

The Columbia Spy.

Published Saturday, June 15, 1867.

TO ADVERTISERS. Passers who wish their advertisements to reach the greatest number of persons, will do well to insert them in the columns of the Columbia Spy.

READING matter on every page of the Spy.

SHAD FISHING.—Our fishermen below the dam, are still making "hauls." The river is low.

STRAWBERRIES are quite plenty in our market, and sell as low as eighteen cents per box, but some vendors have the audacity to ask thirty cents per box.

EXCURSION.—A party of gentlemen from Philadelphia, Baltimore, and this place, left here early on Thursday morning last, on an excursion trip down the Tide Water canal to Havre De Grace.

LOST.—A fine gold sleeve button was lost on Front street, between Mill and Union streets, on Monday evening last. The finder will be rewarded by leaving it at this office.

REMOVED.—The Messrs. Shultz, Lancaster, have removed their stock of hats, caps, &c., to the building formerly occupied by the Lancaster Examiner and Herald. Their old building will be torn down, and a handsome structure put up in its stead.

OUR friend W. G. Patton, at the corner of Second and Locust streets, has again been to the city and returned with a new stock of goods. Judging from the way customers crowd his store, he must be selling goods the cheapest in town.

COMING TO TOWN.—The Union Steam Fire Engine, of Lancaster, will be brought to town in a few days, in charge of two engineers and a fireman, for the purpose of pumping the water from the gasometer of the Columbia gas works.

FASHIONS.—The latest style of bonnet is a white glass bead on the top of the chin, with a thread of lavender floss running through it, in the center. Ladies who are careful not to omit the bead, as there is great danger of taking cold.

FOUND DROWNED.—We learn that a man about 35 or 40 years of age, was found drowned in the Susquehanna, near Beach Grove, below Peach Bottom, on Saturday last. It would appear that his name was James M. Keen, from papers found upon his person.

SALE OF REAL ESTATE.—Messrs. J. J. Vaughan & Co. have sold a valuable lot of ground, fronting one hundred feet on Fourth street, and one hundred feet on Third street, to some of our German friends. The purchase money is in full.

CAMP MEETING.—The Methodist Episcopal denomination, of Lancaster and Columbia, will hold a Union camp meeting, commencing on the 8th of August next, in Abram Kaufman's woods, three-fourths of a mile south of the Manheim station, on the Reading and Columbia railroad.

SIX KNIGHTS.—Some fifty or sixty of the members of Columbia Commandery, No. 18, of Lancaster city, left for Pittsburg, on Monday night last, to attend the fourteenth annual convocation of the Grand Commandery of Knights Templar of Pennsylvania. They returned yesterday.

NEW DRESS.—The Reading Daily Dispatch was presented to its patrons, on last Monday evening, in an entire new suit of type. From the heading to the last type used in its composition. The paper makes a handsome appearance indeed, and the editors have displayed great taste in its get up. It is the daily Reading.

TOO BAD.—Sunday last was White-Sunday, and the prophets have it that if rain falls on that day so will it rain for seven consecutive Sundays. If this prediction be true, it is really too bad for our fair city, and of our fair ladies who have not yet had a chance to swing out their "bixins," this season on account of the inclement weather we have been having on Sundays.

APPOINTED A CADET.—William A. Marshall, son of Mr. William Marshall, of Lancaster city, has been appointed for this Congressional District, to attend the Naval Academy at Annapolis. Several young men from this place were examined for the vacancy, but of course did not get through; nevertheless they passed a very creditable examination.

A GOOD SYSTEM.—In Cincinnati boys get twenty-five cents bounty for every unlicensed dog they capture. About thirty are brought to the pound every week, most of which are drowned. A better way than dashing out their brains on the side-walk, and undoubtedly a good plan to get rid of worthless curs. Such an arrangement here would be too good to be true.

FLOUR COMING DOWN.—From the West it is reported that some of the farmers who hold on to their grain, in anticipation of famine prices, have been badly disappointed. They are now bringing it to market, almost in a panic, at the fear of a great fall in prices. It is good news to all when grain and flour comes down. People who speculate in the necessities of life, and endeavor to keep their prices, deserve blame, and not honor. Our friends Geo. Beagle, and others, who are so active in this line, quotes flour lower.

Pic-Nic.—The fourth annual picnic of the Columbia Fire Company will be held in Hulse's woods, on Thursday, July 4th, Great preparations are being made to make it one of the best entertainments ever gotten up by the "Old Columbia." We wish them great success.

DELEGATES ELECTED.—The following delegates were elected at the County Convention, held on Wednesday last, to the State Convention, which takes place at Williamsport, on Wednesday, July 10th. Delegates, Geo. Brubaker, Jno. M. Stollman, Fred K. Myers, Jos. Pownell, and Jacob F. Frey.

CHEEK LOST.—A railroad check was lost on Thursday evening, on Front street, between Locust street and the American House, for forty-five dollars and ninety cents, (\$45.90), payable to the order of F. D. Wright. The finder is to be rewarded by leaving it with the Cashier of the First National Bank of Columbia.

STREET FIGHTING.—On Monday evening last, we witnessed a severe street fighting in the neighborhood of "Tow Hill," between some of the pic-nic lager beer and "Tow Hill" kill at forty feet. The fight lasted about ten minutes. Many both parties were injured, and the victors were taken to their "scratching ground."

SHUF HOUSE.—This popular and attractive place of summer resort, located at Atlantic City, N. J., was opened June last. This is decidedly the best house on Absecon Island, as invalids who are unable to remain at other watering places, find a great amount of the dampness of the atmosphere, here derive great benefit from the clear, pure air.

WHY DON'T THEY DO IT?—Why is it that the houses of our borough are not numbered? That they should be numbered was decided by Council some time ago, but we presume that will be all it will amount to. And furthermore, the street signs are not properly designated with the signboards Council authorized a committee to contract for some weeks since.

EXHIBITION.—An exhibition by the Soldiers' Orphans and Friendless Children of Lancaster county, will be held in the lecture room of the public school building, Cherry street, on Monday evening next, at eight o'clock. Let all our citizens turn out to encourage the managers of the "Home for Soldiers' Orphans and Friendless Children." For programme see advertisement in another column.

Pic-Nic.—Quite a "heavy time" was had by our German friends, on Monday last, in Whitman's, in the shape of a picnic picnic in the woods. The tickets of admission were twenty-five cents, and being within the reach of everybody, most everybody was there. Lager beer was there with its frothing temper, and we learn was imposing upon quite a number of our citizens in a rude manner. Oh, he'll do it.

FOOT CRUISED.—Mr. Alex. Brown, of this place, a brakeman on the Pennsylvania R.R., had his left foot crushed, on Thursday afternoon last, at Steamboat Station. He was braking at the time the accident occurred, when the chain broke and he fell under the cars, and before he could get up, his foot was crushed.

TRAGEDY.—Mrs. Jennina Brown made complaint before Justice Clark, against John Miller, Charles Hemgoby, and Henry Chambliss, for entering her garden at night, and pulling up the currants, running over the prepared ground, tramping down the young plants and throwing stones in the lot. Defendants deny and ask for their costs. Charge, paid costs and promised to do no more, and with good advice from the Justice were left, in much better spirits than when they came.

JULY 4TH.—The fourth of July is fast approaching, and as yet we have not heard of any arrangements being made to celebrate it, in our fair city. The various patriotic organizations begin preparations at once, and let us have a real old-fashioned celebration of our National Birthday. How is it, Zoo-Zoo? (both companies can't you?) An interesting paper, containing accounts of the late arrivals, has been published, and the Tribune of Wednesday publishes a list of the different and numerous societies that will participate. Soldiers of the war of 1812, Merit men of the war of 1861, and the various Authorities, Knights Templar, Fire Companies, Odd Fellows, Good Templars, Red Men, &c., are among those enumerated. Now, we can afford a similar programme, and why should we not do as Alton's?

OPENED AGAIN.—The liquor store of J. C. Baizer was closed on Friday of last week, but has now been reopened, at the request of this district. He was informed that Mr. B. had received a lot of whiskey at a low price, and that he would not pay any intentional fraud upon the revenue laws. It was also clearly proved that the whiskey was received at 6 A. M., instead of 4 A. M., and that the Government tax had not been paid. This store was opened again, and Mr. B. will go on his way rejoicing. He keeps one of the best stores of the kind in this County, is doing heavy business, and we presume some of his enterprising friends are busy with the season, and wished to crush him out. We think great injustice has been done in our entertaining and well-to-do citizen.

STRAWBERRY FESTIVAL AND FAIR.—A grand Strawberry Festival and Fair will be held at Bainbridge, in the Town Hall, commencing June 19th, and continue until Saturday the 24th, at 11 o'clock, at the residence of M. E. Howe Mission Church, or that place. The tables will be furnished with strawberries and cream, ice cream, cakes, and a great variety of fancy and other articles. Meals may be had at the Hall, at any time during the day or evening. The occasion will be enlivened with both vocal and instrumental music. Brief addresses will be delivered by several distinguished speakers. We hope all will be present. A. TREAT.—On Thursday afternoon last, the "Spy" gave the recipients of a handsome present, in the shape of a man of the best ice cream we have tasted in this county, accompanied with a large lot of excellent cakes, from the now ice cream and confectionary establishment of Mr. W. H. Bollerger, Front street, opposite the old bridge. Mr. B. has lately arrived in town, and opened a cozy little store at the above place, which, with the improvements that have been made, makes it one of the most beautiful in the county. It is well known to our borough. Its facilities are such that he can get up, at the shortest notice, supplies in large or small quantities. He deserves success, as he is polite in his treatment of customers, and reads in this manner to impress in his business. Give him a call and ascertain for yourselves if the Saloon is not the place of the town, to procure good and cheap goods, and to get up a party. It is unnecessary to say, that Bollerger was voted by all hands of the "Spy" a "bully boy."

RELIEF FOR THE SUFFERING.—Mr. B. Miesler, of Lancaster, and proprietor of Miesler's colored hair bits, on reading the accounts of the suffering caused by the late boiler explosion in Sanson street Philadelphia, addressed a letter to Geo. W. Childs, proprietor of the Philadelphia Ledger, to send him ten dollars for the relief of the sufferers. But another humane act of the renowned Miesler.

PERSONAL.—By referring to our hymenaeal record it will be seen that our young friend, Lieut. T. M. Fisher, 23d U. S. Infantry, has taken up himself a wife. He arrived town on Saturday last, on a brief visit, and he is now on his way to his "honors" on Wednesday, left with his lady (who, we believe, accompanies him through his "pilgrimage in distant lands") for New York. Her name is Sarah, and she is the daughter of a prominent citizen of this place. The wedding was celebrated in a few days, to sail for Fort Boyse, Idaho, the Headquarters of his regiment.

DAMAGES AWARDED.—Two years ago a terrible accident occurred on the Pennsylvania railroad, at Landisville, about four miles west of Lancaster. It was the most fearful catastrophe of the kind that ever occurred in the history of the Pennsylvania Railroad. On the victims were Mr. and Mrs. Butler, of Lewisport. The unfortunate lady, a large family of small children, a suit for damages, in the name of the orphans, for the death of their father, tried at Millersburg, Snyder county, last week, resulted in a verdict of \$10,000 for the plaintiff. A suit is also pending for damages for the death of Mrs. Butler.

OPINIONS OF THE JEWELERS on the celebrated Duplex Skirts:—"The most acceptable Hoop Skirts are J. W. Brunsell's, of Philadelphia," says the Peterson Magazine for April, 1867. "It is useless to speak of the general matter, as the celebrated Duplex Skirts, and other claims to ladies' favor," says the Peterson Magazine for April, 1867. "The most acceptable Hoop Skirts are J. W. Brunsell's, of Philadelphia," says the Peterson Magazine for April, 1867.

BOROUGH IMPROVEMENTS.—Henry E. Wolf, the efficient contractor who has the contract to grade and lay out the Fourth street extension, has completed the box culvert over Boggs's race, and is now building the arch culvert over the Shawnee race. This arch is a span of twelve feet, and the full width of the street, which is sixty feet. In a few days the abutments of the bridge, which is to cross the Chestnut Hill from the north end of the street, will be commenced, and as soon as finished the work of grading Fourth street, will be vigorously prosecuted.

IN Memoriam.—At a meeting of Hope Lodge No. 8, G. O. F., held on Tuesday evening, June 11th, the following preamble and resolutions were adopted: Resolved, That we mourn the loss of a worthy and noble member of our lodge, Henry E. Wolf, who was taken from us on the 10th inst. at a short illness. We do not doubt that he will be missed by all his friends, and we trust that his soul is at rest.
