Some curiosity is naturally felt concerning the political movements which are likely to follow the recent schism of the Nativist party. There appears to be a decided disposition among the friends of Mr. Fillmore in this State to discountenance Senator Wilson and his doings. The Albany Register, for example, which is regarded as an authoritative organ of the Silver Greys, says of him:

"This Massachusetts bolter is not honest. That is clear enough. He is endeavoring to lead astray those who. are honest, as he succeeded in doing in 1848."

It is rather a hard case for Mr. Wilson that he cannot be allowed, by a member of his own order, to be be honest in the expression of opinions which he has all along unflinchingly maintained—opinions which to the far greater part of the people of the Free States appear to be just, and which we should suppose almost any northern man might avow without the 2nd are the pets of the National exposing himself to the charge of being nde it, that the People's Journal for an honest man to act but to say, it to be "put down." EMANCIPATION IN CUBA.—We have received from a high and perfectly reliable source intelligence of the most interesting character from the Island of Cuba. Despairing of receiving aid from the United States Government, and their friends here being prevented by the neutrality laws from going to their assistance, they have it seems resolved upon a desperate leap for freedom. They have determined to revive the original idea of Lord Palmerston, of throwing themselves into the arms of England, which was not agreed to at the time because of the condian of the abolition of Slavery.
