Whither are we Drifting as a Political Organization ?.

However much we may be inclined, as an organ of Republicanism, to conceal the imperfections which show themselves in ours, as they do in all political organizations, the great mass of the people cannot be deceived that while one class of Republicans are sincerely devoting themselves to the fair advocacy of their principles, there is another class which are utterly indifferent to anything like principle—who do not regard our organization as worthy of consideration, beyond the means which it affords to gratify their ambition, and who are as ready to strike at our candidates when it suits their interests, as they are to fight our avowed enemies. Then all together, we, as a party, have the largest and the direct loads to carry that were ever strapped on the back of any political organization. It is our duty to defend and uphold the national credit, to secure the interest on the national debt, to advocate the rigid collection of the national taxation; enforce laws enacted to punish traitors, and ensure the rights of all men who fought to sav e the country from destruction. The burdens of the war are the issues which the Republican party must sustain. Hence it is that we have a terrible load to carry, and in order that we may succeed at the polls, we should have the energy, the integrity, and the disinterested efforts of all men professing to be Republicans. We should have sacrifices of all personal preferences, a compromise of all personal differences and union upon our principles. This, we are sorry to say, we have not. Clique rule in the Republican party is as tyrannical and as unrelenting in its hate, as ever traitors hated the Republican principle. There is more corruption to-day, to attain favor in the gift of the Republican party, than disgraced the war to obtain contracts by which frauds on the Government were perpetrated. It is our duty to tell our friends these things. It well becomes a Republican organ to warn the masses of the party against the woe which threatens us, *and unless those masses promptly open their eyes and their ears to the actions and proceedings of the miserable men who are plotting our disgrace, we will be defeated in October and utterly ruined in this State in November.* We declare it boldly and without the fear of successful contradiction (however much we may be abused for the declaration) that while one set of men in the Republican organization are deliberately arranging to buy the election of United States Senator, another is at work secretly to defeat the election of a Republican, so that in the event of Grant's election the patronage belonging to this State may be monopolized by a certain clique of our organization. In regard to the purchase of this election there is no attempt made at concealment. Those who propose to do so, declare they have had a precedent on the subject, that they know how it was purchased heretofore, what it cost to do so, *and how little the people seem to care about such corruption in public men.* We do not hesitate to say that the Republican party cannot existand have such talk publicly made in reference to its leaders. It must be rebuked in some public manner, or the mass of men who are honest will not remain attached to our organization. The Republican organs of the State must do this talking. It is better to win victory while denouncing the evils which we know to exist in our midst, than deplore defeat by secretly attributing it to the bad men we were afraid openly to denounce.—*State Guard.*

English Cricketers coming to America.

A cable dispatch states that a selected eleven, from the most celebrated cricketers of England, will sail from Liverpool, on September 2, and will arrive in New York about the 12th or 15th.

The following are the engagements in America. During the first week of their arrival they will play matches against two selected "twenty-twos" from various clubs in the State of New York, and the city of New York and its environs.

During the second week they will play matches in Montreal with "twenty-twos" selected from the officers of her Majesty's regiments, and from various Canadian Cricket Clubs.

In the third week they play two matches in the neighborhood of Boston, against "twenty-twos" selected from the Massichusetts Cricket Clubs.

The fourth week will be given to Philadelphia, where they will meet the American cricketers again, who made the best stand and played the best matches against the English cricketers in 1858 of any of that series.

The fifth week will be given to New York, when possibly they may be induced to enter into a contest with an American nine at the Americanized English game of rounders, *alias* base ball, for which the former party refused the offer of $5000 to play a game on the Fashion Course.

There is considerable speculation among the leading English cricketers on the coming events, which it is fully expected will end in a series of victories for "The Eleventh."

An Exciting Race—Steam Ahead.

A curious incident, worthy of note, occurred to the down P. M. train of the Reading Railroad on the 20th inst. The train was composed of an engine, and six passenger cars. When the train was leaving Port Clinton, a heavy rain from the North deluged the last five cars, without reaching the first car and engine. They ran ahead of the storm to Hamburg, where, stopping for passengers, it again caught up to them. The same thing occurred at Mohrsville and Leesport, and when they reached Reading all the cars except the first and the engine were drenched with rain. As they were leaving Reading the rain caught them at the lower depot, and, we presume, it was a neck and neck race to Philadelphia, as the dark clouds, after passing over the city, were seen going on, far to the South. The running time of the train from Port Clinton to Reading, including stoppages, is 53 minutes; distance, 20 miles. The storm, therefore, made just one second less than 2:40 time. It was an exciting an amusing race, to the passengers, and, as far as heard from, the locomotive was ahead, keeping in the *dry* the entire distance.—*Reading Journal.*

Our State Railroads.

Pennsylvania, perhaps it is not generally known even within her own borders, has a greater length of railroad than any other State in the Union. In round numbers, she possesses four thousand miles to New York's three thousand, or one mile of rail to every square mile of territory. As railways are the best index of development, it is probable that our resources are being more systematically and intelligently worked than those of any other portion of the Union.

Gen. D. S. Wilson, of Dubuque, Iowa, an influential and life-long Democrat, announces that he cannot support the Democratic ticket, and will support Grant and Colfax. He thinks the country has had war and bloodshed enough, and like General Grant, says "let us have peace."

HAIR PREPARATIONS.

HALL'S

VEGETABLE

SICILIAN HAIR RENEWER

HAS STOOD THE TEST OF SEVEN YEARS

BEFORE THE PUBLIC,

And no preparation for the hair has yet been discovered that will produce the same beneficial results. It is an entirely new scientific discovery, combining many of the most powerful and restorative agents in the VEGETABLE KINGDOM. It restores

GRAY HAIR TO ITS

ORIGINAL YOUTHFUL COLOR.

It makes the scalp white and clean; cures dandruff and humors, and falling out of the hair; and will make it grow upon bald heads, except in very aged persons, as it furnishes the nutritive principle by which the hair is nourished and supported. It makes the hair moist, soft, and glossy, and is unsurpassed as a HAIR DRESSING. It is the cheapest preparation ever offered to the public, as one bottle will accomplish more and last longer than three bottles of any other preparation.

IT IS RECOMMENDED AND USED BY

THE FIRST MEDICAL AUTHORITY.

The wonderful results produced by our SICILIAN HAIR RENEWER have induced many to manufacture preparations for the Hair, under various names, and, in order to induce the trade and the public to purchase their compounds, they have resorted to falsehood, by claiming they were former partners, or had some connection with our Mr. HALL, and their preparation was similar to ours. Do not be deceived by them.

Purchase the original; it has never yet been equalled.

Our treatise on the Hair, with certificates, sent free by mail.

See that each BOTTLE has our private REVENUE STAMP over the top of the bottle.

All others are frauds.

E. MISHLER & Co., Reading, Pa.—Dear Sirs,—It affords me pleasure to speak of the wonderful effects of your "Pain Cure," in my own case. In June last I was attacked with Neuralgia in my shoulder and side. After suffering intensely for nearly two weeks, I was induced to try your remedy, and after an application to my sufferings, as if by magic, I was relieved in seconds. So sudden was the relief, that I could scarcely believe my own senses. From my knowledge of the preparation, I firmly believe that it will stop pain more speedily and almost instantly. Respectfully, yours,

J. A. DUDLEY.
