Premium Fanning Mills.

Important to Farmers and Michanics, THE subscriber has purchased of J. Bamborough the right to use in Potter and M'Kean counties his patent in the construction of Fanning Mills. He has also, at great exbense, commenced the manufacture of a PRE-MIUM MILL which will clean from 100 to 200 bushels per hour. This Mill was pate ted March 20, 1847, since which time it has stood at the head of the list at all the State and cenn-ty agricultural societies where it has been ex-hibited, and is a universal favorite with all farmers who have tried it. It took the premium at the first Agricultural Fair held at Harrisburg, Oct. 31st, 1851, when there were 30,000 people present; and at the great State Agricultural Fair at New-York, held at Roch-

ester Sept. 16-19, 1851, this Fanning Mill received the highest honors.

Having met with uniform success wherever tried, I confidently invite the farmers of Potter and M'Kean counties to call at my shop in Condensport and examine for themselves.
