KEEP SHADY .- The right side of the street about these times is the shady side. "Keep shady " is a good suggestion and applies to everybody, regardless of sex, religion or politics.

LEAKY .- The water which was let into the new reservoir has all leaked out. It found an outlet around some limestore rock in the bottom. It is thought that the reservoirs will have to be cemented before they will hold water.

BALLOON ASCENSION .- Prof. Light made a balloon ascension from Little York, on Saturday afternoon lust. The balloon was distinctly seen from this place. It was up a considerable distance. We learn the Professor alighted near Lancaster, during the evening.

A Good Cror .- M. M. Stickler, one of our best West Hempfield farmers, informs us that his crop, just harvested, is better than for twenty years past. His Oats crop turns out even better than ever before. His Corn' promises finely and potatoes gives evidence of an extraordinary yield. The same may be said of the whole county of Lancaster.

PRIZE FIGHT .- We learn that a prize fight came off on Sunday last on Blitz's wharf, between a hotel-keeper and an employee at Grubb Furnace, both Irishmen, Three rounds were fought, when the furnaceman was declared the victor. Both were pretty badly bruised. Such Sunday pastime does not speak very well for the morals of Columbia. Where were the

A much more serious objection is that two-thirds of them will not adhere to the letters. Taken altogether, we doubt if anything more dispicable than the new stamps was ever achieved.

CLOSING UP THE HIGHWAY.—Complaint has been made of the blockade on Union street, in the vicinity of the furnaces, that the street is so much filled up with limestone, that two vehicles can not pass at that point. Notice of this fact has been given to C. J. Nourse, who has charge of affairs in that lo cality, but it appears to make no difference. He is a member of Council. Is the Road Committee weak in the knees, o ufraid of offending his majesty? Mr. Nourse caused the fording to be shut at Shawnee run which it is said he has no right to do. This place has been open for years; yea long before Mr. Nourse was known. The people in the vicinity came there to get water, and an opportunity was offered for neighbors and travelers to water their horses at that place, now it must be shut up, unlawfully we believe. Complaint has been made to Council, but as vet no report has been made, why, no one seems to understand, Let our men in authority act promptly and keep our highways and by-ways open for public con-

COUNTY COMMITTEE .- The Republican County Committee met in the Orphans' Court room, on Monday, to consider certain matters laid over from the meeting a week ago. Before the Committee met it became apparent that the thug members intended to make an onslaught upon Mr. Billingfelt, the authorsof certain propositions to amend the rules to prevent fraud at the primary elections, with the hope that he might be crushed politically, and driven from the track as a candidate. That political broker, George Brubaker, opened the ball by making a savage, personal attack upon Mr. B., who, after waiting until George had relieved his stomach of the bile, replied, charging home upon the thugs, and exposed their ruscality. Having called the attention of the party to sugoded reforms in the manner of bolding our primary elections. Mr. Billiugfelt withdrew the rules submitted by him, and expressed the hope that some other and better plan might be submitted to the committee, which finally adopted certain interrogatories (similar to those already submitted to the Legislative candidates in Chester county), to be answered by certain candidates, and allowing watchers to be appointed in those districts where fraud is apprehended, and taxing the candidates. They then adjourned. Upon all sides we heard persons express

a determination to break up the combination which has set up a ticket, thus endeavoring to overslaugh the many good men who are candidates.

TWO MEN INJURED BY THE CAVING IN OF AN EMBANKMENT .- On Tuesday last as the workmen were engaged in excavating for the purpose of laving the pipes for the new water works, on Walnut street, a portion of the embankment gave way and nearly buried two men named Henry Dock and Albert Hougentogler. They were promptly dug out, when Mr. Hougentogler was found to be very much injured. He was taken to his home and the proper restoratives applied. They were undermining at the time, in order to get a portion of the old pipe out. Mr. C. Breneman had cautioned them of the danger.

"PLUTO." -- A correspondent writes us as follows: An individual with all the elements of a cowardly scoundrel, who signs him-self "Pluto," has been writing letters to various persons in town, all of which contain slanderous insinuations against the character of the recipients, which would subject the author to severe punishment if discovered. FOUND DEAD .- Michael Grier came to the bremises of Abraham Kauffman. near Silver Springs, in West Hempfield two., on Wednesday last, and took quarters in his barn. He took sick, and Dr. Berntheisel was sent for (by Mr. Kauffman) who prescribed for him. The deceased grew vorse. He was found dead on the barn floor on Sunday. An inquest was held on the body by Samuel Evans, Esq., and a verdict rendered in accordance with the above facts. The deceased lived a number of years in the neighborhood and drove ore eams for different parties. Lately he has led a wandering life. He became dissipated which together with exposure, evidently caused his death. He left no relatives or friends in this county, but it is believed there are some in York county.

FIFTEEN CENT NOTES .- The new fifteen cent notes are now being circulated. They are very pretty and a little larger than the ten-cent notes. On the left hand is a fine yignette of the Goddess of Liberty, something like the bronze tigure surrounding the Capital dome. This is encircled by a wreath, the vignette resting upon the symbolic facses. In the right-hand upper corner are the figures "15," legibly printed. The face bears the words; "Fractional currency; United States; fifteen cents; furnished only by the Assistant Treasurers and designated depositaries of the United In the lower margin are the words: "National Bank Note Company, New York." ARM CUT OFF.—Thursday afternoon. whilst a son of James McClellan, residing a short distance West of Parkesburg, was cutting oats with a reaper, the horses became frightened and ran off, throwing the boy upon the knives of the machine, hacking and severing his right arm at the shoulder in a fearful manner. SAD CASE OF DROWNING .- George H. alad about twelve years of age, son of George W. Haldeman, (merchant) of this place, was drowned at Chicones. Thursday afternoon. He had been in the water nearly an hour before found. Drs. Haldeman and Landis tried every means to resuscitate him, but without effect. The unfortunate lad visited Chicques for the purpose of fishing, and with others went to the Chicques creek, short distance from the residence of Dr. Haldeman, for that purpose. He shortly after went into swim—the little girls who accompanied leaving shortly before for dinner, and inquiry being made for George they said he had gone in to bathe. Search was immediately made and he was found drowned near the place designated by the girls. He was a fine little boy and the pet of a large circle of friends and relatives The affair is greatly regretted in the community. His remains were brought to Co lumbia same eyening.

AN OLD HERO .- While at Erie, thort time ago, we met with one of the characters of that place in the person of Benny Fleming, aged ninety-one years He was one of Cabt. Perry's men and distinguished himself at the battle of Lake Erie, on September 10, 1813. He has an exceedingly good memory and takes a great pride in relating all the incidents connected with the battle. Capt. Perry, it will be recollected, flogged the British badly on this occasion. Benny Fleming was present and lished. Now the number of lodges are 179; heard the following conversation, (which members in good standing, 32,824; capital Perry, of the Lawrence, and Capt. blace of a lot of boys, who annoy the neighbors by their noise and profanity, and drive away from the stores in that vicinity persons who would go there to purchase. On Wednesday last, they obstructed the pavement and persisted in remaining, after being notified to leave the premises of Mr. Bittner, who keeps a store on the Southeast corner of Fifth and Union streets. Finding no other way to drive them away, Mrs. Mary Bittner went to the second story window and threw some water upon the boys, whereupon Whitefield Brandt threw a club at her, which broke several panes of glass, and inflicted a slight wound upon her head. Whitefield Brandt, Jacob Lehman, William Myerick, John Payne, William Cope, Edward Donnelly, Andrew Donnelly, Charles Martin, Evan Williams, and Evan Hawkins, the boys known to be there at the time, were arrested for disorderly conduct and taken before Samual Evans, Esq., who directed them to pay the costs and give bail for their good behavior. They were admonished that a second offence would subject them to severe punishment. It is to be hoped that the parents of these boys will take care and prevent a repetition of the same, or they may have the mortification of hearing that their sons are in the lock-up, or in the jail.

INDIAN RELICS.-We were shown few days since some of the implements of war from several tribes of Indians, with whom we are now lighting, in our Western Territories. It is many years since we looked upon their like. These articles were procured as trophies from the various tribes by Daniel Sample, our fellow townsman, who has just returned from a three years service in the U. S. Army. These interesting relics consist of a Quiver of Buffalo skin used to carry arrows and bow. A bow composed of some tough wood on the outside, and on the inside lined with the sinews of some animal. The string being composed of sinews; also three arrows with iron darts, sharp as a knife taken from the Crow Indians; four arrows from the Sioux; two from the Arappahoes, and two from the Cheyennes. These arrow are very light and evidently dangerous weapons in the hands of the savages. They have peculiar marks upon them, to designate the tribes to which they belong. These evidences of a savage race who inhabit our western wilds, were presented to our more civilized Chiquesalunga Tribe of Indian in our borough, who intend to place them of course at liberty to bring them along and | in their wigwam, where it is hoped they will always remain, and not be used to destroy their fellows.

VILLAINOUS .- Our "devil" is guilty VILLAINOUS.—Our "devil" is guilty of the following: Why is a person who has a great deal to attend to like a young man about going to see his sweetheart? Because he has "pressing" business on land. We may say that our ladies and gentlemen always have pressing business on land when they are after Madame Foy's or the Princess corsetts, or those cheap boots, shoes and gatters at Anios R. STILL ADVERTISING!—What's the use of advertising a place so well known to the entire community as is the great Clothing House of Wanamaker & Brown? This is a question often asked and the editor of this paper, as it is a question which initimately concerns him, answers:

1st. There are still a few people who are not yet customers at Oak Hall, and Oak Hall is after them.

2d. Much as the people know of the "Largest Clothing House," there are improvements constantly being made and new features ever being introduced, with which they must be made acquainted.

REMINDERRO FRIEND—I thought it well to wait another week before writing, to see if I continued to improve, as I have been doing for some time under the treatment of the new medicine, and I am happy to tell you that I am getting better—even laster than when you were here. I commenced the use of DODD'S NEEVINE without anybody advising me to it. When I began with it I could only walk from my bed to the chair. My trouble has been extreme pain in the head, and has lasted over three years. All the medicine I have heretofore taken has bailed to give any rehef. I am now able to go up and down states, and daily improving. I consider the NEEVINE the best medicine I evertofind, and shall continue its use, for I am confident of entire recovery. I have taken only three bottles, and wend not be without it on any account. Very truly, Mrs. I. S. NUTE.
