ENTERTAINMENT IN MOUNTVILLE .-The eighth anniversary of the Mountville S. S. Association, was held in the U. B. Church, that place, last evening, which consisted of vocal and instrumental music, essays, orations and addresses. The attendance was large, and the entertainment interesting.

SOLD .- A young Lancasterian now in Sold.—A young Lancasterian now in this city, has beautifully sold a number of persons in this and other counties, by selling them a new species of Jersey Blue potatoes, (which are worth about 75 cents per bushel retail.) representing them to be "Cuzco," for which he received \$3.50 per bushel. We advise our country friends to lookout for this sharper.—Reading Dis-

THE new five cent coins from the Mint. in Philadelphia are the size of the present piece; the three-cent and one-cent pieces are somewhat smaller. The devices on all of them are alike-on one side the head of the Goddess of Liberty, surrounded by the worst of them, to the lock-up for a few words "United States of America;" on hours, in the hope that this gentle reminder the other side are the Roman numerals I., III., and V.

LIFE DROPS .- The Life Drops as manufactured by Geo. S. Robotham, Lancaster, Pa., are gaining a reputation all over the couptry for their prompt and permanent cures in every case where tried. They are

equal, if not superior to any medicine ever discovered for the speedy cure of all derangements of the stomach and bowels. Try them. Price fifty cents per bottle. For tf sale everywhere.

WATER COOLERS .- Perhaps the largest assortment of water coolers ever brought to Columbia, are now on exhibition at the house-furnishing store of Hiram Wilson, corner of 2d and Locust streets, Columbia. He has them, all styles and prices. He has also a good assortment of refrigerators, of various sizes and styles. Now that the hot weather approaches, it is the time to pura indispensible articles. No family should be without one.

THE MATTER OF SCALES .- Even the matchless skill of the physician, a result only reached after years of laborious study and practice, cannot always save life. Sometimes they may be certain of a cure, and the bungling of a shopboy, in preparing their prescriptions, upsets all their power. The slightest variation in the amount of certain drugs administered, and life becomes death. This shows the importance of having some reliable, unfailing test of weight, and an apothecary without a set of Fairbanks' scales would be like poor Tantalus.

BERKLY HALL. - By L. Augustus Jones. The above is the title of a new serial story for publication in the SPY, by the author of the "Ashley's." The Ashley's it will be remembered, was a purely American story; its scenes and incidents being laid in both sections of our country, during the intensely exciting period of the late rebellion ; the author could scarcely have failed to produce a deeply interesting story.

"Berkly Hall" is entirely an English story, and we think it, in-many respects, superior to its predecessor. The plot is deeper and more fully worked up. The scenes and incidents are located in and around the great metropolis-London-and are most graphically depicted. The characters are drawn from the English aristocracy, and most ably sustained throughout the work. The lovely charcter of the heroine-MAY WALLACE-is admirably delineated, as is also that of Sir RICHARD BERKLY who, when excited, "don't care if he breaks | He was very industrious and saving of his his neck at the next fox-hunt."

We, hope this story will be read with interest by all our readers; and we have no doubt but that it will prove that some Esq., Deputy Coroner, held an inquest, and a phases of life under English rule, is not so easant as in free America.

MISCHIEVOUS BOYS.-For several weeks the School Directors have been annoyed from time to time, and been put to considerable expense for repairing windows, &c., in the school house, through

which bad boys throw stones. On Sunday last, while the Janitor was in the building, his attention was attracted by an unusual noise. Looking out a window to ascertuin the cause thereof, he observed u number of boys " bombarding" the house with stones. Complaint was made against George Hippy, John Myers, Michael Roland, Samuel Brown, Thomas Roland, William Lewis, John Moore and Franklin Wittich. unworthy of the enterprise and wealth of

Council MEETING.—A stated meeting of Council was held on the evening of the 17th ult. Mr. Amos S. Green, President, in the Chair. Present-Messrs. Crane, Detwiler, Green, Mullen, Nourso, Shreiner, Sourbeer, Supplee and Upp. The minutes of March 20th, April 2d and 3d, were read and approved. The Road Committee re-ported that they had had the crossings at Perry, Union and. Third streets repaired; that Locust street had been repaired at a cost of \$482.08. They recommended that Walnut street be dug off from Fourth to about 100 feet west of Third, making a uni-form grade; that the summit of Third be lowered about 4 feet at Chestnut, and that the street be cindered the entire length; that Fifth street be graded uniformly from Mill street be indered uniformly from Mill street be cindered and parties owning property there be required to pave their sidewalks—that the Rolling Mill railroad at Fourth and Mill streets be raised about 15 inches, and sald streets made to conform with it ; and that Fourth and Manor streets, all cindering to 5 inch-es on the sides, all cindering to be done by contract at so much per cubic yard. They also recommended that Union street be cleaned and cindered, and that the Colum-bia and Washington Turnpike Company be requested to clear and put their, road in order within the Borough limits. The Financo Committee reported the following statement by the Treasurer : 1803. COUNCIL MEETING .- A stated meeting the Public School House. SUICIDE .- John S. Strickler, aged about twenty-one years, son. of Cyrus Strickler, of this place, committed suicide at the Franklin House, on Thursday afternoon last, by cutting his throat with a razor. He seems to have made first a cut on the right side of his neck which failed to reach the jugular vein, then on the left side of his neck, where that vein was about twothirds severed. Death must have ensued almost immediately, as the body was found

an hour after the deceased was seen alive. When found it was nearly cold, and with the razor still clutched in the hand. The deceased was a moral and upright young man, and at times developed faculties of a superior order. Several years ago he dedopted : To the Town Council of the Borough of Covoted much time upon the invention of a fountain pen. The constant application and worry about the matter, for the time unbalanced his mind. With returning health his mind was restored, apparently, but at times he was subject to a depression of spirits. COURT .--- We condense the following cases from the court proceedings, pertain-ing to this vicinity :

In the case of *Franklin P. Furret*, of Columbia, complained against for filse pretence, the bill was ignored, and the prosecutor, John R. Watkins, ordered to copposite Shober's, Eagle Hotel.)

Michael Ford plended guilty to the charge of stealing a watch and chain from Lawrence Smith in Columbia, on the 20th ult., and was sentenced to three months' imprisonment.

imprisonment. Emanuel Sheaffer, larceny. There were three indictments against this defendant, one for stealing a horse blanket from Benj. L. Brubaker, another for a horse blanket from Jacob L. Neff, and a third for a buffalo robe from Samuel Longenecker. The articles wore found concealed in a hog pen on the premises of Sheaffer. When arrested he acknowledge that he had stolen the blankets and robe. The jury returned a verdiel of guilty without leaving the box. Sentenced to three months' imprison-ment on two of the charges, and four on the third. John McGouse, assault and battery. The T ATEST EXCITEMENT

John McGouse, assault and battery. The prosecutor, Thomas German, testified that he accidentally ran against defendant in the village of Safe Harbor, where both parties reside, whereupon McGouse knock-ed him down and beat him about the head and against The and a worker of and actum. The jury found a verdict of guilty. In consideration of the fact that the defondant had been severely wounded in the army, and that an imprisonment would be very injurious, the Court sen-tenced him to pay = 6 face of \$25, and dis-missed him with a reprimand.

tenced him to pay a fine of \$25, and dis-missed him with a reprimand. Samuel Houseal, forgery.—The defen-dunt was charged with tendering at the National Bank at Marietta, a forged note dated September 13, 1866. The note was signed by Geo. Engle, as drawer and was endorsed by what proposed to be the signa-ture of Peter Hoffer and George Beam. The note was payable at the Bank sixty days after date and was presented by de-fendant for the purpose of having it dis-counted. This the officers of the Bank refused to do suspecting that it was a forgory. The amount for which the note was drawn was \$300. The note was given back to the defendant by the Bank after it had refused to discount it. It was also shown that the defendant had at Squire Auxer's and in York acknowledged that be had tendered the forged note; and that when he was arrested he endeavored to escape from the constable. The jury returned a verdict of guilty without leaving the jury box; whereupon the connsel for the defendant offored a rule for a new trial.
