No More "Honorables." The motion of Mr. Buckalew to strike out the word "Honorable," prefixed to the name of himself and other members of the United States Senate in the minutes of that body, is meant merely to relieve the record of a grievous burden of extra and unneces sary words. To say that Mr. Buckslew made a certion motion gives quite as much information as to record that the Hon. Mr. Buckalew did so and so. The Senate in humility agreed to the proposition; so that ereafter it will be a misdemeanor for the clerks to give the title to any member of that body. We wish the masses of the people who have to write to and of, and speak about the members of the Congress. would follow the example. This title "Honorable," was in this country first applied to United States Senators and the igh offices of the United States. It was next conferred upon the members of the Lower House, and after that, by an easy transition, to members of the State Legislatures; and we have known it to become a permanent prefix to the name of a person the had once been a capididate for election to the Legislature, but who, through a defect in the public taste, never reached that distinction. Nothing but a return to the primitive simplicity of the early days of the Republic will ever put an end to this passion for titles, which is cultivated by the bad taste of the public in giving them to politicians of whom they speak as 'Honorable," because they wish to flatter them Mr. Charles E. Buckalew, of the Senate formerly Hon; Charles E. Buckalew same body, deserves credit for the simple democracy involved in this motion.

Neck-Twisting in Church. The following is old, but it will bear reading again, and the hint may do some A curious story is told of an eccentric old minister, who was sorely annoyed by a habit his people had acquired (and which prevails, by the way, in all other churches, even now and hereabouts, to some extent) of twisting their necks round every time anybody entered the door and passed up the aisle of the church to see what manner of person it might be. Wearied with the annoyance, the old man exclaimed one

"Brethren, if you will only cease turning your heads round whenever the door opens, and you will keep your attention on me, I will promise to tell you, as I preach, who it is that comes in." Accordingly he went on with the serv-

ices, and presently made a stop, as one of the deacons entered, saying: "That is Deacon H-, who keeps the grocery opposite." And then he announced in turn the advent

of each individual, proceeding the while with his sermon as composedly as the circumstances would admit, when at last a stranger came in, and he cried out: A little old man in green spectacles and

a drab overcoat-don't know him-you can all look for yourselves." It is hardly necessary to add that the good man carried his point, and there was but little neck-twisting seen in his congre gation after that day.

Diamonds. People, says a Cape of Good Hope paper, are prospecting in all directions in the neighborhood of Colesberg in search of diamonds. A number of the precious stone have already been found, some of them of considerable value. The first diamond was picked up by a little girl at Hopetown. Her father is a laborer on the farm of Mr. Schalk van Niekerck. She took the diamond to her mother, and the latter thinking it only a pretty stone, returned it to the child to play with. Niekerck happened to see it glitter, and offered to buy it of the girl, but she gave it to him, saying laughingly, "who ever heard of selling a He took it, and it proved to be a diamond worth £500. Garnets have just been found in considerable numbers at the Cape. The copper miners in Amapoudaland are meeting with much encouragement. Oil stones have just been found in the Colesberg district, also formations containing phosphorus and quicksilver. It is also reported on good authority that some gentlemen, in seeking for diamonds,

VEGETABLE

SICILIAN HAIR RENEWER

HAS STOOD THE TEST OF SEVEN YEARS BEFORE THE PUBLIC; And no preparation for the hair has yet been discovered that will produce the same beneficial results. It is an entirely new scientific discovery, combining many of the most powerful and restorative agents in the VEGETABLE KING-DOM. It restores

GRAY HAIR TO ITS

ORIGINAL YOUTHFUL COLOR.

It makes the scalp white and clean; cures dand-ruff and humors, and falling out of the hair; and will make it grow upon bald heads, except in very aged persons, as it furnishes the nutritive principle by which the hair is nourished and supported. It makes the hair moist, soft, and clossy, and is unsurpassed as a HAIR DRESS-ING. It is the cheapest preparation everoffered to the public, as one bottle will accomplish more and last longer than three bottles of any other preparation.

IT IS RECOMMENDED AND USED BY

THE FIRST MEDICAL AUTHORITY.

The wonderful results produced by our SICIL-IAN HAIR RENEWER have induced many to manufacture preparations for the Hair, under various names; and, in order to induce the trade and the public to purchase their compounds, they have resorted to falsehood, by claiming they were former partners, or had some connection with our MR. HALL, and their preparation was similar to ours. Do not be deceived by them. nem. Purchase the original; it has never yet been Purchase the original, to has a considered and led.
Our Treathse on the Hair, with certificates, sent-free by mail.
