Premium Fanning Mills.

Important to Farmers and Mechanics. THE subscriber has purchased of J. Bamborough the right to use in Potter and M'Kean counties his patent in the construction of Fanning Mills.

He has also, at great expense, commenced the manufacture of a PREMIUM MILL which will clean from 100 to 200 bushels per hour. This Mill was patented March 20, 1841, since which time it has stood at the head of the list at all the State and county agricultural societies where it has been exhibited, and is a universal favorite with all farmers who have tried it.

It took the premium at the first Agricultural Fair held at Harrisburg, Oct. 31st, 1851, when there were 30,000 people present, and at the great State Agricultural Fair at New-York, held at Rochester, Sept. 16-19, 1851, this Fanning Mill received the highest honors.

Having met with uniform success wherever tried, I confidently invite the farmers of Potter and M'Kean counties to call at my shop in Coudersport and examine for themselves.

A supply always on hand, to be sold on reasonable terms. JOHN RECKHOW.
