Freemen, to the Polls!

An old soldier who fought in Mexico, and during the late rebellion, has a word to say to his companions in arms. "Boys, let me tell you this is no common election. It is not merely a choice of men on ordinary occasions before the South arose up against the North; but the question is, whether the rights of the North, that we fought for and conquered, shall be sacrificed, and the rebels given more power than they ever had before. If we are defeated to-morrow, all the blood, toil and treasure expended in the good cause, will have been expended in vain, and the rebel nobles will be elevated above us as a specimen class, and we shall be considered as the *maudits*, as some of them called us. Soldiers, are you willing to be mere drawers of wood and drawers of water? If so, then you are fit to be called *maudits*, and have lost all the fame you gained by your hard fought battles. Did you fight, merely that Andy Johnson should restore rebels to office, and shut out the best and truest patriots of the country? Answer by your votes.

No Sympathy for the Soldier.

The Copperhead party has no sympathy for the soldier except at the election polls. When offices are to be filled none but the true Simon Pure Copperhead stripe are fit to be on the Copperhead ticket. It was well enough for men to leave home and fight the battles of the country, but when peace is established, the poor soldier is ignored and turned adrift, like such gentry as Mr. Spencer and Mr. Shaffner may be provided for. Mr. Shaffner is a beautiful specimen of the Copperhead—he would bite the hand that fed him—he would sacrifice the country that supports him, and he would always prefer a Southern nabob of the rebel stripe to an honest man from Lancaster county. Harry Shaffner is very fond of office, and he often runs for office, but he never gets a smell. Like Crockett's dog at the fox chase, he always barks, because the people know him.

Copperhead Vices.

Treason, murder, arson, rapine, starvation, perjury and forgery, larceny and robbery. Look at the leaders of the Copperhead party, since 1860, and you can find the above crimes have all been committed by them. No greater criminal unhung can be found than Jeff. Davis, yet he has his admirers in your midst, some of them so intensely Copperhead that they have quit the church of their fathers and worship only at the shrine of Davis and his admirer, Andy Johnson.

Judge Black.

It may not be generally known, but it is reported as a fact, that when the rebels, in 1863, marched into York, they were kindly greeted by persons who stood upon the steps of Judge Black's house. It is believed they were members of Judge Black's family. Judge Black is the man who gives counsel to Andrew Johnson, and whose counsel is appreciated by him more than that of any other person, and it is said that Judge Black has written some of his own messages. When such men as Judge Black advocate the election of such men as Judge Shaffner, it is time to LOOK OUT! No greater step can be intended by such men. Judge Black was one of the Copperhead leaders in Buchanan's Cabinet, and denied the right of the Government to suppress the rebellion. Intelligent voters must not consult such men when they intend to vote.

Forged Naturalization Certificates.

It is asserted that forged naturalization papers have been obtained—made to suit any body—and distributed among persons who have no right to vote. Honest voters, you must be on the look-out, or you will be cheated. Canvass every vote, challenge every new comer, and let no man vote who is not legally entitled. It is a BITTER PILL TO SWALLOW, THAT THE VOTE OF AN HONEST MAN SHALL BE OVERCOME BY A FRAUDULENT VOTE.

Friends of Sheridan and Sickles, vote for JUDGE WILLIAMS!

Dictator.

It is a settled thing, that the election of Sharswood will determine President Johnson to attack Congress, and make himself Dictator. We, therefore, appeal to the good and true men of the country to go to the polls and vote for WILLIAMS, to prevent so great a calamity. The most noted traitors are the most clamorous for Sharswood's election. Vailandigham, Surratt, Cox, Breckinridge and Jeff. Davis, are all looking anxiously for the result to-morrow; and should the Republicans fail to elect JUDGE WILLIAMS, that bold, bad man, Andrew Johnson, will adopt his policy and force it upon the people in direct opposition to the laws of Congress, and in violation of the Constitution. Turn out, Soldiers! Turn out, Republicans—young and old! Let no man stay at home. One vote may determine the matter. Take your neighbor with you. See that the old and infirm are provided with means of conveyance to the polls. Better lose one day, and prevent another rebellion, than have to go to war again.

A Well-Known Fact.

It is said, but lamentably true, that among us are those who would barter away their best civil and political rights for a mess of pottage. It is said, but nevertheless true, that many who have the rights of suffrage, know not its value; and it is said but nevertheless true, that so many permit themselves to be gulled out of their vote by intriguing and dishonest demagogues. The difference between Copperhead and Republican is the same as black and white, foul or fair, arson and rapine, and the words of the Copperheads. For proof they poisoned Harrison, Taylor and Buchanan, to obtain control of the Government. Failing in that, they inaugurated the rebellion, and failing in that they shot Lincoln, and vow with an avowed traitor Johnson, they would inaugurate a new rebellion to get themselves into office. This bold, bad man, delights in mischief. How can an honest man vote for such a party? How can any honest man vote for Sharswood, who sustains the party and policy of Andy Johnson?

David Paul Brown.

The Copperheads are circulating a pamphlet of David Paul Brown, Esq., of Philadelphia, wherein he urges the people to vote for Judge Sharswood. Mr. Brown, who is thought to be the eyes of the Republican hierarchy, and was the standing council to defend fugitive slaves.

Small Fry Politicians.

We have in our midst some very busy politicians of the "small potato order," who always about election time make themselves very busy and very noisy. To hear them you would think they were Americans, but dive down into the truth, and you will find a little pestiferous Englishman who has lived upon a wax-and for some time, but would love dearly to have Post Office, or something that would keep him alive without work. He is the counsellor and companion of Button-Ear and Brigham. He watches the polls closely, challenges new voters and does a great deal of little, dirty, mean work, that becomes people of his calibre, and which few of his party can do to do. He has been at the business for some years past, and will receive his anticipated reward to his merits. It is hoped money will save him from the necessity of handling his ball of wax.

Want to Rule the Country.

The party that wants to rule this country is the party that wanted to ruin it. They enacted treason, murder, arson, and death by poison and starvation. They would remove all the atrocities of the late rebellion from their records, and have Andrew Johnson, a double-dealer traitor, as worthy of a laiter as Jeff. Davis, they have their hopes. Their day and night prayer is for the restoration of rebels to power, that they may re-enslave the blacks, and if Pennsylvania casts her vote for Sharswood, the Copperhead candidate for Judge, Andy Johnson has said he will consider it an endorsement of the orders of Congress and will reverse the orders of Congress and make possession of the Government as a Military Dictator. Soldiers, the destinies of the country are in your hands. Foil the traitors.

Republicans of Lancaster county.

REPUBLICANS OF Lancaster county, you have a ticket that deserves your hearty support and a triumphant election. It is unequalled in every particular. It is composed of men who have always been true to the cause, and who stand to-day above reproach wherever they are known. There is not a man among them all who is not deserving of your confidence and your ballots. They will do their entire duty—see that you do yours.

Remember that Henry Shaffner, the Copperhead candidate for Assembly, has boldly asserted that the U. S. Bonds were not worth the paper they were printed on.

Legal Sharswood and the same of our judge tenders. They are a pretty pair to be entrusted with power.

If you want to see the party retained in power that saved the country in the past, and upon which its safety rests in the future—vote for WILLIAMS.

If you want to see the party in power that tried to break up the Government—vote for Sharswood.

Be Up and Doing.

Soldiers and Republicans—be vigilant—be up and doing. The rebel sympathizers, the Copperheads and Traitors are making mighty efforts to carry the Election by foul means if necessary. You see them scouring the street, the highways and byways, leaving no stone unturned to defeat you. Fraud is and will be used. Falsehood, false naturalization papers, tricking in all shapes are in preparation, and, unless you keep a sharp, close watch upon them, you will be cheated. Appropriate one day to the benefit of your country. You beat the rebels on the battle field. Don't let the cowardly Copperheads who would not fight for their country, now transfer it by their ballots to the enemy. It would be a shame to let Sharswood be a Judge of our Supreme Court, after he decided that our country was unconstitutional. Elect him and he will decide that the United States bonds are worthless.

Beware of Frauds.

We understand that the Copperheads of Columbia intend to perpetrate AN INFAMOUS FRAUD UPON THE HONEST VOTERS of the town. A number of Irish and Englishmen, who are stopping at Jim-Leece's, have been FURNISHED WITH FRAUDULENT NATURALIZATION PAPERS. We know and have their spotted. Beware!

BILLY CARPENTER, the Copperhead candidate for Commissioner, is very slyly giving out tickets to all indiscriminately, and requesting them to vote for him. Billy thinks to snake himself into the Commissioners office, as he did into the Probationary's office, some years ago. Be on the look-out, Republicans—scratch no name, vote the entire Republican ticket. Billy talks very agreeable Dutch just now, and if he can duddle you out of your vote, he will do it.

Government Securities.

Soldiers and citizens, who have saved their money, and invested it in Government securities, and sold them, with those securities repudiated and destroyed—vote for Sharswood. But, on the contrary, if you want to see this Government prosper, and its debts paid—vote for JUDGE WILLIAMS.

Non-Residents.

Remember that there are a large number of persons now at work in Columbia, who have families residing in Reading, Safe Harbor, Lancaster city, and Marietta. Get their names, and report them to the Republican County Committee.

Republicans.

If you want to hear the patriotic men who compose our present Congress, called "fools, thieves and lunatics"—go to the Columbia Fire Insurance Company office, and hear him rant. He's worse than a young crow, with its tongue split.

Look Out for Forgeries.

It is currently rumored that a large batch of fraudulent naturalization papers have been sent to a leading Copperhead in town, and that he has supplied certain parties living in the Third Ward, with them. We have their names. Let them stand under, to-morrow.

Soldiers, Attention!!

Remember, that the Copperhead Democracy that now wants you to vote for Sharswood, is the party that denied Government the right to suppress the Rebellion, and declared that President Lincoln had no right to call out the 75,000 troops. They denied us the right to borrow money to carry on the war. They denied us every right to restore peace, and with old Buchanan at their head, encouraged the Rebels to make War and persist in it. They demand the pardon and discharge of Jeff. Davis, and all other rebels. They have gloried over the murders of Manasses. They mourned over our triumph at Gettysburg. They would gladly see the whole Country in sack-cloth and ashes if the Copperhead party could be restored to power.

Go Early to the Polls.

Union voters, be at the polls early, and work—work until you have every Republican vote in.

The Rebel Swann.

Citizens—Republicans—do you know that the Copperhead Governor Swann, of Maryland, has purchased several batteries of guns, and placed them in possession of the Rebel Militia of that State, who contemplate obeying Johnson when he orders Congress dispersed? and the loyal men murdered? and they attempt to pass through Baltimore to its relief?

Remember the martyrs that fell in the streets of Baltimore, in April 1861; that was but the beginning of the terrible war that followed. If you do not wish to see the same scene repeated on a larger scale, vote for WILLIAMS.

Spurious Tickets!

Look out for spurious tickets to-morrow! Union voters compare your tickets with the one published at the head of our paper, and you will thus be enabled to detect any frauds which may be perpetrated.

ADVANCE THE WHOLE LINE, to-morrow, for JUDGE WILLIAMS.

How the Democracy Pull Wool Over the Eyes of the Liqueur men.

The Democratic leaders are dough-faced on all subjects. They are merchantable in all markets, and can, if necessary, blow hot or cold, that "thrift may follow fawning." On the subject of temperance, they are very anxious to have it understood in certain localities that the Republican party is responsible for the stringent legislation to control the liquor traffic. In other localities, again, the same partisans identify themselves with radical temperance men, as for instance, in the Twenty-first Senatorial district they have nominated Charles J. McIntyre, of Perry county, one of the most uncompromising, crusading and fierce temperance men in the Commonwealth. It was not Mr. McIntyre's temperance principles however that nominated him. During the war of the rebellion, he declared that the only real government in existence was that which had its capital at Montgomery, Alabama, and which afterwards removed to Richmond. He opposed the enfranchisement of Union soldiers, because they were engaged in an unholy cause. These facts, which show Mr. McIntyre's love for treason, are what command the attention of the voters in that district, and whether he is a temperance man or a liqueur man to give a Copperhead candidate popularity, if he has fought for treason, or sympathized with traitors, it is sufficient; and this is the reason why McIntyre now heads the Copperhead ticket in Perry county.

TO-MORROW.

The battle will be between the loyal men who saved the country in our late fearful struggle, and the Rebels and the Copperheads, their sympathizers, in this and other Northern States. The former marches under the stars and stripes, to the music of the Union; the latter the rebel flag—the stars and bars—to the song of Dixie. To insure a certain victory for the right, BRING OUT EVERY VOTER. Let them come from the rolling mills, the mill and forge, the carpenter's bench, and from every trade. Then the victory will be ours!

Now then for WILLIAMS and the WHOLE TICKET!

Remember that although Lee and his army surrendered to Grant, it did not eradicate from the breast of the rebels a desire to overthrow the Government whenever, and as soon as a favorable opportunity offered. The Copperheads of the North assure them that their assistance can be had; the opportunity, they think, is near at hand. They are waiting to hear how Pennsylvania and Ohio are going on Tuesday. Let there be such a response that the traitors both North and South will hear and tremble.

Patriot Soldiers.

The patriot soldiers who fell in our late struggle for freedom, are looking down from their seats in eternity upon the land which they died to emancipate. Will the loyal men permit them to behold the painful spectacle of the institutions they died to preserve, becoming the prey of venal parasites to an unprincipled host of power and money, the very spirit of one man?—Vote for WILLIAMS.

The Present Administration.

It is a fact not only worth remembering to-morrow, but it should be held in recollection on all occasions.

If the Copperheads ever get control of the Government, they mean to:

1. Repudiate the National Debt and ruin every man who holds bonds or greenbacks.
2. Pay the Rebel debt, thus enriching rebels at the expense of the North.
3. Restore slavery.
4. Pay pensions to widows and orphans of rebels.
5. Stop pensions of the widows and orphans of Union soldiers.
6. Restore all rebels to the places in the army, navy and Government they held before they made war against the country.

When these six things shall be accomplished, George Sharswood will be happy and contented—but the country will be ruined and re-managed back to anarchy and chaos.

Fraudulent Naturalization Papers.

We understand that F. R. A. C. D. P. L. E. S. F. A. T. H. A. N. S. P. A. P. E. R. S. have been distributed extensively to a recent Irish emigration in the Third Ward, Officers of the Election, SCRUPENTIZE with the GREATEST CARE, all papers of those persons who have recently come to town, should they offer to vote.

Do not let the members of the "Senate" and "Lower House" on Leont street, know that the Republican County Committee intend to give an elegant night to the District, which shall give the best vote for JUDGE WILLIAMS? Face towards the Town Hall boys, and send the Copperheads "whirling" up Salt River.

Pennsylvania Reserves.

Remember, that when you were fighting the rebels, the Copperheads voted against giving you the right to vote, whilst imperiling your lives in the face of the enemy. Be on hand to-morrow, and mark them. Vote for WILLIAMS.

300,000 GRAVES.

An appalling to the Union men to stand firm against the Sham Democracy and Rebels. It is an insult to the memory of the dead patriots for a Union man to vote for a rebel sympathizer.

Remember! let the vaulting ambition of an ingrate President, who aspires to be our King, be rebuked. A rising majority in Pennsylvania for WILLIAMS, will settle his "hash" until he fills a drunkards grave.

Remember, that the election of Judge Sharswood will send a thrill of joy through the heart of every loyal man in the country. Vote for him.

Remember that the election of Sharswood will gladden the heart of every rebel.

VOTE THE WHOLE TICKET.

We print the above caption without fear that any number of the Republicans of this county will vote any other than the whole ticket. The struggle to-morrow is not simply whether Judge Williams or Judge Sharswood shall occupy a seat upon the Supreme Bench, but the question before us is, *shall the rebels vote to destroy this land, come back and rule the North with a rod of iron, as they did before the war?* Andrew Johnson has commenced his new crusade against the North. Now, every vote cast for a Democratic candidate, however great may be his personal merits, is inevitably received as an approval of Johnson's ruinous course. In California and Maine, side issues were allowed to exercise a powerful influence, and now these elections are held up as Democratic triumphs. Let every Republican then reflect that a vote cast for a Democrat is inevitably misinterpreted into an endorsement of Johnson's ruinous course.
