Snow Storm.

Winter made us a call Wednesday night we suppose just to see how we like the spring weather we have had of late. Thursday morning the ground was covered with snow but it soon disappeared.

Unsafe Bridge.

The late high water so demoralized the bridge over the Allegheny at the foot of Main street that it is in a very unsafe condition.

Our Mails.

The mails have been so uncertain for the last two weeks that we have been very nearly cut off from communication with the rest of the world. The Port Allegany stage stopped running a week ago last Saturday. Monday of this week it made a trip, but as the trains were not running to that point there was very little mail. One or two special mails have been received from Emporium by way of the Forest House.

The Wellsville route by way of Ellisburg was closed from the 5th to the 11th. By way of Oswayo the stage has made regular trips without a failure.

Other routes have been more or less interfered with but they are all running again on regular time.

The mails have been ordered around by way of Wellsville until the Port Allegany route is again open.

Hon. C. S. Jones.

The Legislature adjourned on the 10th inst. and our member, Hon. C. S. Jones, has returned to his home. He seems to be in good health and is apparently undazzled by the terribly demoralizing influences that are said to surround our lawmakers when in Harrisburg.

Dr. Dell McClary.

Dr. Dell McClary, late of Andover, N. Y., has located in Coudersport for the purpose of following his profession. He is a student of Dr. Crandall, of Andover, a graduate of the University of New York and comes highly recommended, by members of the profession and those among whom he has practiced. We give below a notice of his removal to this place taken from the Andover Advocate:

Dr. Dell McClary has made arrangements to settle in Coudersport and resume the practice of medicine. We congratulate the people of that place upon their good fortune in securing the services of Dr. McClary. They will find him a good citizen and a skillful practitioner.

John Cosolowsky.

Mr. John Cosolowsky died at Christiania, Norway, February 20th, aged sixty-three years. He was one of the emigration party that joined the famous "Bull Colony" that located in Potter county about twenty years ago. In 1866 the deceased located in Titusville and in 1866 married a Mrs. Weaver. Becoming disgusted with American affairs, he accompanied by one of his sons, he returned to his native land in June last and on the first of February was injured by falling on the ice, from the effects of which he died. A short time since his wife, residing in Titusville, bought and started to him a return passenger ticket.—*Gazette & Bulletin.*

Mr. Cosolowsky was for some time a resident of Coudersport and will be well remembered by all our citizens.

R., N. Y. & P. R. W.

We received the following clipping in the office of the B., N. Y. & P. R. W. with the request that we publish it for the explanation of the stoppage of trains on that road. It came just a day too late for insertion last week:

We learn that the storm on Saturday did considerable damage in the Ischua Valley, through which the Buffalo, New York & Philadelphia railway passes. The south abutment of a bridge one mile south of Ischua was carried away, the south abutment of a bridge about a mile and a half on the other side of the village. It is stated on reliable authority that the water has not been so high in this valley for fifty years. Old residents of Cattaraugus county consider the flood an unprecedented one.

In consequence of this disaster trains on the B., N. Y. & P. R. W. are at present running to Franklinville only and will continue to do so until further notice. Since yesterday noon Acting-Superintendent Yeomans, with a large force of men, has been hard at work building temporary trestles over the places where the bridges are carried away. A large amount of material is on the ground and it is authoritatively stated that no trains will be run over this portion of the road until the track has been put in first-class condition and land-slides entirely averted. This action of the Company is decidedly right although it causes considerable inconvenience. The work will be done in a thorough manner and all the rolling stock of the road will be run over it before travel will be resumed. Last night all trains were ordered to a stand-still to avoid danger. In the meantime, and until further announcement, trains will run regularly to Franklinville and intermediate points.

Mr. James Tillinghast, ex-superintendent of the New York Central, this morning assumed his new position as Managing Director of the Buffalo, New York & Philadelphia Railway and this road will hereafter receive the benefit of his large and valuable experience. The road will thus be more than ever worthy of the confidence of the public.

It was expected that trains would be run to Port Allegany Thursday.

Wanted.

One of the greatest needs of this village, at present, is more dwelling houses. What is wanted are snug, comfortable, cheap houses that will accommodate small families. If a dozen such could be completed to-day they would undoubtedly find tenants within a month.

Every nook and corner that will serve for a dwelling is at present occupied, yet we hear every few days of some one hunting a place in which to live.

Improvement.

Another of our ancient landmarks, if the term can be used in regard to a town not yet fifty years old, is gone. The house on Second street lately occupied by John Warner has been torn down. It was built by Judge Ives at an early day in the history of the place and was one of the oldest buildings in town.

Hon. A. G. Olmsted has purchased the lot on which it stood, and is erecting an office on it.

A failure.

Maple sugar is a failure this spring.

Hon. H. Sherwood "explains."

We notice that Hon. Henry Sherwood, late member of Congress from this district, is trying to explain, through the columns of the *Democrat*, why he voted for the great salary grab. He says that "they had to vote for the whole bill or no bill at all." That assertion reminds us of the old adage, "a poor excuse is better than none." Mr. Sherwood, we believe, has not donated the money to any benevolent purposes in Tioga county.—*Gazette & Bulletin.*

Mr. Sherwood's term has expired and, judging from the result of the election last fall, he is not likely soon to have another opportunity at grabbing from the public treasury. Under all the circumstances we should say he had better pocket what he has got and not talk about it.

Held for Postage.

We take the following from the Andover *Advertiser* of April 10th. For the sake of Samuel Everett we hope his correspondent's attention will be attracted by it:

A letter addressed to Samuel Everett, North Wharton, Potter Co., Pa., is held for postage at this office. If not called for in thirty days it will be sent to the Dead Letter Office.

GEO. A. GREEN, P. M.

Came Home.

Lucas Cushing, Esq., and wife, who went to Williamsport last fall to spend the winter with their daughter who is residing there, have returned to Coudersport. Mr. Cushing has improved very much in health since leaving here last fall.

Big Trout.

Wednesday afternoon Erastus D. Lewis, while fishing just below the bridge at the foot of Main Street, persuaded a trout that weighed one pound and one ounce to leave its native element. Erastus stands first as to powers of persuasion so far this spring.

DIED.

In Hebron township, Potter Co., Pa., April 11th, 1873, **Polly Gertrude**, infant daughter of SQUARE and CLARISSA A. ESTES, aged two months and twenty-seven days.

So young, so tender, in her innocence gone
Like the bud ere it blossomed cut down in the morn:
In Heaven she lives, in an eternal day,
Where the bud ever blossoms and ne'er fades away.
