HIGH RIVER .- The Susquehanna is on the rampage-the flood at head waters is unprecedently high, which has caused the boom at Williamsport to give way, and sometwenty million feet of logs are drifting on the river. The logs had reached this point and were passing yesterday. The water at Columbia is unusually high, and at the hour of going to press still rising.

PASSED .- We are happy to state that Thomas M. Fisher, whom we referred to in our last, as having received a commission as Second Lieutenant in the regular army, was before an examining board of officers, in New York, on Tuesday last, and passed a very creditable and successful examination. He is now at his home, in this place awaiting orders.

CONTINENTAL.-Columbia is proverbial for good hotels, and the "Continental" may be classed among the best. Mr. U. Findley, its proprietor, is well fitted to conduct a house properly and satisfactorily to his guests. He is building up quite a trade for his house, and it is becoming universal ly known and appreciated by the travering public. We publish his card in another columu.

Sons of TEMPERANCE -At the regular meeting of Colum- ia Division No. 18, S. of T., held on Saturday evening last, the following officers were installed for the ensuing term, by D. G. W. P., Samuel Allison: W. P., E. N. Seals; W. A., Geo. Neisley R. S., Othniel Geiger; A. R. S., ----F. S., Charles Liphart ; Treasurer, Samuel Allison; Chap., Wm. Readman; Cond., Jos. Detz : A. C., David Lewis ; I. S., Reece Roberts; O. S., -----.

HOME MISSION .- The Home Mission M. E. Church building at Bainbrilge, in this county, is about to be improved and refitted soon, which is greatly needed. Friends of the Poor, and Home Missions would do well to send subscriptions in cash to Rev. Joseph Gregg, or J. Gramm.

Mr. John Markley will be in Columbia next week to obtain subscriptions and donn-tions, when it is hoped that our citizens will render all aid in their power for the humane object. ş

WRIGHTSVILLE FURNACE .--- The work from Company has commenced. The foundations are being dug, and the material and nuclinery are ordered. The company expect to have their furnace ready by about the first of October. This company was chartered by the last Legislature, and has a capital of Eighty Thousand dollars. They as yet have not elected their officers, but we presume our energetic friend, Wm. McConkey, Esq., will be prominently connected with the management of the concern.

BEAUTIFUL DAY .- The weather yesterday was the finest that has occurred since the present year was first noted in recorded time. The sky was serene and the temperature as mild and bland as June, the thermometer indicating 64 degrees in the shaue at noon. It required no private carriage or wealthy ostentation to enable any one to realize the beauty of the day or enjoy its pleasantness. Everybody appeared to be out shopping; as a conse-quence the Dry Goods Store of I. O. Bruer was filled with the youth and beauty ation of peace to the constry, will be one of the town, making purchases of his cheap of the grande-t and most impressive scenes and desirable goods.

locality and improvements appear to be the word. There is a new Store Started under the firm of Diehm & Shelly. There are many new houses going up this summer. Rev. J. S. There will be a great Fantastical parade here on Monday evening next. A Young Men's Reading and Debating Club has just been started, and promises to be a flourishing institution. The Spring

grounds are being cleaned up, and a new wall is being built at the head waters of this beautiful summer resort.
