Law Changed.

We give below the text of a law passed last winter transferring the power to levy and collect the tax on dogs from the County Commissioners to the School Directors of the several school districts.

In this connection we call attention to the notice of the Commissioners to the several Collectors, published in another column.

Act to change the mode of levying and collecting the tax on dogs in the County of Potter.

Sec. 1. Be it enacted by the Senate and House of Representatives of the Commonwealth of Pennsylvania in General Assembly met, and it is hereby enacted by the authority of the same, That it shall be the duty of the school directors in the several school districts in the said County to levy a tax not less than fifty cents nor more than one dollar on each and every dog owned in the said district to be paid by the owners thereof for the support and maintenance of common schools in the said district; to be collected as other school taxes are by law collectible.

Sec. 2. That possession shall be considered conclusive evidence of ownership on all questions that may arise on that subject.

Sec. 3. That all laws now existing requiring the County Commissioners to levy and collect the said tax, and disburse the same are hereby repealed.

Westfield Index.

We have received No. 1, Vol. I, of the Westfield Index, published at Westfield, Tioga Co., by Jas. V. Leach and N. W. McNaughton. It is a five-column paper, and the number before us is well made up and indicates enterprise and ability. We feel a little interested in its success, as it is not only the same as the ITEM was but is printed on the old ITEM press.

Cold Weather.

The month of April just past has been almost unprecedented for cold weather and snow storms. Farmers have been unable to accomplish almost nothing, so that the prospect is discouraging, and we are no worse off than the country in general. The snow storms of April have not been peculiar to Potter County. East and west it has been the same. A heavy snow storm passed over a part of Iowa a short time since that, for severity and amount of snow, had not been equaled during the winter. Men were frozen to death going from their houses to the barns, only a few rods distant. The snow penetrated the houses, and whole families perished at their firesides. The snow safely seemed to be to remain in until the storm passed over.

HEBRON, April 27, 1873.

The dwelling house of Isaac Brock took fire on the afternoon of Friday last and was totally destroyed together with adjoining outbuildings. The house was occupied at the time by two families, father and son. The men were absent from home. The fire originated in the roof, or between the ceiling and roof, and when discovered had made so much progress that it was beyond the control of the women, one of whom gave the alarm and the other went to getting things out of the house. By the almost superhuman efforts of some of the neighbors the most of the goods in the lower rooms were saved; nothing saved in the upper rooms.

L. R. B.

On hearing of the above distressing occurrence, whereby an old and respected citizen was suddenly deprived of his home and its comforts, a subscription was started in this Borough and quite a large amount was raised for the relief of the sufferers.

County Fair.

Our readers will see elsewhere the notice of a meeting of the Board of Managers of the Agricultural Society. Important business in connection with the County Fair is to be transacted at that meeting.

The committees on premiums and arrangements will report, and the appointment of judges is to be made.

This work is progressing—let the people see to it that it is a success.

Lewisville Graded School.

We are informed that a graded school will, before long be in operation in the borough of Lewisville. We noticed, some time ago, the donation of the Academy building and grounds to the School Board of the borough for the purposes of such a school. The stockholders of that institution, many of whom are property owners in the village and will be taxed for the support of the graded school, are deserving of great praise for the public spirit manifested by this act.

After the establishment of the Academy there, Lewisville was, for many years, an important educational centre of the County, but for the last few years that institution has not been in operation, and the result is seriously felt in the preparation of young persons for teachers in the common schools.

The opening of a graded school under the school law of the State will give the place more than its old-time importance in educational matters.

Large Crop.

Messrs. Lewis and Albert Lyman sold, last Wednesday, 1400 bushels of potatoes. One car-load to be delivered at Renovo at 80 cents a bushel and two car-loads at Port Allegany at 60 cents a bushel. They have sold, besides, the last winter, about 200 bushels; they also had about three acres that they failed to get dug last fall.

Premature.

Last Saturday, R. H. Haynes picked up near the sidewalk on Third street, an egg with the yolk and white each full size but separate and connected by a small tube composed of the membranous covering of the egg. The two parts were enveloped with this membrane but had no shell.

Patent.

W. S. Grassler, of Muncy, has been granted a patent for a spark arrester. It is said the young ladies of the place have applied for an injunction to restrain his operations.

Change.

The present indications are that farmers will soon be able to get about their spring work. The mud is drying up and the roads are getting passable.

Enterprise.

One young minister spent four days and plenty of patience in traveling from his home in Potter County to the Presbytery at Tioga last week. The fact speaks volumes for the professional spirit of the preacher and also for the present condition of the roads.—Wellsboro Advertiser.
