At present, the profits of the Company are de-rived only from its local traffic, but this is alrea-dy much more than sufficient to pay the interest on all the Bonds the Company can issue, if not another mile were built. It is not doubted that when the road is completed the through traffic of the only line connecting the Atlantic and Pa-cific States will be large beyond precedent, and, as there will be no competition, it can always be done at prolitable rates. It will be noticed that the Union Pacific Rail-road is, in fact, a Government Work, built under the supervision of Government More, and that is: Bonds are isshed under Government direc-tion. It is believed that no similar security is so carefully guarded, and certainly no other is based upon a larger or more valuable property. As the Company's FIRST MORTGAGE BONDS, ticed in our borough. prayer has been strictly observed in Columbia. The Union Meetings, of which we published a programme last week, were accordingly held in the respective churches; and we are glad to state that much interest avas manifested in these extra meetings. The clergy of our town deserve credit for zheir successful efforts in bringing together such large audiences, and rendering th ceasions so interesting to our people.

Kaufinaan donated to the poor of Columbia live car loads of coal. This is a highly meritorious act, and is worthy the man who bestowed it. Our citizens generally, during the week past, have been liberal towards the needy and distressed in our borough. It is what we would call bestowing gifts in the right place, and those who conceived and carried out the project of caring for the unfortunate ones of our town, are entitled to the highest commendation.
