WILD DUCKS .--- Sportsmen seem to have a good time in the vicinity of Washington borough. We are told that over one hundred and fifty ducks were shot in that locality, on Wednesday last.

HAND CRUSHED .---- We learn that George Sours, of Manor township, had his hand crushed, on Wednesday last, by being caught between two large stones, while quarrying. The index finger of his right hand was amputated by Dr. Gray. He is doing well.

IN THIS WEEK'S arrivals at HAL-DEMANS' may be found new attractions, and many new bargains. Full stock of BEST MAKES, HOUSEKEEPING GOODS. PERSONAL .- We had the pleasure of meeting, a few days since, Mr. H. Rippenger, the gentlemanly agent for the Franklin Steam Cracker Bakery, 113 Queen st., Philadelphia. They make the finest cakes, crackers, &c., of any establishment in the City, and we recommend them to the trade everywhere. See advertisement.

THE ICE CROP -The finest ice crop ever gathered in Columbia, has just been housed. All the ice houses in town are filled to overflowing. Conrad Swartz put up a new building and filled it with ice, during the week. It is an unique affair. There are two rooms in it, immediately under the ice; one of these will be used as a pantry, and the other to keep fresh meat in during the hot weather.

DON-ALD SON .- Prof. Donaldson, the Great Wizard of the East, will entertain his friends in Odd Fellows' Hall, this evening. He will give some new and startling feats in ventriloquism and sleight of hand. Every one purchasing a ticket will receive a present valued at from 25 cents to \$25.00. Donaldson is well known to our citizens. and his entertainments are always worth the price of admission. - Go and see him.

HANDSOME HEARSE .- Mr. Christian Myers turned out, this week, at his steam carriage works, another handsome hearse, valued at one thousand dollars. It is for Mr. George Seibert, undertaker, of this place, and is similar to the one built at the same establishment, a short time since, for Mr. Shenberger, of this place. It is a very handsome affair, and we doubt whether its equal is to be found anywhere in the interior of the State.

ELECTION OF TRUSTEES .--- At an election held in the Town Hall, on Saturday last, the following Trustees of the Old man, E. Hersbey, L. Ellmaker, John Q. Public Ground Company, were elected for Denney, Wm. Patton, Geo. W. Harris, the ensuing terms :

Lloyd, for three years, and C. Breneman, for two years. The Board met the same evening, and

C. Pfahler, Secretary and Treasurer.

THE COLUMBIA BRIDGE .- Travel still ontinues over the bridge of icc, between Columbia and Wrightsville, and passengers are carried across in sleighs, at which business quite a rivalry has sprung up. Thus nature furnishes a bridge, and for the time being, saves travelers the expense and loss of time, going by way of Harrisburg-sixty-eight miles around-to get to

Wrightsville. A few persons built a temporary bridge across the "ice channel," on this side, and for a time charged all wagons and sleighs for crossing. Our Borough authorities hearing of the matter, put a stop to it at once; they bought the lumber from the parties, thus making the

the Pennsylvania Railroad Company, in reference to the rebuilding of the Columbia Bridge, or whether they have dropped the matter altogether, or are seeking redress before the Legislature. We hope that they may be able to accomplish something; if they cannot, let our citizens show that that if they wish the support of the business community, they must contribute

something to its convenience. And especially let us watch our members of the Legislature, and see that they are not led off from granting privileges, which are from 25 to 50 per cent. Ligher than for the imperatively demanded by the business corresponding quarter of last year, when intervets of all the southern counties of the they know that there has been no increase

interests of all the southern counties of the State, and indeed, of other States. It is said that labor and building mater-ials are yery high at present, and that it would be too expensive to rebuild the bridge, at this time. That is very true, but there are matters which must be done at great sacrifice of convenience, and even money. Suppose a man wants to get married, and go to housekeeping; he might reason in the same way, and say clothing, furniture, &c., are very dear now. clothing, furniture, &c., are very dear now,

and suggests to his lady-love, we had better wait until goods fall in pricewouldn't she be likely to look out for somebody else? So we say to the Columbia Bridge Company-it won't do to wait for a fall in the prices of materials and labor-it is a matter of actual necessity, and if the Company still refuse to rebuild it, we must strongly urge the law making power, to give us some remedy for the great inconvenience which we have so long bored under.

THE FRANKLIN HOUSE was sold to Martin Erwin, (its former owner,) now of the Lamb Hotel, at private sale, for \$13,000. This well known hotel will lose none of its prestige or fame by changing into the hands of the new proprietor, as he is an old hand at catering to the tastes of the public. He knows fall well how to keep a hotel.

The genial countenance of "mine host." Miller, will still be found at tho Franklin House. He will show the people of Columbia something in the restaurant line they never saw here before. He will re-fit and open the Franklin House Saloon in a style that will do credit to himself and the town. He has the courage, tact and ability . o do it, and he will.

DIRECTORS ELECTED.—The following Directors and officers of the Susquehanna Iron Company were elected for the ensuing year, at a meeting held at the Company's office, on Wednesday last:

George Bogle, J. G. Hess, C. S. Kauff-Robert Crane. Win. Patten was elected J. S. Strine, John Hippy and George Treasurer, and L. Ellmaker, Secretary.

This query is vory naturally sug-gested at this time, when the gas bills for the last quarter of 1866 are being collected, and when said bills are charged at the rate of \$4.50 per 1000 feet, while our oppressed brethren of Philadelphia are railing out at the extortion of the City Gas Company, for charging them \$3.00 per 1000 feet, and de-monstrating sutisfactorily by figures, (which, you know, cannot lie, that the Company could well afford to furnish it at \$2.25.-I said the extortion, but I should were railing at the extortion, but I should or is there no means by which we can pro were railing at the extortion, but I should have said that this demonstration by fig-ures was one year ago, when coal was 25 per solved to go into an election for the rest of the officers, to serve during the ensuing
