Judge Packer's Residence. The impression has gone out through the papers of the State that Judge Packer's residence is in this county. This is a mistake. It is true that he has a splendid mansion here, that his family reside in it and that he regards it as his home, but in 1867 he took up his legal residence in the Sixth Ward, Philadelphia, by having himself assessed and his taxes paid there. He did this to avoid giving Carbon county the benefit of the revenue it was entitled to derive from the legal taxation on his vast estate. The County Commissioners and Borough Councils, however, succeeded by legal process in collecting the taxes for that year, which had been assessed here, but which he hoped to be able to transfer to Philadelphia. Since then Mr. Packer has lived here just as he has done for the last twenty-five years, but has utterly refused to contribute by his taxes to the support of our schools, our almshouse, our roads and our borough-dodging the question by a nominal residence in a distant city. This procedure, which perhaps his friends can reconcile with that " honor' of which we hear so much in connection with his private character, evinced a spirit of petty spite and a lack of local pride that the people of this county do not palliate or forgive. Mr. Packer still delights to be recognized as the head and front of the extensive interests of Carbon county and the Lehigh Valley. The foundation of his colossal fortune was laid on its soil and all his enterprises are here located. And yet by a legal subterfuge, a trick, he defrauds the county of taxes which rightfully belong

taxes to a county a hundred miles away. It may be urged that he has a right to so lect his residence wherever he may see fit. So he has, and if he pays taxes where he honestly resides we shall have no fault to find. But for him to retain his actual abode here and yet pretend to reside in Philadelphia, for the purpose we have stated, is simply insufferable, and we protest against his claiming to be "of Carbon County" so long as he refuses to pay his taxes within her limits .- Manch Chunk and the state of the state of the state of

THE editor of an Austrian newspaper, i is stated, has been fined "five florins" for calling the respectable Mr. Andrew Johnson "the most corrupt scoundrel, in America." Reckoning the value of the florin at thirty-five cents, this indulgence in libelous luxuries has cost our German cotemporary the enormous sum of \$1.75. This seems large, and if everybody in the world who was offended either by word or in thought, in the same way, should be similarly mulcted, the gross amount of the pecunicary penalties would probably be greater than that of all the money-gold, silver, copper, nickel, plantina, brass and paper-in the whole known world, including the cowry-shells used as currency on the coast of Africa. Still, in the Austrian case, we do not object to the severity of the damages, because they cannot be supposed to know Mr. Johnson there, as we, to our infinite joy and comfort, have known him.

From Ocean to Ocean in Six Days A palace car, full of passengers, that left San Francisco less than a week ago, arrived at New York on Saturday morning, thus traversing the whole continent in the short space of six days. Some of the Passengers who came in it embarked on Saturday afternoon for Europe, and may arrive in Liverpool in nine days more, thus traveling the whole distance from the shores of California to the shores of England in fifteen days. All this vast journey of nearly seven thousand miles will have been made without difficulty or tatigue, first in a luxurious railroad car, and then in an equally luxurious steamship

Bullock Printing Presses. We understand that Bullock presses are being constructed in this city for the Weekly News of Dublin, Ireland, and the Weekly Dispatch of London. Both these papers, having immense circulations, require the fastest presses that can be made, and the fact that three of the leading journals of Europe should have ordered Philadelphia-invented and Philadelphia-built printing machines, is a tribute to the me chanical ingenuity and skill of our city, of which we may well be proud .- Philadelphia Star.

A SARATOGA exquisite is profoundly enamored of the male type of the beautiful blonde, and sets himself up as a model thereof. He duly claborates his hair and parts it exactly in the middle, carrying his hat in his hand from fear of disarrenging the work of the barber, and goes through the formula of the glove exercise and dressparade on Major Leland's pizza with astonishing precision. A fearful suspicion as to the identity of sex is the only drawback to the amusement of spectators.

A SEA weed, found abundantly on the coast of France, is now used in that country for clarifying beer. It is much more economical than gelatin, and better suited to the purpose. It is said that one ounce of it will clarify two hundred and fifty gallons of beer. It belongs to the genus chondrus. A specie of it is very abundant on the Atlantic cost east of Long Island.

CATS and dogs are now prohibited at-Werleyan Grove, Martha's Vineyard A correspondent of the New Bedford Stand ard suggests that one more rule would raise the encampment a little nearer Heaven, and that is to prohibit the eternal puffing of tobacco by saint and sinner within the sacred inclosure. S. E. COR. FOURTH AND WALNUT STS. \$1,118,530.20 THE AMERICAN TOTAL offers low rates of premium.

It offers more Insurance for the same money than other companies. It is a home Company. Its Policies are all ALL NON-FORFEITABLE. It pays life policies at death, or at the age of 30 years. So years.

On the REDUCING-PREMIUM PLAN, the insured pays the largest premium the first year-which is the same as paid on the mutual-ordinary-life-plan—and each subsequent year it is less and less, and at the end of twenty years becomes paid up—and thereafter a permanent claim on the Company. On the RETURN-PREMIUM PLAN, the insured is credited annually with all he has paid to the Company, so that his insurance costs only the interest on the amounts paid in; On the INCOME-PRODUCING PLAN, the insured may receive 10 per cent: on the amount on is policy.
