MESSRS May & Erwin have received novel game, called parlor billiards, which in its way will afford excellent amusemen and exercise at a small cost.

Mr. HERR has introduced an act to authorize the old Columbia Public Ground Company to borrow money and issue bonds The bill has passed the house.

THE Little Corporal for April is received full of line and vigor as usual; always fresh and bright and original. Let all the children have this delightful Juvenile Magazine. Only one dollar a year. Published by

Alfred L. Sawell & Co., Chicago, Ill. THE FIRST .- The First of April was a busy day. Everybody was settling up old scores, and the town was quite lively. Old accounts were looked up, adjusted and the change put in circulation. So far we have heard of no failures, and from the generally

happy faces we met, we presume that " all SALE OF MARKET STANDS .- On Saturday last the stands in the new market house were sold, for the ensuing year, at public 'out-cry. Messrs, H. G. Minich & Son purchased stalls, Nos. 1, 2, and 3, at \$20 a stall, the rest of the butcher stands bringing the same price. The farmers stands were sold

THE storm of Sunday was very severe and prevailed along the entire Atlantic coast. Many of the telegraph wires were prostrated, making it impossible to receive tidings of any disasters that may have oc curred. This is the vernal equinox, and the elemental commotion is ascribed to the

sun's entering the first point of Aries. THE Herald, the SPY and the York Truc Democrat together with all the progressive enterprising citizens of Columbia are in fa vor of the new Town Hall. The croakers oppose it, and especially that clas of croakers who see a little self interest in the matter. Besides being a benefit to trade, to market people, to the Masonic association, it will confer a public and inestimable good

upon the whole community. THE M. E. Church, of this place, which has been tastefully and beautifully retitted, will be re-dedicated, to the worship of Al- 71 P. M., to elect officers for the next six mighty God, on Sunday, April 10th ev. J. Wulker Jackson, of Philadelphia, will preach in the morning at 10 o'clock and Rev. J. H. Alday, of Philadelphia, in the evening at 71 o'clock. In the afternoon will be held a re-union service, at which the large and flourishing Sabbath school will be present and a number of former pastors.

THE proposed new Town Hall is being thoroughly canvassed. Everybody seems to be in favor of it, except a few who think it should be erected by private enterprise. The expenditure will not increase the rate of taxation, but, in all probability, in the course of a few years will be the means of reducing it. Let every mechanic, ever la boring man, every tenant, every property holder, who desire to increase the value of his property, every young man and every voter, no matter what may be his condition in life, turn out on Saturday, 9th prox. and vote for" Life, energy and improvement."

-Herald. THE Reading Room will be open on o about April 1st. The rules for its government are republished elsewhere by request of several citizens. They speak for them selves. The Good Templar's Hall will be fitted up tastefully, chairs, tables and desks arranged around the room, and everything done to make the place pleasunt The association will keep a file of about 30 of the best dailies, and several hundred weeklies. The room will be open from 9 A. M. to 10 P. M. papers will be placed in the room immediately after the arrival of each mail. Periodicals and monthlies of all kinds will be presented, together with such other literary matters as can be sustained by the funds of the association. Let every citizen lends a helping hand to this praise worthy enterprise.

John S. Hacker, hardware merchant at Litiz, met his death in a sad manner. While watching men engaged in tearing down an old frame building, a beavy log, termed by carpenters the side plate, fell on him, injuring him to such an extent that he died in about half an hour. A young man by the name of Uxley was also injured, the log breaking one of the bones of his leg.

ELECTION .- Susquebanna Lodge I. O. of O. F. held semi-annual election last Monday night, which resulted as follows: Noble Grand.—John L. Long. Vice Grand.—J. G. Pence.

Treasurer.—Philip Shreiner. Secretary.—R. J. M. Little. Assistant Secretary.—J. W. Steacy.

GRAND exhibition will be held in Odd Fellews' Hall on Monday evening, April 4th 1870, for the benefit of the new band now being organized by the colored citizens. The entertainment will consist of plays. For a good hearty laugh and an evening's pleasant entertainment go to see them on the 4th of April. 2t

THE citizens of Columbia are respectfully nvited to call at the New Columbia Clothing Hall No. 5 Front street. The latest styles, the best patterns, and the finest goods always on hand, you can get coats, pantaloons, vests and in fact any article usually found in the gentleman's furnishing department. The goods were bought at panic prices, and will be sold accordingly.

A Large Egg .- There has been left at this office a hen's egg measuring 8} inches in circumference one way and 61 the other and velghing 37 oz. It is the largest we have seen, and in every respect a perfect egg. It was purchased by Rob't, Hamilton in a lot from the basket of John Berger of Manor. If our citizens want hig eggs let them get them where,"Bob" gets his-out of Berger's

THE FIRST RAFT.-The first raft of the season landed at our shores on Tuesday office, so that their papers may reach afternoon piloted by Harry Seiple formerly of Washington, b. c., lately of Williamsport. Mr. Seiple, we learn is one of the most skillful pilots on the river. At the present stage of water, surely his adventure was one of peril and diffculty. Mr. Selple's family and furniture accompanied the raft and have been taken to Washington, where Mr. Seiple intends to reside.

BRIEFS.-Hiram Aiken, a brakeman on the Penna. R. R. had several of his toes crushed by the flange of a car wheel passing over them on last Saturday morning. Mt. Bethel Cemetery Company will accept \$1500, as a loan, interest payable in gold

at 6 per cent. The universal cry of high rents is having its effect. People will not pay extortionate

rates for houses any longer. The Reading Room will be open on the 1st of April or as soon thereafter as possible. Any person young or old, can have access to the rooms. Membership in the association costs one dollar a year.

Two dollars from every subscriber will

reatly oblige us. LUMBER PROSPECTS .- The Wrightsville Srar says "Croakers have been busily engaged in circulating reports that the supply of lumber and timber would be scant this spring owing to the scarcity of snow in the lumbering districts of our State. Recent information from the headquarters of the Susquehanna lead us to believe that the any one should oppose such an enter-supply will be as large as usual. The snows prise is to us a mystery. He might as well that have have visited as during this month have extended to that section of the State, affording the timber men ample opportunities for getting their jogs to the streams. The Ruftman's Journal, of recent date, pub lished at Clearfield, says: "Since our last issue, we had several light falls of snow and in consequence the roads have been in good hauling condition. Much of the timber which still remained in the forests has been conveyed to the streams, and the probability now is that a pretty full supply will reach the markets in the spring."

Pursuant to adjournment, the "Columbia Reading Room and Library Association" met in the Town Hall on Tuesday evening, the 20th ult., S. S. Detwiler, President, in the chair. The minutes of the last meeting being read and adopted, Geo. Young, ir., Chairman of the Committee on Subscriptions, reported the gratifying fact that the Committee, with very little labor, had secured subscriptions to the amount of \$280, and that he was confident \$600 could be raised, as those who would be likely to sub-

subscribe \$1 each, had not been approached Reportaccepted and Committee continued On motion of Joy Mifflin-Resolved, That another rule (rule 8) be

incorporated into the regulations of the as-sociation, to read: "Fifteen members shall constitute a quorum for the transaction of business. On motion of Geo. Young, jr .-

Resolved, That the President and Secretary be a committee to get up 200 circulars, to be sent to the different editors and publishers, requesting that their publications be sent free to the Association, and in case of refusal to state the lowest rates at which they will be furnished. they will be furnished.

After an animated discussion as to the best method of furnishing the Hall, the Association odjourned to the Hall on Second Street, to continue the discussion. At 91 P. M., adjourned to meet in the Second Street Hall, on the 2d Tuesday of April, at months.

B. F. MULLEY,
S. B. CLEPPER,

S. B. CLEPPER, THE NEW TOWN HALL .- The only opposition to the new Town Hall will come from those who think the project will add to the debt, or from those who consult selfinterest. The debt cry is an old one, and

was the rallying cry of the opposition to the new Market House. Yet facts prove that the investment was a profitable one all around. The income of the stalls pays a liberal per centage on the entire invest ment. The new Hall with stores and offices un der it, with Masonic rooms and council chamber over it will according to the most careful estimates of practical business men yield a liberal or at least a reasonable percentage. Why may not the borough make the investment, and secure all the advantages, not only for the corporation but also for the public. THE PEOPLE need a Public Hall, the Borough can build a better one than any private individual or com-

pany. We have assurance that it will be done in the most economical way, and with a design to yield the largest return. Why measure to expend the public funds to enrich any private in lividual, opposition to it would be a virtue. People should lay aside selfish motives in this matter, and yield to the sentiment that we should consult the interests of the whote community. The hall should be large, it should be central, it should be built with a view to revenue; all these objects will be secured by the plans

proposed. B USINESS CHANGES .- We give below all changes in places of business, already heard from, which have taken place, or will take place next month. Our readers will please inform us of any change not

mentioned here: Jos. Knotwell will relinquish his confectionery business and open an ice cream saloon, and cake bakery on South Second street, between Cherry and Locust.

Mrs. Turner will open a first-class groce y store in the building now occupied by Jos. Knotwell.

Mr Bachenheimer will open a boot, shoe, and clothing store in the building formerly occupied by I. O. Bruner, on North Front street.

Mrs. H. F. Brooks has opened a boot, shoe and trimming store, at her residence, No. 130, Walnut street.

Daniel McCauley will remove his flour, eed and provision store from Fifth street o 213 and 245 Locust street. C. Lucas will remove his barber shop to

No. 235 Locust street, to the office formerly occupied by J. Strine. Dr. Smith will remove his dental rooms, o the second floor of the building now occu-

ed by Jos. Knotwell. Henry Rice will relinquish his clothing ousiness, and move to Philadelphia. We have not learned the nature of the business

be intends to engage in. Mrs. Hunter will move to Harrisburg and relinguish her business. Geo. Wike will remove his butchering establishment to the building lately occu-

pied by Chas. Shillot, on South Fourth Mrs. Shoemair intends opening a saloot n the new building she is now having

erected on North Front street. Samuel Grove will close his boot and shoe store on Front street and continue the business in his new building on South Third

The Jewelry store formerly owned by Messrs. Butler & McCarter has been pur chased by Messrs. Massey & Son, who intend to carry on an extensive business. The New York Branch store has been renoyed to Marietta.

Frank Shillot has purchased the store stely owned by S. F. Berntheisel, corner of Third and Union streets, and intends opening a Dry Goods and Grocery store. He will relinquish his butchering business, Jerome Shreck has removed his boot and shoe store to Wrightsyille, and intends to enlarge his stock of goods.

Old Barnes will open a boot store at No 175 North Front street. E. Spering has removed his Jewelry store to the building formerly occupied by Mrs.

Hunter, on Locust street. I. C. Kauffman has opened a wholesale and retail Cigar store and manufactory, on Union street, between Front and Second

streets. Chas. Shillot will remove his butchering establishment to the building formerly occupied by F. Shillot, corner of Third and Perry streets.

DEAD BODY FOUND.—The dead body of a What Our Neighbors Think of Us. colored citizen, supposed to be George Hamlin was found and picked up yesterday morning by the first local freight eastward, near Groom's Mills on the Penn's. R. R. The body when found was lying between Minister, \$89; Freedmen, \$69; Home for the tracks, the neck, part of the face and one arm mutilated. The accident happened during the night and was not witnessed by any one. Deputy Coroner Fraley held an inquest and the jury rendered a verdict

of . ccidental death by being run over by the cars. PERSONAL .- From the Savannah Republican of the 23d we learn that our fellowtownsman Dr. Howard S. Case arrived at that city on the 22nd, per steamer "Wyoming" from Philadelphia. The weather was mild and more akin to May than "stormy March." In the morning Pluto had everything his own way, causing a general use of umbrellas, overcoats and heavy boots. In the afternoon Old Sol shone forth, but his rays were soon hid by heavy clouds, which went drifting across the heavens, and the weather-wise prognosticated "more rain." but they were mistaken, and the sunset betokened a fair to-

Accident.-On Saturday last, John H. Heistand, of Duncannon, Perry county, Pa., son of John M. Heistand, of East Donegal twp., while attempting to get on the Lancaster city mail train at noon, opposite the Columbia Bridge, fell and the cars pass ed over his lett ankle, mutilating the limb Boots and Shoes, Gaiters, Slippers, &c., to in a shocking manner. The unfortunate man was taken to a house in the neighborhood, and medical assistance called in. After a brief examination by Dr. Craig, assisted by Drs. Linaweaver and Bruner, the limb was amoutated six inches below-the knee. At last accounts the sufferer, though in great pain was doing as well as could be expected.

ANOTHER INVOICE. - A. R. Hougendobler has received a second invoice of spring goods and is better than ever prepared to accommodate the public to every description of boots and shoes, including gaiters slippers, ladies misses and children's shoes of all colors. The largest stock of infants' shoes ever before opened at the lowest prices. Ladies' gaiters as low as \$1.00. Also an elegant assortment mens' boys and youth's hats and caps of the latest styles at prices that defy competion. White corsetts at 50 cents. Hosiery and notions at panic prices. The public will find it a profitable to give him a call at corner of Third and Cherry streets, Columbia, Pa.

THE ARTS .- We had the pleasure a few days ago of examining very fine portraits of several of our citizens, executed by Mrs. Julia F. Gilman, the artist, of Philadelphia. These portraits are universally praised, and the likeness in each care strikingly correct. Mrs. Gillman's success in crayon portraiture has excited quite an interest. Crayon portraiture is not new. It possesses advantage over oil paintings as the lights and shades fall more fully under the control of the artist's taste. The portraits of Mr. & Mrs. Dr, Hinkle, Mr. & Mrs. J. G. Hess, and Mr. & Mrs. M. M. Strickler have fully established all that is claimed for this branch of the arts, as well as the artist's

ability. THE TECHNOLOGIST.—This is a new monthly especially devoted to engineering nanufacturing and building. The second number, now before us contains a very fine full page engraving, on tinted paper giving details of the East River Bridge Cassion and other illustrations. It has large pages and is full of entertaining matter which will nterest the mechanic and the general reader. Published by the American News Co. N. Y., \$2 a year; Send 20 cents for a speci-

FLORAL BEAUTIES .- A visit to the ' paradise" of Columbia affords one of the most refreshing sights of the season. The Columbia Nursery is now in "full blast," and Mr. Purple the energetic and obliging prois prepared to fill all orders of his numerous customers. The large stock of Arborvitæ, Norway Spruce, Irish Junipers Flowering Shrubbery, Shade Trees and Small fruit affords every inducements to those wishing to make selections. One of the hot houses presents a most lovely appearance. The roses and verbenias are in full bloom, imparting a fragrance and exhibiting a beauty rarely equaled; Geraneums, Petumas, Helitropes, Daisies and basket plants are on hand in great variety and profusion. In fact Mr Purple can please the most fastidious. We advise our readers to give him an immediate call and make

early selections from his stock AWARD OF CONTRACT.-We are pleased to learn that the proposal for the dressed material for "Aston Terrace Hotel Company" at Downingtown has been accepted and awarded to Messrs. Bachman & Dehuff, and for the lumber to Mr. John Peart and Mr. Geo. Bogle, all of this place. This Hotel when erected will be one of the largest and perhaps most commodious in the State. The main building is three hunderd feet long, with three wings extending back eighty-five feet. The situation is very pleasant, overlooking one of the most beautiful and romantic valleys in the State, the

landscape extending from seven to ten miles. The bid of Bachman & Dehuff will cover about ten thousand dollars' worth of turnished material. The lumber required in its construction will amount to about five hundred thousand feet, all of which will come from the lumber market here. We ere pleased that this contract has been awarded to Columbians, as it gives employment to a large number of hands, and is an

indication of the busy times coming. AT a special meeting of the Psi Omega Fraternity held March 29th 1870, the followng resolutions were unanimously adopted: WHEREAS, It has pleased the Almighty Ruler of Heaven and Earth, who holds in his hands the life of every one of us, in his infite roodness and mercy to remove from our midst, thus early in life our eteemed friend and brother, D. Harvey Smith. W. W. therefore be it.

Resolvedt. That in the death of our broth-Resolvedt, That in the death of our brother our fraternity has lost a truly valuable and devoted member and we are thus sudcalled upon to mourn the loss of our whom we have ever cherished the most tender feelings of respect; his manly virtues, gentlemanly deprotment, and magnanimity of mind and heart now and a most worthy place in our affections.

Resolved, That we deeply sympathise with the affected family in their sad bereavement, knowing truly the irreparable loss they have sustained in the death of so noble and affectionate a son and brother; and we

ectionate a son and brother; and we an only thus in the midst of their sorrow and affliction recommend them to seek con-olation from Him who doth teach Himself n all things, and who alone can dry the nourner's tear and soothe the troubled and

wounded spirit.

Resolved, That as a token of our esteem and appreciation of the worth of our late friend and brother, the members of our Fraternity wear the badge of mourning for the space of thirty days.

Resolved, That a copy of these resolutions be transmitted to the family of the deceased and also a copy be submitted to the Columbia SPY and the Franklin Repository, of Chambersburg, for publication.

TOWN HALL AT COLUMBIA.

Our neighbors across the river, are fully determined to erect a new town hall in Columbia. They have appointed a Committee to report upon the subject, and the site is already selected, and the work will go on. The place designated is the south wes corner of Locust and Third streets-a most eligible and desiralbe situation, and the costs to the Borough are not to exceed \$40 000. Whatever more may be necessary to complete the enterprise, will, no doubt, be raised by private contributions, as the price of a hall such as would satisfy the Co lumbians, would, certainly, far exceed that amount. It is proposed that legislation be obtained to enable the borough to issue bonds for the amount named provided twothirds of the citizens favor the project. There will be no doubt that it will, thus, be favored, as the people of Columbia are enterprising and do not stop at a few pennies in the work of home improvements. trust our good citizens of York will take inspiration from this prompt and decisive action of our neighbors across the river and devise means, at once for the construction of a hall in our borough, an enterprise which we have already stated as not only desirable but profitable.-True Democrat. COLUMBIA, March 31.

Editor Spy:-A person should never write or speak (except interrogatively) upon subjects of which he knows nothing; but I find your correspondent "Argus" violating this plain proposition in his article of Saturday last, on the subject of the Council procuring instruments "especially" for the Borough Regular. Now, if Argus knows anything on the subject, he ought to know that if the instruments were procused by Council, at the expense of the borough, they would not be for the benefit of the Regulator, but of the borough, whose streets &c., would be laid out and graded by the aid of those instruments; and he should also know that it is not at all a common thing for engineers now-a-days to own instruments, they being procured by the cities, boroughs, railroad companies, &c., that require their use. Land surveyors work for individuals, and must furnish their own instruments, but engineers generally work for corporations, which are able to furnish the implements. Argus might have spared his wit about Mountville, Drytown and the "full-fledged" engineer, as I presume the whole profession will be willing that he wears all the (goose) feathers himself.

March, 29th, 1870. MR. EDITOR :- I see by the proceedings of the Reading Room and Library Association that the rooms are to be open every day in the week Sunday excepted, and as one interested in every movement undertaken in the community I would ask why the exception of Sunday in the opening of this public reading room. In many of the larger cities the public reading rooms and libraries are kept open every day and evening during the week, and are felt to be a source of great good to the masses both intellectually and morally. I am aware that there is a disposition among some people to exclude everything from the Sabbath, but that pertaining direct to the church, but 1 fear it is a principle both wrong in conception and in its results. It is right to do well as the Sabbath day and overything calculated to benefit the intellectual and moral faculties of man, whether organized inside or outside the church may be safely tolerated on this day. We have among us many young men and some older ones, who to use a common expression "de not know what to do with themselves on Sundays"-and are found loafing on the corners-if not in worse places-who if this reading room was opened might spend their leisure Sunday moments there in reading, thus improving their minds if not their mo ral natures. But will say the objector. these men ought to go to church on the Sabbath." Granted that they ought, but we know they don't and common sense would teach us that if we can get them to a reading room when they can certainly do no harm and may do good, we are acting the part of wise men. I am not one of those who because people will not go to church are in favor of depriving them of every other rational means of enjoyment or improvement. If we can not get the people to till our churches, let us furnish a place where they may be prevailed upon to go, and which may at least be the means of keeping them from Hotels, Beer Saloons, Gambling Hells and the like. It is to be hoped that those having this matter in charge will consider carefully this matter and that the rule may read us it should, the rooms will be open every day and evening in the week. CITIZEN.

[The object of the Reading Room is to extend moral and intellectual advantages to the public during the week, and not to sup plant the offices of the church on Sunday. It may do good to have the reading rooms of larger cities open on Sundays, (though that is a disputed question) but in a town like Columbia, where everybody knows almost everybody else, it would be better for neighbors and citizens to greet the wayfaring with a christian "good-morning" and invite them to join in the services of the sanc-

Burglary and Robbery. Bold burglary and robbery were perpetrated at the residence of Mrs. Rogers, widow of the late Dr. James Rogers, on the west side of North Duke street, between Orange and Chestnut. Three men were concerned in the affair. The entrance to the house was effected through a door on the lower story of the back part of the building, the burglars boring panel of the door through which a was inserted and the key turned. After gaining admittance into this part of the house, there was no further impediment to their progress—the other doors being unbolted—and they passed into the sitting annonted—and they passed into the sitting room, and from there up stairs into Mrs. Roger's sleeping room, which is immediately over the sitting room. The first intination that Mrs. R. had that robbers were in her house was from seeing a light in her room. As soon as the fellows found they were discovered, one of them, whose from was nucked with a bandler. whose face was masked with a handkerchief, went to the bed where Mrs. R. was lying, and holding a pistol to her face, threatened that he would shoot her if she gave an alarm. Two other men were also in this room for a portion of the time, though one of them was sent down stairs for some purpose, probably to stand guard An old secretary which was standing in the room was opened by the robbers, and its contents examined. Here about a andred dollars in bank notes, a patent lever silver watch, certificates of deposits in Bair & Shenk's banking house, several promissory notes, and several United States government bonds of the value of \$500 each, were found and taken. The balance of the contents of the secretary were strewn over the floor. One of the men demanded a thousand dollars, but the old lady stated that she had not that amount of money in her possession. While the robbers were at work in the room of Mrs. R. one of the men held one of his hands over her eyes. After getting through with the search for valuables, the piece of muslin and left. As soon as the old lady could extricate herself she went to the front part of the house and cried The door out of which the panel was

A sleeve button, a pocket knife and a brace and bit—the latter having been used in taking out the panel of the door—were left by the burglars. Several blades of the knife are covered with putty and paint. Mrs. R. states that the clothes of one of the men in the room were soiled with paint.

Two young men named Henry Hime and Frank Le Barren were arrested charged with being implicated in the crime. Both were taken before the Mayor, who committed them to prison for a further hearing in default of \$2,000 bail each. Both the accused are well known
