ACCIDENT .-- A horse valued at \$350, belonging to John P. Staman, of Hempfield township, this county, broke a leg on Tuesday by jumping a stream of water. The animal will have to be killed.

ACCIDENT.—John Heck, Esq., of this place, brakesman on the Reading & Columbia R. R., had his toes severely mashed while in the act of coupling cars at Union Station, on Monday last.

SALE BILLS .- Farmers and all those who contemplate making a sale of stock. implements or household goods, should call at the Sex office. We are prepared to do all kinds of job work at reasonable

BASE BALL.-The match game of Base Ball, played at Lancaster, on Saturday last, between the "Atbletics" of that city, and the "Fairplay" of this place, resulted in the success of the Fairplay by a score of 24 to 21. Hurrah for us'ns!

POTATORS -Our farmers inform us that the potato crop is a most excellent one. There is little or no complaint of rot, and the probabilities are now, that this indispensable vegetable to the table of every man whether rich or poor, will sell at very reasonable prices during the coming winter.

APPLES.—The apple crop in the section of the State lying north of Dauphin county is large. At Sunbury they are a drug upon the market at \$1 per bushel and from that town to Milton the venders of fruit can find but few buyers at 75 cents per bushel.

CHURCH ENTERPRISE .- We learn that the ladies of Ephrata, this county, are soliciting subscriptions to aid in the erection of a Lutheran Church in that town. There is no Church of any character in Ephrata, and this move on the part of the ladies is commendable. Any person feeling disposed to contribute, can address Mrs. Mary Seltzer, Ephrata, Lancastes county.

IMPOSITION .- A certain class of matter reaches this office for gratuitous publication, the intent of which is to advance personal or selfish ends. Hereafter we will reject such matter, unless accompanied by the money or a responsible name. Such articles are of no interest to our readers, and besides our printers won't accept them as their pay.

Indian Summer.—It is a curious fact that the fine particles of partially carbonized matter which gives the peculiar haze or smoky appearance to the atmosphere of the Atlantic States, during the Indian Summer, come from a region entirely across the continent. Those minute atoms, examined by a microscope, are found to be long to vegetable organism which are only produced on the plains at the base of the . Rocky mountains: and the atoms are wafted thither by some meteorological agency.

DANGEROUS COUNRERFEIT .- There is a new and dangerous \$2 greenback on the issue of the Sixth National Bank of Philadelpha. It is not very well executed. A little caution will at once discover its falsity. The clouds above the female on the left end have a scratchy appearance; the shading under the words "National Union Bank" is coarso and irregular. The paper is of a bluish tint. The engraving on the back is coarse. Better examine all bills of this denomination carefully, as the plate will undoubtedly be altered to suit other

RELIGIOUS services next Sunday, the 15th inst., at the Episcopal Church, in the morning at 10 o'clock, and in the evening at 7 o'clock. The Pastoral Letter of the House of Bishops, a document of great public importance will be read in the evening. Seats free in the evening. A cordial welcome extended to all. Attention is also requested to the fact

that the sewing school, open to children of all denominations, is taught by the ladies of St. Paul's Church, who have kindly volunteered their services. The school iheld on Saturday afternoons. The ladies' sewing society meets on Wednesday after-Orders respectfully solicited and promptly attended to. Preaching to-morrow (Sunday) in the

Reformed Church, by the pastor, Rev. F. Pilgram, at 10 o'clock, in German. Evening, at 7 o'clock, in English.

Almost a year ago, an individual was elected Burgess, and immediately thereafter was dubbed "Young Hickory." The young men trembled, and the purps slank into their kennels, lest they might invoke his wrath. The Council having received an accession of three live (in a horn) members, straightway passed an ordinance to pay "Young Hickory" one hundred dollars salary per annum, for the wonderful things he was to perform the coming year. Nary dorg untaxed could evade his eagle eye; nary heap of dirt or filth but his musal organ would ferret out. Now, citizens, go amongst your alleys and see the filth; walk the streets, and you will see dogs not taxed everywhere. And why? Just because there was danger of the Copperheads losing

COMMENDABLE. In walking through the Cemetery of this place, a few days ago, we noticed a tomb-stone, the gift of Lewis Haldy, Esq., of Lancaster city, erected to the memory of Isaac Dock, Esq., deceased, bearing the following inscription:

"AT REST ISAC DOCK, Born February 22, 1813, and lost his life September 8, 1868, in his efforts to save from conflagra-

tion the property of his neigh-

bors. Aged 55 years, 6 mo. and 17 days." The tomb-stone is very handsome, and reflects credit upon the designer. The deceased was a poor man, and Mr. Haldy, ever thoughtful and charitable, bas erected this monument at his own expense, who cannot fail to receive the thanks of this publie, and a general commendation for his remembrance of him that fell a martyr to duty. Mr. Haldy is a type of true man-hood, and not a few hearts are filled in thankfulness for like charities and evidences of respect.

RUNAWAYS.—Early Tuesday evening, whilst a colored man was in the act of taking Dr. R. Hamilton's horse and carriage from the front of his residence to the stable, the animal became frightened and ran off, and at the corner of Front and Cherry streets ran into a vehicle occupied by Doctor Hinkle, frightening his horse also, which became unmanageable and threw the doctor out, fortunately without injury. The doctor's horse ran up the coal schutes of the Reading & Columbia Railroad, where he broke a leg by partly falling into one of the openings thereof. The animal will have to be killed to relieve it of its sufferings Dr. Hamilton's horse was but slightly scratched. The carriages of both parties were considerably broken.

OFFICIAL VOTE.—The official vote in this county, at the recent election was: For Grant, 15,798; for Seymour, 8,509. Grant's majority is 7,289, an increase over the October vote of 546.

BIG CORN.-Mr. B. F. Heise has left at this office two ears of corn. grown by him in West Hempfield township, each of which measures 14 inches in length, and contains over 1,000 grains. Who can beat it?

Nuisances.-Cross-eyed spinsters, mis chief making women, grumbling old bachelors, dilapidated sidewalks, squalling children, frowzy wives, dirty postal currency, and a subscriber who does not pay for his paper. Some Hog .-- Mr. Phillip Oldweilder,

of Dunegal township, killed a hog on the 4th inst., which was eight months of age, weighing 250 pounds, cleaned. This is hard to beat, we think. A calculation shows that the hog increased nearly a pound per day in weight.

Now THEN.—Why don't the ladies hire somebody to sing a comic song or tell comic story on the fashionable shoes which the mon are wearing-toes turned up like the prow of a gondola or the front guard of a skate? Tit for tat. The skate shoe is a good offset for the Grecian bend.

Relics of '76.—John M. Kelley, of Lancaster, Pa., has in his possession a barrel and lock of a horse-pistol, found in excavating earth for a new road, on the farm of John Bennett, near Chadd's Ford. The pistol was, no doubt, used by a soldier at the battle of Brandywine, which was fought on the 11th of September, 1776. Mr. Kelley ntends presenting these articles to the Linnæan Society of Lancaster.

UNCLAIMED LETTERS .- List of letters remaining unclaimed, in the Columbia Post Office, up to this date. Persons calling for these letters will please mention that they are advertised in the SPY: Ladics' List.—Mary Markley, Tobitha J. Hasings, Margret Gaffney, Fanny Fisher,

To Sportsmen.—Gunners should renember that the law passed last winter by the legislature inflicting a fine of \$5 for shooting or killing insectiverous birds at any season of the year. This law should be faithfully observed, and those who wantonly violate it should be punished. Immense damage has been caused in Lancaster county this season by the rayages of caterpilars and worms, which can only be prevented hereafter by encouraging birds to build and breed in our fields and woods.

FALSE ALARM OF FIRE. Last evening, about 6½ o'clock, a man was seer walking leisurely along Second street, and when nearly opposite the Vigilant engine house, draw off his coat and run, crying: 'Fall in, No. 1; fall in, Columbia, fire, fire!' Of course the alarm had the effect of bringing out the fire companies, thereby causing general consternation among our citizens. Can there be no remedy for the nuisance? The above are facts, notwithstanding all the reports to the contrary, and can be substantiated by several reliable citizens, who are members of the Columbia Engine. No censure was meant for the No. 1 comoany.

HOME CHEERFULNESS .- Many a child goes astray, not because there is a want of prayer and virtue at home, but simply bemuse home lacks sunshine. A child needs smiles as much as flowers need sunbeams. Children look little beyond the present noment. If a thing displeases them they are prope to avoid it. If home is the place where faces and words are barsh, and fault inding is ever in the ascendant, they will spend as many hours as possible elsewhere. et every father and mother try to be sappy. Let them look happy. Let them alk to their children, especially the little ones, in such a way as to make them happy.

IMPORTANT TO DEALERS IN TOBACCO. -Full and accurate inventories must be made by all dealers in tobacco, snuff and segars of the stock on hand on the first day of each month, and especially on the first who shal Any per sell or offer for sale tobacco, snuff or segars not properly stamped and cancelled after he day fixed for the stamps, [November 23, 1868], and which have not been included in any monthly inventory required by Sections 78 and 94, or any person selling or offering to sell the same, who has neglected or refused to make such presumption of having violated the law and upon complaint made against him the burden of proof will be upon him to show why pro-ceedings for the forfeiture of the goods held by him without having the proper stamps affixed should not be commenced.

THE SOLAR ECLIPSE NEXT SUMMER. -On the 7th of August next a total eclipse of the sun will be visible in a part of the United States. The eclipse will be partial throughout the Union, but total in Iowa, Central Illinois, Southern Indiana, Indiana, Kentucky and North Carolina-following a line from northwest to southeast, beginning in Iowa between four and five o'clock. P. M., and ending on the North Carolina coast a few minutes past six. The sun will be nearly at its greatest distance from the earth, and the moon at its least, so that the obscuration will last a longer time than usual. There have been only two total eclipses visible in any large part of the United States during the present centurythose of 1806 and 1834. Several annular eclipses have occurred, one of the most remarkable of which was that of 1838.

YORK COUNTY ITEMS .- We clip the YORK COUNTY ITEMS.—We clip the following from the York Republican:
General Grant passed through York on Saturday afternoon last enroute to Washington city, where he arrived unheralded on Saturday night.
A young man named Walters, said to be a resident of Maryland, was arrested on Wednesday last for illegal voting in the Fifth Ward. He of course voted for Seymour.

Fifth Ward. He of course voted for Seymour.

At a late hour on Saturday night last, a frame stable situated on the Agricultural Fair Ground, in the First Ward, with its contents, consisting of a quantity of lav, was destroyed by fire. This was no doubt the work of an incendiary.

At a meeting of the Bourd of County Commissioners on Friday last, the following appointments were made: Clerk—A. H. Shenrer; Janitor—Charles W. Smith; Attorney—E. H. Woiser: Physician to Jail—O. C. Brickley; Furnishing goods to Jail—Lebach & Bro.; Town Clock—Jacob A. Wilt; Mercantile Appraiser—John B. Roser of Codorus.

COUNCIL PROCEEDINGS.—A special meeting of the Town Council was held on Saturday the 7th inst., at 7 P. M., Mr. Amos 5. Green, President, in the Chair. Present, Messrs. Crane, Detweiler, Green, Mullen,

Supplee, Shreiner and Upp.
Communications from the Columbia
Water Company, and Samuel Shoch, Esq., vere read and filed. The Company complained that if Wright street was opened as now projected, it would seriously injure a lot upon which they intended to orect a reservoir, and asked that the street be abundoned so fur as it passes through their ground.

Mr. Shoch complained that Sixth and Wright streets and the Cemetery Road passed through his property, greatly damaging the same, and asked that Sixth and Wright streets be abandoned wherever they are planned upon his property.

Mr. Upp submitted the following resolu-

tion, which was read and laid over until the next stated meeting.

Resolved, That Cemetery Road east, be moved 40 feet further east, made 60 feet wide, and extended to Lancaster Avenue; that Cemetery Road south, be made 60 feet wide, extended to Cherry street, and hereby declared to be a part of Cherry street; that Eighth street be moved 40 feet further east, and Wright street be vacated from Cemetery Road east to Lancaster Avenue.

On motion, adjourned.

METEOR SHOWER .- The astronomer of the Cincinnati Observatory, writes that the annual meteoric shower may be expected on the 12th and 15th inst., between midnight and sunrise. Many will watch for this pleasing display throughout the country. We have watched on such occasion when we were younger in years, but having grown with time, we will allow others to do our watching, while we do their leeping.

CORN .- The farmers of Chester county Corn.—The farmers of Chester county, says the Village Record, are all busy husking their corn. Some have finished. The crop was never better. This is the common opinion. The season was a short one. The crop was planted late—from the middle to the end of May. All the expectations of the farmer were more than realized. The weather is pleasant and you can husk without gloves. There are a few farmers who are as usual waiting for cold weather apparently. There must always be a "last man."

ASSISTANT PASTOR APPOINTED. ASSISTANT PASTOR APPOINTED.—Father McDermott, during the last twelve months Assistant to Father Carter, of the Church of the Assumption, in Philadelphia, and recently ordained to the ministry, has been appointed Assistant to Father Keenan of St. Mary's Catholic Church of this city, in place of Father Barry, who was recently appointed Assistant to Bishop Shanahan of this diocese. It gives for Grant and Colfax the glorious majority of 7,289! It beats Berks, its Copperhead rival in the way of giving large majorities, 1,253! Outside of Lancaster city the majority is 7,430.—Norristown Republican. [We bow in acknowledgement of the bove compliment to our county.—Eds.]

LOOKING AHEAD .- We once fell in with a business man, and he was a person of wide experience, too, who said that, whatever might happen to him, he always looked sixty days ahead, rather than sixty days behind. This was sensible, and there was profound philosophy in it. For the habit of looking on the dark side of matters soon begets a despondent feeling in the heart, and disinclines a man to make any exertion at all. To look forward to better days, however, and to a turn of fortune for better times, is naturally calculated to inspire one with cuthusiasm, to stimulate one with the new wine of hope. It makes all imaginable difference whether a man desponds or hopes. Hence, when a blast of trouble comes, the true way is to turn your back upon it, to refuse to have anything to do with it, to forswear all connec tion with its threats or promises. Look ahead, and look up! what is gone is gone, and there is no help for it. Work for better fortunes, and the bad will desert you in

absolute disgust at your unimpressibility.

Sociability.—Hawthorne, in his diary, makes record of a day wherein he resolved to speak to no human soul. He went to the village, got his mail at the post office, returned, and triumphantly recorded the fact that he spoke to no man. Is it any wonder that with all his genius, Hawthorne was a melancholy, and essentially an unhappy man? How much wiser and better the opposite course. Think of how much happiness you convey to others by kindly notice and a cheerful conversation. Think how much sunshine such sociability lets back into your soul! Who does not feel more cheerful and contented for receiving a polite bow, a genial "good morning," a hearty shake of the hand? Who does not make himself happier by those little expressions of fellow feeling and good will? Silence, and a stiff, unbending reserve are essentially selfish and essentially vulgar. The generous and polite man has a pleasant recognition and cheerful word for all he meets. He scatters sunbeams wherever he goes. He paves the path of others with miles. He makes society seem genial and the world delightful to those who else would find them cold, selfish and forlorn.
And what he gives is but a tithe of what he
receives. Be sociable, then, wherever you go, and warp your lightest words in tone that are sweet and a spirit that is sociable

[For the SPY.] "Is it well with the Child." It is morning in Columbia, cold, gloomy and sad; sombre clouds drifting overhead dead leaves drifting under foot. dead leaves drifting under foot.

CHOICE GROCERIES .- Max. Bucher

has on hand a choice assortment of groceries—in fact everything to meet house-keepers' wants. "Max." is a clever fellow, and his disposition to please should attract the buying public. A LARGE Volume would not contain

the mass of testimony which has accumulated in favor of Wistar's Balsam of Wild Cherry as a safe, efficient, and reliable remedy in curing coughs, colds, and pulmonary disease. Many of the cures are truly wonderful.

IMPORTANT ANNOUNCEMENT.—Benjamin Mishler, in a card published in the Lancaster, (Pa.,) Express, noticing an imitation of Mishler's Herb Bitters, made by his son, Henry L. NEW YORK, August ,7th, 1868—Mr. Editor: Severl of your correspondents, very old and respectable no doubt seem to be wonderfully exercised as to the origin of our Plantation Bitters. So long as these Bitters are all that we represent them to be, we do not know that it makes any difference from whom they come, or from whence they originated; but for the information of the public generally, and old Capt. Wentz in particular, we will say that he told the truth, and that these Bitters originated in the West India Islands—that many of the ingredients have been favorable used for over a century, but our combination of Calisaya is entirely new, and our own. The rum and other materials are the same, and as your correspondents ays, a better Bitters and Topic is not made. We recommend them particularly for dyspeptics, fever and ague, debility, loss of appetite, and in all cases where a tonic and stimulant is required. NEW YORK, August ,7th, 1868 -Mr.

THE GREAT DESIDERATUM OF THE AGE

A dressing which is at once agreeable, healthy and effectual for preserving the hair. FADED OR GRAY HARE IS SOON RESTORED TO ITS ORIGINAL COLOR AND THE GLOSA AND FRISHNESS OF YOUTH. Thin hair is thickened, falling hair is checked, and baddness often, though not always, cared by its use. Nothing can restore the hair where the follicles are destroyed, or the glands atrophied and decayed. But such as remain can be saved for usefulness by this application. Instead of fouling the hair with a palsy selfment, it will keep it clean and vigorous. Its occasional use will prevent the hair from turning gray or falling off, and consequently prevent hadness. Free from those deleterious substances which make some preparations dangerous and injurious to the hair, the Vigor can only benefit but not harm it. If wanted merely for a
