TOO MUCH WATER WASTED .- We suggest to our citizens the propriety of saving all the water they can, while the Water Company is engaged in building their, reservoir and extending their pipes. This is now the dry season, when the supply of water is generally limited. We can do much by being economical and using no more than is absolutely necessary for domestic purposes, and therefore respectfully recommend that all would defer watering the streets and washing the pavements until the works are completed, when we have every reason to believe there will be an abundant supply. It is better to reserve what we can for the extinguishing of fires than to be wasting it in our gutters. Wrote is to that

A COLORED DON JUAN Some time since a colored woman of Columbia, Penn-sylvania, inde an information before a magistrate in that city charging a barber named; William Pooder with fornication and bastardy. Pooder was arrested, but furnished bail for his appearance at court and bastardy. Pooder was arrested, but furnished ball for his 'appearance' at court for trial, Mr. James Brown' becoming his bondsman. Subsequently, the woman married, and Pooder, imagining that there everything ended, left Columbia and came to this city. Here he obtained employment, first at a brickyard on Boyd's hill, and latterly at a coffin wareroom on Liberty street, near the depot. A lew days since the case was called up in the Lancaster county court, and Mr. Pooder not 'being' on hand his bondsman was notified that he would he granted one week in which to produce the accused or pay over to the sheriff the amount of his bond. Mr. Brown at once came to this city, and by the exertions of Officers. Cubbles and Dressler was not long in hunting up his man. He was found at the coffin manufactory referred to, where he was busily engaged in the polishing department. The state of the s Good Advice.—Let our possessions be what they may marble, palaces, broad lands, mignificent plate, or caskets of "precious stones"—they all sink in the balance against Heaven's great boom, HEALTH, and they cannot be einjoyed without it. And yet how little is it valued, and how carelessly preserved. The laws of nature cannot be violated with impunity. Night revelry, luxurious living, irregularity of meals, and a disordered appetite, will gradually destroy the power and activity of the stomach. How many ladies and gentlemen ent and drink disease at late suppers, and arise in the morning with headache, loss of appetite, feeling languid and unrefreshed. There can be no medical reimedy that will turn lead into food, or poisoned drinks into nutriment, but medical science can assistinature, supply exhausted fluids, and to a great extent correct the effects of disease. In all, cases such as the above, we recommend. Plantation Bitters. You will find them just the thing—at the same time a most delicious tonic and appetize. Good Advice.-Let our possessions be. MINERAL SPRING.—A correspondent MINERAL SPRING.—A correspondent of the Express writes to that paper "about three-fourths of a mile from the village of Churchtown, this county, there is a deep cut in the Welsh Mountain, through which a road, leading directly south, called the "Churchtown road," passes; and; in this cut, alongside the road, and near a spot where once stood a woolen factory; is a mineral spring. It is reported that the grounds upon which the spring is located have been purchased by a New York Company, for the purpose of fitting up the place for a summer, resort. It is believed that the project would prove successful, since it is a very healthy locality, and there are facilities for enjoyment close at hand. The large dams belonging to the "Pool" and "Windsor" forges, owned respectively by Messrs. James De Haven and James McCaa, would make admirable boating and fishing grounds."

Lieut. A. C. Herr who offers himself as a candidate for the office of Register, is among the most worthy for that position. He has been for many years a hard-working Republican, and stands very high in the surrounding townships, which he will carry almost solid, and which speaks well for his popularity. He is an intelligent and affable gentieman; stendy in 'ris-habits, and if elected will do honor to the office and justice to his friends everywhere. Ho speaks both English and German. It will be remembered, that Lieut. Herr, was a candidate for the same office, three years ago, but, not wishing to stand in lies way of Col. Miles, withdrew from the contest. This mark of respect shown Col. Miles speaks, volumes for Lieut. Herr, and I hope the intelligent voters of Lancaster county will decide in favor of Lieut. A. C. Herr, for Register. It is the wish of For Register.

Of all the offices to be filled, there is none that will acquire of its occupant a more careful business talent, a larger experience, a more discriminating judgment, or a fuller, share in the confidence of the community, than that of Sheriff. No man should be elected to that office who has northese qualifications. Mr. Isaac Mishler, of Lancaster, a gentleman of well known business qualifications, quiet and courteous in manner, and practical judgment, is a candidate for that office; and only by your judgment of his fitness for that position does he ask for your suffrage. Such a man should, and I trust will, receive the vot of every Republican who seeks the welfare of the county.
