MISSIONARY CONCERT.—The large and flourishing Sabbath School of the M. E. Church will hold its monthly missionary concert, on the afternoon of Sunday, July 4th, at 2 o'clock. An address will be delivered by Missionary to India, besides exercises appropriate to the occasion.

WRONG.—We learn that Dr. Hower, of Marietta, a prominent candidate for Assembly, has been accused of writing the communication in last week's SPY entitled, "High and Low Moral Pressure Principle." This is wrong, Dr. Hower did not write it, although the initials seemed to indicate this fact.

SUNDAY SCHOOL EXCURSION.—The first Sunday school excursion of the season from this region was had by the Methodist Episcopal Church, to Litiz, on Tuesday. The weather was splendid, and between four and five hundred participated—teachers, parents, and scholars. They all enjoyed themselves to their hearts content.

NEW CATHOLIC SCHOOL BUILDING.—The German Catholic Church, of this place, Rev. Father Wm. Pieper, pastor, is now constructing a school house in the rear of the Church, on Cherry street, to be under the care of Sisters of Charity. The building was commenced on the 15th of June, and is rapidly nearing completion.

THE PARADE AT LITIZ.—The American Mechanics' Parade at Litiz, on Monday, July 5th, promises to be a grand affair. Twenty Councils have already notified the committee of arrangements of their intention to participate. Riverside Council, No. 160, and Shawnee Council, (Junior) of this place, will participate.

O. U. A. M.—The following officers of Riverside Council, No. 160, O. of U. A. M., were elected June 24th, 1869: Councilor, A. A. Harper; Vice Councilor, F. Williams; Recording Secretary, G. T. Fobes; Assistant Recording Secretary, Newton Jackson; Financial Secretary, A. R. Tomlinson; Treasurer, Wm. S. Parker; Inductor, Jefferson Hogentogler; Examiner, James Knipe; Inside Protector, Eli Johnstin; Outside Protector, Wm. Young, Trustee, L. M. Williams; Representative State Council, L. M. Williams.

UNCLAIMED LETTERS.—List of letters remaining unclaimed in the Columbia Post Office, up to this date. Persons calling for these letter will please mention that they are advertised in the SPY:

Ladies' List.—Julia Taylor, Fannie Thomas, Idah Hill, Emeline E. Lowery, May Snyder, Magey Shery, Leonora Helwig, Mary Davis, Kate Snyder, Handsomest Girl in Columbia.

Gentlemen's List.—A. J. Walker & Co. (3), Edward Shneffer, Joseph Schlegmech, Author P. O'Conner, Moses Penkney, S. H. Musser, Robert McKeen, James Luttings, E. P. Fisher, Aaron B. Deck, Rickard Biddle.

BAND OF HOPE.—A Temperance organization, composed of juveniles, and styled the "Band of Hope," was organized in Temperance Hall, South Second street, this place, on Saturday, June 26th. The following officers were installed for the ensuing term: President, S. C. Oberlein; Vice President, Thomas Jackson; Assistant Vice President, Jennie Knipe; Secretary, Linda Mellinger; Assistant Secretary, Robert Read; Treasurer, George Mason; I. G., Samuel Eberlein, Jr.; O. G., Peter Kimburg, Jr. The "Band" starts out with about forty-five members, and bids fair to increase and to do some good among the rising generation of both sexes.

FOR GETTYSBURG.—Maj. Gen. Meade and Staff, about fifty members of the City Council, Philadelphia, and others passed through this place on Wednesday afternoon, to attend the ceremonies of the monument dedication at Gettysburg on Thursday. A large crowd of persons assembled at the depot to witness the passage of the train. General Meade appeared at the rear platform of the car, when many of our citizens shook hands with the hero of Gettysburg, who seemed pleased with the respect shown him by the people of Columbia. The City Council were provided with two cars, one of which was converted into a splendid dining saloon, with all the comforts and luxuries of a first-class hotel, kitchen, pantry, waiters, etc., especially the *etcs.*

In expectation of meagre accommodations at Gettysburg, the dining car was wisely arranged and provided with provisions ample for the accommodation of the party during their stay in that place. They appeared to be jovial good fellows, and were enjoying themselves hugely. Friend Fox, (not the redoubtable Mayor) will accept our thanks for courtesies extended.

LEFT.—The *Jeffersonian* says Robt. E. Monaghan left West Chester, last week, to visit his onion and potato patch in Missouri.

REWARD OFFERED.—The Vigilant Fire Company offer a reward of one hundred dollars for the arrest and conviction of any person belonging to said Company, who may at any time be engaged in setting fire to any building.

IMPROVEMENT.—Mr. James A. Richards is about making extensive improvements to his house on Second street. The front will be extended, and it will have a handsome portico, bay window and other new improvements.

FIRE TROUBLES.—Considerable ado has been made in reference to a hearing which has been had, trying to find out the guilty party engaged in setting fire to buildings in this place. No developments as yet implicating any one.

TO STOP USING TOBACCO.—An exchange offers this as a receipt to cure the victim of tobacco or the appetite for it: "Put into a quantity of the chewing weed, a moderate infusion of No. 6 carpet tacks, and into that for smoking a modicum of giant powder and give in large quantities."

PICKPOCKETS.—Several of our citizens who boarded the excursion train from Gettysburg, on Thursday evening last, for the purpose of seeing Gen. Meade, were operated upon by pick-pockets. Among the persons the light-fingered gentry favored were Samuel Allison and C. Hollingsworth, of this place. The rogues were detected before any booty was obtained.

THE following letter to one of our market committee will explain itself:

OFFICE PENN'A R. R. CO.
Philad., June 29th, 1869.

S. S. DETWILER, Esq.,—*Dear Sir:*—Instructions have been given so that parties bringing marketing to Columbia from York county on Tuesdays, Thursdays and Saturdays between such hours in the morning as shall be designated by Mr. W. F. Lockard, shall on the first return of the present toll on the Wrightsville end receive a ticket entitling them to return free of charge from Columbia.

Hoping you will find this to meet with the views of your citizens, I remain

Yours Truly,
EDWARD SMITH,
Treas. Colu. Bridge Co.

HOME AGAIN.—G. C. Franciscus, Esq., General Agent of the Pennsylvania Central Railroad, who has been, with his family, sojourning in Europe since last Fall, arrived at New York yesterday. A committee of gentlemen connected with Mr. F.'s department, left with a special train for New York, yesterday morning, to escort him to his home in this city. We understand that Mr. F. is considerably improved in health, and will in a few days again resume the arduous duties of his responsible position.—Philadelphia *Sunday Mercury.*

Since the above was in type, we learn that Mr. Franciscus and family arrived in New York on Monday evening and in Philadelphia on Tuesday afternoon last. They left Queenstown in the Steamer Russia, on Sunday, the 20th inst. We are glad to learn that Mr. F. returns to his home and friends with renewed health and vigor.

PERSONAL.—Alex. Caldwell, Esq., formerly of this borough, but now the public's humble servant of Leavenworth, Kansas, arrived in town on Friday evening. He is President of the Kansas and Missouri Bridge Company. This and other great enterprises of that rapidly growing city is, in a great measure, due to the energy and perseverance of our friend Caldwell. It may be said that he is father of the Leavenworth, Atchinson and North Western Railroad; an enterprise which he, with others is still pushing forward—stretching its iron rail far away over the fertile plains of that beautiful State, to connect with the Union Pacific. Mr. C. has just returned from New York, where he succeeded in selling $250,000 worth of his bridge bonds, at ninety-five cents on the dollar. This may be called a great bargain on both sides, and certainly reflects credit on Mr. Caldwell, who is entrusted with this important part of the enterprise. It secures the erection of the bridge, and work will be commenced at once. The whole cost of the structure will reach $800,000 and but little over $100,000 of the money is yet to be raised.

Such an enterprising, liberal, and public spirited gentleman as Mr. Caldwell is, indeed, a valuable auxiliary to any town.

NEW ROLLING MILL.—Mr. B. Hatfield, of Coatesville, Pa., is desirous of putting up an extensive rolling mill somewhere in the interior of the State, and gives Columbia the preference. He was here a short time since looking for a site. He found ground that would suit his purpose, but was asked two or three prices for it, consequently he declined to buy. Just the way—there are persons who always have stood in the way, and operated against the advancement and progress of our town. Mr. H. has been offered both capital and hand to go elsewhere to build a mill, but he does not yet seem to give up Columbia. He will be here again, perhaps this week, and we hope he will meet with more encouragement from our citizens. Come on, friend Ben; Columbia is one of the best points in the State for starting any kind of manufacturing establishments. Coal, iron ore, limestone, pig metal, &c., are here in great abundance, and the advantage of receiving and shipping freight is great. We want rolling-mills, cotton and woolen mills, paper mills, nail factories and more iron foundries. Plenty of room for all of these and as many more. We offer unsurpassed inducements to strangers seeking a business acquaintance with a live people. Columbia, geographically considered, is known for its delightful situation, general thrift and prosperity. The town has a population of 9000—is rapidly increasing and promises soon to be one of the first cities of the State. The "DAILY SPY" reaches the entire business public of this part of the State, and its columns will be found the safest means of calling attention to your business—its circulation being equal to that of any other Daily or Weekly in the interior of Pennsylvania, and is the only Daily published hereabouts.

GOOD HEALTH.—We have received a magazine entitled GOOD HEALTH, published by Alex. Moore, No. 21 Franklin street, Boston. Terms only $2 a year. It is about the best work of the kind we have yet met with; every article in it is good, and of interest to everybody. We make the following extract from its pages in reference to adulterated liquors:

LIQUOR AND HEALTH.—If there were no other reason than the *adulterated* liquors now in the market, the *health* of the nation demands their being prohibited from any promiscuous use as a *beverage*. The extent of this adulteration is truly alarming. Chemical analysis has shown this, in hundreds of cases. There can scarcely be a poison named in the whole *Materia Medica* that has not been detected, in high priced liquors kept for sale by those called the first class dealers and importers. It is presumed that they do not always know this fact. Government, both National and State, is greatly in fault as to this matter. Not a drop of them should be allowed to leave the Custom House (if imported) until examined and fully tested by a competent chemist, who should be sworn to perform his duty, and paid for his services, not by liquor dealers, but by the Government. What is Government for, if not the protection and welfare of the citizen? And shall the general health be jeopardized, as at present in this matter, and the community quietly submit to it? Never. Let Congress, instead of wasting their time in catching flies, attend to this matter which now threatens the life of the nation.

The New York papers are now making some ado about drinking *fusil oil* in their drams; they ought to remember that this *oil* is but one of the deadly poisons they are daily pouring down their throats. To be sure, every physician knows *this* is bad enough. He knows, also, that copperas, log-wood, arsenic, and every other poison that can give a *head*, and make these liquors *sparkle* and *taste*, is to be found in them. Let one thing be remembered, that every bottle you buy, *the more they pay for these liquors*, in order to get *them pure, the more*, on examination, they will be found to be adulterated.

When a man attempts to drink your *health* by such vile stuff, just change the name; use the right word for the bad thing, and call it your *death*. "May I drink your *death*, sir?"

THE Utica Zouaves arrived in Columbia from Gettysburg, yesterday morning, and took the 8.30 A. M. train for Philadelphia.

RELIGIOUS.—Religious services, appropriate to the day, will be held in M. E. Church, on next Sabbath, July 4th.

Service in the E. E. Lutheran Church on next Sabbath, July 4th, having special reference to the day. Text, Esther, 9, 28: "These days should be remembered and kept throughout every generation, every family, every province, and every city."

The Fourth of July will be commemorated in the United Brethren Church by two discourses. Morning subject: "God's dealings with America." Evening subject: "Protestantism the source and guardian of American Liberty." The morning discourse will be an exhibit of "American Greatness,"—while that of the evening will be an argument to show that all this greatness fountains in America's Protestantism, and that the enemy of Protestantism is the enemy of American Liberty. All are invited. "The times" are pregnant with "Danger in the dark."

KNIGHTS OF PYTHIAS.—The following officers were elected and installed by District Deputy Grand Chancellor, Kauffman, on Wednesday evening last, in Evergreen Lodge, No. 81, Knights of Pythias, of this place: James Shroeder, C.; James McGinnis, V. C.; J. J. Krodel, G.; Christ Myers, B.; A. R. Breneman, F. S.; S. A. Bockius, R. S.; G. H. Richards, I. S.; E. A. Becker, P.

Evergreen Lodge is in the most flourishing condition. About twenty persons applied, on Wednesday evening last, for Pythian honors.

LAY REPRESENTATION.—The vote taken on Monday evening last, in the M. E. Church, of this place, on the admission of Lay Representation into the General Conference, resulted as follows. Whole number of votes cast, 69:

For Lay Delegation	55
Against Lay Delegation	14

It is manifest that comparatively little interest in the question is felt either here or elsewhere. Only about one-third of the whole number of members voted. This is about the average in other places. The masses seem satisfied to have things as from the beginning.

DEMOCRATIC CONVENTION.—The Democracy of Lancaster county met in convention on Wednesday morning last, at Fulton Hall, Lancaster, and elected the following delegates to State Convention to assemble in Harrisburg, on the 14th inst., who were instructed to support Maj. Gen. W. S. Hancock for Governor: Dr. Henry Carpenter, of Lancaster; R. T. Tshudy, of Litiz; R. H. Brubaker, of Lancaster; B. J. McGrann, of Manheim twp.; Samuel M. Knox, of Leacock, and Charles Laverty. The convention was slimly attended and the usual stereotyped resolutions were passed, denouncing the Republican party generally.

THE WATER COMPANY.—The finishing touches to the new reservoirs on Fifth street, were completed yesterday, and the main pipe stretching from the dam in May's meadow is nearly all laid. It is thought that by the end of next week water will be let into both busins, but will not be used for town purposes until several weeks thereafter. This undertaking just about being completed was one of large dimensions, and there is not the least doubt but that the new arrangement will give us unsurpassed facilities for a plentiful supply of pure spring water at all seasons, for which the enterprising company will be entitled to the thanks of the public at large.

DR. HANNAH BOSLEY.—Columbia can boast of one female doctor, at least. Dr. Hannah Bosley is known by every man, woman and child in Columbia—is quite a character, and as to her beauty, symmetry of form, and her ability as a doctress, no one can gainsay. Her good nature, manner, style, diction, and esenlapian appearance seems to entitle her to admittance into the F. F. C. Her particular forte is extracting corns, the cure of bunions; and she also prescribes for any derangement of the human system—medicines prepared by herself. Her practice extends far and wide. She is often sent for to go to Baltimore, Harrisburg, or Philadelphia, and has patients in New York and Boston, where she often visits. She has certificates from many of the dignitaries in the United States, including those at the National Capitol. She has just received one from General Middleton, which we append:

U. S. CAPITOL EXTENSION,
Washington D. C., June 21, 1869.

This is to certify that I have undergone the operation of Corn Extraction by Doctress Hannah Bosley. She extracted the corn in two minutes without pain, from which I have been suffering for years. RICHARD MIDDLETON,
Capitol Extension.

THE MONUMENT DEDICATION AT GETTYSBURG.—Thursday was a gala day at Gettysburg. The monument erected to the memory of our fallen, was dedicated in presence of thousands of our fellow citizens both civil and military. The crowd of people that witnessed the affair was immense. Rev. Henry Ward Beecher opened the exercises with prayer and a short address. Senator Morton delivered the oration, Bayard Taylor recited an ode, and General Meade unveiled the statue. Everything passed off pleasantly.

The monument is sixty-five feet high, though not quite completed in all its arrangements. It consists of a massive pedestal twenty-five feet square at the base, crowned with a colossal statue representing the Genius of Liberty. Standing upon a three-quarters globe she holds in her right hand the victor's wreath of laurel, while with her left hand she clasps the sheathed sword through whose uncovered power the victory was won.

Projecting from the angles of the pedestal are four buttresses supporting an equal number of allegorical statues, representing respectively War, History, Peace and Plenty.

War is personified by a statue of the American soldier, who, resting from the conflict, relates to History the story of the battle, which the monument is intended to commemorate.

History, in a listening attitude, records, with stylus and tablet, the achievements of the field, and the names of the honored dead.

Peace is symbolized by a statue of the American mechanic characterized by appropriate accessories.

Plenty is represented by a female figure, with a sheaf of wheat and fruits of the earth, typifying peace and abundance as the soldier's crowning triumph.

The panels of the main die between the statues are to have inscribed upon them such inscriptions as may hereafter be determined upon. The main die of the pedestal is octagonal in form and panelled upon each face. The cornice and plinth above are also octagonal, and are heavily moulded. Upon this plinth rests an octagonal moulded base, bearing upon its face, in high relief the national arms. The upper die and cap are circular in form, the die being encircled by stars equal in number with the States whose sons contributed their lives as the price of the victory at Gettysburg.

PAY UP.—Persons who have received bills from this office will greatly oblige by sending the amount at once. Reader, if you owe us anything, send it while you think of it. The amount may seem small to you, but in the aggregate it amounts to thousands to us. Therefore do not neglect it. A word to the wise, &c.

IMPORTANT IF TRUE:—In the local department of the Harrisburg *Telegraph* recently we find the following: "It is positively asserted that the Pennsylvania Railroad Company has obtained the control of the majority of the stock of the Philadelphia and Reading railroad, and that the road will be leased by the Pennsylvania Railroad Company, in order to give them a through line to New York and direct communication with the great Pacific railroad."

GOOD BEER.—Mr. Jacob F. Wisler, No. 217 Union street, is engaged in brewing the good old fashioned beer. It is an excellent beverage, warranted free from all deleterious substances—is much better than lager or ale, and for the invalid it is better than porter or any similar drink. We know whereof we speak and can fully recommend "Wisler" to our friends everywhere. Families or the trade supplied on reasonable terms.

DELAWARE LIFE INSURANCE COMPANY.—This company is making rapid progress, and is, perhaps, issuing more policies in this county than any other company. It has at its head prompt and reliable men—men of wealth and means who will go, if need be, their entire dollar to make the company one of the most successful in the universe. W. H. C. Bassett is the Agent for the "Delaware Mutual" in this locality. Geo. H. Hick, General Agent, No. 21, South 5th street, Philadelphia.

TRANSFORMATION.—The "Transformation Scene" in "Black Crook" of which we used to hear so much must have been a wonderful thing but we doubt if it was anything more wonderful than some of the "transformations" made every day at Oak Hall. Many a man goes in there looking so rough and threadbare that one would never suspect the smooth and generous heart he covers with his "old clothes," and he comes out in a few minutes looking so "spruce" and gentle manly that ten to one, you would take him for one of the proprietors.

The only part not much "transformed" is the pocket"—that still finds in his new breeches "almost as much money" as he had in the old ones, and counting in the breeches themselves, by George, he has more money.

WHAT THE PRESS SAYS.—The Reading (Pa.) *Dispatch* says: "The well-known superiority of Mishler's Herb Bitters will spare us the necessity of saying anything at length in favor of this magical Tonic and Stimulant. Wherever this Bitters is best known it meets with an astonishing sale. This is the case in our section of the country. There are cases in this city where the most radical cures have been effected in chronic diseases—cures which the best physicians could not effect, and we know of scores of families (our own among the number), who would not be without a plentiful supply of this Great Household Remedy for any consideration: Let every family in the land keep it on hand." Sold by all respectable druggists. Price one dollar per bottle.

THRIFTY farmers are proverbially careful about their investments. They know nothing about money that "comes easy," and say they do not propose to have it "go easy." Every dollar they have, represents so much good sturdy toil, and is too hard earned to be carelessly thrown away. At the same time, they should be careful not to let their cautiousness cheat them out of advantages of a really good investment, through the want of a little investigation. Every farmer, for instance, ought to have a policy of life insurance; it costs comparatively little, pays as good per centage as any *sure* investment, and leaves a man as independent to die as soon as he pleases, without endangering the future prospects of his family. Send to the agent of "The American" for the Company's documents, and look this matter up.

A MEDAL AWARDED.—At the last meeting of the Teachers' County Institute held in this city, Prof. J. V. Montgomery, of the State Normal School, Millersville, offered a silver medal to any pupil in the public schools who could show the greatest improvement in penmanship from that time until the end of four months. The specimens have been sent in and examined and the award made to Master Hiram Musser, of the Franklin School, East Donegal twp., his specimens showing the greatest progress in the art. The Franklin School is under the charge of Mr. J. M. Gable, who is regarded as one of the most successful teachers in the county. Prof. Montgomery, who is himself a most accomplished penman, has done a kind act in stimulating rivalry in the art by offering so desirable a prize to the youth of the county.—*Express.*

"WHERE is Drake S. T. 1860 X?" We have heard this question asked many times, and for all we know for a year past he may be dead. Recently, in New York, we called at his Laboratory in Liberty St., and there found this gentleman barricaded behind a tremendous pile of boxes, distributing funds to a Sunday School Committee. Our business was to secure an advertisement. He said: "What's the use of me and you advertising the Plantation Bitters? They sell better now than when I advertised at such enormous expense, and now I have not made a contract for a year. I have all this amount to give to the poor. To satisfy the press, I do this always to keep my friends, I think I will give you a little something to do again, for I have improved the Bitters greatly, and it may be well to have you let the people know it." And so he ran on in a happy, cordial, appreciative manner, showing us the wonders of his laboratory and the cords of artificates. Everything is on a magnificent scale, and is done with neatness and promptness. While there we saw at least forty orders come in for these celebrated Bitters. Cases were being shipped to the four corners of the world. Drake is not dead, nor his Bitters either.

County Affairs.

Col. A. S. Feather, of Ephrata, was thrown out of a buggy last week, and considerably bruised.

Building is brisk in Ephrata. The P. & C. R. R. is building up all the towns along its line.

John A. Shieves had one of his arms broken by falling from a building at the Lancaster Park Association grounds.

Jacob Rohrer, horse farrier, had one of his shoulders fractured a few days ago, in a fall from a wagon, near Litiz.

Casper Wentzel, Janitor of Fulton Hall, Lancaster, had several of his ribs fractured Tuesday, by falling down a stairs at Fulton Hall.

The store of Andrew K. Witmer, of Paradise, was entered on Tuesday night of last week and robbed of a small sum of money and some goods.

The Managers of the Lancaster and Ephrata Turnpike Company have declared a semi-annual dividend of one dollar per share, which is equal to six per cent. on the par value of the stock.

Samuel A. Baer, a member of the class of '69, Franklin and Marshall College, has been appointed Professor of Ancient Languages and History, in the Keystone State Normal School, at Kutztown, Pa.

Miss Annie Keller, daughter of Mrs. David Keller of Ephrata township, died of congestion of the brain on Friday, last week, the effects of a fall of about thirty feet off a cherry tree, on Tuesday, of same week. She was then insensible nearly until death.

Thomas Neidigh, a boy about thirteen years of age, son of Mrs. Neidigh, residing at Washington borough, this county, fell from a horse on Sunday and was so severely injured that he died in two hours after the accident occurred.

At the University Day of the Lehigh University at Bethlehem, Pa., held on Thursday, last week Miles Rock, of Lancaster, who was in the graduating class, chose for the subject of his address, Forest Trees. A correspondent of the Philadelphia *Evening Bulletin* says that Mr. R. "intelligently classified the various specimens and their uses, and closed with an enumeration, in accurate figures, of the trees that make up the University Park on the slope of the Lehigh Mountain."

On Tuesday morning last, John Schelereth George Kleiss and George Wolfe, were engaged at removing the in-wall at the Conestoga Furnace, near Lancaster, which was "blowed out" about two weeks ago. Inside of the stack, which is about thirty-eight feet high, a scaffold about thirty feet in height had been erected. On the top of this, these three men were at work in taking out the bricks of the lining of the stack, when a portion of the lining immediately above the point where they were standing gave way, and falling upon the flooring of the scaffolding, carried it and the men to the bottom, a distance of at least thirty feet. Schelereth, who was partially covered with the debris which descended with him, died in a short time after the fall. Kleiss was bruised externally and internally, but it is not yet known whether his injuries are of a serious character. Wolfe, though bruised and cut somewhat, shows very little signs of injury, and was able to walk off immediately after landing at the bottom of the stack.

Incendiarism.

MR. EDITOR:—Your suggestions respecting incendiaries meet my approbation, and I sincerely hope, that a strong effort will be made to discover the guilty and punish them. It is a little too much for the citizens of Columbia to patiently tolerate in their midst those who from a fiendish motive delight in destroying their houses and barns. Some may think it fine fun to see another's house in full blaze. Some may light the torch in revenge upon an offending neighbor. Some may be induced by other feelings, but no matter what, it is fiendish in the extreme, for any one to fire anothers property. The penalty for such an offence should be hanging, instead of fine and imprisonment. Let every good citizen make up his mind to be a detective, and keep a strict watch upon the movements of all suspicious persons and night prowlers, and let the firemen themselves who should be as glad to detect an incendiary as he whose property is destroyed, join in. Our magistrates and civil officers are disposed to do their duty and have been acting properly within their sphere to ascertain who created the last fire, but so far unsuccessfully. I hope they will continue their efforts, and that every one instead of finding fault, will encourage them to persevere. By proper perseverance the guilty must be discovered. A FREEMAN.

Announcements.

We, the undersigned Republicans of the Borough of Columbia, take pleasure in offering Mr. Peter Fraley as a candidate for the Assembly. From a long knowledge of the character and qualifications of Mr. Fraley, we feel confident he would make a faithful and efficient Representative. We, therefore, urge our fellow-citizens of the county to give him their suffrages at the ensuing primary election:

John Q. Denney,	Milton Wike,
