All intelligent persons who have investi- gated the origin of cholera, agree that it is caused by poison introduced and generated into the system by impure water, damp- ness, fifth and over-crowded rooms with deficient ventilation. This is proved by the fact that cholera always rages worse on board of ships where all of the above causes are found more or less combined. To cure cholera, and also to prevent it, it is necessary to neutralize this position, and that Mishler's Bitters will do this is proven by the following :
