PUBLIC SCHOOLS close on Monday.

SUNDAY SCHOOL .- The annual State Sunday School Convention will be held at Williamsport, Pa., on Tuesday, June 1.

APPOINTED .- The Court has appointed Hugh O'Neil Constable of Drumore township, in place of Edward Gorsuch, resigned.

STREET-CLEANING.—Workmen are engaged in cleaning Walnut street of the filth and garbage which accumulated during the winter. Scavengers are to be employed all over town.

DRUMMER BOY OF SHILOH .- Arrangelumbia, the grand military allegory of the Drummer Boy of Shilob. It will be under the management of Post 118, Grand Army of the Republic, of this place.

RIGHT .- In the case of the Laucaster city butchers vs. Lancaster county butchers, a decision has been rendered in favor of the right of the latter to sell meet and other marketable commodities from their stands as heretofore.

A MISTAKE .- We think it is a serious mistake that our borough authorities should allow both fire companies, with their steamers, to be absent from town at once. We would be in a pretty quandary should a fire break out in town during their absence.

SCHOOL EXCURSION TO LITIZ:-Preparations are now making by the public schools of this place to give the scholars an excursion to Litiz Springs. It will take place on Tuesday next, June 1st. A grand jubilee amongst the children may be ex-

CHANGE IN MARKET REGULATIONS.-The Wednesday morning market has been abolished. Market will take place on Tuesday, Thursday and Saturday, commencing June first. We fear this arrangement will not accomplish what is most desired-to relieve the great jam in the market house. It always will be so, just as long as our authorities decree that the market shall open at a fixed hour.

THE LOCK UP .- Now that the Council have concluded to abandon the cells under the new market house, it would be well if they turned their attention to the erection of a safe and commodious structure, where persons might be confined without running the risk, as they now do, of dying from disease contracted in the foul den. It will not do to postpone this matter to a more convenient season. Common humanity should teach them to act at once.

ACCIDENT IN THE SPY OFFICE. Thomas Simpson, an apprentice boy in this office, met with an unfortunate accident yesterday afternoon. In an unguarded moment his hand was caught in one of our job presses as an impression was being taken. The accident was a very severe one, lacerating all the fingers of the right hand in a fearful manner. We regret the occurrence very much. He has the sympathies of the entire Spy corps.

THE KNIGHTS TEMPLAR .- All the in dications thus far are that the coming Conclave of Knights Templar in Erie, will be an extensive and imposing affair. From the Pittsburg Commercial of Saturday we learn that already about one hundred of Judgment affirmed. the Knights Templar of the Pittsburg Commandery have signified their intention of going to Erie on the Stb of June next, to attend the annual Conclave of the Grand Commandery of the State, and that the list is daily increasing.

PERSONAL .- We are glad to learn the Presbyterian Church has secured the services of Prof. B. C. Unseld, as organist The church has made a good choice-Prof. Unseld is not only a fine performer, but he is a thorough musician, and fulfills his duties with a hearty enthusiasm. We understand he will again make Columbia his residence, and resume his instructions in music. We take pleasure in recommending him as an earnest conscientious teacher.

Court.-An adjourned Court of Quarter Sessions was commenced in Lancaster, on Monday morning, with Judges Long and Libhard on the bench. The case of Henry Snow, indicted for robbery and assault and battery with intent to commit: rape, on the person of a woman of Columbia, on the Columbia bridge, of which mention has heretofore been made in these columns, was sentenced to four years im prisonment in the county jail.

DEFACING THE FRONTS OF HOUSES .-The habit, for in Columbia it has become a habit, of defacing houses, with chalk, charcoal or whatever else will make a mark. merits severe and speedy punishment. The fronts of a number of new houses have been spoiled by this reprehensible practice. The perpetrators, if men should be locked up, and if boys, as most probably they are, they should be taught by birch or rattan that they had better abandon it. There is a kind of virtue in that sort of moral sussion that is highly refreshing to the memory.

CHANGES AT THE PENNSYLVANIA RAILROAD OFFICE, -Several official changes have been made at the Pennsylvania railroad office, including an addition to the Vice President's list, as follows: Colonel T. A. Scott, H. J. Lombnert, Edmund Smith was formerly Secretary of the company. To fill the vacancy in the Secretaryship, Mr. Joseph Lesly has been appointed. Major Firth is still Treasurer, and W. J. Howard and Theodore Cayler, respectively, General Solicitor and General Counsel. J. Edgar Thompsom still sits in the Presidential chair.

CONDUCTOR ZIEGLER -We published an article a few days ago in reference to Conductor Ziegler holding a passenger's hat for fare. The State Guard comes to the rescue-says it is malicious, a misstatement, &c. We cannot see the "malicious," neither is there any misstatement. We were an eye witness to the occurrence, but do not know "whose hat suffered on the occasion." If we have trend on the toes of your friend it is no concern of ours, but it is all right that you should take his part-he needs it. What we stated are facts-the State Guard to the contrary notwithstanding; Let us have peace.

RAILROAD CHANGES .- Mr. Vincent Haughey, for a long time connected with the Lancaster train, has been appointed conductor of the Parkesburg train, in place of John Essick, who, takes the place of Joseph L. Suydam, at Contesville; Mr. Suydam having been appointed Superintendent of the Wilmington and Reading Railroad. We are sorry to lose Vincent from the Lancaster train, but at the same time we are pleased to learn of his promotion, as he is well worthy of the position. The patrons of the Pennsylvania Central Railroad, between Parkesburg and Philadelphia will have nothing to fear from Mr. H., as they will always find him gentlemanly and courteous. He has too the assistance of Mr. Frank Barr, of this place, who is as polite and attentive as he is hand-

TOE SMASHED .- Harry Shultz, a member of the Vigilant Steam Fire Engine Company, of this place, had a toe smashed whilst unloading the engine at Harrisburg, on Wednesday. It was a very painful wound, but he is now getting along finely.

COMPLETED. - J. Rumple has completed his new mansion, corner of Second and Walnut streets, and removed thereto. The building is a substantial one, with side yard, which is now being beautified. The lot has remained unoccupied for many years, and now that it has been built upon makes a striking improvement to that portion of town.

DECORATING THE GRAVES .- The honorably discharged soldiers of the Union army, together with the patriotic citizens of Wrightsville, will decorate the graves of their fallen comrades on Saturday evening next. The different graveyards of the borough will be visited, addresses delivered by the clergy, and all business will be suspended. The procession will move at five o'clock, precisely, headed by a band of music.

INDIAN HATCHET .- In ye olden times his locality was made famous as the huntng and fishing grounds of the Indians. To prove this fact various Indian relics are, rom time to time, found in this vicinity. A few days ago Valentine Gerdler, who is forman of a gang of workmen now employed in excavating for the crection of the new freight depot, found one of the most perfect Indian hatchets we have ever seen. It may be seen at this office. Look out, Valentine, there is supposed to be more valuable relics than Indian hatchets on the classic grounds of the old Bellevue.

In reply to the Williamsport Standard we would say that the Hower who swindled that paper out of a pritging bill, is a resident of Harrisburg, where he has lived several years and has a family there. We are told he has never resided in Marietta. He may be a son of Dr. Hower, but one thing we do know, that Dr. Hower and family residing in Marietta, are highly respectable people, just, fair and conscientious in all their dealings. Even if the Dr. has one son that should do wrong it is a pity that censure should be cast upon the family in consequence.

THE PARADE AT HARRISBURG -The firemen's parade which came off at Harris-burg, on Wodnesday, was a perfect success. There were about thirteen steam engines, several hose and hook and ladder companies in line, making a splendid appearance. They did not go over the whole route as prescribed on account of the excessive heat, and dust. Two companies of this place each turned out about sixty members, and their fine apparatus and the good conduct of the men elicted great praise. The parade was witnessed by an immensely large crowd of people.

SUPREME COURT .- The following judgnents have been entered by the Supreme Court at Harrisburg:

Shirk's appeal-Lancaster county. ree affirmed at cost of appellants. Baer vs. Harnish-Lancaster county. udgment aflirmed.

Beckham vs. Smith-Lancaster county. THE FIREMEN .- The Columbia boys

are a lucky set of fellows, and they are in-deed deserving of all the gifts bestowed upon them. They have just attached to their steamer a handsome and splendid that 200 feet of leather hose and the necessounding gong, which was presented to hem by the Resolution Engine and Hose not only an ornament to the apparatus, but useful in running to fires, by giving warning to pedestrians, &c. The gift cost upwards of forty-five dollars.

They are also the recipients of five beautifully finished water gauges, valued each at \$12, and two caps for the suction hose mounted upon the engine; the former a gift from Mr. Charles Gordon, of Philadelphia, formerly of Columbia, and the latter from Messrs. Decker and Meiskey, of this place.

Lastly, the generous " Resolution boys" present their fellow-firemen of the Columbia steamer with a white full-blooded Frence poodle pup, with part black ears, and body shaved in a manner that makes the little dog quite attractive.

NATIONAL MEMORIAL DAY .- Post No. 118, Grand Army of the Republic, together with the other charitable and beneficial organizations of the Borough, will observe Sunday, the 30th inst., at 21 o'clock P. M., by strewing flowers on the graves of departed comrades, and by other ceremonies befitting the solemnity of the occasion. Patriotic men and women are cordially invited to lend their aid in the effort to keep green the memory of those who died that the nation might live. And it is confidently hoped that the ladies of Columbia and vicinity will donate to the Post such flowers as they can spare to be used in decorat-

ing the graves of deceased soldiers. Those willing to furnish flowers for the occasion will be kind enough to leave them at the store of Mullen & Bro., in Odd Fellows' Hull, on Locust street, on the evening of the 29th, before 9 o'clock. Those desiring their flowers to be placed upon particular graves, will please have them so marked. Relatives and friends will confer a favor by making known the locality of graves to either of the undersigned: Alex. Craig, Harry Mullen, A. R. Breneman, Joseph F. Cottrell, Jus. L. Pinkerton.

----RARE MUSICAL TREAT .-- On last Satarday evening, that very estimable lady, Mrs. Robert Hamilton, gave a musical soirce to a few friends, among whom we had the great pleasure of being included. The unbounded generosity of this lady to those she holds in esteem is well known, and when we say the company was most sumptuously entertained, "substantially as well as musically, those who have ever visited her will know our words scarcely do justice.

As a pianist Mrs. II. is without a rival in our town. Her touch is delicate yet firm and clear-her execution is faultless, attacking and mastering with apparent ease assages of the most intricate difficulty. She also composes, and has published

several excellent pieces. Her handsome daughter, Miss Callie, iscarcely inferior to her mother as a performer; indeed, it will require but a few years till she will quite excel her. "Whispering Winds," one of Wallenhaunt's most difficult compositions, is played by Miss Callie to a charm. Last, but not least on our list of acknowl-

dgements, we mention that very perfect lady, Mrs. Mary Gamber. She is endowed with a most generous fund of vivacity, and any one in her presence is sure to be most charmingly entertained. She, also, is a planist of fine abilities, her touch, in particular, is superb. Her reper-toire consists mainly of many beautiful

Orator-A. O. Newpher. Essayist-A. R. Breneman. The Great New York Fire in 1835.

—We clip from the columns of the Philadelphia Underwriter, an interesting ineident in the earlier experience of the Etha Insurance Company, of Hartford, Conn., showing the value, as well as the reward which attaches to a faithful fulfillment of obligations, at a time when nerve was requisite, and individual sacrifive probable. After the great fire in 1835, the "Etna," of Hartford, now the largest, strongest, and most successful Fire Insurance Company in America, received notice of their losses, and the President called a meeting of the Board of Directors, and in a few words told them they had lost, probably, all their capital. After a few moments' silence, in which the President brought from the fire-proof vault all the stocks and bonds representing their capital, and placed them before them. when one of the Board asked what he should do, "Do!" said the President, "Go to New York and pay the losses, if it takes every dollar there," pointing to the package, "and my own fortune besides."

The anxious looks gave way to those of settled determination, and the Board unanimously said: "Good! and we will stand by you with all our individual capital."

The President went to New York, adjusted the losses, and in a years' time the company, so bold to act and ready to fulfill all its obligations, had their capital more than returned by promiums, and a better reputation than any other company in the United States. The "Heated Term" is Coming.—
The summer months will very soon be fairly ushered in with their sultry weather and long train of diseases. It is the season when nature can do little in recuperating our exhausted strength, and when we are required to fortify our physique against the dangers arising from the universal prevalency of sickness. The only true safeguard is that sure and reliable lonic and invigorator Mishler's Herb Bitters, which is indorsed and recommended by the medical faculty and by unnumbered thousands of persons in every city, town and village in the country, who have tasted its remedial virtues, and by its aid preserved or recovered their health. It will purify the Blood and Secretions; cure every form of Indigestion, and afford immediate relief in cases of Dycentery, Cholic, Cholera, Cholera Morbus, and kindred diseases. CHOKED TO DEATH.—On Friday night last, a young shild of John, Glenn, of West Chester, about four months old, choked to death by getting a rubber nipple from a milk bottle down its throat. It was taking milk from the bottle, and as soon as the rubber came off, Mr. Gleen observed it, and attempted to get it out, but the more he tried to remove it, the farther down it went; he then hurried off for a physician, but before assistance arrived, the little thing was a corpse.—Record.

WE call the Special Attention of our readers to the advertisement of Messrs. Coulter, Jones & Co., of Philadelphia, which we publish in another column. Few things contribute more to the comfort of a household or the ornamentation of a house, church, hall, &c., than good lights, and beautiful lamps and chandeliers. Their "Meridian Barner," of which Mr. Coulter is the inventor, excels in safety, strength and brilliancy anything of the kind in the market.

EXTRACT FROM A LETTER FROM JERU-SALEM.—"We started early to ascend Mt. Olivet, to behold the sun gild the minarcis and towers of the devoted city, from the place where memory, stirred by a thousand associations, should exalt the mind as well as the eye to the inspiration of the scene. as the eye to the inspiration of the scene. Well is the voyager repaid for long travels, horrid roads, antediluvian cookery, squalid companionship and the importunities of begging, thieving Arabs. Well would it have repaid you, by I man of commerce and the crucible! and well might you have been reminded of your own saty, for here, painted upon a board mailed against one of the huge ancient olive trees, under which the sacred martrys toiled for the sins of the world, eightnen handred years ago, were these hamiliar figures, S. Mr. Entron:—I observe in your paper a notice of caution to all persons against trespassing apon a certain farm near Columbia, under penalty of prosecution. This is as it should be. Nothing is more annoying, or injurious to a farmer, than that his grounds should be a thoroughfare for idlers, gumners, &c. I commend the gentleman for his notice and hope he will stick to his word. But I have a word to say to him, and I do it in all kindness and sincerity of purpose; and that is, that inasmuch as he makes Locast street a trotting course, up and down which he travels as fast as his horses can go, without respect to day or time, or convenience of others, but most especially on Sundays when people are going to or returning from Church. I hereby notify him most carnestly, that the first time I can obtain proof of his again committing this offense, and every time thereafter, I will prosecute him and endeavor to teach him that such conduct is not becoming a good citizen. A Warning.

ing a good citizen. For Sheriff. Mr. Epitor:-I see you amounce the name of Amos Groff, of Martic township, as a candidate for Sherift. This strikes me as a good selection. I know Mr. Groff to be a main, firm in principle, honest, iaithful, and of good sound sense. He is opposed to the tricks and intrigues of bad men and corrupt polaticians. I hope the Republican voters in this section will give him a hearty support. I write this only in justice to a good man, as I know if elected, he will fill the office with eredit and impartiality.
