Eveny Republican throughout the county should send us all the items of interest occurring in his particular neighborhood. With the assistance from our friends. we can build up a paper that will be taken in every household, and our sphere of usefulness will be enlarged. We ask this from the young men. To their exertions the people look for the power which will revolu-tionize the county politically; and as they are the ones to be be nefited more materially than any others, we ask them to lend us a hand.

FIREMEN'S PIC-NIC .--- The pic-nic of the Columbia steam fire engine company which came off in Heise's woods, on Saturday last, was a very pleasant affair, and a decided success. The only thing occurring which really marred the pleasure of any one was a disgraceful fight arising out of a dispute in relation to the admittance of a certain female upon the platform, which was engaged in by rowdies - Lawrence Hatch and Joseph Hogentogler, of this place, in which the former resorted to a knife, stabbing his opponent in a shocking manner. An occasional shower of rain greeted the excursionits, which only had the effect of cooling the atmosphere. The Columbia Silver Cornet Band discoursed music for the occasion. The Union Fire Company, No. 3, of York, thirty members, were present, accompanied by the Spring Gurden Band, fifteen pieces, Captain Fry, leader. The Company wore green

shirts, fatigue caps, and black pantaloons. They paraded our principal streets before their departure for home, making a very

It is the season when nature can do little in recuperating our exhausted strength, and when we are required to for-tify our physique against the dangers aris-ing from the universal prevalency of sick-ness. The only true safeguard is that pure and reliable tonic and invigorator Mishler's Herb Bitters, which is indorsed and recom-mended by the medical faculty and by un-numbered thousands of persons in every city, town and villago in the country, who have tested its remedian virtues, and by its aid preserved or recovered their health. It will purify the Blood and Secretions; cure every form of Indigestion, and afford im-mediate relief in cases of Dysentery, Cholie, Cholera, Cholera Morbus, and kindred di-disenses. This is a more remote result; the imme-diate effect is to give a good investment to men of means, and a contented and quiet mind to poorer men who are constantly harrassed with the question, "what would become of my family, if I should die?" The agency of the insurance company in which it pays best to be interested, is at the office of Dr. F. Hinkle; it is "The Ameri-can Life Insurance Company of Philadel-phia."

And Asa, from those which are called Quakers, in the great city of Philadelphia, wrote an epistle saying: O, Doctor ! accept thou this money, which is called green-backs, and hath the picture of Abrahaun, thy friend, on one end. For verily I was weak, exhausted and despondent; I ate but little, and suffered many pains, and thy Plantation Bitters gave me health, likened only unto the vigor of youth. ASSEMBLY.

We, the undersigned Republicans of the Bor-ough of Columbia, take pleasure in offering Mr. Peter Fraley as a candidate for the Assembly. From a long knowledge of the character and qualifications of Mr. Fraley, we feel confident ho would make a faithful and efficient Repre-sentative. We, therefore, urge our fellow-effi-zens of the county to give him their suffrages at the ensuing primary election:

MALICIOUS CONDUCT.—We have been requested to call attention to the fact that boys congregate at Middletown, Marietta and Columbia, along the line of the Penn-sylvania railroad, and hurl missiles at passing trains. They have been pursuing this course for some time, and only recent-ly a man was struck with a stone by one of them for whose recovery doubts are enter-tained. This practice should, be mer-with not only prompt condemnation but swift repression. The safety of passengers, as well as the attaches of the train, demands it. The orderly citizens of, the towns where these outrages are perpetrated could do no better work than institute investigation and apprehend the guilty parties. If per-mitted to continue in this practice these young desperadoes will steadily advance in crime until they wind up in some peniten-tiary.—*Patriot*, Harrisburg. LINDEN HALL EXHIBITION AND MU-SICAL ENTERTAINMENT. - The pupils of Linden Hall Female Seminary, at Litiz. gave a very interesting exhibition of their handiwork and musical abilities, on Thursday afternoon and evening of last week. In the chapel were a number of long tables filled with needle work of various kinds, proving conclusively that the hands as well as the head had been well trained. The useful as well as ornamental had a place. A shirt was there, and it was impossible to refrain from thinking that forfunate he would be who won her who made it. The numerous specimens of wax work showed excellent taste and skill. The evening exercises were held in the church adjoining the school building. They consisted of vocal and instrumental music, composition reading, and English, German and French recitations. The young ladies performed their parts very well. The choruses by the small pupils were exceedingly well rendered ; these erforts showing the results of careful training. Among the instrumental performers

Misses Julia McConkey and Kate Hantz, of Wrightsville. This institution is evidently in a prosper ous condition at this the end of its seventyfifth year, having been founded in 1794. It It was enlarged in 1845, and incorpo ated in 1863. During that time it has had twelve Principals. The present one, Rev. Eugene A. Frueauff, seems to have given the greatest satisfaction, having served almost nineteen years-seventeen of them were continuous.

THE ninety-third anniversary of "Independence day" was generally observed by our citizens on Monday. Nothing esnecially worthy of notice occurred, except a parade by a few " funny" fellows mounted on horses, and fantastically dressed, who attracted little attention save from a multitude of urchins who followed. The day was a very pleasant one. The banks and all prominent places of business were closed. Riverside Council, No. 160, and Shawnee Council, No., 34, O. U. A. M., of this place, together with Waterford Council. of Mari etta, accompanied by the Wrightsville Band, visited Litiz, and participated in the parade of that order which took place during the day in that borough. There were eighteen Councils in line from different parts of the county, and the display was very fine. Litiz was perfectly jammed and it is said the crowd was never larger on any previous occasion. It is estimated that about ten thousand people were present, nearly all of whom were conveyed over the Reading & Columbia railroad. Every train both ways during the day was filled with passengers, requiring a number of extra conductors rukemen, &c. Not an accident occurred during the transportation of this immense crowd, which speaks volumes for the road. Addresses were made at the Springs by Maj. J. F. Freauff, E. H. Rauch and Col. W. L. Bear.

Early in the evening the beautiful Springs at Litiz were cleaerd of all excursionists, to to prepare for the illumination and display of fire works, to which an admittance of twenty cents was charged. The gates were again soon thrown open when those having tickets were allowed admission. The enclosure was soon filled up by a multitude of spectators. The illumination and display of fireworks was magnificent. and far excell. ed all previous displays. Two companies of the Lancaster Fencibles were encamped near the Springs, and attracted considerable attention whilst drilling, &c. Everything passed off splendidly, and those of our citizens who were present express themselves highly pleased with their trip.

it contains curious and extraordinary information of the principal Southern characters in the late rebellion, in connection with President Davis, and in relation to the various intrigues of his administration. It is written by Edward A. Pollard, author of the "Lost Cause," and published by the National Publishing Company, of Philadelphia. It is one of the handsomest volumes ever issued by them. It will not be sold at the book stores, but is sold by subscription only. Agent wanted in every county in the State. Address, National Publishing Company, 26 South Seventh street, Philadelphia.

OUR STREETS AND ALLEYS.—Our streets and alleys in many parts of the town need repairing and cleaning. Walnut street is very rough and uneven, and several other streets need the attention of the authorities. The alley between Locust and Walnut needs repairing in many places. Above all others this alley should be kept in perfect order, so long as our butchers are permitted to slaughter their cuttle in town, and let the blood and filth into the streets and alleys to fester and pollute the atmosphere with a dangerous malaria. Only a few days ago this alley presented a scene most disgusting and sickening, being alive with maggots. Millions of them could be seen by every passer-by-even out along Second street in front of private residences,

their forms could be seen squirming, struggling for existence, to the great disgust of the inhabitants. Will our authorities suffer such a state of things to exist? We think not. We have long ago advocated in these columns that the slaughter houses be removed outside the borough limits. So long as our butchers are permitted to kill their stock in town, just so long will we have

stinking alleys and a malarious atmosphere -especially in the vicinity of slaughter RAILROAD CAR SCENE .- The following incident occurred on one of the trains of he Reading & Columbia Railroad, on Monday, 5th of July last: " I say conductor, do you know who that good-looking lady is there with a book ?'' Yes, I've seen her a few times." " By Jove ! she's splendid." "Yes, I think she is." "Where does she live ?" "In Reading, I believe." "I'd like to occupy that seat with her." 'Why don't you ask her?" "I did not know but it would be out of

order." "It would not be if she was willing to have you occupy it. Of course, you claim to be a gentleman."

"Oh! certainly. If you are acquainted with her, give me an introduction ; that is, if you have no objections." "Certainly not."

"How far is she going, do you know ?'. " Columbia, I believe." Fixing his hair, moustache and whiskers

in becoming style, he followed the conductor, who, on reaching the sent where the lady sat, said, with a peculiar twinkle in the eye:

"My wife, M. - -, of Lancaster, who assures me he will die before reaching the Junction if he does not form your acquaintince."

The gentleman stammered, stuttered, grew red in the face, faitered out some excuse, and returned to his seat, leaving the lady in company with her husband to enjoy the joke. While they were talking, the man eft his seat, came up, and said : "All right, Mr. Conductor, I owo you

one. If you will give me your address I will seed you a basket of champague, if you will, not say anything about this; and if you want anything to drink before the cham-pagne comes, we will stop at the first sta-tion.

We have heard no complaints of boys stoning cars in Columbia. If it is so, they deserve the severest punishment, and we hope our police will keep their eyes peeled

for the "desperadoes." Mut. EDITOR.—I cannot but admire the traly christian patience of the good people of Columbia. For many years, the growth and prosperity of the Borough seemed im-peratively to demand the opening of several streets. Efforts were made in Coart and Legislative Hall without success. A new charter was obtained with increased powers to open and extend streets, lances and alleys, wherever and whenever necessary, yet

Legislative that what with increase powers to open and extend streets, lances and alleys, wherever and whenever necessary, yet strange to say, no public effort has been made by Council, who appear to have clear-ly subsided and simmered down, as if it were really wrong to move. By casting your eye over the new map artistically made by our accomplished engineer and regulator, who when cased in leather to the fulcran, looks the ideal of the Spanish Caballero, you cannot fail to notice, that a revolutionary kitchen filed with sacred memories looks frowningly upon the end of Cherry street and bids definee to its further progress towards the river, a hal-lowed pile of grey-beard stone and mortar abruptly blocks up Second street with a menace of instant death to all who dare think of its removal, a venerable edifice of frosted brick winningly asserts a right to project its crusted walls half way across the line of Third street, and an unpretending frame of sombre hue steps out pertihently to interrupt free travel through the newly extended part of Fifth street. Thus, have we four important streets nextended to their proper limits and cut short of their just and fair proportions, while almost every citzen is anxious for their opening as necessary to the beauty, symmetry of plan and growth of the place. Yet nothing is done. Can you tell me the reason? Is it because somebody's grand-daddy once oc-cupied those venerable piles, and happened to live a little sconer in this world than those of the present day, or is it our unac-countable love for relics of antiquity that seem the more endeared to us the older and uglier they become. Your patient consid-eration of this matter, and a reply at your leisure will oblige a <u>Cruzex</u>. CITIZEN.
