how much they have heretofore disposed of—its value—the value of what they now hold, and when the titles to said lands were acquired," it was made the duty of the Governor to transmit a copy of said resolution to the president of said company. A copy of the resolution was transmitted as directed; and the answer of the president of the company, communicating the information required, is herewith submitted to the Legislature.

By a resolution of the 26th day of April, 1855, I was requested to procure from the Attorney General, his opinion of the right of the State of New York to divert water from the natural bed and channel of the Chemung river, to the prejudice of the public improvements of Pennsylvania; the said river belonging to both States; and communicate the same to the Legislature. As requested, the opinion of the Attorney General has been obtained, and is herewith communicated to the Legislature.

On the 6th day of October last, I approved and signed the bill, entitled "An Act to repeal the charter of the Erie and North East railroad company, and to provide for the disposing of the same." In pursuance of its provisions I appointed the Hon. Joseph Casey to take possession and have the charge and custody of the road. Before possession was taken, application was made by the company to one of the judges of the Supreme Court of this Commonwealth for an injunction to restrain the agent of the State from taking possession of the road; and subsequently a cautionary order was made by the Supreme Court, in banc, to stay his proceedings under the act.—The questions involved in the application for an injunction are now pending before that court, and will, it is expected, be determined early in the present month. The result will be made the subject of a special communication to the Legislature.

The recent fraudulent, if not felonious abstraction of a large quantity of arms from the arsenal at Harrisburg, has shown the necessity of additional legislation for the protection of the arms and other public property of the Commonwealth deposited in the arsenals of the State. The taking and sale of the public arms and property, without authority of law, by the keepers of the arsenals, or by others having them in charge, should be declared a felony, and punished with severity; and all persons purchasing or receiving the same, without proper authority, and knowing them to be the property of the Commonwealth, should be regarded as principals and punished accordingly.

The bonds now required to be given by the Adjutant General and the keepers of the arsenals, for the faithful discharge of their duties, are insufficient in amount to secure the Commonwealth against loss from the fraudulent sale or taking of the property committed to their care. The sum in which these bonds are taken should be increased to an amount proportionate to the value of the property which is or may be deposited in the arsenals.

Since the sale of the arsenal in Philadelphia, the public arms in this city have been placed in a room or outhouse procured for that purpose. As a depository, it is unsafe and insecure. Better provision should be made for their safe-keeping.

The sum of thirty thousand dollars, arising from the sale of the Philadelphia arsenal, is now in the Treasury, to be expended under the direction of the Governor, in the purchase of a suitable lot and the erection of a new arsenal. This sum is wholly insufficient for that purpose, and without additional appropriations, which are not recommended, this object cannot be accomplished. As arms and munitions of war can, when required, be transmitted with facility and rapidity, to distant parts of the State, the necessity for more than one arsenal no longer exists. If the arsenal at Meadville can be dispensed with without detriment to the public service, I would suggest for your consideration the propriety of authorizing its sale, and the sale of the one at Harrisburg, and with the funds arising therefrom, and the money in the Treasury applicable to that purpose, the erecting of a large and commodious arsenal at Harrisburg, or elsewhere, as may be deemed most economical, safe and convenient.

The Legislature, at their last session, having failed to elect a Senator to represent this State in the Senate of the United States, for six years from the 4th of March last, it becomes your duty to provide for an election to supply such vacancy. By reference to the existing laws regulating the election of Senators to represent this State in the Senate of the United States, it will be perceived that their provisions do not embrace a case like the present.

Having at the time of my induction into office, declared to my fellow-citizens and their representatives, my sentiments in relation to questions connected with our national politics, their reiteration now will not be expected. To the opinions then expressed, and now re-affirmed, you are respectfully referred.

To maintain in their integrity the Constitution of our Republic, and the Union of the States—protect the civil and religious privileges of the people—guard with jealous care the general, great and essential principles of liberty and free government—of freedom and human rights—and vindicate by a true and single devotion to home and country, the great doctrine of American Nationality, are objects that awaken the patriotism and claim the energies and the heart of every American citizen.

In obedience to the requirements of the Constitution and laws of the State, as the representatives of the people, you have assembled to performed the high and responsible duties that devolve upon you. As a co-ordinate branch of the government, it will be alike my duty and pleasure, to unite with you in the enactment of all such laws as will protect the rights of the people, and advance the honor and prosperity of the Commonwealth.

With a sole desire for the public good—actuated by a spirit of enlarged and enlightened patriotism, and guided by that wisdom which hath its beginning in the fear of God, may our efforts, in harmonious action, be directed to the accomplishment of these objects, and to the promotion of that righteousness which exalteth a nation, and constitutes the true glory of a free and independent people.

EXECUTIVE CHAMBER,

THE PEOPLE'S JOURNAL.

JOHN S. MANN, EDITOR.

COUDERSPORT, PA.,

THURSDAY MORNING, JAN. 10th, 1856

☞ The Coudersport Lodge of Good Templars will hold a public session at the Hall of the Sons of Temperance, on Friday evening next. Doors open at precisely quarter past seven o'clock, at which time the Rev. J. Hendrick, Principal of Coudersport Academy, will deliver an address. Our ever faithful choir will add to the interest of the exercises by singing some choice Temperance pieces. If these attractions do not secure a full house, we shall be disappointed. Let us have an old-fashioned, soul-stirring Temperance meeting. *Moral suasionists* par excellence, and all others are earnestly invited to attend.

☞ No Speaker yet, but the Republicans stand firm. Mr. Pearce from this District, has won the confidence of his constituents, and their thanks.

☞ We print the Governor's Message this week, to the exclusion of nearly everything else. It is a plain, strait forward, statesman-like document—creditable to its author, and honorable to the State. We commend it to all our readers, and trust our Representatives will pay due heed to its wise and generous counsels.

☞ We are under obligations to the Governor for an early copy of his message, and to Messrs. Souther, Caldwell, and M'Ghee for interesting public documents.

☞ The *Mansfield Express* takes the place of the *Balance*, with J. S. Elliott editor, and J. S. Hoard associate. The *Express* is a handsome, spirited, and useful paper. The editors have an object in view, and they mean to accomplish it. We think one paper of this character in Tioga Co., well sustained, would do more good than two poorly sustained; but, we may be mistaken. This *Mansfield Express* has our entire good will and sympathy. It deserves prosperity.

☞ The sleighing never was better in this section. Business is lively, and merchants are looking up. Farmers get a good price for everything they have to sell, and are wearing smiling faces.

☞ Our State Legislature organized on the day it assembled. Platt of Wyoming is Chairman of the Senate, and Wright of Philadelphia, Speaker of the House. Platt is said to be opposed to the the repeal of the prohibitory law. If this be true, that law is safe.

☞ The Missourians broke up the election in Leavenworth, on the 15th December. Glorious law and order popular sovereigns these slaveholders are.

On Tuesday last, the 8th inst., mercury, was down to 4° at 7 A. M., and at 1 P. M., was down to within 1 degree of 0. Thus, with a very strong wind, made Tuesday a terrible day for travelers. At 3 P. M., the mercury was 3 below zero. At 8 in the evening it was 12 below, and at 7 A. M., on Wednesday, it was *twenty-two* below. Rather chilly, that, for comfort.
