ABOUT SIDE SADDLES .- Miss Dickinson in her speech about "Whited Sephulchres" the other night, at the Academy, gave the audience to understand that she onsidered side-saddles the worst kind of whited sephulchres, complaining that a woman could not go into dangerous places ecause she was so seated on a horse. Miss Dickinson had tried both ways.. In just the same way did men and women go riding brough the world." In consequence of these incendiary utterances, harnessmakers in this city, who have a large stock of side-suddles on hand, are alleged to feel quite disheartened about it and their indignation against Miss D. is reported as boundess.-Star, Philadelphia.

NUTTING TIME .- The boys have been in the country and laving in a winter supply of nuts, which are very plentiful this eason. The following stray verses we find floating unclaimed, which remind us of the 'good young times:"

"The nuts are ripe and the day is fine, The purple hills in the sunlight shine, And the brown nuts redden the tremble tops Of each gnarled tree in the hazel copse,

The copse is filled with the happy noise Of laughing girls and climbing boys, And the beaten branches yield the fruit. That heavily drop at each old tree's rot.

CORRESPONDENT sends us the following from Lanaaster: One of the finest jewelry establishments outside of Philadelphia has recently been opened by Messrs. Rhoads & Bro, of this city. The holel stand formerly owned and kept by Kauffman, was purchas d by the Messrs. Rhoads, the front torn out, remodelled and fitted up at great expense especially for the business. The display of articles is very fine, and cannot be surpassed by any here. The large stock of American and imported jewelry on hand, together with the great number of articles suitable for wedding presents, so much needed at this season of the year, render it a desirable place at which to make investments. The Rhoads Bros, have shown not only taste, but commendable business enterprise, which deserve to be encouraged. *

REFORMED CHURCH SYNOD .- The Easttern Synod of the Reformed Church of the United States commenced at Danville, this State, on the 20th inst. In the absence of Rev. Thos. G. Apple, D. D., President of the Synod, Rev. E. V. Gerhart, D. D., preached the opening sermon. The Synod was fully organized on Tuesday morning by the election of Rev. John W. Nevin, D. D., of Lancaster, as President, and Rev. Daniel Gans, D. D., of Norristown, as corresponding Secretary. Rev. Sam'l R. Fisher, D. D., of the Reformed Church Messenger as Stated Clerk.

A committee was appointed with instructions to collect the manuscripts of several bars to erect a monument to the memory of Dr. Harbaugh were received.

A large number of the Reformed clergy throughout the country were present. How THEY AGREE.—The citizens of

Columbia should certainly give the follow-ing extracts careful consideration. That two papers (and how many more we can' tell,) agree so nearly on the same subject is some truth.

BUSINESS CHANGE .- Mr. E. Spering as sold his jewelry establishment on Front street to the firm of Butler, McCarty & Co., of Philadelphia who take immediate posession. The business here will be under the direction of a competent man a member of the firm, who possesses fine bus iness qualifications, and whom we take pleasure in introducing to the notice and confidence of our citizens.

NEW BUILDING .- Mr. John Shenberger has commenced the erection of a large brick dwelling house on his lot, on Third street, between Locust and Cherry. Thus another vacant lot in the central part of our borough is being filled with a substantial building, and in a short time there will be scarcely a vacant lot within the old part of the borough. Builders will have to urn the rattention to the new streets, and even in these thee hoice lots are being rapidly disposed of. Let the work go on.

PROLIFIC.—Mr. B. F. Heise, residing one mile East of Columbia on the road eading from Lancaster pike to Chestnut Hill pike has left at this office the finest cluster of apples we have ever seen. Two branches, not quite two feet in length, have twenty-three apples on them, all in perfect and full development of the Prince variety. The trees from which they were cropped are breaking with the weight of fruit. Mr. Heise has been very successful in the culture of fruit of all kinds, his lands being well adapted to planting, transplanting,&c. The Prince apple can be preserved till.midsummer, and often in July they are seen in market.

THE PENSION BUSINESS .- Messrs. Matthews, Poulson & Co., the well-known ension agents of Philadelphia, have issued thorough review of the recent order from the Pension Bureau in regard to the manner of paying pensions on warrant of aftorney. They argue that the order denying the right of the pensioner to appoint an attorney to receive the money is a novel and injurious feature, and the cause of great inonvenience to the public. They also arge that the Government has no authority to powers to an attorney.—Republic.

THE OLDEST MASON IN THE WORLD. -Yesterday afternoon the one hundredth nniversary of Hon. Moses Wingate, the oldest Mason in the world, was celebrated it Haverhill, Mass., in a becoming manner by his immediate friends and the public, ogether with members of the Masonic fraternity.

Mr. Wingate was born October 25, 1769, and was made a Mason in 1803. He has held many offices of high public trust. He retains his mental faculties to a remarkable degree. Several of the citizens interested in the anniversary of his birthday, presented him with a portrait, and in the evening the Masonic Order waited upon him .-Star, Oct. 26.

AN HEROIC ACT .- A few months ago, an engineer of an express train on the Pennsylvania Central Railroad, going west, discovered an engine approaching him at such a rate of speed that he was at once convinced that it was without an engineer. He instantly whistled his brakes down, at the same time sending his fireman back to uncouple his "tender" from the trainwhile he at the same moment uncoupled his hose and engine and opening his throt, tle wide, with his red flag jumped back on his tender. He just looked back and saw his train nearly stopped, and on dashed the two engines toward each other like very lemonds. He broke up gently on his tender, and finally stopped it, and in breath-less silence watched for the collision. The engines came together, throwing each other clear off the track, and smashed all to pieces. He left his tender, and with his flag ran on to meet the express going east. It being two minutes behind time, he had just time to "flag it," and it was brought to a stop within a few feet of the wrecked engines, and one of those terrible accidents was avoided. For this heroic act the Company presented him with a check for \$10,000.

-Altoona Tribune. EPHRATA LITERARY SOCIETY .- This Association held its regular meeting in Ephrata on Friday evening last. Referred questions were answered by different members of the Society, and there was quite a spirited discussion upon several of the questions. The resolution.

Resolved, "That wealth exerts a greater infuence than knowledge," was discussed on the affirmative by Messrs. works of the late Rev. Dr. H. Harbaugh, and report on the condition and value of the tive by Messrs. S. L. Fry, Martin S. Fry manuscripts at the next annual meeting of and Wm. Sener. The decision was given the Synod. Pledges for five hundred dol- in favor of the affirmative. The question was then discussed at length in general debate by Messrs. A. Bowman, J. K. Boyer, S. L. Fry, Martin S. Fry, Wm. Sener, S. S. High and E. A. Hertz.

The "Literary Casket" was read by the editor, and consisted of quite a number of original contributions full of wit and humor. The Society meets every Friday evening, and is increasing in members and in interest.

FATAL ACCIDENT.—George Bullard; young man from Marietta and an employee on the Pennsylvania Railroad, was fatally injured by the mail train near Robrerstown on Thursday from the effects of which he died in ten minutes after he was brought to Columbia.

WE have received a copy of the prospectus of a new work soon to be published ntitled "Struggles and Triumphs;" or "Forty Years Recollections of P. T. Barnum." It forms a complete and authentic autobiography of Burnum's whole ife, and sheds much light upon many important subjects connected with the author, which have been misunderstood by the public. It will be expensively illustrated with full page engravings, and will be printed on paper. Agents are wanted in every town and county, who should address J. B. Buir & Co., No. 18 Asylum street, Hartfort, Conn.

A NEW BUSINESS ENTERPRISE-A NEW BUSINESS ENTERPRISE—
Among the many business improvements that are daily springing up in our midst may be mentioned the new and splendid Dry Goods Establishment of the enterprising firm of C. oper & Connrd, at the southeast corner of Ninth and Market streets, Philadelphia, advertised to-day. This firm commenced business in the year 1852 at the site of their present new and handsome store, and from small beginnings they crept up to an enviable position in the business world, add they now boast of one of the most complete dry goods emporiums in the city. city.
Their new store at Ninth and Market streets will ben favorable comparison with any similar establishment in Philadephia.

and is a monument to the business tact and

energy displayed by its proprietors. FROM WRIGHTSVILLE.—The prophe cy that Democrats would be among the first to make overtures to the now "odious nigger," in order to secure his vote for their candidates and measures, was fullfilled on election day at this poll. A frank member of the great unwashed used his best endeavors to have the vote of a person recorded in favor of Packer, who was proved to be a descendent of Sambo, to the satisfaction of the election board. His Democracy was sound, but the dye and wool will require an application of the Fitteenth Amendment. A faint glimmering of the dawn of that political millenium, the transcendant blaze of which is to consume all manner of corruption and dishonesty from the face of this Republican-ridden land, on the installation of Democratic rulers, illuminated our district during the recent election. The few heretics who witnessed the phenomenon of an immaculate Democrat, challenging the legality of a German's vote for Geary, on the ground that the vote of said German had been secured for the Republican ticket by "undue influence" or bribery, were almost constrained at this disinterested exhibition of fore sight for preserving the purity of the ballot box, to fall down and worship the democratic juggernaut, and wish for the success of its high priest,

Packer. Letter From Quarryville.

QUARRYVILLE, OCT. 26th, 1869. Editor Spy:-Their is considerable amount of property changing hands in our section of the county, the purchasers being principally from the upper portion of the county. Considering the prices paid, compared with deny the right of a pensioner to give full | lands sold north of us, it is not to be wondered that our up country friends are com ing among us. We give them a hearty welcome, and there is plenty of room for more of the same sort. The following sales have recenty taken place. Farm belonging to the estate of H. II. McPherson deceased containing 135 acres to John Denlinger for \$85.50 per acre. Farm belonging to Win. Showalter containing 106 acres to Henry Eshleman for \$89 per acre. Farm belong ing to the estate of W. S. Long deceased containing 95 acres to Wm. Boyd for \$135 per acre. Mill and 35 acres belonging to Henry and W. S. Long to Nathaniel Mayer for \$5,695, also two wood lots, one containing 4 acres to Samuel Boyd for \$70 per nere and the other containing 20 acres to Charles Acheson for \$40 per acre. The Farm belonging to the estate of John A. Boyd containing 135 acres to John Myers for \$79,95 per acre. All the foregoing properties are situated in Drumore Township. The farm of Jos. Smedley in Fulton Twp. containing 135 acres to James Collins and Isaac Wood for \$50 per acre. Brick dwelling and 4 acres near Quarryville belonging Rev. J. V. Eckert to Christian Geyger of Lancaster City for \$2200. We have understood that Mr. Geyger intends removing to this property in the spring. He has an extensive ore bank two miles west of our place, and has during the past season erected an engine for the purpose of pumping the water for the same. Mr. Geyger is one of our most enterprising citizens, and we trust his new enterprise will prove a suc-

cess. Our farmers are busily engaged in busk ing corn the yield of which is better than was anticipated. Apples are very abundant, and are sold as low as 25 and 30 cents per bushel, to be picked by the purchasers. The weathet is becoming very fall like. Cool evenings attended with heavy frosts, make overcoals very comfortable articles of dress. The woods are in "the sear and yellow leaf," and winter will soon be upon us. As we grow old how short the seasons will

(For the Columbia Spy.) THE Hagerst own Mail says that one on the extension of the Cumberland Valley Railroad from Hagerstown to Powell's Bend, on the Potomac. The operations are confined to excavations and filling. This force will be augmented, and the work will be pushed with vigor to completion. At Powell's Bend a depot will for the present be established, at which works will be erected for the more convenient transshipment of coal from the canal boats to the railroad cars. It has been found that the facilities for this purpose at that place are great, owing to the altitude of the canal there The anthracite coal of Pennsylvania will there be discharged from the cars into boats bound to Georgetown and Alexandria, for transshipment to New York and other Atlantic ports, when those same cars will take in the bituminous coal of Alleghany county, for which there is an immense demand throughout the whole of the Cumberland Valley in Pennsylvania.

The great inland central line of railways from Nova Scotia to Texas, will be completed with the construction of the Pequest and Walkill road, a few miles between flagerstown, Md., and Harper's Ferry, with what is now in cour e of construction in the custern part of Maine, and on the Bostoo, Hartford and Eric line. There will be but one terry (on the Hudson river) on its entire length, and between the Hudson river and East Tennessee will pass through he great Kittatinny Valley.

-The Hagerstown Mail is correct in all of he above statement, except as regards the contribetween Rending and Harper's Ferry. This part of the great Katatiany Vailey forms the are of a circle, of which the condcasses through Columber and York. The difference of distance in layer of the atter, is now seven miles which, by the straightning of one or two short links may be increased to nine miles. If the difference of four miles is sufficient to induce the Pennsylvania Railroad to run all their fast trains through Mount Joy instead of Columbia, a saving of nine unites would be sufficient to bring the southern travel through Columbia and York in preference

to Harrisburg and Hagerstown.

As the two routes belong mainly to the same Companies it will require only a little exertion on the part of the citizens of the two places to fix the travel on this route. Once established it could never after wards be changed for there can no shorter route be found, between Reading and Harper's Ferry than the line through Co-lumbia. S. W. M.

WILLIAM G. PATTON, at 160 Locust street, has just opened a large asso of furs of various grades, which he is selling much below current prices. During the last few days he has also added largely to his stock of dress goods, domestics, blankets, shawls, cloths, cassimers, no tions, &c., at greatly reduced prices. Those who want the most and best goods for the

least money should give him a call. Having secured the services of an experienced merchanttailor, from Philadeiphia be is again prepared to execute all orders for clothing with promptness—satisfaction guaranteed.
