Hessler, who works for Hebener, went into Handler's Beer Saloon, on Front street, to get some beer, and while there he committed a nuisance in the back room. Handler remonstrated with him about it, when the defundent drew a knife and cut Handler across the nose and forehead. John Cramer also received a severe cut on the hand. The defendent had eight cuts on the head caused probably by being struck with chairs, but the witness did not know how or by whom he was struck. He was too drunk to tell about it. In default of bail he was committed to jail to answer, by Esquire Evans.

STOPPING NEWSPAPERS - A certain man hit his toe against a pebble, and tell headlong to the ground. He was vexed, and under the influence of anger and selfsufficiency he kicked mother earth right saucily. With imperturbable gravity, he looked to see the earth itself dissolve, and come to naught. But the earth remained, and only his poor foot was injured in the encounter. This is the way of man. An article in a newspaper touches him in a weak spot, and straightway he sends to stop his paper. With great self-complacency, he looks to see the crash, when the object of his spleen shall cease to be. Poor fool, he has only hit his own toe against a world that does not perceptibly feel the shock, and injurcs to extent none but himself.

DUNGEONS! DUNGEONS!! DUN GEONS !! !- Some of the live men, elected last year to the Council, have shown their love for their fellow-man by erecting seven dungeons into which all persons who shall dare to cock their eyes at a member of Council, or commit some other terrible of fense, shall be thrust and kept without light or air. It is hoped that our Borough voters will know whom to thank for this humane improvement. They were boirayed last year into voting for some of brigham young's pets with the hope that they would act, if elected, as they promised, for the benefit and comfort of all; but nobody ever dreamed that they would spend the Borough money in an extravagant manner by erecting dungeons. Better, like Dela ware, introduce the whipping post, and give us Copperhead control in style.

CALISAYA BARK.—It is said that Messrs. Drake & Co., (proprietors of the Plantation Bitters) are the largest import-ers of Calizaya Bark in this country, and that, with the exception of an occasional sale, all they import is used in the com-pounding of their celebrated Plantation Bitters—to which they undoubtedly are in-debted for their wonderful health-restoring properties. ACCIDENT.—There was an explosion in Doctor Ayer's Laboratory, lately, which caused some excitement in the vicinity. Ayer's Pills are manufactured under an enormous pressure, in cylinders, like can-non which sometimes prove too weak for the compressed forces, and burst with terri-fic violence. Fortunately, the pieces do net tly far, so that no one has ever been hurt by them. The action is more like ice than powder; but it makes Pills which all the world acknowledge are Pills.
