Mr. Juo. S. Mann of Condersport was then introduced, who for a time addressed the meeting, and was listened to with attention and interest by all

The following preamble and resolutions were then proposed and adopted without a dissenting voice:

We believe it is the duty of every voter and citizen of our land to give a hearty support to those principles that tend most for the good of all its inhabitants, without distinction, and that it is our duty, particularly to consider the well-being of all who are in any way oppressed. We believe the Administration of President Pierce as a whole, has not tended to this end, and further, that the platform which Hon, James Buchanan is pledged to support, does not contain such principles.

We believe the platform of the Republican party as formed at Philadelphia contains such liberal principles,

John C. Fremont has pledged him-

self to the support of this platform. Therefore, Resolved, That it is our carnest design to see him elected as President of our country, and that so far as lies in our power we will favor his election.

We give place to the following circular with pleasure, as we are always willing to extend the hand of fellowship in the cause of education;

The labors of this Institute will be devoted exclusively to the preparation of Teachers for our Common Schools: Not only the Tugory of teaching will be given but the PRACTICE. Prof. Conurn has been engaged in Post. teaching for many years, and is now a Professor of Mathematics in one of the popular schools of Northern Pennsylvania. H. C. Hickok, Esq., State Superintendent, has promised to spend a short time with us. The Patriot has at last been nduced to hoist the names of Petriken and Differbach for Assembly, though it is feared that the smothered feelings of the editor will some day cost his life. We know not what healing power has been applied to the editor's wounds, but our private opinion is that the remedy was a strong application of the extract of gold mines, or shin-plasters, not withstanding the latter has always been a subject of the aversion of the said editor and his leaders. We will not be surprised to hear (after the elections) that the same application was brought to bear upon the editor to induce some of the exto sive lies put forth in the Patriot of last week relative to the Mass Meetings held here. #### A VOICE FROM THE CHURCH.

At the Republican meeting held at Yonkers last evening, the Rev. J. C. Richmond, of the Episcopal Church, made a brief speech, in the course of which he said that the great question Teachers' Institute, will commence involved in this cauvass was an emion the first Monday of October, (6th) nently moral, religious and social que and continue four weeks. Teachers | tion, and therefore it was not unfit that even a clergyman-for a clergyman was a man-should feel impelled to give his voice in favor of its success. He said that the motive power of the southern oligarchy which supported Buchanan is governed simply by the pocket. Those now calling themselves Buchanan democrats really belong to part of the term. Prof. Stoddard is the Mammon-ocracy. The Republione of the most successful Teachers can cause emphatically deserves the support of the working-men-for no other principles now offered to their support can secure the rights of free labor for the working-man, either North or South, East or West .- Eve.

Never before were so many good men of all classes and professions enlisted in the service of any party, asare now laboring for the success of the Republican cause. It is a rare thing to find a man making any prefension. to Christianity, opposing Fremont, It is impossible that a party thus sustain-

A friend writes to inform us, that the old hunkers are accusing our Kansas correspondent with various hard things; and asks us to defend him in pected to meet with us, Eve. y ta- the Journal. Our friend is over sensitive. Don't he know that the Buchanan men deal in nothing but falsehoods? If their press speak of an opponent, or of a public meeting it is only to tell which they will be examined the day falsehoods. How then should our gorrespondent escape their slanderous

truth and verocity, honor and integrity, is above suspicion, and no responsible mm dare attack either. Mr. Y, left a good situation where he was surrounded with troops of friends, took his life field Co., Pa., for his efforts to secure the schools of the County, and such in his hand, and went to Kansas to as a large subscription list there, by others as they have for reference; ald in making that Territory a free State.

> If any men in this county are so lost to all se see of decency, as to slander a man under such circumstances, what mean thing would they decline doing in the service of slavery? We hope no friend will again ask us to notice their dirty slanders. The Journal has a aigher mission to perform.

We had the pleasure of attend. man with two stout hands, and a ro- ing a very pleasant Republican meetbust person ought to be ashamed to ing at Cushingville, on Friday aftermake such an exhibition of himself, noon last. The resolutions adopted There is no decency in electioneering will be found in another column, and of these resolutions.

We had the pleasure last week of welcoming Rev. William H. Shaw back to his charge in this village. No minister has ever labored in Coudersport with more general satisfaction and we deem it fortunate for his congregation that he has, returned.

The Hon. John M. Read of Philadelphia, one of the most influen tial Democrats in Eastern Pennsylvania, has taken the stump for Fremont. This, with the powerful influence of Gov. Reeder who is speaking every day, leaves no room to doubt the success of the Republican ticket in the Keystone State.
