THE LATEST NEWS. The House of Representatives took up the impeachment question on Saturday last. Nearly All Ex-Rebels.

Gen. Sheridan's report of operations in the Fifth Military District up to the time of his removal, has been received at the head-quarters of the army in Washington, since the completion of General Grant's report. He says that the persons whom he found holding civil offices in Louisiana and Texas were nearly all ex-rebel soldiers, or sympathizers with the rebeliton, and that while they held office it was impossible to execute the military reconstruction bills. He defends his action in removing many of these officials, and says that they were suffered to remain in office in till it, became absolutely necessary from their disloyal acts to oust them. He adds that he strove to perform necessary from their disloyal acts to ouat them. He adds that he strove to perform his duty faithfully and impartially, taking as his guide what he sincerely believed to be the spirit and meaning of the law which he was appointed to execute. The Cordova settlement in Mexico, he says, was composed of unrepentant rebels, and he re-marks that from the impossibility of preventing demonstrations of sympathy for the Liberal cause in Mexico by Union citizens; and soldiers on the border, some complications arose, but they were readily

Dead Letters.

The number of letters returned to the Dead. Letter office in Washington gives an idea of the consequences of careless writing. In the current report of the Postmaster General. it is stated that 4,306,503 letters were returned to the General office during the past year, although this number does not equal that of the preceding year. Fully three-fourths of these aimless letters are charged to the portion were wrongly addressed, many were lillegibly directed, and others were from the offices in which they were deposited owing to the failure of the writers to prepay the postage. No doubt, the Post Office Department was soundly berated by many of the writers of these letters, because the missives failed to reach their destination. The figures show, however, that the blame, when letters go astray, generally belongs to their authors, and not to the post service. It is important, therefore, that great care should be taken in this

Letter from Columbus.

Letter from Columbus.

COLUMBUS. Onto, Dec. 5th, 1867.

DEAR SPY:—From Pittsburg to this point I have traveled a new route to me, and one that until lately has not been attracting much of the public attention, and it is almost surprising that what is now known as the Pan-Handle roud, should have been built at the time it was. Mr. John E. Dodd, I think, has done as much to bring this road to the attention of the public, as any one now connected with it.

I stopped one night at Cadiz, the home of Congressman Bingham, and I can assure you that the people there utter no uncertain sounds on the question of human rights and justice to the defenders of the Union.

Around Cadiz there is an immense amount of wool grown, but on account of the water in the neighborhood not being adapted to washing wool, the producers are compelled to ship their wool to other localities for manufacture. If some ingenius individual can invent some plan to prevent the water in this district, from causing harshness to wool, he can make himself and many others pecuniarily independent.

Newark, in Licking county, is one of the most beautiful places I have seen, and around the Court Square, the buildings present an appearance equaling the houses on some of the finest streets of our more portentious cities. Business along this line seems to be much better at the present time, than along any other route I have been.

Columbus is full of the question: Who

time, than along any other rouse I have been.

Columbus is full of the question: Who will be United States Senator, Thurman or "Val.?". Some bet on the former, and some on the latter, but not being interested as to the merits of either, all I can say, is, let which be, for both are bad enough.

Yours,

B. H. W.

We began in 1841 to make improvements in the style and make of Ready Made Clothing, and continued to do so, introducing new styles and ideas every year, so that the outlire character of the business is now vastly better, and totally different from the systems of older houses.

Our first idea is to learn exactly WHAT THE CUSTOMERS WANT, Customers can see what they are buying, our Establishment being on the corner of three large streets, Markitand Minor streets, abundant light is afforded from all directions. A light store is far better for customers than a dark one.

Merchants know that our sales are larger than those of any other house in Philadelphia, in our line: hence we have to buy larger quantities of goods, and so got them at lower prices, especially us we buy altogether for cash. Buying cheapest, we can self cheupest.

Philadelphia thioring has been particularly delighent.

If it is the liberal patronage with which we have been favored that has enabled us to offer the unaralleled advantages, and this patronage continued and extended will Multiply advantages, which we livide between our outsomers and ourselves.

MOFFAT'S LIFE PILLS & PHŒNIX BITTERS.

The wonderful effects of Moffat's Life Pills in cases of mental depression or physical weakness, proceeding from indigestion, costiveness, or billion secretions, are certified to by millions of persons who have been benefitted by them. They are the most effective cathartic and purifier ever before the public, and have been in use since 1825. They a cheap, safe and reliable. Sold by all respectab dealers everywhere.

A plain statement of facts. I inherited Scrofula and many of my relations have died of it. In 1839 my case was frightful. Tumors and ulcors spread until in 1842 under the advice of my physicians went to Avon Springs. I received no benefit—tried every medicine and did everything I could. I had to rest my arm on a cushion, and had not been able to raise it to my head for over a year. The discharge from two ulcers was nearly a pint a day. Amputation was recommended; but pronounced dangerous. I could not sleep, and my sufferings were intolerable. A friend brought me an English physician who applied a salve with which he said he had accomplished extraordinary cures in the hospitals in England. It commenced to relieve; .1 persisted in its use; it finally effected a perfect and entire cure. It is now 1848. It is tive years since I had the appearance of a scrofulous sore, and my health has been good ever sine. I procured the receipt of this wonderful article—this blessing of humanity—and have called it "Page's CLIMAX SALVE," and allow the public to use it or not as they choose This is a brief but candid statement, given more fully in my circular.

NO MORE CHANCE TO ADUL TERATE. MISHLER'S HERB BITTERS WILL BE SOLD, HEREAFTER ONLY IN GLASS IT CAN BE PROCURED OF ALL DRUGGISTS.

IT CAN BE TROCURED OF ALL DRUGGISTS.

In making the above change, and discontinuing entirely the sale of Mishler's Herb Bitters in bulk, the proprietors deem that the people should be informed of the causes which called forth such action on their part.

In the first place, we hold that Mishler's Herb Bitters is not a beverage; we never intended it to be used as a beverage, but that it is a medicinal preparation of various herbs, &c., compounded upon scientific principles, and in exact accordance with the formulæ of the pharmacopeia in the preparation of the tinctures, &c., compounded upon scientific principles, and in exact accordance with the formulæ of the plarmacopeia in the preparation of the tinctures, &c., compound differing from the many so called Tonics, &c., and, as far as possible removed, and differing from the many so called Tonics, Bitters, Cordials, Stomachies, which, for the most part, are nothing but so many disguises assumed by whisky, and as for the most part composed of the major portion of the very vilest quality of that article, flavored with some strong drugs to destroy the nausea of the sume, in order to tickle the palate, minister to a deprayed taste and afford a plausible excuse for persons to drink whisky under a different name.

Mishler's Herb Bitters has been sold in bulk. In this particular it has been unfortunate, for it had thus been placed directly

drink whisky under a different name.

Mishler's Herb Bitters has been sold in bulk. In this particular it has been unfortunate, for it had thus been placed directly in contact with the above mentioned, and although its intrinsic merit and sterling worth has enabled it to sustain its high character, yet the people have naturally a certain distrust of the article when it is found to be classed in the same category with a number of whisky preparations, bar drinks, and boverages.

This is the one great advantage against which Mishler's Herb Bitters has to contend, but there is still another—The demand for it has caused many unprincipled persons, who are not content with the profit derived in a legitimate manner from its sale, TO INCREASE THEIR GAINS BY ADULTERATION. They will purchase, perhaps, a barrel, and by the admixture of cheap whisky and water, increase the quantity, making perhaps, two, or it may be three barrels of the counterfeit, from a single barrel of the genuine, thus abusing the confidence of their customers, injuring their health, and it is likely, in many instances, inflicting serious injury thereby, besides doing injustice to the proprietors and injuring the reputation of the article.

This is the most serious objection, but

This is the most serious objection, but there is still another.—Our desire to have this preparation for sale on the shelves of every druggist, and country store dealer, thus placing it within easy access of all classes and every section of the country. If the Bitters are sold in bulk, it is retailed principally at hotels, restaurants and taverns, so that druggists and merchants cannot safely, and profitably sell it to their customers. At the hotels the Bitters is oftimes fearfully adulterated; while when in bottles, it is impossible to tamper with the medicine without fear of detection. In hotels it must be sold as a beverage; which This is the most serious objection, but hotels it must be sold as a beverage; whi is not the object of its manufacture, while us a medicine, securely scaled in a proper sized bottle, the litters can be rotailed from the counter of every cruggist and merchant in the counter.

MISHLER'S HERB BITTERS ARE NOW ONLY SOLD IN BOTTLES. Let this fact be remembered by the public, who may consider all other preparations sold in bulk, and under its name as base and worthless counterfeits. 'A PART OF TO-DAY'S MAIL.

GENTS. Please send me, immediately, my usual: complement of your Bitters, as what I have on hand is going off rapidly, and will soon be exhausted.

I have been very successful in curing with the Bitters a very distressing case of Scrofula. The patient is a young man who was afflicted with the disease for years. Five bottles of the Butters, with one of green label, cured him entirely.

You have not recommended your Bitters for worms in children, but from a case that has passed through my hands, I am satishas passed through my hands, I am satis fied that MISHLER'S HERR BITTERS can be relied on as a specific in such disor-ders. The facts of the case are as follows: A gentleman, whose wife had been using the Bitters, has a child of about six years the Bitters, has a child of about six years of age, who was sadly afflicted with worms and reduced to a mere skeleton. Quite a number of our prominent physicians prescribed for the child, but without avail. The gentleman finally concluded to try your Bitters, and commenced giving the child a half teaspoonful three times per day. On the third day of this treatment the Bitters caused trouble with the worms, and the father says it fairly frightened him to see the immense number of worms that

to see the immense number of worms that ed from his little s passed from his little sufferer. The child has rapidly recevered from tits many months illness, and is in the enjoyment of good health, although it is sonicwhat thin.

I mention these two cases to you to show you the success that is following the introduction of the Bitters in the New England

States.

Enclosed find my check for \$150, amount of last bill. Be sure and send litters as soon as possible.

Respectfully yours, &c.,

Dear Sir: While working at Norris' Locomotive Works, two years ago, I was injured by a heavy frame falling on my right hand, which was so injured as to be rendered entirely useless, the wrist was as it were bent—completely bent. I went to several physicians, who told me that I could never recover the use of the hand. One of them wanted to remove some of the bones of the wrist, but I did not consent. I was unable to work for over a year, and having a family, my former earnings were rapidly disappearing; I found that it was useless for me to continue under their treatment, as I was not improving, and by the advice of my friends went to Dr. Mishler and commenced the use of the Herb Bitters, both internally and externally. By the time I had used two bottles I found I was receiving benefit. Contanuing, I still improved, my hand regained its power, and I am now able to work: It is not yet quite as strong as formerly, but I am using it at work, and it is stead, by improving that gave me reflet. Its effects in my case was almost instantaneous.

DR. S. B. HARTMAN & CO.

On February 21-t, there appeared on my beg below the knee, a small yellow pample apparently containing matter; it was rather paintal, all all appeared to such an extent that I was laid up; anable to get about. It continued spreading until my leg was one large sore from the knee to the ankle, discharging all the time and causing intense pains. I in the meantime was undergoing treatment at the hands of an eminent physician who could do nothing for me. I also tried a great number of private remedies that were recommended, but of no avail. I concluded to take no more medicine, but was persuaded by Mr. Elias Williams, a native of your city, to give your Horb Bitters at least a trial. To gratify him I consented, though I had not the least hope of receiving benefit from him. The disease had affected my entire system, and I had made up my mind to die. After using your Bitters a short time, I experienced a change; the effect of the medicine was apparent and affected my entire system. At first I though it made me worse, but at the urgent solicitation of my friends I persevered in its use, and am pleased to say that now after using nine bottles I am, I may say, well. The sores on my leg are all healed, there is no running, the holes have all filled out with new ifesh; and a certain amount of tenderness in the parts that were affected is all that remains of the disease. I had dectored for over two months, and could obtain no relief. Many persons are cognizant of those facts, as I am well known here, having for some time been inspector of ties for 'the Pecn'a R. R. Co. My recovery I attribute solely to the use of Mishler's Herb Bitters, and cannot sufficiently express my sense of the merits of your preparation; with my thanks, I am, sir, yours Very respectfully.

I, the undersigned, do hereby certify that the above statement is correct.

DR. S. B. HARTMAN & Co.

DEAR SIR: This is to certify that I have been afflicted for the past seven years with Scrofula on both arms and legs. I have doctored with the most celebrated physicians of the country, and all availed nothing. The itching became intolerable, especially so at night, so much so as to prevent me from sleeping. I was recommended by a young man in the capitol to try your CELEBRATED HERB BITTIERS. I tried only two bottles, and the relief has been so gratifying that I have no besitation in saying that a few more will make a perfect cure. Yours, respectfully, HARRY ETTER. The above gentleman has been the proprietor of the Perry County Warm Springs, and also the patentee of the Celebrated Burning Fluid, known as Etter's Burning Fluid, SOLD ONLY IN BOTTLES BY ALL DRUGGISTS AND DEALERS.

This price includes all necessary shops for construction and repairs of ears, depots, stations, and all other incidental buildings, and also locomotives, passenger, baggage, and freight cars, and other requisite rolling-stock, to an amount that shall not be less than \$5,000 per mile. THE ENTIRE GRAND LINE to the Pacific will be open for business in 1870. MORE THAN ONE-THIRD OF THE WORK HAS ALREADY BEEN DONE, MORE THEN ONE-THIRD OF THE WAR HAS ALREADY BEEN DONE, MORE THEN ONE-THIRD OF THE WHOLE LINE IS NOW IN RUNNING ORDER. FORTY MILLION DOLLARS IN MONEY have already been expended by the two powerful companies that have undertaken the enterprise, and there is no lack of fands for its most vigorous prosecution. When the United States Government found it necessary to secure the construction of the Union Facific Railroad, to develop and protect its own interests, it gave the Companies authorized to build it such ample aid as should render its speedy completion beyond a doubt. The available means of the Union Facific Railroad Company, derived from the Government and its own stockholders, may be briefly summed up as follows:
