ROLL ON THAT BALL.
Every free State that has held an election since the introduction into the Senate of the Douglas bill, has struck down the allies of Slavery, and has said in thunder tones to the Slave Power, You shall rule this nation no longer; hereafter Freedom shall predominate in the legislation of this nation. New-Hampshire, Connecticut, Rhode-Island, and Iowa, have already sent their cheering shouts across the continent; and now we add that of Vermont. Last year the old line democrats united with the free soilers and carried the State. But the crushing out process of the Administration drove all free soil men away from the party; and now the Administration is where.

The N. Y. Tribune of Sept. 9 says: The Anti-Nebraska victory is more overwhelming than was at first reported. We believe Judge Royce's majority for Governor will not fall below 12,000, while those of Gen. Fischer for Lieut. Governor, and Bates for Treasurer, will run up to 12,000. It is understood that the Pierce and Douglas men have not carried a County or Senator in the State—not a member of Congress in a State office. That Douglas's native county returns 28 Anti's to 2 Nebraskas—that out of 20 members elected, the Douglas men will have only 33. If we are not mistaken, we have frequently heard the *corresponde* hunter speaker assert, that the people of Vermont were the most intelligent and the most democratic of any in this Nation. If it would not be impertinent, we should like to have his opinion as to the democracy of the voters of Vermont now, and whether they are as intelligent as they used to be, in his opinion. Our own opinion is, that intelligence is death to humbug, and we ask the voters of this county, to imitate the glorious example of their Vermont brothers, by giving the allies of Douglas in this county a Nebraska settler.

The quarterly session of the Grand Lodge of Good Templars lately held at Williamsport was well attended and exerted a happy influence. Our good friend, Rev. Joel Jewel of Bradford Co., was there, and did good service, as we learn by the following paragraph from the Independent Press: On Wednesday night the Court House was filled with an interested and intelligent audience, when Rev. Mr. Jewel, of Bradford, addressed in his usually able and forcible manner, upon the merits and necessities of a Prohibitory Law. On Thursday the Grand Lodge was engaged in hearing appeals and reports of committees, and brought their labors to a close about 6 o'clock P. M. In the evening Rev. Dr. Dougherty of Bellefleur gave a well planned address, answering the various objections to the Temperance organizations of the day, and was followed by Rev. Mr. Jewel, in a brief, clear, and humorous address that called for loud and long-continued applause.

The long drought has finally come to an end. It commenced raining on Friday night last, and continued at intervals for four days, during which time the ground was thoroughly soaked. The fall feed promises to be abundant. Potatoes are coming in fine. The buckwheat crop is more than an average, and corn never was better in this county. Our farmers are looking up, and we believe that we have escaped so well.

FREE DEMOCRATIC STATE CONVENTION.
The Free Democratic State Convention assembled at Harrisburg, Aug. 30th. Dr. Robert Mitchell, of Indiana, President, and Eli Dillin, of Philadelphia, Secretary. The following resolutions were adopted and ordered to be published:
1. Resolved, that the so-called democratic party, by its systematic subservience to the slave holding power of the country, as manifested by a series of measures, the last of which, the Nebraska-Kansas bill, involving the repeal of the Missouri compromise, has given the most indubitable evidence that it intends to submit to every demand on that power, even though it may involve the introduction of slavery into the free States, the revival of the foreign slave trade, and the prostration of the popular branch of our government, by making it subservient to the Senate, through the introduction into that body of senators, (the representatives of slave holding constituencies, insignificant in point of numbers); thus setting

at defiance the will of the people, and constituting the only cause to anticipate a dissolution of the Union.
2. Resolved, That the present State and General Administrations have boldly assumed the responsibility of the above policy, and the Free Democracy hold them responsible for this departure from the policy and principles of the fathers of the republic.

3. Resolved, That the only questions now prominently before the people of this State are those of liberty against slavery, and temperance against intemperance, and upon these issues will be determined the approaching gubernatorial election; and that the candidate of the so-called Democratic party, stands before the people, as the justifier, if not the advocate of the extension of slavery to a territory now free; and upon the subject of a prohibitory liquor law (the only adequate remedy for the manifest evils of intemperance), his position is unsatisfactory to the friends of temperance.

4. Resolved, That in view of the transcendent importance of the questions now before the people, the one involving their honor and integrity, touching solemn compacts, affecting human liberty; the other, the happiness, temporal and eternal, of millions yet unborn, it becomes the friends of liberty and morality to disregard all party ties and prejudices, and unite in one body in opposition to an administration whose measures are so fraught with evil to the human race.

5. Resolved, That without expressing, upon this occasion, any opinion as to the old issues which have heretofore divided the Whig and Democratic parties, or as to any collateral or secondary questions which may exist between them, we cannot fail to recognize the issues as being fairly made upon the two great questions above named, and that the Hon. James Pollock stands before the people of the State as the representative of the sentiments of Liberty and Temperance, and should therefore receive the support of the Free democracy of the State.

6. Resolved, That we accept the proposition to withdraw, tendered by our worthy candidates for several State offices, in order that an undivided front may be presented in opposition to the State and National Administrations at the ensuing election.

7. Resolved, That notwithstanding the withdrawal of our State ticket, we deem it our duty to maintain our distinctive organization as a Free Democratic party. We nevertheless express a willingness to unite with our fellow citizens of other parties, at any time, in forming a new party of the people, to maintain the rights of freedom, and resist the encroachments of slavery, whenever an effort to that end shall be made.
