Speaking of anecdotes, I must give you one which one of the most talented, successful preachers in the State tells on himself. He says that in his young days, when Indiana was little more than a wilderness, when "Gospel fire" was poured out in great abundance, and rhetorical figures commanded a high premium among the youthful preachers, he was selected to preach a Sur sermon at a camp meeting. The audience was large, and the occasion demanded an extraordinary effort. He was just entering upon his theological career; and the first steps were of the greatest importance. At the appointed hour Le took the stand, and, after the usual preliminaries, commenced as follows:

"Brethren and sisters, ladies and gentleman, if I had the world for a pulpit, the stars for an audience, my head towering far above the loftiest clouds, my arms swinging throughout immensity, and my tongue sending forth the clarion notes of a Gabriel. I'd ser one foot on Greenland's icy mountains, and the other on India's coral stand, and I'd I'd howl like a wolf!"

THE Cleveland Plaindealer tells this horrible story : "We once knew a man to struggle two years to color a particularly obstinate meerschaum pipe. He smoked incessantly. He tried all the different kinds of tobacco, put a button in it, boiled it in tobacco juice, but all to no avail. It wouldn't color. He grew morose and sour, shut himself up by himself and smoked, uttering savagely from between his clenched teeth-"Color, I say. D-n ye, I'll c-o'l-o-r ye!" He gave up all business and devoted himself wholly to smoking, determined, as he said; to color that pipe or die in the attempt. One day he failed to make his appearance at breakfast. His room was opened, and there he sat in his chair, dead, the fatal meerschaum clutched tightly between his teeth. The meerschaum was as white as when it first emerged, Venus like, from the foam of the sea, but the man was turned a rich, dark brown. The meerschaum had colored him."

Ludicrons Mistake. The Cleveland Herald says that three young ladies were standing in the park an evening or two since, listening to the music of Pap's Band. One of them wore an exceedingly long trail. She stood in such a position that the point of it had gathered in a bunch and lay curled up on the pavement. Her friends so stood as to hide all the rest of the arrangement but this bunch, which attracted the attention of a very fine young gentleman passing, who, supposing the lady had dropped her shawl, or some portion of her wearing apparel, kindly proceeded to nick it and apparel, kindly proceeded to pick it up, when lo! he had taken up her trail! He blushed, stammered, made an apology, and left at double, quick.

DUPLEX ELLIPTIC (or double spring) SKIRT.

The wonderful flexibility and great comfort and pleasure to any lady wearing the Duplex Elliptic Skirt will be experienced particularly in all crowded assemblies, operas, carriages, railroad cars, church pews, arm chairs, for promenade, and house dress, as the skirt can be folded when in use to occupy asmall place as easily and conveniently, as a silk or muslin dress, an invaluable quality in crinoline, not found in any single spring skirt.

They will not bend or break like the Single Spring, but will preserve their perfect and graceful shape when three or four ordinary skirts will have been thrown aside as useless. The hoops are covered with double and twisted thread, and the bottom rods are not only double springs, but will preserve their perfect and graceful shape when three or four ordinary skirts will have been thrown aside as useless. The beautiful Lucille Western says, I find that the "Email" produces all the brilliancy of rouge and lilly-white, with the great and recullar advantage of total harmlesgness. It really adds to the softness and beauty of the skin.

The magnificent Vestvali says, I have suffered so much from the various white lotions, &c., which my theatrical profession obliges me to use that I consider it a perfect benefaction to find a preparation which gives the necessary whiteness to the skin, and leaves the skin cool and smooth.

Miss. Maggle Mitchell says, I have tried the whiteness to the skin, and leaves the skin cool and smooth.

MISHLER'S BITTERS WILL CURE INTERMITTENT AND REMITTENT FEVER Intermittent Fever is similar to Fever and Ague and its origin can be traced to the same causes: As its name implies it is remittent in its effect, recurring at stated periods. As in Fever and Ague this disease is preceded by a dull, listless feeling. Soon the Fever, accompanied by a violent head-ache, comes on. After raging a length of time it disappears for a few hours, only to return with increased severity, and leaving the sufferer prostrated mentally and physically. In ordinary practice the first resort of the physician in the treatment of this complaint is quinine and mercury. The disease by this treatment is checked—not cured—and is liable at any time to return.

WILL CURE CHOLERA.

Mishler's Bitters cures effectually all such Mishler's Bitters cures effectually all such cases by inducing a healthy action of the Liver and by their unsurpassed tonic properties prevent a recurrence of the disease. When Mishler's Bitters were first introduced, to the public the propriotor did not feel justified in recommending it as a specific for Cholera During the fall of 1865, Dr. Mishler, received, the following note from Jucob L. Baker, Esq., of Lancaster Pa., a member of the Philadelphia College of Pharmacy. Mr. Baker had a great deal. of experience in the treatment of Cholera is a druggist of sixteen years standing, was Hospital Steward in the Jefferson Hospital, Philadelphia, for three years, and is withal a gentleman of undoubted integrity and one in whose statement the most implicit cantidence are a besiden.

a gentleman of undoubted integrity and one in whose statement the most implicit confidence can be placed:

Lancaster, November 3d, 1865.

Dr. Mishler—Dear Sir:—Knowing that the Cholera with its dreadful ravages is now up on our land, and knowing that no medicine now in our country possesses such a caloric influence "which is the vital remedy for all diseases of this kind," as the Bitters you now making I request you to prepare such a quantity of your bitter as would suit all demands, as I assure you they will be an invaluable remedy, and will be hailed as a blessing by all who will use it. ase it. 🗈

will be haned as a blessing by all who will use it.

Yours respectfully.

JACOB L. BAKER.

Being thus urged, and having noticed the Bitters were constantly curing the most violent cases of Diarrhea, Cholera Morbus and kindred complaints, Dr. Mishler at last offered his compounds as a cure for Cholera. The result has exceeded his most sanguine expectations and fully justifies all that Mr. Baker says in his note. It certainly proves that Mr. Baker's practical knowledge of medicine fur exceeds that of nost doctors who too often dose their patients with deleterious drugs on some absurd theory.—

For the purpose of showing that Mishler's Herb. Bitters will cure Cholera we give below a few facts.

All intelligent persons who have investi-Herb Bitters will cure Cholera we give below a few facts.

All intelligent persons who have investigated the origin of cholera, agree that it is caused by poison introduced and generated into the system by impure water, dampness, filth and over-crowded rooms with deficient ventilation. This is proved by the fact that cholera always rages worse on board of ships where all of the above causes are found more or less combined. To cure cholera, and also to prevent it, it is necessary to neutralize this position, and that Mishler's Bitters will do this is proven by the following:

The steamship Virginia, arrived at the Port of New York about the middle of April with cholera a board a number of the pussengers having died during the voyage with this complaint. Among the passengers were a family named Schmith, from Baden, Germany. This family was attacked with cholera. Fortunately for them they had friends living in this city 1 ancaster. Pa.,) who knew the virtues of Mishler's Bitters and who procured a bottle and sent it to the Schmith family. When this package arrived at Quarantine, the doctors examined it and confiscated the contents. Another bottle was procured and packed in a more secure manner; it safely reached the

examined it and confiscated the contents. Another bottle was procured and packed in a more secure manner; it safely reached the Schmiths. On its arrival aboard the Virginia, Henry Schmith and Christ, Schmith were both laboring under choleric symptoms; Mrs. Marcia Schmith; wife of the former was very bad; not expected to recover, and a son had died of the dread complaint and, had been buried theday previous. It was in this plight a bottle of Mishler's Bitters, sent forth like an Angel of Mercy found the poor Schmith family.—Henry Schmith was the first to try it, and so instantaneous—was the relief he experi-Henry Schmith was the first to try it, and so instantaneous. was the relief he experienced that he gave it to his wife and brother both of whom it at once relieved. They used the entire contents of the bottle and all three wore so much relieved that the physicians permitted them to leave the Virginia, after being confined at quarantine aboard that 'scourge ship forty-two says.—
The Schmiths proceeded to their relatives in Lancaster, and at an early opportunity. manufacture all kinds of LADIES' MISSES' AND CHILDREN'S in Lancaster, and at an early opportunity called on Dr. Mishler to express their gratitude for the timely relief they had found

The Schmiths proceeded to their relatives in Lancaster, and at an early opportunity called on Dr. Mishler to express their graditude for the timely relief they had found in his Bitters. Mr. Henry Schmith stated that all the compounds the doctors had given him did no good, but that one glass of Mishler's Bitters made him feel like a new man, warming his whole system, giving him'a healthful heat and causing him to perspire freely. His statement was substantially was substantially as given above, and he further said that if the doctors had not kept the first bottle from reaching him, his son would yet hrve been living. Mrs. Schmith was still weak from the effect of cholera, but the continued use of the Bitters were most surely restoring her accustomed vigor.

It is not to be expected that regular M. Ds. will admit that any remedy not to be found in the Dispensatory will cure Cholera or any other complaint, but candor compels Dr. D. H. Bissell of the Cholera Hospital ship "Falcon" to admit that he believes Mishler's Bitters to be a "very good Tonic." In reply as to a case of Bitters that was sent to him by a well known gentleman of Lancaster, he writes as follows:

Hospital Ship Falcon,
Quarantin, New York, June 7th, 1866.
George S. Rowbotham, Esq. Dear Sir: Yours of the 23d, inst. is to hand. In reply, I beg leave to say, that I received the case of Bitters you sent me for trial &c., that I gave them to the 'convalescents in Hospital. I believe them to be a very good tonic Bitters, well adapted to all cases requiring Tonic remedies.

D. H. BISSELL, Physician, "Mospital Ship "Falcon."

This letter from Dr. Bissell just after the reception of the Bitters, and before he had time 'and 'opportunity' to thoroughly test their 'wonderful medicinal properties is considered an important endorsement, as that genileman to-day occupies the most important position of any physician in America. The passengers and crews o emigrant and merchant vessels that arrive in the Port of New York from foreign countries, are subject to his,

ginia, were under Dr. Bissell's control, shows what the Bitters have done and can do.

Another case of Cholera cured by Mishler, Flerb Bitters is that of Mr. Pearsol of York county, who, after suffering severely from all the symptons of Cholera, finally became collapsed and while in this state, (the doctors stating that he was beyond relief) a friend administered freely, Mishler's Bitters. The effect was instantaneous; heat was generated in the body, perspiration was induced and after using one bottle Mr. Pearsol was entirely restored.

Mishler's Bitters cures Cholera by counteracting the poison which is the cause of the disease. Poison in the system, whether generated by had air, itilth, &c. as in Cholera, or introduced by the bite of a venomous snake or mad dog will be expelled and all bad symptons allayed by the use of Michler's Herb-Bitters. The above, proves this to be the fact in Cholera and the certificate of Mr. Rhinehart proves that Mishler's Billers will cure the bite of a poisonous snake.

Lancaster, July-4th, 1885.

Mr. B. Mishler-Sir.—About eight weeks since I was bitten in the left hand by a snake, but at the time did not know of what species it was I Immediately after the bite my hand swelled to a very large size, and, the poison appeared to be working up my arm. I suffered great pain in my hand and arm; I had to quit work and was afraid I would be compelled to have my hand amputated. Teame to you, and by your advice washed my hand and arm with your. Herb Bitters at the same time taking it inwardly. In eleven days I was able to go to work again. The poison was all drawn out and Mishler's Herb Bitters was the same snake, that bit me as he chught within five yards of the spot where I was bitten, and killed what I believe was the same snake; the only medicine or application that I made use of Mr. Christian Burns, a near neighbor of mine, wentout a day or two after to the place where I was bitten, and killed what I believe was the same one that bit me or not—one thing is certain—that your.
