"There is a brandy smash," as a wag said when a drunken man fell through a pane of glass. 'I have very little respect for the ties of this world," as the chap said when the rope

was put around his neck. A miserly old fellow down East has hit upon an experiment to save candles. He uses the " light of other days." The man who attempted to "run up a

large bill," "fell into debt"so deeply that he found it impossible to extract himself. A patent has been taken out in Boston for cleaning fish, by giving them snuff. When they sneeze, their scales fly off.

A gentleman asked a negro boy if he would't take a pinch of snuff. ', No," replied the darkey, very respectfully, "me

A disreputable scamp described his deceased uncle as "a greedy old pig." Being asked why be spoke so of him, he said, "because he left him nothing in his (s) will." Not having heard from the debating societies in relation to the conundrum, " Why

do hens always lay eggs in the day time?" a cotemporary answers, "Because at night they are, 'roosters." It being announced that an ingenious Yankee had invented a machine to make a man rise early, an old bachelor declared

A Chicago enitor says: "There are ten, thousand lawsuits pending before the courts of this city, in which thirty millions of dollars, the domestic happiness of two hunered and thirteen families and twenty-

The Minister's Joke.

Old Dr. Strong, of Hartford, Connecticut, was not often outwitted by his people. One time he had invited a young minister to preach for him, who proved rather, a dull preacher, and whose sermon was unusually long. The people became wearied, and as Dr. Strong lived near the bridge, near the commencement of the afternoon service he saw his people flocking across the river to

have you preach to his people, and if you will do so, I will give you a note to him, and will be as much obliged to you as I would to have you preach for me; and L want you to preach the same sermon that you preached to my people this morning."

The young minister, supposing this to be a recommendation of his sermon, started off in good spirits delivered his note, and was invited to preach most cordially. He saw before him one-half of Dr. Strong's people, and they had to listen one hour and a half to the same dull, hum-drum sermon that they heard in the morning. They understood the joke, however, and said they wouldn't undertake to run from Dr. Strong

-In the interior of Berks county, last Wednesday, a Dutch farmer was observed to go out in his front yard and raise the American flag upon his porch. Then he got his gun and fired a salute seventeen or eighteen times, and set off four packs of fire-crackers, and gave three cheers for the Union, He appeared to enjoy himself in this way pretty nearly all day, while the neighbors gathered around outside and hooked their chins on the fence, watching him, and wondering what in the mischief he was at-

A peddler came along stopped and interviewed him, to find out, if he wasn't rejoic over the Prussian victories. To his surprise he found this benighted agriculturist was celebrating the Fourth of July, 1863. He didn't know it was any later in the century than that, for he had been keeping his calendar on a notched stick, as he had been sick a good deal, he had got the thing al mixed up somehow. Under ordinary circumstances he wouldn't have heard of the present war until 1884. He was much depressed when he learned from the peddler that he was seven Fourths of July in araears; but he is now engaged in going through them all with patriotic devotion. There will be fire works in Berks county now every evening until Wednesday.

ADDRESS

Whose sufferings have been protracted from hidden causes, and whose cases require prompt reatment to render existence desirable: If you are suffering, or have suffered, from involun-tary discharges, what effect does it produce upon your general health? Do you feel weak, debiliyour general neath? Doy ou feet weak, debut tated, easily tired? Does a little extra exertion produce palpitation of the heart? Does your liver, or urinary organs, or your kidneys, frequently get out of order? It your urine sometimes thick, milky or flocky, or is it ropy ou settling? Or loss a sediment at the bettom after thes stood.

SPECIAL NOTICES.

Or is a sediment at the bottom after it has stood awhile? Do you have spells of short breathing or dyspepsia? Are your bowels constipated? Do you have spells of fainting, or rushes of blood to the head? Is your memory impaired? Is your mind constantly dwelling on this subject? Do you feel dull, listless, moping, tired of company, of life? Do you wish to be left alone, to get away from everybody? Doesany little thing make you start or jump? Is your sleep broken or restless? Is the lustre of your eye as brilliant? The bloom on your cheek as bright? Do you enjoy yourself in society as well? Do you pursue your business with the same energy? Do you have as much confidence in yourself? Are you have as much connecence in yoursell? Are your spirits dull and flagging, given to fits of melancholy? If so, do not lay it to your liver or dyspepsia. Have you restless nights? Your back weak, your knees weak, and have but little appetite, and you attribute this to dyspepsia or liver-complaint?

Now, reader, self-abuse, venereal diseases bedly any development of the production of the

badly cured, and sexual excesses, are all capa ble of producing a weakness of the generative organs. The organs of generation, when in perfect health, make the man. Did you ever think that those bold, defiant, energetic, perse-vering, successful business men are always those whose generative organs are in perfect health? You never hear such men complain of being melancholy, of nervousness, of palpitation of the heart. They are never afraid they can-not succeed in business; they don't become sad and discouraged; they are always polite and pleasant in the company of ladies, and look you and them right in the face-none of your down

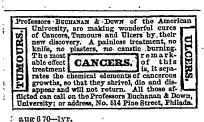

cast looks or any other meanness about them. I do not mean those who keep the organs inflated by running to excess. These will not only ruin their constitutions, but also those they dobusiness with or for. How many men, from badly cured diseases, from the effects of self-abuse and excesses, have brought about that state of weakness in those organs that has reduced the general system so much as to induce almost every other disease— idiocv, lunacy, paralysis, spinal affections, sui-cide, and almost every other form of disease
