Blood Cleanser or Panacea.
As a medicine for children, the Panacea is, in every way, calculated to take the place of the most varied variety of drugs which are annually sold for that purpose, and which are often very injurious to the child's life of incalculable value to every mother. As a cathartic, it is very effective, and it is capable of arresting disease without the least nausea or distress in the stomach or bowels. It is very pleasant to the taste, which is a very important feature in a medicine for children. As a preventive of disease it is unexcelled as it acts directly upon the digestive organs and not upon the bowels. It is a most effective medicine ever offered to the public, and if given regularly and perseveringly, it may be entirely eradicated.

DR. P. FAIRNEY'S
CELEBRATED
Blood Cleanser or Panacea.
As a medicine for children, the Panacea is, in every way, calculated to take the place of the most varied variety of drugs which are annually sold for that purpose, and which are often very injurious to the child's life of incalculable value to every mother. As a cathartic, it is very effective, and it is capable of arresting disease without the least nausea or distress in the stomach or bowels. It is very pleasant to the taste, which is a very important feature in a medicine for children. As a preventive of disease it is unexcelled as it acts directly upon the digestive organs and not upon the bowels. It is a most effective medicine ever offered to the public, and if given regularly and perseveringly, it may be entirely eradicated.
