

**SUCCESS OF THE ALLIES.**

The news brought by the steamer Atlantic, which reached her wharf in this city a few hours since, shows a turn of fortune in favor of the Allies. Instead of the series of ineffectual operations and actual disasters, such as have fallen to the lot of the besiegers of Sebastopol ever since the French and English troops sat down before its entrenchments, we have now one brilliant success following another. A new station formed by the besieged has been attacked and carried with great loss to the troops of the Czar; the posts on the river Tchernaya have been attacked by the Allies and precipitately abandoned by the Russians; the Sea of Azoff has been entered by the French and English naval forces, where they have now fourteen steamers afloat, and the port and fortifications of Kertsch have fallen into their hands. The forts of Arabat, on that sea, have been bombarded and destroyed. At Yenikale, the quarantine station for the Sea of Azoff—a port well known to the commercial world for its exportation of corn—the Allies have established a garrison. The capture of Kertsch has been attended with serious losses to the Russians—a foundry of cannon destroyed by the enemy, war steamers and merchant ships burned, powder magazines blown up, and stores of corn thrown into the sea by the Russians themselves, to say nothing of the spoil won by the allied forces. The expedition to Kertsch appears to be the consummation of the mysterious movement made not long before from Kamiesch.

The ease with which the Russians were dislodged from their posts on the Tchernaya, and the town and fortifications of Kertsch were captured, seem to indicate that the principal attention of the Russians had been given to strengthening the defence of Sebastopol. There they regard themselves as impregnable, and secure in the shelter of their massive entrenchments, to which the world can hardly furnish any parallel, defy the utmost efforts of their adversary. The revenue of kingdoms has been wasted in keeping up the fiery shower on this stronghold, and it still holds out almost undamaged. The attack of the Allies on this new station, though successful, was most vigorously resisted, and the Russians only yielded after a loss which Gortchakoff himself acknowledges to have amounted to 2500 men. But when the Russian position on the Tchernaya was attacked, the defenders abandoned it with slight resistance. The fortifications of Kertsch were deserted without an effort to hold them against the enemy, and the possession of the sea of Azoff passed into the hands of the Allies as soon as they showed themselves in its waters.

The success with which these enterprises were attended, will probably encourage the Allies to undertake others of the same kind. Instead of dashing their armies to pieces against the rocks of Sebastopol, instead of attacking Russia where she has concentrated her means of defence, they will now naturally think of striking where she is more exposed, Sebastopol is, we suppose, at this moment, the strongest point of the Russian empire; and after the experience which the Allies have had, it would seem the extreme of folly to carry on the siege as it has hitherto been conducted. The Russian forces are now annihilated by sea, and the narrow entrance by land to the Crimea will be henceforth commanded by the Allies. They can either shut up the Russian troops in the Peninsula without supplies of ammunition, or force them to seek an engagement in the open field, where the contending forces will meet on terms of equal advantage.—*Eve Post.*

**MORE MORMONISM.**

A letter from Salt Lake City, states that as a party of officers of the United States, were lately riding out, accompanied by some ladies, they were insulted by a body of young Mormons, and in the grossest manner. He adds: "As the officers wished to proceed lawfully, instead of putting a few bullets through the chief actors in this disgraceful affair, the case was represented to the Mayor. A mock trial was gone through, and though the conduct of the mob was in direct violation of the city ordinances, it was discovered that the individuals stood too high in the church to be punished; the case was dismissed and the costs of the court, amounting to an almost fabulous sum, were thrown upon the plaintiffs. During the trial, the ladies, who were present as witnesses, were grossly insulted by a low fellow, a witness for the defence. The greatest excitement prevailed during the trial—nearly two hundred armed Mormons being collected in and about the Mayor's office." It may be feared that there is trouble ahead for the Mormons. They are every day gaining new strength, and manifesting fresh insolence. Governor Young appears to possess all power, spiritual as well as temporal.

The rains of the last week, which have reached far and wide and deep, have been most opportune, coming in fact just in critical time in many sections of the country. The value is not to be named in dollars, for millions would fail to represent it. We think that with this lift the early crops may be considered pretty much beyond the reach of drought.

Many of our country friends do not know what a luxury they deprive themselves of when they eat lamb, either boiled or baked, without mint sauce. Set a few roots of spearmint in one corner of the garden, and they will soon furnish an abundant supply. Strip off the leaves and chop them fine, add an equal amount of sugar, and cover the whole with vinegar. A small teaspoonful of the mixture is sufficient for a large family. Try this, and see if it is not preferable to greasy gravies.—*Ohio Cultivator.*

It is said that one of the incidental results of the Japan expedition is the discovery that the Zodiacal light is a belt extending entirely around the earth, after the manner of Saturn's rings. The matter has excited a good deal of interest among the astronomers, and Prof. Pierce of Cambridge, considers the fact established by the observations taken.

"It is a very solemn thing to get married," said Aunt Bethany. "Yes; but it's a great deal more solemn not to be," said her niece.

An autograph letter of George Washington was recently sold at auction, in London, for fifty pounds sterling.

**War Declared at Last.**

THE long repose of Europe is about to be disturbed by the bugle's note and the reveille of the drum, calling its slumbering millions to arms in the defense of their fidesides and their country. England and France are calling for men and means, and sending forward their armies to battle against the aggressions of the Russian Bear; but while the Old World is convulsed by revolution, unusual peace and plenty reign in the New.  
In the peaceful and quiet pursuit of our business we have formed a copartnership under the name and style of N. S. BUTLER & CO., and have taken the store in Empire Block, in the village of Olean, formerly occupied by Thing & Brother, and are now receiving a splendid new stock of goods adapted to the season and wants of the community, which we intend to sell exclusively for cash down, at prices that will cause consternation and dismay in the ranks of old fogyism that has been so long established in this section. Our stock will consist in part of the following Goods:  
Hardware, Crockery, Boots & Shoes, Hats, Caps, Carpets, and  
Oils, Cloths, Drug, Medicines, Dye Stuffs, Glass, Paints & Oils, Sash, Putty, Chairs, Bedsteads, Mattresses, Feathers, Stone and Wooden Ware,  
And we mean to keep such an assortment of the above goods that persons from a distance can be assured of finding everything they usually want at prices that will do them good Call and see for yourselves.

**HYGENIA.**

Brought Home to the Door of the Million. A WONDERFUL DISCOVERY has recently been made by Dr. Curtis, of this city, in the treatment of Consumption, Asthma, and all diseases of the Lung. We refer to "Dr. Curtis' Hygeana, or Inhaling Hygean Vapor and Cherry Syrup." With this new method Dr. C. has restored many afflicted ones to perfect health; as an evidence of which he has innumerable certificates. Speaking of the treatment a physician says: "It is evident that inhaling—constantly breathing an agreeable, healing vapor, the medicinal properties must come in direct contact with the whole of the arial cavity of the lungs, and thus escape the many and varied changes produced upon them when introduced into the stomach, and subjected to the process of digestion. The Hygeana is for sale at the druggists' through out the country."  
N. Y. Dutchman, Jan. 14.  
The Inhaler is worn on the breast under the linen without the least inconvenience—the heat of the body being sufficient to evaporate the fluid.  
Hundreds of cases of cures like the following might be named. One package of the Hygeana has cured me of the Asthma of six years standing.  
Jas. F. Kesberry, P. M., Duncannon, Pa. I am cured of the Asthma of 10 years standing by Dr. Curtis' Hygeana.  
Margaret Eastman, Brooklyn, N. Y. Mrs. Paul of No. 5 Mammondst. N. Y., was cured of a severe case of Bronchitis by the Hygeana.  
My sister had been cured of a distressing cough of several years standing, and decided to be incurable by her physicians. She was cured in one month by the Hygeana.

Price Three Dollars a Package.—Sold by CURTIS & PERKINS & BOYD & PAUL, No. 149 Chambers st., N. Y.—4 Packages sent free by express to any part of the United States for Ten Dollars.  
N. B.—Dr. Curtis' Hygeana is the original and only genuine article, and all others are base imitations or vile and injurious counterfeits. Show them as you would poison.

**Premium Fanning Mills.**  
THE subscriber has purchased of J. Bamberough the right to use in Potter and M'Kean counties his patent in the construction of Fanning Mills. He has also, at great expense, commenced the manufacture of a PREMIUM MILL which will clean from 100 to 200 bushels per hour. This Mill was patented March 20, 1847, since which time it has stood at the head of the list at all the State and county agricultural societies where it has been exhibited, and is a universal favorite with all farmers who have tried it. It took the premium at the first Agricultural Fair held at Harrisburg, Oct. 31st, 1851, when there were 30,000 people present; and at the great State Agricultural Fair at New-York, held at Rochester Sept. 16-19, 1851, this Fanning Mill received the highest honors.  
Having met with uniform success wherever tried, I confidently invite the farmers of Potter and M'Kean counties to call at my shop in Coudersport and examine for themselves.  
A supply always on hand, to be sold on reasonable terms.

**TO OFFICERS, SOLDIERS, SEAMEN, &c. OF ALL WARS: THEIR WIDOWS, AND MINOR CHILDREN.**  
S. M. KNIGHT, Attorney for Government Claimants, Washington, D. C.  
CONTINUES to give prompt and personal attention to the prosecution of Claims of every description against the Government, and particularly to those before the Treasury Department, Pension and Bounty-Land Bureau, Patent and General Land Offices, and Board of Claims.  
An experience of years, and a familiarity with the means of obtaining the earliest and most favorable action on Claims, with his facilities for the dispatch of business, justify him in assuring his Correspondents, Claimants, and the Public generally, that interests intrusted to his keeping will not be neglected.  
PENSION, BOUNTY, LAND, PATENT, AND PUBLIC LAND LAWS.  
He has nearly ready, for gratuitous distribution among his business Correspondents, (and those who may become such) a neat pamphlet containing a synopsis of the existing Pension, Bounty Land, Patent, and Public Land Laws, down to the end of the late Congress—including the BOUNTY-LAND ACT OF MARCH 3, 1855, under which all who have heretofore received less than 160 acres are now entitled to additional land; said Act grants also 160 acres to all Officers, Non-commissioned Officers, Chaplains, Soldiers, Wagon Masters, Teamsters, and friendly Indians, in the Army, including State Troops, Volunteers, and Militia—and all Officers, Seamen, Ordinary Seamen, Marines, Clerks, and Landsmen, of the Navy, not heretofore provided for, who have served not less than fourteen days (unless in battle) at any period since 1776; and to the widows and minor children of all such persons entitled, and deceased.  
This pamphlet contains "Forms of Application" more full and complete than any elsewhere to be found; adapted to the wants of every class of Claimants under the Act, with copious decisions and instructions of the Department, and practical suggestions as to the course to be pursued in suspended or rejected cases.  
Parties not wishing to avail themselves of the facilities afforded by this Office in securing prompt and personal superintendence of their claims at the Departments, can obtain copies of the above pamphlet by remitting thirty cents in postage stamps.  
**INDUCEMENTS TO CORRESPONDENTS.**  
Correspondents who prepare and forward cases for management by this Agency will be dealt with liberally; supplied with all necessary blanks gratis, and kept constantly advised of the changes that from time to time occur in the execution of the laws.  
It is within the subscriber's power to direct his Correspondents to the locality of very many persons entitled under the Act; and having obtained several thousand Land Warrants under former laws, he is in possession of data that will materially assist in securing additional bounty.  
Fees, below the usual rates—and contingent upon the admission of Claims.  
The highest cash prices given for Land Warrants, Revolutionary Script, and Illinois Land Patents.
