Saturday, Sept. 4, 1869.

Advertisements, to secure "immediate in ertion, must be handed in on or before Thurs av evening, each week

COAL - By ielegraph we learn that all coal regions have been satisfactorily adjusted, and that work will be resumed early to-day. This will be good news to all classes. HEAVY RAIN STORM. This section

was visited by a heavy rain storm on Sat urday evening last, which continued, but and several buildings in town were more or less damaged.

TO CORRESPONDENTS .--- We would sup pose thet Mr. Fair Play had read the news-papers enough to know that the name of the correspondent should be given, not for publication but as a guarantee of good faith There are just grounds for complaint, and we would have noticed his communication at length had he given us his name.

FIRE.-On Tuesday night about ten o'clock a stable belonging to Mrs. Todd, was found by her son to be on fire. : It was put out before much damage was done. This was the work of some scoundrel who wanted to see fire. About one hour later an alarm of another fire was given, the companies turned out with apparatus, but it, proved to be false.

RELIGIOUS NOTICE .- A series of regious meetings will be held in the M. E. Church, this Borough commencing on Saturday, September 4th, and continuing day and evening for one week. A number of Ministers have been invited to be present. The Pastor, Rev. H. S. C. Smith, not only cordially invites friends and the citizes of Columbia to attend, but also their friends from surrounding charges and towns.

THE RESULT OF ADVERTISING .- The demand for tenant houses is unprece-dented in our town. We advertised a 'house for rent" in our local columns a day or two ago. Eighteen applications were made for said house during the two following days, and the owner has requested us to take out the advertisement, as the calls are too many for his time and business engage-

DISORDERLY PERSONS .--- Yesterday afternoon a squad of bummers come to town; procured some liquor with which they became d runk, and in consequence quarreled and fought with each other. They were arrested and taken to the lock-up by Constable Hook. This morning they were taken before Samuel Evans, Esq. They gave their names as Henry Strine and Eller his wife, Robert Timler and John Laller. all of whom were sent to jail for 30 days.

A DMITTED TO THE BAR .--- Our friend and college associate, Thos. J. Davis, of Sale Harbor, this county, has passed the trying ordeal of examination before the "learned. gentlemen" of the bar, and was admitted to practice in the various courts of Lancaster We wish him all the success which his abilities and careful preparation deserve. A genial friend and a pleasant companion, Mr. Davis will certainly make a popular advocate. He has located at No. 14 North Duke street, Lancaster. .....

SEWING MACHINES .--- We call attention. to the advertisement of Wheeler & Wilson Sewing Machine Agency in another column A large number of active agents are wanted to sell this deservedly popular machine. A general agency has long been located at Lancaster, and the county is being carefully and thoroughly convassed. The sales of machines are incredibly large, and the best test of their pupularity. This reminds us

THE NEW WATER RIPE. The work of laying the new water pipe is progressing finely, and should the weather remain favorable, the work will, no doubt, be completed before the setting in of winter. The workmen have reached Fourth and Cherry freets, and will probably complete Cherry,

addition of a fine two story brick back by this evening: The Water Company building thereto. The building is now, under roof and will be completed in a short have certainly shown commendable enter prise in pushing this work-and our cititime.WITLUS & GALLONDA ens can soon rejoice in an abundant supply ESCAPED .--- Susan Anderson, a denizen

nd cheapest stock. /.

left in the room.

MARIETTA ITEMS .--- The "Farmers and Gurdners' Society," held their regular meeting on Tuesday evening. Engle & has been on a general drunk since her re-

Bro. exhibited the Ohio Nonpureil apples of an unusual large-size; Henry Wolfe, some choice basket pears ; Judge Libhart, Garretson's Early and the Flemish Beauty apples, and Miss Kate Windolph a couple of vases of choice and beautiful flowers. Chief Burgess Stence is constructing four cisterns to supply water in case of fire. The campaign opened in Marietta, last

of water.

The usual greatest enthusiasm prevalled especially at the close of the meetng, when the party tripped the light fan-We called on our friend Prof. Isaac S. leist, the efficient Principal of the High School. - His interest, in, the cause of educa-

ion and especially the schools of Marietta, has given him an enviable position. in the educational circles of the State. WRIGHTSVILLE ITEMS-DROWNED.-A young man, aged eighteen years; named Franklin G. Mann and living in Wrightsville, was drowned in the Tide-water Canal on Saturday, August 28th., He had gone in company, with another lad of the same-age

to swim; after being in the water a short time both jumped on a log raft. One going to, shore to dress, while the other dived into the water again. He was in only a few minutes when he was seen by a boy on a anal boat, who supposed he was diving. As he did not come up again, an alarm was given, but too late to render any assistance. He gave no alarm or cry of help, nor was he seen to make any efforts to save himself. It is very probable that in diving he struck log or some other body, and was so severely injured as to render himself entirely helpless. The body was recovered less than in hour afterward. An inquest was held

Sunday , by ., Samuel , Evans, . Esq., and a verdict rendered in accordance with the above facts. CHANGE OF SCHEDULE.---A new schedule

went into operation on the Pennsyl-vania Railroad. The accommodation train heretofore leaving this station at 1 P. M. s discontinued, while the Harrisburg accommodation which formerly left at 5.20 P. M., now leaves at 3.05 P. M. This ar-

angement gives us one train less eastward, and will, we believe, prove unsatisfactory o our people. Although several attempts have been made to secure a through train by way of Columbia, all have thus far faild, and instead of getting better accommodations our people are deprived of an important. train. We hope, however, the Railroad authorities will yet be led to see the wants of Columbia and accommodate he citizens.

There is also a slight change on the Wrightsville branch. The train which formerly left at 12.50 P. M., now leaves at 1.15 P. M., and the afternoon trains arrive at 1.03 and 4.55, instead of 12,53 and 4.48. There are no further changes. A LIVE COMMITEE .- The Paving-

Committee of the Borough Council 'are'deserving of the warmest praise for the manner in which they have discharged their duties. Less than a year ago there were many pavements in town in a very bad onditiou; now under the management of the Pavement Committee the old pavements

have been replaced "by new and superior minutest particulars of this great, national ones, adding much to the beauty of the horse race—this trial of the fastest horses on town, and the comfort of pede estrians. There are portions of the Borough where he American Continent ; yea the fastest in the side-walks could be much improved, the world!". The "Goldsmith. Maid" (what a fancy name) won this great national race and especially at the street and alley crossin three straight (wonder how they could ings. Even now our streets and pavements; with a few exceptions, use in botton sound: he straight round a circle) hents. Time, tion than in any other town it the State. 2.311, 2.261, 2.254. The next thing we hear

A YER'S

COUCH, BRONCHITIS, ASTHALA, AND CONSUMPTION, Probably never before in the whole history of medicine, has anything won so widely andso deeply upon the confidence of mankind, as this excellent remedy for pulmonary complaints. Through a long series of years, and among most of the races of men it has risen higher and higher in their estimation, as it has become bet-ter known. Its uniform character and power to cure the various affections of the lungs and throat, have made it known as a reliable protector against them. While adapted to milder forms of disease and to young children, it is at the same time the most effectual remedythat can be given for incipient consumption, and the dan-gerous affections of the throat and lungs. As a provision against sudden nttacks of ChOUP, is should be kept on hand in every family, and in-deed as all are sometimes subject to colds and congbs, all should be supplied with this antidote for them.

Ask for Holloway's, and take no other. A nalf teaspoonful of it is more than equal to a vhole spoonful of any other. Sold by druggists ind storekeepers. Fifty cents per bothe. Johnston, Holloway & Cowden, 602 Arch St. biltadebala.

for them. Although settled CONSUMPTION is thought incurable, still great numbers of cases where the disease seemed settled, have been completely sured, and the patient restored to sound health by the CHERRY. PECTORAL. So complete is its mastery over the disorders of the Lungs and Threat, that the most obstinute of them yield to t. When public size occude reach them and as CHILDREN CRY FOR HOLLOWAY'S VERMIFUGE CONFECTIONS they are so delicions. The doctors and mothers say they are the most saie and effectual remedy for those pests of children, WORMS. The gen-ulne have the signitures of the proprietors on the wranner of each box. OUR WATER Supply .- The citizens are one and all particularly requested to be economical in the use of water, as the supply from the springs has very materially diminished, and there may not be a sufficiency for domestic use and extinguishment of fires if the dry spell should continue much longer. It is hoped, that sprinkling of streets, washing off pavements and try ing of engines will not be indulged in until water is more abundant. The Water Com-P. M. After music and prayer, Col. Fred. pany, at great expense, are endeavoring all y can' to-furnish a' full supply, but as S. Pyfer will deliver an oration, to be fol their new improvements are not completed and their old works not entirely perfect, they appeal to all as to the necessity, of saving the water as much as possible.

NOT BECOMING .- We notice frequently that when, drunken men appear on our streets, (and sad to say there are too many of them.) they are followed by a crowd of boys who tantalize and provoke them. This is very unbecoming in boys who have had any kind of home training, and parents should caution their children in regard to this practice. These poor unfortunate crea tures who are the slaves of appetite are really more to be pitied than ridiculed or abused. Fallen they are, but they were once the cherished sons of fond p rents and may have in their young days followed the poor drunkard as some of our boys are now doing. Be careful boys-that you follow not in their ways, which are the ways of death.

THE COLUMBIA ROLLING MILL .- This, Mill, which when in operation gives e...ployment to some three hundred men. has been laying idle for nearly a year. Why such an important establishment, the means of support to so many families, and capable of being made a source of wealth to its owner, should remain thus idle is hard to determine. All around us are manufactur ing establishments of a like character doing a flourishing business, and we hear daily of new Rolling Mills being built, and yet for some reason, this mill'could never be run but a short time, and always at the worst season of the year (winter) remained idle. Whether this bas, been from bad management, delects in the machinery, or lack of business enterprise, we can not say but that there is money to be made out o this mill, if properly run, there is no doubt, for no better locality for a mauufacturing establishment of this kind can be found in Columbia We had hoped long since, some more enterprising parties would have pur ohased this establishment and put it in goo order, and not only given employment to from three to four hundred men, but added to the wealth of its owners and the interests of our town; We need more factories if we expect our town to improve, but we cannot expect to entice strangers to Columbia to build them for us, when we have one of the largest and best in our town standing idle more than balf the time. There is capital enough in Columbia, properly/employed, to make the town half again as large and prosperous as it now is, but it is sad to see our largest Rolling Mill going to min for the want of sufficient nerve, or enterprise, Can not some of our monied men make arrangements.whereby this property so valuable to the town, can be put in order and run to its fall capacity, or influence the present owner to equip and put in operation the Columbia Rolling Mill. Other towns all around us are building factories of various kinds, while Columbia looks on in wonder at the increasing prosperity of our sister, towns. Let our capitalists be up and doing let not our neighbors excelfus in enterprise. I uthe States, Tivit

OUB BOROUGH MILITARY COMPANY. We know of no enterprise, recently undertaken, so deserving the cordial sup-port of the citizens of Columbia, as the foration of a military company, (From the high character of those engaged actively in the interests of this movement, we are safe recommending it to theserious attention of our good people. Other cities and towns ave their military organizations; some o the towns in the interior of the State, with even a smaller population than Columbia, ave excellent companies, and make then the pride of the place. Our, young me need some field in which to display their taste and to foster a pride for their native own. We have ample material for an efecond street. icient company,- one which will wreflect After this we came down Locust street for short promenade, But oh, how dark, credit upon the organization . itself, and . or the borough with which they, are connected. why don't we have more light? Is the A number of those participating in the en-Borough too poor, or have the shoemakers terprise are discharged soldiers who will a cliqued with the Council to have the streets once give the company the discipline and s dark as possible so that pedestrians stumefficiency of veterans. If a correct standard of morality is preserved, and the true purposes of the organization kept steadily view, which the members certainly will do, we will have every reason to feel proud of the company. With the close of the war we had cultivated a martial spirit; this is the only and proper way. of fostering it. With 'an 'attractive uniform, good equip-ments and efficiency in drill, we can com-
