From the National Era.

CHANGES IN THE SENATE.

The old conservative Whig Party is left without a representative from New England in the Senate. Henry Wilson, who takes the place of Mr. Everett, seceded from that party in 1848, is a man of the masses, of radical and reformatory views. Mr. Fessenden, of Maine, is in connection, we believe, with the Morrell or republican Party of that State. Mr. Foot, of Vermont, sympathises, it is understood, with the new order of things in his State. The result of the late election in New Hampshire, authorizes the belief that two Anti-Nebraska Senators will be returned, probably Mr. Hale, and some gentleman hitherto a member of the Whig Party. The Old Line Democracy is little better off in that section. Mr. Hamlin will hardly separate himself from the Morrell or Republican Party, but Messrs. Allen and James, of Rhode Island, and Mr. Toucey, of Connecticut, still cling to the old dynasty.

What changes since 1852, when Franklin Pierce was inaugurated! Then, of the twelve New England Senators, the Whig and Democratic Parties, each claimed five, and the Anti-Slavery, but two, Messrs. Hale and Sumner. Now, the old Whig party can claim none, the old Democracy but three, while the rest represent the Anti-Slavery Party, under one or other of its forms, Fusion or Republican.

The delegation from New York and New Jersey, in the Senate, continue unchanged.

A Conservative Whig from Pennsylvania goes out, but what strange creation may take his place is unknown.

Michigan is without any representatives in the Senate, owing to the two gentlemen claiming to act there in her behalf, having disavowed her authority.

To the disgrace of Ohio, Mr. Chase is to be succeeded by a disciple of the Calhoun school, the only loss Freedom has sustained in all these changes.

Mr. Pettitt, a Hunker Democrat from Indiana, retires, to an asylum, we believe, in some county court. Although his successor is not yet chosen, Freedom gains by his absence.

Illinois sends an Anti-Nebraska Senator in the place of Pro-Nebraska Gen. Shields.

Mr. Harlan, of Iowa, representing the Fusion Anti-Slavery forces of that State, takes the seat of Augustus Caesar Dodge, whose extraordinary abilities are to be exercised in repairing the mi-chiefs of the O tend Conference.

A doubtful, half-way, compromising Senator from Wisconsin, is succeeded by Mr. Durkee, one of the Old Liberty Guard, who will never under any circumstances give aid or comfort to Slavery.

Finally, we have a vacancy in the California delegation.

Out side of the New England States, Ken. Slavery and Conservatism gain one Senator, and lose six, while Freedom gains three, and secures the chances for two more.

A deeply affected cotemporary, in view of all these changes, exclaims:

"Gradually the conservative and constitutional influence in the Senate is passing away before the Know-Nothing organization. Gradually the stern and well-tried champions of the rights of the States are being stricken down in the North."

You cannot cheat the people in this way. Know-Nothingism had nothing to do with the election of Messrs. Fessenden, Brainard, Collamer, Gillette, Foster, Seward, Trumbull, Durkee, or Harlan; and although Wilson was sent here by a Know-Nothing Legislature, the efficient cause of his election was, the power of the Anti-Nebraska sentiment.

CHILDREN, ATTENTION.

You were made to be clean and neat in your person and in your dress, and gentlemanly and ladylike in your manners. If you have not been bitten by a mad dog, don't be afraid of fresh water. There is enough water in the world to keep every body clean; but there is a great deal of it never finds its right place. In regard to this article there is no danger of being selfish. Take as much as you need. The people of the West boast of their great rivers, I would boast of using a large tub of their water every day.

You were made to be kind, and generous, and magnanimous. If there is a boy in the school who has a club-foot, don't let him know that you ever saw it. If there is a poor boy with ragged clothes don't talk about rags when he is in hearing. If there is a lame boy, assign him some part of the game which does not require *running*. If there is a hungry one, give him part of your dinner. If there is a bright one, be not envious of him; for if one boy is proud of his talents and another is envious of them, there are two great wrongs, and on more talent than before. If a larger or stronger boy has injured you, and is sorry for it, forgive him, request the teacher not to punish him. All the school will show by their countenances how much better it is to have a great soul than a great fist.

You were made to learn. Be sure you learn something every day. When you go to bed at night, if you can not think of something new which you have learned during the day, spring up and find a book, and get an idea before you sleep. If you were to stop eating, would not your bodies pine and famish? If you stop learning, your minds will pine and famish too. You all desire that your bodies should thrive and grow, until you become as tall and large as your fathers or mothers, or other people. You would not like to stop growing where you are now, at three feet high, or four feet, or even at five. But if you do not feed your minds as well as your bodies, they will stop growing; and one of the poorest, meanest, most despicable things I have ever seen in the world is a little mind in a great body.

Suppose there was a museum in your neighborhood, full of rare and splendid curiosities—should you not like to go and see it? Would you think it unkind if you were forbidden to visit it? The creation is a museum, all full and crowded with wonders, and beauties, and glories. One door, and one only, is open, by which you may enter this magnificent temple. It is the door of knowledge. The learned laborer, the learned peasant, or slave, are made welcome at this door, while the ignorant, though kings, are shut out.—*Horace Mann.*

Very Important Information.

Dr. JONES, one of the most celebrated physicians in New-York, writes as follows:

DR. CURTIS—*Dear Sir*:—Having witnessed the excellent effects of your HYGEANA, OR INHALING HYGEAN VAPOR AND CHERRY SYRUP, in a case of chronic Bronchitis, and being much in favor of counter-irritation in affections of the throat, bronchial tubes, and lungs, I can therefore cheerfully recommend your Medicated Apparatus as being the most convenient and effectual mode of applying anything of the kind I have ever seen. No doubt thousands of persons may be relieved, and many cured, by using your remedies.

You are at liberty to use this in any way you may think proper.

Respectfully, yours, &c.,
C. JOHNS, M. D.,
No. 609 Houston street, New-York.

PROF. S. CHESTER writes as follows:

GENTLEMEN,—I have recently had occasion to test your Curtis's Syrup and Hygean Vapor, in the case of *chronic sore throat*, that had refused to yield to other remedies of treatment, and the result has satisfied me that, whatever may be the composition of your preparation, it is no imposition, but an excellent remedy. I wish, for the sake of the afflicted, that it might be brought within the reach of all.

REV. DOCTOR CHEEVER writes:

NEW-YORK, Nov. 15, 1854.

DEAR SIR:—I think highly of Dr. Curtis's Hygeian, as a remedy in diseases of the throat and lungs. Having had some opportunity to test its efficacy, I am convinced that it is a most excellent medicine, both the Syrup and the inhaling application to the chest.

J. BLOOMINGDALE, Principal.

The undersigned Officers and Trustees of the Coudersport Academy are moved by a sense of official and personal duty, to call the attention of the public, and of the people of our county in particular, to the rising and useful character of this institution of learning.

When we invited the present worthy Principal to the post he occupies, we found the Academy dismissed and declining. We submitted its organization and other most onerous affairs to his discretion and management; and our experience enables us with increased confidence to assure parents and guardians that he has proved faithful, efficient, and practical—just such an instructor as this community needs.

THE NATIONAL ERA.

WASHINGTON, D. C.

G. BAILEY, EDITOR AND PROPRIETOR.
J. G. WHITTIER, CORRESPONDING EDITOR.

The *National Era* is an uncompromising opponent of slavery and the Slave power; an advocate of personal, civil, and religious liberty, without regard to race or creed; a foe to all secret combinations to control the Ballot-Box, whether under the direction of priests or laymen; a friend of Temperance, the Homestead, and all reforms calculated to secure to Labor its just consideration, recompense, and official weight, and of Trade, its Natural freedom, in virtue of which every man has a right to buy and sell in whatever market he pleases. It believes in the right of individual judgment in all matters, whether of religion or politics, and rejects the dogma of *passive obedience and non-resistance* in both Church and State; holding that no man who swears to support the Constitution of the United States can deliberately vote at his own self-elected conviction of its meaning, without incurring the guilt of perjury, and that no citizen can obey a human enactment which requires him to commit injustice, without immorality.

It regards Slavery, and the issues involved in it, as forming the great Political Question of the day; taking the ground, that slavery, from its necessities, its measures and habits, is perpetually antagonistic to Freedom and Free Labor, and unchangably aggressive; that its workings can be counteracted only by a permanent system of measures; that the Whig and Democratic Parties, not having been formed with a view to the issues raised by the Slave Interest, but being held in thrall by it, so far from presenting any resistance to its exactions, aided Letters for enforcing them; and that one or both must be broken up, and the true friends of Liberty be united, without regard to old issues or prejudices, on a Party of Freedom, as a necessary preliminary to the overthrow of the Slave Power, It therefore gives its earnest support to the Republican Movement, so far as its policy has yet been developed—a movement which promises to effect such a union.

The National Era, while occupying a decided position in Politics, has amply provided in its Literary Miscellany and News Department for the various wants of the Family. Carefully abstracts of Intelligence, Domestic and Foreign, are given every week in its columns; during the sessions of Congress, special attention is devoted to its movements; and it has secured the services of some of the most distinguished literary writers of the country.
