

FREE WILL BAPTISTS.—A member of this denomination contributes the following statement to the New York Independent:

In their doctrine, the F. W. Baptists claim to be evangelical. They are free communions, and in this respect differ from the other Baptists. In church government they are independent. They are also Trinitarians. On other points of doctrine, they agree mainly with the Evangelical Lutherans, as interpreted by Knapp and Tholick.

The denomination, as justly represented by your Maine correspondent, occupies a prominent position on the anti-slavery question, temperance, and other reforms.

In the early rise of the anti-slavery cause, more than 6,000 of our members in the slaveholding States were separated from the denomination on account of their adhesion to slavery. Slaveholders are not admitted to our churches, nor slaveholding ministers to our pulpits. Political action is not made a religious test among us; though it is believed that most of our members carry out constantly their principles at the polls as elsewhere.

We have two mission stations in Orissa, India, several home missionaries at the West, and one among the fugitives in Canada. We have a Theological school at New Hampton, N. Y., with two professors, Rev. J. J. Butler and Rev. J. Fuller, and about twenty students. More than 150 students have been educated in this school, most of whom are now in the ministry. The literary institution at the same place, of which Prof. B. Stanton is principal, has an average of near 200 students. We have another Literary Institution of about the same number at Whitesboro, N. Y. Both professorships of our Theological school are endowed, and there is also a considerable fund to aid indigent students. Our friends are also establishing a college at Hillsdale, Mich., and have already raised about \$50,000 for its endowment.

The statistics of the denomination, as furnished for our Annual Register the present year, are as follows: Ordained ministers, 891; licensed ministers, 148; churches, 1,155; communicants, 48,800.

PROGRESS.—The National Temperance Organ, edited by Gen. S. F. Cary, at Cincinnati, Ohio, inserts several articles highly eulogistic of the labors of Miss Lucretia Wright, who is lecturing on Temperance in Kentucky. This we are glad to note, as an evidence of progress on the part of the General. We have still a most distinct and vivid recollection of the air of dignified self-satisfaction with which, about eighteen months ago, he offered the following resolution at the World's Temperance Convention in this city:

"Resolved, That this Convention fully appreciate the value, and the absolute necessity of the co-operation of our wives, our mothers, and our sisters, in the great and holy cause of Temperance, but that they are of opinion that the public platform of discussion is not the appropriate sphere of women."

Strange to tell, after the passage of this resolution, the women still dared, in the face of that terrible edict, to have an "opinion" of their own in the matter, and an attempt was made to claim the simplest right of a delegate in that Convention, by a woman accredited by two or three societies. Then with what an air of firm determination did the dauntless General return to the charge and thunder forth the following:

"Resolved, That the common usages of society have excluded women from the public platform; and whether right or wrong, it is not our province now to determine; but we will conform our action during the present Convention, to public usage, and exclude females from participating in the public discussions of this Convention."

Verily, it rejoiceth our heart to witness the conversion of so mighty a champion of the cause. We shall expect next, to reckon Marsh, and Hewitt, and Chambers, *id genus omne*, among the converts.—*Women's Temperance Paper.*

MONARCHISM AND REPUBLICANISM.—The whole population of Tuscany is little more than a million and a half, and yet, by the annual Treasury report just published, the annual expenses of government are near eight millions of dollars! The ordinary annual expenses of the State of New York, with double the population, are less than one! The cost of the Grand Ducal establishment is enormous.—The salary of the President of the United States is \$25,000, while that of the Grand Duke of little Tuscany is \$432,000, or \$36,000 a month. This enormous sum goes to support in luxury a numerous household, with five or six palaces for winter and summer residence in various parts of the country. The assembly rooms of the Pitti palace at Florence, the usual winter Ducal residence, have just been furnished at a cost of \$100,000, the chairs of the apartments costing \$300 each. The anniversary New Year's ball was brilliant beyond description.

She must be a foolish woman who puts her tub out of doors to catch soft water when it is raining hard.

War Declared at Last.
THE long repose of Europe is about to be disturbed by the legible note and the revolve of the drum, calling its slumbering millions to arms in the defense of their fitzides and their country. England and France are calling for men and means, and sending forward their armies to battle against the aggressions of the Russian Bear; but while the Old World is convulsed by revolution, annual peace and plenty reign in the New.

In the peaceful and quiet pursuit of our business we have formed a copartnership under the name and style of N. S. BUTLER & CO., and have taken the store in Empire Block, in the village of Olean, formerly occupied by Thing & Brother, and are now receiving a splendid new stock of goods adapted to the season and wants of the community, which we intend to sell exclusively for cash down, at prices that will cause consternation and dismay in the ranks of old fogyism that has been so long established in this section. Our stock will consist in part of the following Goods:

Hardware, Crockery, Boots & Shoes, Hats, Caps, Carpets, Oil Cloths, Drugs, Medicines, Dye Stuffs, Glass, Paints & Oils, Sash, Putty, Chairs, Bedsteads, Mattresses, Feathers, Stone and Wooden Ware.

And we mean to keep such an assortment of the above goods that persons from a distance can be assured of finding everything they usually want at prices that will do them good. Call and see for yourselves.

HYGEANA.

Brought Home to the Door of the Million.
A WONDERFUL DISCOVERY has recently been made by Dr. Curtis of this city, in the treatment of Consumption, Asthma, and all diseases of the Lung. We refer to Dr. Curtis' Hygeana, or Inhaling Hygeana Vapor and Cherry Syrup. With this new method Dr. C. has restored many afflicted ones to perfect health; as an evidence of which he has numerous certificates. Speaking of the instrument a physician says: "It is evident that inhaling—constantly breathing an agreeable, heating vapor, the medicinal properties must come in direct contact with the whole of the arial cavity of the lungs, and thus escape the many and varied changes produced upon them when introduced into the stomach, and subjected to the process of digestion. The Hygeana is for sale at the druggists' through out the country."
N. Y. Dutchman, Jan. 14.

The Inhaler is worn on the breast under the linen without the least inconvenience—the heat of the body being sufficient to evaporate the fluid.
Hundreds of cases of cures like the following might be named. One package of the Hygeana has cured me of the Asthma of six years standing.
Jas. F. Kesherry, P. M., Duncannon, Pa. I am cured of the Asthma of 10 years standing by Dr. Curtis' Hygeana.

Mrs. Margaret Estlin, Brooklyn, N. Y. Mrs. Paul of No. 5 Mammoth st., N. Y., was cured of a severe case of Bronchitis by the Hygeana.

My sister had been cured of a distressing cough of several years standing, and decided to be incurable by her physicians. She was cured in one month by the Hygeana.
H. Gaudin, P. M., Richmond, Md.

Price Three Dollars a Package.—Sold by CURTIS & PERKINS & BOYD & PAUL, No. 149 Chambers st., N. Y.—4 Packages sent free by express to any part of the United States for Ten Dollars.

N. B.—Dr. Curtis' Hygeana is the original and only genuine article, and all others are base imitations or vice and injurious counterfeits. Shun them as you would poison.

TO OFFICERS, SOLDIERS,

SEAMEN, &c., OF ALL WARS: THEIR WIDOWS, AND MINOR CHILDREN. S. M. KNIGHT, Attorney for Government Claimants, Washington, D. C.

CONTINUES to give prompt and personal attention to the prosecution of Claims of every description against the Government, and particularly to those before the Treasury Department, Pension and Bounty-Land Bureaus, Patent and General Land Offices, and Board of Claims.
An experience of years, and a familiarity with the means of obtaining the earliest and most favorable action on Claims, with his facilities for the dispatch of business, justify him in assuring his Correspondents, Claimants, and the Public generally, that no means will be neglected by him to secure the prompt payment of their claims.

He has nearly ready, for gratuitous distribution among his business Correspondents, (and those who may become such,) a neat pamphlet containing a synopsis of the existing Pension, Bounty Land, Patent, and Public Land Laws, down to the end of the late Congress—including the

BOUNTY-LAND ACT OF MARCH 3, 1855, under which all who have heretofore received less than 100 acres are now entitled to additional land; said Act grants also 100 acres to all Officers, Non-commissioned Officers, Chaplains, Soldiers, Wagon Masters, Teamsters, and friends of the Army, including Soldiers' Troops, Veterans, and Militia—and all Officers, Seamen, Ordinary Seamen, Marines, Clerks, and Landmen, of the Navy, not heretofore provided for, who have served not less than fourteen days (unless in battle) at any period since 1776; and to the widows and minor children of all such persons entitled, and deceased.

This pamphlet contains "Forms of Application" more full and complete than any elsewhere to be found; and up to the wants of every class of Claimants under the Act; with copious decisions and instructions of the Department, and practical suggestions as to the course to be pursued in suspended or rejected cases.

Parties not wishing to avail themselves of the facilities afforded by this Office in securing prompt and personal superintendence of their claims at the Department, can obtain copies of the above pamphlet by remitting thirty cents in postage stamps.

INDUCEMENTS TO CORRESPONDENTS. Correspondents who prepare and forward cases for management by this Agency will be dealt with liberally; supplied with all necessary blanks gratis, and kept constantly advised of the changes of the law, from time to time in the execution of the laws.

It is within the subscriber's power to direct his Correspondents to the locality of very many persons entitled under the Act; and having obtained several thousand Land Warrants under former laws, he is in possession of data that will materially assist in securing additional bounty.

For the usual rates—and contingent upon the admission of Claims.
The highest cash prices given for Land Warrants, Revolutionary scrips, and Illinois Land Patents.
Address S. M. KNIGHT, Washington, D. C.

Tin and Hardware.
THE undersigned has connected with his Tin, Sheet Iron, Copper, and Stove business, that of HARDWARE and CUTLERY, so that in addition to the business heretofore conducted by him, he is now ready to supply the public with almost every variety of Hardware, Mill and Cross-Cut Saws, Hoop Iron, Nails, Cable and Ox Chains, Carpenters' Adzes and Broadaxes, Manilla Ropes for Cables. A general assortment of Clocks, Japanese Ware, &c. of every description; and to boot, he designs to keep all such things as the public want in his line, which he will sell, not for less than cost, but for a very small profit indeed, and hopes by a strict attention to his business to receive liberal share of public patronage.

All kinds of Produce taken in exchange for Goods, at the highest market prices; also, \$20 per ton paid for old iron.

Premium Fanning Mills.
Important to Farmers and Mechanics.
THE subscriber has purchased of J. Bamborough the right to use in Potter and M'Keen counties his patent in the construction of Fanning Mills. He has also, at great expense, commenced the manufacture of a PREMIUM MILL which will clean from 100 to 200 bushels per hour. This Mill was patented March 20, 1847, since which time it has stood at the head of the list at all the State and county agricultural societies where it has been exhibited, and is a universal favorite with all farmers who have tried it. It took the premium at the first Agricultural Fair held at Harrisburg, Oct. 31st, 1851, when there were 30,000 people present; and at the great State Agricultural Fair at New-York, held at Rochester Sept. 16-19, 1851, this Fanning Mill received the highest honors.

Having met with uniform success wherever tried, I confidently invite the farmers of Potter and M'Keen counties to call at my shop in Coudersport and examine for themselves.
A supply always on hand, to be sold on reasonable terms.
JOHN RECKHOW, 6-37f

THE subscriber heretofore gives notice to the public that he had given PERKINS SUITORS his note for eighty dollars, bearing date near the last of March, 1854, payable September, 1856, and having never received any value therefor, he will refuse to pay the same; therefore he warns any person from buying the said note with an expectation of his paying it.
