HOMEMATTERS.

The name of the Post Office in this county heretofore known as Cushingville, has been changed to "Brookland"-a very pretty name, by the wav.

A post office has been established in Oswavo township in this county, under the name of "Eleven Mile." and Mr. Stephen Potter appointed Postmaster. The post office is at one of the toll gates in the plank road, of which Mr. Potter is the keeper.

Mun.-The last two weeks has been prolific in producing mud "ip our sugets, Wohave had almost all kinds of weather, from freezing to bloodheat-and from cold, blustering days to the most beautiful spring-time .---On Monday, morning there was a brief interlude of lightning, thunder and rain. Nearly a foot of snow which fell on Thursday fast has almost disappeared without meeting the wishes in me-lumbermen, the streams being only a little flushed by it.

Mrs. Stephens' Illustrated New Monthly, for April, is on our table. "West Point" is becoming more interesting with each number, and evinces for its author much metit in military stories. There are besides, many ether interesting stories in the present number. Price, per annum, \$1,50 or. (Organized in 1840, under the General Manu facturing Law of the State of New York), 124 cents per number-Published by New York.

GREAT FXCITEMENT + TREMENDOUS HUSH!

Another Cargo of Goods & The Old Regulator! YOU might as well undertake to dam up the waters of the Niegra with bulrush-es, as to try to convince the multitude that there is any other place in town where they can get such great bargains in the line of

GROCERIES & PROVISIONS. as at the Old Regulator which has so long been the Great Emporium of Trade in this flourish-ing Metropolis. Now we have come to the conclusion that there is only one way to sell Goods, and that is to let the people know we have them to sell, and sell them at prices which. have them to sell, and sell them at prices which, will be an inducement to those in want to buy of us; and for this pirpose we have chartered a column in the Journal where we intend to keep the people posted as to what may be found at our establishment. Every body knows, (or at least ought to know) where the Oid Regulator is; and for the benefit of those who don't know, and who wish to know, we will just inform them that it is located right on the

that it is located right on the RAILROAD,

ealy a few rods from the Depot, and is always open for customers and all who wish to save 25 per cent. in purchasing the necessaries of life; for it is the only place in town where you can expect to have a little change left after STAPLE AND FANCY DRY GOODS, standing the common assertion of every o.o. desire to make purchases. Ourstock is large, has been selected with great cure, and is par-ticularly adapted to the wants of this section ticularly adapted to the wants of this section the dou't boast of selling goods at or below cost, but we have adopted as our standard to "Lice and Let Lize," and to sell as cheap as the "Lice and Let Lize," and to sell as cheap as the purchasing your necessary supplies, notwith-standing the common assertion of every 0.0 chespest; for when people advertise to sell below cost, you may easily conclude that they are only "throwing out bait." In order that the people may know what we keep to sell, we will exumerate a few of the most important

articles. GROCERIES. Any one examining our stock of Groceries, we are coufident will at once come to the coninsion that a better and more complete a sort-

ment cannot be found in this section, consisting of SUGAR, TEA. COFFEE. MOLASSES, SYRUPS, PEPPER, SPICE. GINGER,

CLOVES, Mustard, Saleratus, Cinnamo ., Pe, per Sauc ., Causup, Yeast and Soap Powders, Vinegar, Oil, Camphene, Fluid, Chewing and Smoking To-Camphele, Flat, Chewing and Should get bacco, Smif, Seg.rs, Candy, Nu.s, Rusing, Cracies, Herrig, Soap, Candies, and an end-loss Variety of other articles which it is un-pressary to mention, may be found in this department, and which will be sold at a trilling advance from cost to ready pay.

PROVISIONS. Just take a look at our large stock of Pro-visions, and see if we have not got the wherewith to relieve the numerous wants of the whether needy, and enough to keep you all from starv-ing through the long and dreary winter. It is impossible for us to enumerate one-half the articles we kcep, in a single advertisement, but we will mention a few of the most important, which may be found in abundance and in great variety, consisting of PORK,

HANS, FISH, BUTTER, CHEESE, LARD, SALT, CORNED BEEF, DRIED BEEF. SHOULDERS, FLOUR, CORN MEAL BUCKWHEAT FLOUR, DRIED APPLES, DRIED PLUMS,

THE NEW YORK TRIBUNE FUR 1857.

The Election is past, and its sesuit proves in the work devolved on the? Republi-can party is not yet complete. In all the East-ern and Northern portions of the country---in New England, New York, this and the North-West---the? Republic. a ban er floats in tri-umph; while in Son hern Jersey, Pennsylva-via, Indiana and Ilainois---in short, wherever fow unsyntance is taken and where common few newspapers are taken, and where common schools are top new and too feeble to have ed ucated the present generation of voters-the b ack flag of Slavery obstrue's the sunshino. A stranger to America might distinguish those portions of our country miss bested with Ed-ucation, 'Intelligence, Thrift and Virtue, by scanning the returns of the Presidential con-test of 1656. We have failed of present success, not because the People are against us, but because that large por ion who did not hear or read the argument, and do not know what were the real questions at issue, went almost solid egainst us, reversing the verdee

which the great majority of the educated and atelligent endeavored -o pronounce.

These facis indicate the path of pressing duty. Wi h no unm n!y repluings over whit is irrevocable—with no abatement of heart or ho; e because the triumph of Libery in her new ordeal is not won at the Long Island and new ordeal is not won at the Long Island and White Plains of her struggle—with no shadow of regret that the responsibility of governing is not confided to her champions before the peo le were fully re dy to systain them—w-begin afresh the work of diffusing that vital trn.h which, in regard to the concerns of this word, as well as the next, in kes Free indeed. Now, in the Slave Power's heyday of victory, when it winisters and service response. when its ministers and servitors are gathering and plotting to mike the most of their triumph and "cruch out" the spirit where they vairy believe to be crucified and encoubed—now, when the faint-hearted or cold-hearted, who lately bisked in the sunshine of our premature hopes, are bruting off to repair duringes and taking of abandooing the rugged arena of Positics for more queefend thowery fields— now, in this hour of weitness and shadow THE TRIBUNE renews its vows of eternal hostility to every form of tyranny o er the bodies or souls of men-to the shumeful as sumption that the benighted and feeble, whe h treated as the convenience or the prey of thoir wiser or stronger bre.bren-15 the domination of despois or oligische, whether em ares or plan; anons-to the ensure sof cities and kingdoms in Europe, or the breeders of children for the auction-block and the cotton-fields in Virginia or Alabama.

It must triumph; for all true prophecy affirms and the vindta-tion of the Divine being ity imperative y re-quires it. It must trumph; for Domocratic America cannot always remain the scott of aristocrats and the shime of reformes and its erals throughout the Old World. It must trinm, h; for Man's history is not a chaos or a riddle, but everywhere instinct with meaning and no heroic effort ever fiiled of its effect no drop of martyr-blood was ever shed in vain. But even it we Kepublican were disposed to fold our arms in slumber, our bdversaries would not permit it. They are basy to-day in lengthening their cords and strengthening their stakes with a vigitance and activity which re-yeals a consciousness on their part that their d minion must be made sure forthwith, or their scepter will have forever departed. To-day, myrmidons of the Slave Power threaten and harass Norhern Mexico, are encamped in the heart of Central America, and waging a war of extermination on the distr cted inhabitants of its perty Republics, while it by turns leers and scowis at Cuba, while its most ruch teers and scowis at Choa, while its most rich less bands are proci-itated on avoid Kansas. graph informs us that twen y ree-State men, guilty of attempting to defend their homes against the rapine and violence of Buford's and Titus's blood-thirsty bandis, have been convicted by Lecompte's Court of ministugh-iter' and senenced to five years' imprison-ment a band blood as closer. This is here

i ter i and sen enced to nive years imprison-ment at hard labor as folons. This is but a fair sp. cimeu of what has long p assel for "jus-tice" in Kunsas-a justice waich takes the criminals into pay and aids them in hunting down, plundering and "wiping out" the m-nocent, whom it consigns to the State Prison if they are ever goaded into the madness of resisting their oppressors. Such crimes and wrongs as unhappy Kans is hus for twe've months endured, even Hungary or Poland hus never known; and the power at whose ins iga-tion these villainies were and are repetrated its enthrough at the While House, and has just achieved another four years' ascendency in the Federal Government. Who, in view

of those facts, can say that Republicans may now pile their arms, even for an hour? THE TRIBUNE will be, as it has been a Political journal-avowedly, though not ex-clusively so. It recognizes the truth that Free-dom and Slavery are here grappled in dead y

conflict, and that in the result one of them must lose all control over the Federal Gov-e nment. But, while it gives prominence and em thas to the discussions and elucidation of the great issues of the day, it sinks none of the chiracteristics of the day, it aims note of the chiracteristics of a Business and Family News, aper. The proceedings of Congress, like those in Kansus, will be watched and re-ported by an able and fearless corps of Correpondents, while from London, Paris, Constan-tinople, Havana, San Francisco, Albany, and other centers of interest, our special advices will be, as they have been, fresh and reliable. A member of our Editorial corps-Bayard Tay

lor-is now in Northern Europe, and will spend the Winter in Sweden, Layland, Russia, thence making his way nori acesson across Siberia and Tartary to the mouth of the Amour, and thence homeward by the Pacific and California, unless some change of route shall promise greater interest and profit to our readers, for whom alone he wist write regularly through out his adventurous journey, which is likely to require two years for its compts ion. Our re-ports of the most in eres ing Lectures, Public Meelings &c., will be full and reliable, and

are ings and Domestic News made up with a careful regard to the condensation into our am de contains of the greatest amount of in-tenigence that is consistent with the use of type of generous size... in short, if we fail to make T iE TRIBANE worch is cost, it shall

not be for wan: of expenditure or effort. If it be deemed desirable by Republicans that THE TRIBUNE should be circulated in their several localities, we urge them to see that Ciubs be mide up and forwarded in due season. The Postmusters are semi-officially admonished not to aid our circulation, but i urge instead that of journals deemed "sound" and "National" by the comparisons of Atchi

c.ns everywhere to take care that these enorts be not electual to quench the light of Froe-dom in the murky miss of Slavery.
