A Town Under the Snow. A California paper gives a rather hard-to-helieve story of the depth of the snow on the Sierra Nevada mountains in February and March, by describing a visit of a merchant named Adams from the valley to the mining town of Meadow Lake, on the top of the mountains: "He secured a pair of snow shoes and took the tracks of some parties who had gone over the day before. After some hours' hard travel, he arrived where the town should be, but not a house was visible. While he was looking around, a man suddefily came up out of the snow, like a mermaid out of the sea. Adams asked him if he could show him where Meadow Lake was, not knowing as yet, whether the object before him was a man or a spirit. 'Why,' said the fellow, 'you are right on the plaza.' Adams asked if he could show him where the store of Adams & Johnson was. 'Oh, yes! come along.' A few shoves on a pair of snow shoes soon brought them to a round hole in the snow, and Adams was told that that was the hole which led to the store. There were stairs. made in the snow like a spiral stairway, to give satisfaction to all who may favor him made in the snow like a spiral stairway, with their custom. The store will be open from 7 A.M. to 84.P.M. twisting several times around the hole in the company of the company made in the snow like a spiral stairway, making the descent. Finally he arrived at the bottom, and was astonished to find his friends there, happy and gay, and ready to youch for the country being one of the richest ever discovered. From the tunnels. Every one seemed to be content tunnels. Every one seemed to be content.

For sale at all times, and delivered to any ba
ed with his lot. The citizens seldom go of the town, 19, Town and country customs at
licited. to the top of the snow, except when there is a snow shoe race, at which time the

whole town turns out? THE MASONIC CELEBRATION IN BOS TON.—Boston will have a general holiday on the 24th instacto witness the dedication of the new Masonic Hall in that city. The President will he present, and en-campments of the Order from almost every section of the Union. Every band in New England, assisted by Dodsworth's of New York, and the Marine, of Washington, will make music for the occasion.

A Young lady asked a gentleman the meaning of the word "surrogate," and he explained it to her as "n gate through which parties go to get married." Then I imagine, said the lady, "that"
It is a corruption of the word sorrow
gate."
"Your are right," said he has woman

is an abreviation of woe to man." MISCELTANEOUS.

J.W. Bradley's Celebrated Patent.
DUPLEX ELIJPTIC (or double spring) SKIRT.
The wonderful flexibility and great comfort and peasure to any lady wearing the Duplex Elliphic Skirt will be experienced particularly in all crowded, assemblies, operas, carriages, railroad cars, church pews, arm chairs, for promenade and house dress, as the skirt can be folded when incuse to occupy a small place as easily and conveniently as a silk or muslin dress, an invaluable quality in crinoline, not found in any single spring skirt.

A lady having enjoyed the pleasure, comfort and great convenience of wearing the Duplex Elliptic Steel Spring Skirt for a single day, will never thereafter willingly, dispense with their use. For children, misses and young ladies they are superior to all others.

They will not bend or break, like the Single Spring; but will preserve their perfect and graceful shape when three or four ordinary skirts will have been thrown aside as useless. The hoops are covered with double and twisted thread, and the bottom rods are not only double springs, but twice (or double) covered; preventing them from wearing out when dragging down stoops, stairs, e.c.

The Duplex Elliptic is a great favorite with all ladies, and is universally recommended by the fashion magazines as the standard skirt of the fashionable werld.

To enjoy the following inestinable advantages in crinoline, viz superior quasin, perfect manufacture, stylish shape and finish, fiexibility, durability, comfort and economy, inquire for J. W. Bradley's Duplex Elliptic Steel Spring," upon the waist-band-none others are genuine, Also notice that every hoop will admit a pin being passed through the centre, thus revealing the two (or double) springs braided together therein, which is the scere of their flexibility and strength, and a combination not to be found in any other skirt.

For sale and all stores where first-class skirts are sold throughout the United States and elsewhere.

They will seam, quilt, gather, hem, fell, ord, bradd, bind and perform every species of sewling, making of the articles sewed. The Stitch invented by MR. HOWE, and madon this Machine; is the most popular and durable and all Sewling Machines are subject to the principle invented by him.

FISEND FOR CIRCULARS The Howe Machine Company, mar 30, 67-ly SINGER SEWING MACHINES.

W. U. HESS Has been appointed agent for Columbia for these celebrated Machines, and offers them for sale at his Book Store, at MANUFACTURERS: PRICES. Everybody knows the Singer Machines to be one of the standard Sewing Machines, and we present it to the citizens of Columbia and vicinity as incomparably the best kind in existence. It is simple, compact, durable and beautiful. It is quiet, light running, and capable of performing a range and variety of work never before attempted upon a single machine—using either silk, twist 'linen' or cotton, thread, and sewing with equal maility the very finest and coarsest materials, and anything between the two extremes, in the most beautiful and kubstantial manner. Its attachments for hemming, braiding, cording, tucking, quilting, felling 'trimming, binding, dee, are novel and practical, and have been invented and adjusted especially for this machine.

:45 Call at the Store and see one in operation. EWING MACHINES. W.G. PATTON, Agent for the sale of THE "WHEELER & WILSON"
World renowned Sewing Machines.
While the Wheeler & Wilson is universally acknowledged to be the best machine for family use; the "Elliptic," which is manufactured by the same company, and made on the same general principles, is equally as good; and the "Howe" is unsurpassed as a shuttle machine.

All these machines make the lock stitch, and are adapted to all kinds of family sewing tailoring, and other manufacturing purposes. Norisk in buying them, as every machine sold is warranted to give entire satisfaction. Sewing Machines for rent. Locust street, Columbia.

MISHLER'S COLUMN.

MISHLER'S BITTERS WILL CURE

NTERMITTENT, AND REMITTENT FEVER Intermittent Fever is similar to Fever and Ague and its origin can be traced to the same causes. As its name implies it is remittent in its effect, recurring at stated periods. As in Fever and Ague this disease is preceded by a dull, listless feeling. Soon the Fever, accompanied by a violent headache, comes on. After-raging a length of time it disappears for a few hours, only to return with increased severity, and leaving the sufferer prostrated mentally and physically. In ordinasy practice the first resort of the physician in the treatment of this complaint is quinine and mercury. The disease by this treatment is checked—not cured—and is liable at any time to return.

MISHLER'S BITTERS WILL CURE

CHOLERA.

Mishler's Bitters cures effectually all such cases by inducing a healthy action of the Liver and by their unsurpassed tonic properties prevent a recurrence of the disease.

When Mishler's Bitters were first introduced to the public the propriotor did not feel justified in recommending it as a specific for Cholera During the fall of 1865. Dr. Mishler received the following note from Jacob L. Baker, Esq., of Lancaster Pa., a member of the Philadelphia College of Pharmacy. Mr. Baker had a great deal of experience in the treatment of Cholera is a druggist of sixteen years standing, was Hospital Steward in the Jefferson Hospital, Philadelphia, for three years, and is withal a gentleman of undoubted integrity and cue in whose statement the most implicit confidence can be placed:

Lancaster, November 2d, 1865.

Dr. Mishler—Dear Sir.—Knowing that the Cholera with its dreadful ravages is now up on our land, and knowing that no medicine now in our country possesses such a caloric influence "which is the vital remedy for all diseases of this kind," as the Bitters you how making I request you to prepare such a quantity of your bitter as would suit all demands, as I assure you they will be an invaluable remedy, and will be hailed as a blessing by all who will use it.

will be hailed as a blessing by all who will use it.

Yours respectfully.

JACOB L. BAKER.

Being thus urged, and having noticed the Bitters were constantly curing the most violent cases of Diarrhœa, Cholera Morbus and kindred complaints, Dr. Mishler at last offered his compounds as a cure for Cholera The result has exceeded his most sanguine expectations and fully justifies all that Mr. Baker says in his note. It certainly proves that Mr. Baker's practical knowledge of nedicine far exceeds that of most doctors who too often dose their patients with deleterious drugs on some absurd theory.—For the purpose of showing that Mishler's Herb Bitters will cure Cholera we give below a few facts.

All' intelligent persons who have investigated the origin of cholera, agree that it is caused by poison introduced and generated into the system by impure water, dampness, filth and over-crowded rooms with deficient ventilation. This is proved by the fact that cholera always rages worse on board of ships where all of the above causes are found more or less combined. To cure cholera, and also to prevent it, it is necessary to neutralize this position, and that Mishler's Bitters will do this is proven

necessary to neutralize this position, and that Mishler's Bitters will do this is proven

necessary to neutralize this position, and that Mishler's Bitters will dothis is proven by the following:

The steamship Virginia, arrived at the Port of New York about the middle of April with cholera a boarda number of the passengers having died during the voyage with this complaint. Among the passengers were a family named Schmith, from Baden, Germany. This family was attacked with cholera. Fortunately for them they had friends living in this city 1 ancaster, Pa.,) who knew the virtues of Mishler's Bitters and who procured a bottle and sent it to the Schmith family. When this package arrived at Quarantine, the doctors examined it and confiscated the contents, Another bottle was procured and packed in a more secure manner: itsafely reached the Schmiths. On its arrival aboard the Virginia, Henry Schmith and Christ. Schmith were both laboring under choleric symptoms: Mrs. March Schmith, wife of the former was very bad, not expected to recover, and a son had died of the dread complaint and had been buried theday previous. It was in this plight a bottle of Mishler's Bitters, sent forth like an Angel of Morcy found the poor Schmith family.—Henry Schmith was the first to try it, and so instantaneous was the relief he experienced that he gaveittolnis wife and brother both of whom it at once relieved. They used the entire contents of the bottle and all three were so much relieved that the physicians permitted them to leave the used the entire contents of the bottle and all three were so much relieved that the physicians permitted them to leave the Virginia, after being confined at quarantine aboard that scourge ship forty-two says.—The Schmiths proceeded to their relatives in Lancaster, and at an early opportunity called on Dr. Mishler to express their gratitude for the timely relief they had found in his Bitters. Mr. Henry Schmith stated that all the compounds the doctors had given him did no good, but that one glass of Mishler's Bitters made him feel like a new man, warming his whole system, giving him a healthful heat and causing him to perspire freely. His statement was substantially was substantially as given above, and he further said that if the doctors had not kept the first bottle from reaching him, his son would yet hrve been living. Mrs. Schmith was still weak from the effect of cholera; but the continued use of the Bitters were most surely restoring her accustomed vigor.

It is not to be expected that regular M. Ds. will admit that any remedy not to be found in the Dispensatory will cure Cholera or any other complaint, but candor compels Dr. D. H. Bissell of the Cholera Hospital ship "Falcon" to admit that he believes Mishler's Bitters to be a "very good Tonic." In reply as to a case of Bitters that was sent to him by a well known gentleman of Lancaster, he writes as follows:

gentleman of Lancaster, he writes as follows:

Hospital Ship Falcon,
Quarantin, New York, June 7th, 1866.
George S. Rowbotham, Esq.— Dear Sir Yours of the 23d, inst. is to hand. In reply, I beg leave to say, that I received the case of Bitters you sent me for trial &c., that I gave them to the convalescents in Hospital. I believe them to be a very good tonic Bitters, well adapted to all cases requiring Tolic remedies.

D. H. BISSELL, Physician,
Hospital Ship "Falcon."

This letter from Dr. Bissell just after the reception of the Bitters, and before he had time and opportunity to thoroughly test their wonderful medicinal properties is considered an important endorsement, as that gentleman to-day occupies the most important position of any physician in America. The passengers and crews o emigrant and merchant vessels that arrive in the Port of New York fromforeign countries, are subject to his inspection and control, and the great experience he has had in the management of that dreadful disease, Cholera, gives an endorsement by him an unusual importance. This letter together with the statement of the Schmith family—who while in the Steamer Virginia, were under Dr. Bissell's control, shows what the Bitters have done and can do.

Another case of Cholera cured by Mishlers Herb Bitters is that of Mr. Pearsol of

ginla, were under Dr. Bissell's control, shows what the Bitters have done and can do.

Another case of Cholern cured by Mishler, S Herb Bitters is that of Mr. Pearsol of York county, who, after suffering severely from all the symptons of Cholern, finally became collapsed and while in this state, (the doctors stating that he was beyond relief) a friend administered freely, Mishler's Bitters. The effect was, instantaneous; heat was generated in the body, perspiration was induced and after using one bottle Mr. Pearsol was entirely restored.

Mishler's Bitters cures Cholera by counteracting the poison which is the cause of the disease. Poison in the system, whether generated by bad air, filth, &c., as in Cholera, or introduced by the bite of a venomous snake or mad dog will be expelled and all bad symptons allayed by the use of Michler's Herb Bitters. The above proves this to be the fact in Cholera and the certificate of Mr. Rhinehart proves that Mishler's Billers will cure the bite of a poisonous snake:

Lancaster, July 4th; 1865.

Mr. B. Mishler—Sir:—About eight weeks since I was bitten in the left hand by a snake, but at the time did not know of what species it was. Immediately after the bite my hand swelled to a very large size, and the poison appeared to, be working ap my arm. I suffered great pain in my hand and arm; I had to quit work and was afraid I would be compelled to have my hand amputated. I came to you, and by your advice washed my hand and arm with your Herb Bitters at the same time taking it inwardly. In eleven days I was able to go to work again. The poison was all drawn out and Mishler's Herb Bitters was the tonly medicine or application that I made, use of. Mr. Christian Burns, a near neighbor of mine, went out a day or two after to the place where I was bitten, and killed what I believe was the same snake, that bit me as he caught within five yards of the spot where I was bitten. It proved to be what is called a copper snake; at any rate, whether it was the same one that bit me on tot—one thing my hand.

I shall be pleased to personally satisfy any one of the truth of the above.

Yours: JACOB RINEHART.
