Jos. Mifflin has sent to this office the finest cluster of peaches ever seen in this region. They are the early York specie. The cluster contains twenty-seven fine, well ideveloped peaches, and is quite a curiosity.

RE-OPENING. The E. E. Lutheran church, now undergoing repairs, will be reopened on Sunday, September 5th. Dr. W. M. Baum and Rev. J. H. Menges, of York, will be present to conduct the services on

BITTEN BY A SNAKE.—A country woman, while picking blackberries on a clearing near Collins' station, a few miles west of Bainbridge, was bitten by a large black snake, and died before she could be removed from the field. The venom was so virulent that her husband, who was with her at the

time, could render no assistance. THE American Fire Company No. 5, of Larcaster, tested their new steamer Wednesday afternoon at Greaff's landing. The steamer is a double pump Amoskeng make, weighing 4200 pounds and cost \$4,250. It threw a stream of water 274 feet and 6 inches, through fifty, feet of gum hose,

with an 11 inch nozzle. Look Our FOR RIND ER PEST. Per sons eating peaches, watermelons, cantelopes, etc., in the public thoroughfares, will please through the rinds and skins into the streets, and thereby prevent accidents, which frequently occur when these slippe-

ry substances are carelessly dropped on the sidewalks. Look out for the rind-er-pest. HEAT .- During the excessive heat of Saturday, many of the workmen in the foundries and mills, were so overcome with heat that they had to be taken home in carriages. Two of the hands in Harberger's foundry, Lancaster, fell down helpless. After the proper restorations were applied,

the patients were pronounced out of danger. BREAD SWINDLE.—This is, the year of plenty. Fruit, vegetables, and all the products of the farm and garden are within the reach of the poorest man. Notwithstanding all this cheapness, there are persons who will buy bread and thereby pay at the rate of fourteen dollars per barrel for flour. when it can be bought for six or seven dollars." Bakers'lloaves are the same size now that they were when twelve/and fourteen dollars were paid for flour. This is a swindle that should not be tolerated.

STOP IT .- Of late certain parties fr this town have been in the habit of reck lessly discharging firearms inside off the corporation, sometimes in the very heart of the town. There is a strict ordinance prohibiting this, and we hope those whose duty it is to preserve order will see that the sport, it such it is, is no more indulged in. By permitting these practices to continue, our lives are not safe a minute during the day. We hope we will not be called upon to speak of this sgain.

OUR STREETS .- Our streets are with few exceptions, kept in a very excellent condition. In this oppressively Lot weather, and when every animal and vegetable substance is subject to the most rapid decomposition, the greatest care should be exercised. Garbage thrown into the street may result disastrously, especially when the searcity of water and the unfrequency of showers reader)the danger still greater. ost care should be taken to preserve our town from any of the ravaging diseases, which are often generated by fith. THE FALL TRADE. - The neighbor

hood of the freight depot of the Pennsylva-nia Central Railroad, on Thirteenth street, below Market, Philadelphia, has assumed within the last few days a scene of unusual activity. Great strings of drays and wagon are in constant attendance awaiting chance to unload. This activity, indicates heavy full trade, but it is in great measure owing to the recent reduction of the freight tariff,on the Bennsylvania Central from a very high figure to 35 cents per hundred pounds. The merchants of the South and West and the shippers of that city appear disposed to avail themselves of the reduction to the fullest extent.

A MONG PICK POCKETS.—Our townsman, Rev. W., S. H. Keys, on returning from Hummelstown Camp Meeting, while waiting for the cars at Harrisburg station; on Thursday last, got his hands on one of the light-fingered gentry, while in the act of picking Mrs. Keys' pocket.

Mr. Keys on coming in observed a genteel looking man standing along side of his wife, with too much of the hand buried amid the folds of his "hady's calloo," and without ceremony seized, the shalf-hidden hand, and demanded the purpose for putting his fingers in the lady's pocket? The offender, struggled hard, but Mr. Keys held on to him until a 'holice' answered and marched him off to the Mayor's, where he was' committed to answer before Court next week, when Mr. Keys will, appear in testimony, against him.

PREPARE FOR THE CHOLERA.—With the "heated term" comes the danger of that frightful pestilence—Cholera—and kindred diseases. What untold and indescribable misery has been visited upon thousands annually by these awful complaints. But every one ought to be made aware that a specific for this class of diseases, as well as a certain preventive, is the celebrated Mishler's Herb Bitters. It will positively fortify the system against the attacks of Asiatic Cholera, Oholeri Morbus, Cholera Infantum, Diarrhea, Summer Complaint, Dysentidry, Cholic, Painters Cholic, &c. D. H. Bissell, M. Can any one tell how many young men who dodge their washerwoman, and who are always behind with their landlord, can play billiards night and day, and are always ready for a game of poker or seven-up?

Can any one tell how it is with some men who owe their butchers, owe for rent, owe for tailoring, for shoes, etc., can yet have everything that's nice—eat oysters at night, wear fine cloths and have all the delicaties of the season?

Can any one tell how men live, and support their families who have no income and don't work, while others, who are industrious and always employed almost starve?

Can any one tell how a man who is too poor to pay four or five cents a week for a newspuper, can spend five or six times as much for segars and tobacco, to say nothing of drinks? CAN ANY ONE TELL?-Can any one

PROMENADES.—During the hot August evenings, the promenaders have been out in full force. The moonlight walks on our main streets are charmingly grand, if we may judge by the blissful airs of Columbia's lovely daughters, as they move so queenly, supported by "'ye gallants." On every street we meet them, at every corner their, bewitching eyes cast sly looks at us, for fear our "local", might report them. Oh, no I dear smiling creatures, we won't interfere with your pleasures. It is entirely too; pleasant to spend the evenings indoors; and hence we welcome you to our promenades. There is no better sign of activity, sociability and youthful enjoyment, than this innocent, yet healthful exercise. When our stores are illuminated, and our promenaders out in full force, we feel as though we were in a large city. A stranger PROMENADES .- During the hot August

To CORRESPONDENTS.—We would suppose the Mr. Fair Play had read the news papers enough to know that the name of the respondent should be given, not for pub lication, but as a guarantee of good faith. There are just grounds for complaint, and we would have noticed his communication at length had he given us his name. OUR WATER SUPPLY.—The citizens

are one and all particularly requested to be economical in the use of water, as the supply from the springs has very materially diminished, and there may not be a suffi ciency for domestic use and extinguishment of fires if the dry spell should continue much longer. It is hoped, that sprinkling of streets, washing off pavements and try ing of engines will not be indulged in until water is more abundant. The Water Company, at great expense, are endeavoring all they can to furnish a full supply; but as their new improvements are not completed and their old works not entirely perfect, they appeal to all as to the necessity of saving the water as much as possible. STATE FAIR .- It will be seen upon re

ference to our columns that the next exhibi tion of the Pennsylvania State Agricultural Society is to be held in Harrisburg, opening on Tuesday, the 28th of September, and continuing until the 1st of October. The premium list is more than usually liberal amounting to about \$10,000. As the society is about to hold consecutive exhibitions at a fixed locality, its officers have had leisure to perfect conveniences which will add much to the comfort of both exhibitors and visit tors. A new feature in exhibitions is introduced into the regulations of this year, in deed it is but an experiment which we hope will prove a successful one. It is the adnission of all articles and animals free of charge upon compliance with the requirements of the society relative to entries. Other details relative to the fair can be obtained by addressing the Secretary at Harrisburg

Council Meeting .- A stated meeting of the Town Council was held last Friday evening, the 20th, at 74 o'clock. Present, Messrs. Upp President and Messrs. Baker Craig, Detwiler, Hippey and Shreiner.

The minutes of July 16th, were read and pproved. The Road Committee reported crossings approved. put in at Walnut and Second streets, and Locust and Fifth steets, also that they had called upon the Superintendent of the Chestnut Hill Iron, Ore Company, relative to blocking up a portion of Union street with stones, and had received a promise from

him that they would be removed: The Finance Committee reported \$240.65 received by the Treasurer since last meeting, and a balance in the Treasury of \$3,-641.99

The Market Committee reported the new Market House completed. The Fire Department Committee reported the new plugs were being put in as rapidly as the Water Company proceeded with the relaying of pipe. A new plug has been put in at the head of the alley on Fourth street between Locust and Walnut. The Columbia Water Company has consented to pay one-half of the cost of the "T's" put in every balf square. The Pavement Committee reported very

good progress in the way of repairs and laying new pavements.
The Sanitary Committee reported that they had, visited all the slaughter-houses and found them in pretty good condition.

A general examination of the alleys was made. They called the attention of the Road and Pavement Committees to the gutter on Front street, in front of the new Freight Depot; the gutter on the east, side of Fifth street, between alley K and Mill street: the gutter crossing Fifth street on north side of Union; the gutter crossing alley: T. at. A Fraud-The Thug Ticket. We have received letters from different parts of the county stating that the Thugs are busy in circulating the following ticket. They have tickets printed for every township, with the name of County Committee men attached. The Thugs have also secret tickets, which their-stool-pigeons are circulating. We call on all true, honest Republicans to beware of the wily schemes of the Thugs. There are two or three good men on, who should come out and disclaim at once, their connection with the ring ticket. Here is the ticket that is now being extensively circulated. It bears the impress of fraud at its head, and we call upon the people to beware!

Messrs. Editors:—It seems to have become a fixed fact that most of the Republican party of this county have resolved to oppose at the coming primary election anything and everything in the shape of "cliques," "rings" or "factions." In order to do this effectually, they should unite their forces, and in solid plananx go for the strongest candidate outside of the "cliques" and "rings," Having, traveled through a majority of the districts in the county (though not politically) during the past few weeks, we find the sentiment of the people to be in favor of Geo. W. Compron for Register. While some of the other candidates may have strength, in certain sections, he being the oldest candidate, has a general strength throughout the entire county in favor of his nomination. This being the case, he is therefore the strongest candidate, and the party should fix upon him as a candidate for Register, to break up the factions that have heretofore controlled our primary elections. MR. EDITOR:—Your issue of the dish contains a reply from Rev. W. H. S. Keys, to my former article, in which I find he breathes an atmosphere into which my own self-respect/forbids/my: entrance. I have known men before who were totally incomed in the self-respect to the self-respect of the self-respect of the self-respect of the self-respect to own self-respect/forbids-my: entrance. I have known men before who were totally incapable of elevating themselves to the higher and nobler position of true men, who always judge others by the rule they prescribe to themselves; and in their Billings-gate style but corroborate the fact, that out of the fulness of the heart the mouth speaketh. I suppose the church he would define will survive the shock and live long after the Reverend gentlemin's forgotten, or remembered only from the fact that he tried to stigmatize in his impotent way, a christian denomination whose shoe latchet he is unworthy to unloose. With regard to the matter of veracity between this man and myself, he can have the matter tested at his pleasure, and will find that his guilty blurtings about prosecution, will only reveal the hypocrisy which his profession has hitherto concealed, except on occasions, when it has flourideted finto sight in some of his dastardly speeches, obscene communications, and want of integrity. I will trouble you no more a bout this man, for I fear that he winere communications of the style he writes, would deplete your circulation, for no respectable me, would for I fear that a few more communications of the style he writes, would deplete your circulation, for no respectable man would let the morals of his children be corrupted by such indecent, language. This is the only way to cure consens the strength of the same time time the same time the same time time times the same time time times the same time times to the same time times to good blood.

To do this, the Seaweed Tonic and Mandrake Pills must be freely used to cleanse the stomach and liver, so that the Pulmonic Syrup and the food will make good blood.

Schenck's Mandrake Pills act upon the liver, removing all obstructions, relax the duets of the gall-bladder, the bile starts freely, and the sliver is soon relieved; the stools will show, what the Pills can do; nothing has ever been invented except calomel (a deadly poison which is very dangerous to use except with great care), that will unleak a gail-bladder and start the secretions of the liver like Schenck's Mandrake Pills.

Liver Complaint is one of the most prominent causes of Consumption. SCHENCK'S PURMONIQ'SYRUP,

this preser pilon is made of, assists the stomach to throw out the gastric juice, to dissolve the food with the Pulmonie Syrup, and it is made into good blood without ferrosentisks a catastring in the stomach. The greatrenson why physicians, do not cure consumption is, they try to do too much: they give medicine to stop the cough, to: stop chills, to stop night sweats, hectic fover, and by so doing they, dorange the whole digestive powers, locking up the selections, and eventually the patient sinks and dies. Dr. Schenek, in his treatment, does not try to stop a cough, night sweats, chills or fever. Remove the cause, and they will all stop of their own accord. No one can be cured of Consumption, Liver. REMEMBERD. FRIEND—I thought it well to wait another week before writing, to see if I continued to improve, as I have been doing for some time under the treatment of the new medicine, and I am happy to tell you that I am getting better—even insiter than when you were here. I commenced the use of DODD'S NERVINE without any body advising me tolt. When I began with it I could only walk from my bed to the chair. My trouble has been extreme pain in the head; and has insted over three years. All the, medicine I have heretofore taken has failed to give any relief. I am now able to go any and don't stairs, and daily improving. I consider the NERVINE the bost medicine I ever found, and shall continue its use, for I am confidents of entire recovery. I have taken only three bottles, and would not be without it on any account. Very truly, Mrs. I. S. NUTE.

A YER'S CHETRY PECTORAL.

For DISEASES OF THE THROAT AND LUNGS, SUCH AS COUGHS, COLDS, WHOOPING COUGH, BRONGHITS, ASTHMA.

AND CONSUMPTION.

Probably never before in the whole history of medicine, has anything won so widely and so deeply upon the confidence of mankind, as this excellent remedy; for pulmonary complaints. Through a long series of years, and among most of the races of men. it has risen higher and higher in their estimation, as it has become better known. Its uniform character and power to cure the, various affections of the lungs and throat, have made it known as a reliable protector against them. While adapted to milder forms of disease and to young children, it is at the same time the most chiectual remedy that can be given for inciplent consumption, and the dangerous affections of the throat and lungs. As a provision against sudden attacks of Choup, it should be kept on hand in every family, and indeed as all are sometimes subject to colds and coughs, all should be supplied with this antidoto for them.

Although, settled CONSUMPTION is thought incurable; still great numbers of cases where the disease, seemed settled, have been completely cured, and the patient restored to sound health by the CHERRY PECTORAL to complete is its mastery over the disorders of the Lungs and Threat, that the most obstinate of them yield to it. When nothing else could reach them, under the CHERRY PECTORAL they subside and disappear. ppear. BINGERS AND PUBLIC SPEAKERS find reat protection from it. ASTHMA is always relieved and often wholly

BRONCHITIS is generally cured by taking the CHERRY PECTORAL in small and frequent doses.
So generallly are its virtues known that we need not publish the certificates of them here, or do more than assure the public that its qualities are fully maintained.
