U. S. Senators. On Thursday last, the Legislature of this State elected General Cameron Senator of the United State, to serve for six years from the fourth of March next. After his election the General made a speech to some of his friends at the *Lochiel House. He appears to be sound cen the great questions of the day—the truth is, our new Senator is quite as * radical as any other member of the body "to which he has been "elected, and "will be found as earnest and devoted in his support of the measures which the

country demands. Roscoe Conkling, the newly elected · United States Senator from New York, is one of the most earnest friends of protection to American industry in the country. His presence in the Senate, can be looked to as calculated to improve the prospects of American labor, and as certainly to aid in protecting it from the

competition of the pauper labor of Europe. These Wafers have been before the public for nearly thirty years, and the immense sale attained, not only in America but in foreign countries. fully attest their intrinsic worth. The medical properties are superior to any other articles offered for the cure of Pulmourry or Bronchial affections, and the quantity contained in each box is nearly double that of that of the many worthless imitations advertised.

To Vocalists and Public Speakers, these Wafers are peculiarly valuable; they will in one day remove the most severe occasional hoarseness; and their regular use for a few days will, at all times, increase the power and flexibility of the voice greatly improving its tone, compass and clearness, for which purpose they are regularly used by many professional vocalists.

The very great celebrity of this invaluable remedy has induced unprincipled persons to prepare base imitations, which disappoint the just expectations of the purchaser, and injure the character of the genuine medicine.

See that the word, "BRYAN," is stamped on each Wafer, and also observe the fac simile of the signature of the Proprietor "JOB MOSES" on each wrapper, to counterfeit which is forgers.
