

Gen. Fisher and the Bridge Question.

It has been industriously circulated in this community, that Senator Fisher was not sound on the question of re-building the Columbia Bridge. We made it our business to enquire of some of the members at Harrisburg, whether there was any truth in the report; and was told that General Fisher had carried out the wishes of his constituents, in reference to the bridge matter, most fearlessly and faithfully; and was now doing all that could be done to further the speedy reconstruction of the Columbia bridge.

Mr. FISHER having asked and obtained leave to make a short statement, said: Mr. Speaker, it is known to many members of this Senate that I came here in charge to bring a bill to build a bridge over the Susquehanna river at Columbia. When the bill was read in place by me, it was referred by you to the Committee on R. R. I regard it as a reference at that time, and do so still, and I am not prepared to discuss the interests of the Penna. R. R. Co. were particularly identified with the building of that bridge. I have attended to the interest of the bill as faithfully as I know how. I appeared before the Committee and made a statement covering the entire ground, and supposed that I was doing all in my power to advance the interests of my constituents. Last week, sir, a committee from the counties of York and Lancaster visited this Capitol, and I had interviews with them, which I supposed were entirely satisfactory. They went home and misrepresented me; and the other day I picked up a paper published in our town, it is true, with but a limited circulation, and found in that paper an article, a portion of which I beg leave to read, as follows:

"We are also informed by said Committee that they are in possession of facts which induces them to believe that a Senator from this State is using his influence to the disadvantage of said bill, while among his constituents, he has influence locked up in statu quo to say the least of his actions, while in the Senate, and that his influence is that his influence is on the wrong side for the good of Lancaster and York Counties. The friends of the bill, on the other hand, have been put to great inconvenience during the last four years for the want of a bridge at this point; other parts of the State are inclined to grant them relief, and should our Representatives even fail in this matter, they must remember that these are the times when the State is in a military necessity and certain facilities may become very scarce for the convenience of those who suffer."

Now, sir, I deny that I have faltered in my devotion to the interests of my constituents, and as for making a place too warm for me, I would advise them to try it on. I rise now for the purpose of calling the attention of this Senate and the counties to the fact, and I appeal to the members of the R. R. Com., to the honorable Chairman, to my friends from York County, [Mr. Lowry], to the friends from Schuylkill, [Mr. Kendall], and to the other members of the committee, to say whether I did or did not prosecute that bill before the Com., with proper zeal. Mr. BILLINGSLEY. Mr. Speaker, I would ask if any name is given in that article? Mr. FISHER. There is no name given, but as a matter of justice to myself, I ask that the members of the Committee state whether I have done my duty or not.

Mr. LOWRY. Mr. Speaker, the article in the paper referred to in the paper just read, is in every respect unjustifiable. He has done all he could, to carry out the wishes of his constituents in reference to this bill, and we have agreed to report the bill to-day. The whole spirit of that article is unjust towards the Senator. Mr. GRAHAM. Mr. Speaker, it is not, I am aware, in good taste to speak of what transpires in Com., but it is due, I think, to the Senator from Lancaster to state that at the very first meeting that the R. R. Com., held after the reception of the bill referred to, he appeared before the Com., and was very urgent to have the bill reported immediately, and have a variety of reasons urged in importance to his people and insisted upon having it reported. It was held over for consideration by the Com., for a few days, since which time the Com. finally agreed to report it and I think it will be reported this evening, as committed.

Mr. WHITE. Mr. Speaker, I was very sorry to hear the article read by my friend, the Senator from Lancaster [Mr. Fisher], and I think it eminently proper that every Senator here should be careful of the reputation of his fellows upon this floor, and should always cheerfully bear testimony to duty faithfully performed, when such has been the case. I take pleasure in rising in my place, after hearing the case of the Senator from Lancaster, and stating that I know, from his conversation and intercourse with myself, as Senator from the western part of the State, that he has manifested great interest in representing its claim before the committee. In conversation and intercourse with him, he has at all times manifested a commendable anxiety on the subject, and I believe the charges are untrue and untrue towards him, and I wish it to go on the Record as coming from me.

HARRISBURG, Feb. 13th, 1867. M. A. M. RAMBO, Editor Columbia Spy.—Dear Sir:—Having understood that some of the citizens of Columbia have censured General Fisher for a want of zeal in his advocacy of the Columbia bridge bill, I take pleasure in saying that ever since the commencement of the Session he has labored earnestly and efficiently in its support. I have no doubt that through his aid the bill will pass the Senate, and I hope become a law.

Very Respectfully, A. HIRSTAND GLATZ.

Local Department.

To Correspondents. Communications, letters, contributions, generally of merit and interest to the reader, will be acceptable from friends from our quarters.

P. H.—We will charge you \$1.50. J. J. B. & Co.—We do not allow any person to say what we do for advertising. You owe us a balance of \$175. We cannot insert advertisements for him. We will do as you request—look out for it! We will be glad to receive the sketch. CARP. T.—Received the MSS. We will return it if we do not make use of it. Why did you not commence from the time of organization.

The crossing at the west corner of Second and Locust streets should be fixed. BERRAZUM.—A transposition of lines occurs in the note at the head of Bayard Taylor's poem, on the first page. The fifth line should be read for the third.

REPAIRING.—Workmen are engaged in repairing the "American House" which was partly destroyed by fire, last week.—Some long we may expect to see "Pardny" all "O. K." again.

LARGE SALE.—H. N. Kehler will sell at Public Sale, at his premises in West Hempfield township, on Thursday, February 21st, a large and valuable lot of personal property. See advertisement.

IN THE CANAL.—On Monday last, whilst the stock freight East on the Penna. R. R. was nearing the tunnel, above town, a truck became detached from a caboose, and ran into the canal. Fortunately no one was injured by the accident.

RAIL ROAD OFFICERS ELECTED.—At a meeting of the Board of Directors of the Columbia & Port Deposit, R. R. Co., held on Tuesday last, the following officers were re-elected: A. J. Kauffman, Treasurer, and Geo. F. Breneman, Secretary.

PERSONAL.—Mr. B. V. Black, of this place, and late the courteous Captain of the forty boat "Callie," left town on Monday last, for Bellefonte, Centre County, Pa., where he intends going to the butchering business. Our friend Amos Mullen accompanied him, and we believe is to help run the thing. Success to them.

PAY UP.—We sent out during the week, many bills to persons who are in arrears for subscription, and as yet have received but little response to them. Next week we will send out many more, when we hope our patrons will act promptly.—We must have money—can't subsist without it.

EDITOR'S CONVENTION.—The Altoona Tribune advocates an Editorial Convention, and recommends Harrisburg as the place of holding it. Do not hold it in Harrisburg or you will accomplish nothing; the thing has been tried. Let it be held in Columbia, Lancaster, Reading, or any other place but Harrisburg.

RELIGIOUS AWAKENING.—The series of religious meetings being held in the M. E. Church, of this place, during the past month, have been attended with unusual success; many having professed to have found peace, while the altar is crowded with penitents, nightly. Interesting meetings are also being held in the E. E. Lutheran Church, nightly.

ENCOURAGING.—The farmers generally are in excellent spirits with regard to the wheat crop. It is believed that it has now taken such a hold, under the protection of the snow, that the "March freezes," "rust," "weevil," or the whole army of "croakers," will not be able to make it a failure. We trust that this may prove true. The prospect certainly was never better.

THAT PARADE.—The parade of the Columbia Zouave Battalion, on the 22nd inst., of which we made mention some time since, we are sorry to say will not take place; owing to a misunderstanding in relation to receiving their arms, &c., from Harrisburg. They, however, will give a grand ball on the evening of the 22nd, in Odd Fellows' Hall, which no doubt, will be a great success.

VIGILANT FIRE COMPANY.—A meeting of the Vigilant Fire Company took place at their hall on Wednesday evening last. Col. C. S. Kauffman stated that the object of the meeting was to come to some conclusion, whether the Company would re-organize, sell their property or consolidate with the Susquehanna Company.—After some discussion Col. Kauffman offered the following: Resolved, That the Trustees be directed to sell the property of the Vigilant Fire House, and the proceeds be given to the Columbia Company for the purpose of purchasing a steam fire engine. The resolution was lost. A Committee was then appointed to confer with the Susquehanna Company. Committee—C. S. Kauffman, E. A. Becker and H. Wilson.

THE PITTSBURGH DAILY DISPATCH.—One of the best papers in the West, now comes to us in quarto form, and greatly enlarged and improved, and printed on new type. The Dispatch is edited with marked ability, which recommends it to public favor and praise.

DESTRUCTION OF OUR ICE BRIDGE OVER THE SUSQUEHANNA.—The mild weather during the week, accompanied by copious showers of rain, had the effect of raising the river to such an extent that the ice yielded to the pressure, and a general break-up took place on Thursday. The weather was very foggy, and persons could not see but a few yards from shore, otherwise the spectacle would have been grand. The only damage done, was to the Susquehanna Iron Company's wharf, which was torn up considerably, and in a moment huge cakes of ice were piled up many feet high; some of the ice was from 12 to twenty-five inches thick. At the breast of the dam there is an immense mountain of ice, which by actual measurement, is thirty feet high. A large quantity of ice is still running, but no further damage is anticipated.

THE DOG LAW.—Our prompt and efficient Chief Burgess requests that all owners of registered dogs comply with the 2d Section of the Ordinance, relating thereto, which reads as follows: "All owners of registered dogs, shall have a collar, or chain, with the owner's name engraved thereon and affixed to said dog's neck."

REAL ESTATE SALES.—Mr. H. H. Heise purchased Mr. James Vaughan's house and lot on Locust street, above 2d, for \$7,500. Mr. Heise and mother will occupy it on the first of April next. Mr. Vaughan, we understand, moves to Reading.

MEETING OF COUNCIL.—A stated meeting of Council took place last evening, at 7 o'clock, in the City Hall, and the members were present. After the usual reports of committees were heard, Mr. Bachman's resolution submitted at last meeting, authorizing a loan of \$5,000 to be made for Borough purposes, was considered, and after the amount had been increased to \$15,000, was adopted. A resolution was also passed instructing the Borough Solicitor to frame a bill to be presented to the Legislature, authorizing the Borough to make loans to an amount not exceeding \$100,000, for the purpose of opening streets, and making other public improvements.

FATAL ACCIDENT.—We understand from a gentleman just from Cumberland County, Pa., that the pond bank at the Caladonia Ore Mines, Franklin County, Pa., caved in on Thursday afternoon, of this week, burying sixteen of the workmen. Six had been taken out dead, up to yesterday noon, the other ten had not been reached yet. These works are owned by Hon. Thaddeus Stevens.

A story is told of a young man in Wrightsville, who was crossed in love, and attempted suicide, by taking a dose of yeast powder. He immediately rose above his troubles, and came to Columbia, where he purchased a pair of fine horse boots at the store of O. Bruner, and left for parts unknown. Ze know that Bruner kept cheap goods.

YORK COUNTY ITEMS.—We copy the following items from the True Democrat of this week: On Thursday last a fatal accident occurred in Washington township, this Co. Six men were killed, and one injured, when a German, named Geo. B. Y. Nauts, came along on foot, and when nearly to the end of a long bridge, he stepped on a tree, it unexpectedly gave signs of falling. He was cautioned to save himself, but instead of running away from the tree, he ran in the same direction it was falling, several heavy limbs striking him down, inflicting severe external injuries to his head and skull, and causing his almost instant death. An inquest was held over the body, and a verdict rendered according to the above facts.

On Wednesday morning about 9 o'clock the barn on the farm of Dr. Chas. M. Ness, of this borough, situated in Codorus township, was discovered to be on fire, and before the flames could be extinguished, was burned to the ground, together with all its contents, consisting of ten tons of hay, three hundred bushels of corn, several valuable farming utensils, and one or more wagons, and a cow and two sheep in the stables were also burned up with the building. The barn was insured in the Farmers' Mutual, of this borough, but the contents, belonging to Mr. Campbell, the tenant, were not insured.

About 3 o'clock on Tuesday morning last, as a burden train was going down the summit towards Baltimore, on the Northern Central Railway, a brakeman, named Stewart Maxwell, whilst running over the cars, was struck by the engine, and was also hurled up with the building, and knocked off insensible. The train was stopped, and he was placed upon a stretcher, and taken to the city. On examination it was found that the back part of his head was badly injured, though not fractured. He was reported as improving on the following day.

There will be a grand military parade in our borough on the 22d inst., the anniversary of the birth day of the father of our country, when all our companies, and their music and banners will be out in full uniform. The pageant doubtless will be a grand one, and worthy the day which it commemorates.

J. W. STACY & Co. are selling goods at cost. Now is the time to buy. Prices will go up in the spring.

FOR table desserts, and diet for the sick, we can recommend Cox's Sparkling Gelatine and Blain's or Miss Leslie's Rosnet. Sold by J. A. Meyers, Apothecary.

FOR BAR ROOMS.—The Landlord's capital picture, showing the disadvantages of credit, is now on hand, and will be sold by J. A. Meyers, Apothecary, 22 West Phoenixville, Pa.

We would call the attention of our readers to CHEAP SEEDS, an admirable flavoring for Soups, etc. It is worth trying. It can be obtained as wanted, from J. A. Meyers, Druggist.

CHEAP CLOTHING.—H. Blumenthal, at the Blue Front Clothing Store, has just purchased a new stock of clothing which he offers at cheaper rates than any other store in Columbia. He has cloths, cassimeres, &c., in the piece, which he will make up to order, at rates much lower than has been offered for years. See advertisement.

SPECIAL MEETING OF COUNCIL. COLUMBIA, February 13th, 1867. Met.—T. R. Sipple, President, in the Chair. Present: Messrs. Gosler, Mullen, Sipple, Shreiner, Sourbelle and Upton. The Secretary then read Section 10 Art. 2d, Sec. 25, and Sec. 11, Art. 7, of the Borough Charter, after which objections were heard from persons through whose property the streets mentioned in the subject resolution, passed by Council, Jan. 24th, 1867.

Resolved, That Council propose that Commerce street be opened in a straight line to the Market Street, after which objections were heard from persons through whose property the streets mentioned in the subject resolution, passed by Council, Jan. 24th, 1867.

Pretty red skirts, and black dresses, scolloped at the bottom—the black being elevated about three inches above the red—were quite fashionable just now.

High top boots, small crinolines, and short dresses, are becoming fashionable among some of the ladies of our large cities.

EVERY SATURDAY.—In addition to the excellent Serials, by Miss Thackeray, Henry Clay and Edwin A. Yates, this popular Weekly has short, pithy articles on European political and social topics, which are of interest to all intelligent Americans. It also gives every week one or more choice poems by Swinburne, Buchanan, John Ingelow, or some other of the rising poets of England; and frequently it is enriched by a translation of some specially instructive or interesting sketch from French and German periodicals. In fact it contains weekly, a valuable miscellany of what is best and most American readers most attracted to in foreign literature. It is published by Ticknor & Fields, Boston.

NATIONAL PUBLISHING COMPANY.—The National Publishing Company have in press, and will soon issue a work by Alexander H. SPECIAL NOTICES.

Dr. Schenck's Pulmonic Syrup. This great medicinal preparation, which has assumed the most formidable aspect, and when speedily used appears to be inevitable. His physicians pronounced his case incurable, when he commenced the use of this powerful remedy. His health was restored in a very short time, and no return of the disease has been apprehended, for all the symptoms quickly disappeared, and his present weight is more than two hundred pounds.

Since his recovery, he has devoted his attention exclusively to the cure of Consumption, and the diseases which are usually complicated with it, and the cures effected by his medicines have been very numerous and truly wonderful. He has made professional visits to several of the large cities weekly, where he has a large concourse of patients, and it is truly astonishing to see poor consumptives that he has lifted out of their carriers, and in a few months healthy, robust, and strong.

Please observe, that purchasing the two thicknesses of the Doctor—one in the last stage of Consumption and the other as he now is, in perfect health, will cost you but one dollar. Sold by all Druggists and Dealers. Price 50¢ per bottle. Sent by mail, for one dollar. Address: Dr. J. C. Schenck, Proprietor, P. O. Box 207, West Troy, N. Y.

WONDERFUL BUT TRUE! NEW ADVERTISEMENTS.

EMPIRE SHUTTLE MACHINE. PATENTED FEBRUARY 14th, 1860. Salesroom, No. 921 Chestnut St. PHILADELPHIA.

THIS MACHINE is constructed on a new principle, and is the most perfect and valuable improvement, having been examined by the most profound experts and pronounced the most perfect ever devised. The following are the principal objections urged against all other machines: 1. Excessive liability to the operator. 2. Liability to break down. 3. Expense of time in repairing. 4. Inconspicuity to every description of material. 5. Inability to make wide in operation. The Empire Sewing Machine is Exempt from all these objections.

It has a straight needle, perpendicular action, makes the LOCK or SHUTTLE STITCH which will neither RIP nor HAVEL, and is alike on both sides; makes a perfect seam on every description of material, from Leather to the finest Nankeen Muslin, with cotton, linen or silk threads, from the coarsest to the finest. IF HEMS, FELTS, BIRDS, BRAIDS, TUCKS, QUILTS, PLATS, GATHERERS, Having either G.M. or C.G. WHEEL, and the most possible repairs, it runs as smooth as glass, and is the most perfect machine in the world. ESPECIALLY A NOISELESS MACHINE. All varieties of CURTAIN MEASURES from 60 up to 12 feet. Particular attention is called to our new and improved MANUFACTURING Machine, for Tearing, Sewing, Binding, and Trimming. Its advantages are simplicity, durability, rapidity, easy adaptation to all kinds of material, and its especially desirable work on all material. It is especially adapted to Sewing Leather, Canvas, and other materials. It is the most perfect manufacturing machine in the world. No. 921 Chestnut Street, Philadelphia. Agents, N.
