Lightning. The house of Daniel Jackson, in Bingham, was struck by lightning on the 29th of July. The charge struck the roof, and a part of it passed down one corner, shattering the post and tearing up the plastering. Another part struck the kitchen-glass and glancing off hit a child of the family, who was in the room, rendering her insensible and tearing off the side of one of her shoes. Mrs. Jackson and three young ladies were in the room at the time.

Nelson was driving down this way, when he discovered him lying by the side of the road insensible. He lifted him into the wagon and took him home and immediately dispatched a messenger to this place for medical assistance. Meantime Marvin seemed to be suffering from fits, coming out of one and going into another, with only a short interval between. Some time in the night Dr. McClary arrived and pronounced it a case of epilepsy.

The Doctor succeeded in stopping the fits, and he is now improving.

Rest. The weather of the last few days has been decidedly favorable to rusting grain, especially wheat. We have not heard that it has had that effect, but another of those sharp, cold days with a keen, drying atmosphere that have been so common this summer would not be a bad thing at present.

Rascals in the Rural Districts. An exchange pithily puts it that the necessity of reading a live newspaper is nowhere more forcibly illustrated than in the rural districts, which are swarming with swindlers in quest of victims.

The well-informed farmer, who carefully reads the current news of the day, is thoroughly guarded against imposition, and with him they fail in the accomplishment of their designs. Not so with the ignorant farmer who seems to read a paper to enlighten his mind and acquaint himself with the occurrences happening throughout the state. The victims of the swindlers are persons who scarcely know that rascalies are daily perpetrated in the country districts, until they learn by personal experience that such is the case.

Another Murder. A most heartless murder was committed near Linden, in Lycoming county, only a few days ago. According to the Gazette & Bulletin, John McBride and his wife, a couple about seventy years old lived alone and were known to have quite a large sum of money in the house. A neighbor passing the place recently, late in the day, discovered the cows still confined in the yard. Thinking all was not right, he went to the house, where he found the body of the woman lying outside near the door with a bullet-hole through the head and several bruises made by a club on her head and neck. Life was entirely extinct.

Carpets. Housewives who are so fortunate as to possess Brussels carpets should give them their careful attention. The house-worm has appeared in the land and is actually eating up the carpets. If you have Brussels carpets, better look to them at once. The worm or bug is of a dark color, less than half an inch in length and covered with fine hair. Their depredations commence on the edges of the carpets and can easily be detected if care is exercised. Fine salt or fine cedar chips sprinkled on the edges of carpets will preserve them.

ROYER WHEEL CO., 323 West Third St., CINCINNATI, O. Manufacturers of the celebrated Sarven Wheel, the Royer Combination and Old Style Wagons. Also Carriage and Wagon Woodwork of every description.

Actual wear and hard usage is the best test of the strength and durability of a wheel, and they have proved the Sarven Patent to wear longer than three or four sets of the best old-style wheels. When about to purchase a buggy, carriage or wagon, see that your carriage-maker uses our make of the Sarven wheel. There are so many inferior patent wheels in the market that it will be to your interest to stipulate for the Sarven—as it is now conceded to be the only perfectly reliable wheel in use.

Shepard, at Simmons' Regulators, says he will give a laboring man or lady more goods for the same amount of money than any other man will in the United States.

WANTED.—Two enterprising men to sell Elias Howe Sewing Machines. Inquire at our office in Coudersport. LOYSTER BROS. 2449-4t

Great run on a well known Institution.—The famous Regulator man, C. H. Simmons' Nos. 2, 3, 4 and 5, Wellsville, N. Y. has recently been subjected to an extraordinary pressure—the pressure of crowds of sufferers that have been in the habit of buying from small dealers and paying enormous prices. Money being scarce, they have seemingly all made a grand rush to the place where they get the greatest amount of goods for the smallest amount of money.

The people come more and more to C. H. Simmons' Regulator stores for dry goods, clothing, groceries, boots and shoes and everything that families use. Their stock is large and also well suited to customers as to price. Come one, come all without delay and prove the truth of what we say.

The SINGER is a lock-stitch machine and makes a beautiful, even and uniform stitch which will not unravel and is alike on both sides. It hems, braids, cords, tucks, embroiders, ruffles, flaps and does all kinds of work on the finest muslin or the heaviest full-cloth.

The sickly season is at hand; the great heat makes the system feeble and debilitated and unable to withstand the sudden attacks of disease. But the regular use of Rohrer's Wild Cherry Tonic will invigorate the system, brace up the shattered forces and enable each organ to perform its proper functions. It will cure any case of Diarrhoea, Dysentery or Cholera Morbus in a few hours, and to those suffering the horrors of that terrible disease, Dyspepsia, it is invaluable.
