cholera and the certificate of Mr. Rhinehart proves that Mishler's Billers will cure the bite of a poisonous snake: a poisonous snake:

Lancaster, July 4th, 1865.

Mr. B. Mishler—Sir:—About eight weeks since I was bitten in the left hand by a snake, but at the time did not know of what species it was. Immediately after the bite my hand swelled to a very large size, and the poison appeared to be working up my arm. I suffered great pain in my hand and arm; I had to quit work and was afraid I would be compelled to have my hand amputated. I came to you, and by your advice washed my hand and arm with your Herb Bitters at the same time taking it inwardly. In eleven days I was Lancaster, July 4th, 1865. with your Herb Bitters at the same time taking it inwardly. In eleven days I was able to go to work again. The poison was all drawn out and Mishler's Herb Bitters was the only medicine or application that I made use of. Mr. Christian Burns, a near neighbor of mine, went out a day or two after to the place where I was bitten, and killed what I believe was the same snake that bit me as he caught within five varies of the spot where I was bitten. It yards of the spot where I was bitten. It proved to be what is called a copper snake; at any rate, whether it was the same one that bit me or not—one thing is certain— that your Bitters cured the bite of a snake in my case for which I shall ever be thank-ful, as I believe it was the means of saving

THE INTERPRISE INSTRUMCTE CO. Ayer's Sarsaparilla

A compound remedy, designed to be the most effectual Alterative that can be made. It is a concentrated extract of Para Sarsaparilla, so combined with other substances of still greater alterative power as to afford an effective antidote for the diseases Sarsaparilla is reputed to cure. It is believed that such a remedy is wanted by those who suffer from Strumous complaints, and that one which will accomplish their cure must prove of immense service to this large class of our afflicted fellowcitizens. How completely this compound will do it has been proven by experiment on many of the worst cases to be found of the following

complaints: —
SCROFULA AND SCROFULOUS COMPLAINTS, ERUPTIONS AND ERUPTIVE DISEASES, ULCERS, PIMPLES, BLOTCHES, TUMORS, SALT-RHEUM, SCALD HEAD, SYPHILIS AND SYPHILITIC AF-FECTIONS, MERCURIAL DISEASE, DROPSY, NEU-RALGIA OR TIC DOULOUREUX, DEBILITY, DYS-PEPSIA AND INDIGESTION, ENTSIPPELAS, ROSE OR St. Anthony's Fire, and indeed the whole class of complaints arising from Impurity or THE BLOOD.

This compound will be found a great promoter of health, when taken in the spring, to expel the foul humors which fester in the blood at that season of the year. By the timeblood at that season of the year. By the timely expulsion of them many rankling disorders
are nipped in the bud. Multitudes can, by
the aid of this remedy, spare themselves from
the endurance of foul eruptions and ulcerous
sores, through which the system will strive to
rid itself of corruptions, if not assisted to do
this through the natural channels of the body by an alterative medicine. Cleanse out the vitiated blood whenever you find its impurities bursting through the skin in pimples, eruptions, or sores; cleanse it when you find it is obstructed and sluggish in the veins; cleanse it whenever it is foul, and your feelings will tell you when. Even where no particular disorder is felt, people enjoy better health, and live longer, for cleansing the blood. Keep the blood healthy, and all is well; but with this pabulum of life disordered, there can be no lasting health. Sooner or later something must go wrong, and the great machinery of life is disordered or overthrown.

Sarsaparilla has, and deserves much, the

reputation of accomplishing these ends. But the world has been egregiously deceived by preparations of it, partly because the drug alone has not all the virtue that is claimed for it, but more because many preparations pretending to be concentrated extracts of it, contain but little of the virtue of Sarsaparilla,

or any thing else, During late years the public have been misled by large bottles, pretending to give a quart of Extract of Sarsaparilla for one dollar. Most of these have been frauds upon the sick, for they not only contain little, if any, Sarsaparilla, but often no curative properties whatever. Hence, bitter and painful disappointment has followed the use of the various extracts of Sarsaparilla which flood the market, until the name itself is justly despised, and has become synonymous with imposition and cheat. Still we call this compound Sarsaparilla, and intend to supply such a remedy as shall rescue the name from the load of obloquy which rests upon it. And we think we have ground for believing it has virtues which are irresistible by the ordinary run of the diseases it is intend-ed to cure. In order to secure their complete eradication from the system, the remedy should be judiciously taken according to directions on

the bottle. PREPARED BY

DR. J. C. AYER & CO. LOWELL, MASS. Price, \$1 per Bottlo;

Ayer's Cherry Pectoral has won for itself such a renown for the cure of every variety of Throat and Lung Complaint, that it is entirely unnecessary for us to recount the evidence of its virtues, wherever it hus been employed. As it has long been in constant use throughout this section, we need not do more than assure the people its quality is kept up to the best it ever has been, and that it may be relied on to do for their relief all it has ever been found to do.

Aver's Cathartic Pills,

FOR THE CURE OF Costiveness, Jaundice, Dyspepsia, Indigestion, Dysentery, Foul Stomach, Erysipelas, Headache, Piles, Rheumatism, Eruptions and Skin Diseases, Liver Complaint, Dropsy, Tetter, Tumors and Salt Rheum, Worms, Gout, Neuralgia, as a Dinner Pill, and for Puvifying the Blood. They are sugar-coated, so that the most sensitive can take them pleasantly, and they are the best aperient in the world for all the purposes of a family physic.

Price 25 cents per Box Great numbers of Clergymen, Physicians, Statesmen, and eminent personages, have lent their names to certify the unparalleled usefulness of these remedies, but our space here will not permit the insertion of them. The Agents below named furnish gratis our AMERICAN ALMANACIA which they are given; with also full descriptions of the above complaints, and the treatment that should be followed for their cure.

Do not be put off by unprincipled dealers with

other preparations they make more profit on. Demand AYER'S, and take no others. The sick want the best aid there is for them, and they should have it. All our remedies are for sale by All Druggists and dealers in medicine everywhere. At wholesale by J. M. Maris & Co., 711 Market St., Philadelphia.
