

will expire next year—seven Republicans, three Democrats, and one Liberal Republican. Their places will be filled at the election next November, for two years only. After 1878, one-half the Senators will be chosen every two years to serve for four years—so that half the Senators will go out and half hold over at each biennial term.

The members of the House of Representatives will be elected in November, 1874—to serve for two years. Elections for Senators and Representatives will therefore be biennial instead of annual.

The first election for Governor under the new Constitution will take place in November, 1875, for a term of the Governor is to be four years. A Lieutenant Governor is to be elected in 1874 to serve for four years. A Secretary of Internal Affairs, to take the place of Surveyor General shall also be elected in 1874.

In a general sense, as we said before, the New Constitution is to take effect on the first of January next, but a large proportion of its most important provisions can only go into operation after appropriate legislation has been perfected, and after a new legislature and new officers have been elected under it.

It will take four years to put the new instrument in good working order, by which time whatever amendments are needed may be proposed, so as to render it more perfect and attractive.

December 31, 1873.

Good bye, Old Year! with all thy trials of ever changing joy and pain. Beautiful hopes so soon laid low. Beautiful seeds that yet may grow. Cares and sorrows may pass with thee— Who can tell what the next may be. Good bye, Old Year! As the words we say Thy one last hour is passing away. Many a day, with its freight of hours, Brought us wonderful fruits and flowers: Flowers that bloomed in our hearts as well: Fruits that reached to the soul to tell. Old Friend Year! thou wast rich and true— Old Friend Year! thou wast chaste and true. We thank thee, Year that is dying now, For every step thou hast led us through; For pain and weariness, sleep and dreams, For peace that now so precious seems, For dawn of day and night of stars, And all the bloom the spring-time wears, For summer's wealth and fall and balm, For morning's cheer and evening's calm. Beautiful Year! Thy lingering tread Seems to mourn for thy prestige fled: Can it be, wonderful year! that thou Dread'st to pass from the realm of Now? Hast thou regret? Is there some loss That thou wouldst seek this night of now? If so, O Year! ah, dying friend! How human art thou at thy end.

Extracts from Charlotte Brontë. The world can understand well enough the process of perishing for want of food; perhaps few persons can enter into or follow out that of going mad from solitary confinement. They see the long buried prisoner disinterred, a maniac or an idiot; how his senses left him; how his nerves first inflamed, underwent nameless agony, and then sunk to palsy— is a subject too intricate for examination, too abstract for popular comprehension. Speak of it! you might almost as well stand in an European marketplace and propound dark sayings in that language and mood which in Nebuchadnezzar, the imperial hypochondriac, communed with his baffled Chaldeans. And long, long may the minds to whom such themes are no mystery—by whom their bearings are sympathetically seized, be few in number and rare of encounter.

When the world was younger and halter than now moral trials were a deeper mystery still; perhaps in all the land of Israhel there was but one Saul—certainly but one David to soothe or comprehend him. * * * It was a day of winter east wind, and I had now for some time entered into that dreary fellowship with the winds and their changes, so little known, so incomprehensible to the healthy. * * * I should have quailed in the unwanted presence of that which to-night shone in the earth a moving mystery—the aurora borealis. But this solemn stranger influenced me otherwise than through my fears. Some new power it seemed to bring, I drew in energy with the keen low breeze that blew its path.

It is not merely the multiplicity of tints, the gladness of tone, or the balminess of the air which delight in the spring; it is the still consecrated spirit of hope, the prospect of happy days yet to come; the endless variety of nature, with presentiments of eternal flowers which never shall fade, sympathy with the blessedness of the ever-developing world.

WHAT is that from which, if you take the whole, some will remain? Wholesome. THE man most likely to make his mark in the world—One who cannot write his own name.

AYER'S Cherry Pectoral.

For Diseases of the Throat and Lungs, such as Coughs, Colic, Whooping Cough, Bronchitis, Asthma and Consumption.

Among the great discoveries of modern science are of more real value to mankind than the discovery of the elements of the air. A vast trial of its virtues, throughout the world, has shown that it cures such and other diseases. The fact that it cures such and other diseases is established by the fact that it cures such and other diseases. The fact that it cures such and other diseases is established by the fact that it cures such and other diseases. The fact that it cures such and other diseases is established by the fact that it cures such and other diseases.

Prepared by DR. J. C. AYER & CO., Lowell, Mass.

AYER'S SARSAPARILLA.

Is widely known as one of the most effectual remedies ever discovered for cleansing the system and purifying the blood. It has been used for years, with a constantly growing reputation, based on its intrinsic virtues, and sustained by its remarkable cures. So mild as to be safe and beneficial to children, and yet so searching as to effectually purge out the great corruptions of the blood such as the scrofulous and syphilitic contaminations, Impurities, or diseases that have taken to the system for years, soon yield to its powerful action, and disappear. Hence its wonderful cures, many of which are publicly known, of SCROFULA, and all scrofulous diseases, ULCERS, Eruptions, and eruptive disorders of the skin, TUBERCLES, BRUISES, BOILS, PIMPLES, PUSTULES, CHIRDS, ST. ANTHONY'S FIRE, ITCH, OR URTICARIA, TETTER, SALT RHEUM, SCALD HEAD, KINGDOM, and internal ULCERATIONS of the UTERUS, STOMACH, and LIVER. It also cures other complaints, to which it would not seem especially adapted, such as DYSPEPSIA, DYSPEPSIA, FEVER, NEURALGIA, CHOLERA, PLEURAL WEAKNESS, DEBILITY, and LEUCORRHEA, when they are manifestations of the scrofulous poisons. It is an excellent restorer of health and strength in the spring. By renewing the appetite and vigor of the digestive organs, it dissipates the depression and listless languor of the season. Even where no disorder appears, people feel better, and live longer, for cleansing the blood. The system moves on with renewed vigor and a new lease of life.

Prepared by DR. J. C. AYER & CO., Lowell, Mass.

AYER'S HAIR VIGOR.

A dressing which is at once agreeable, healthy, and effectual for preserving the hair. It soon restores faded or gray hair to its original color, with the gloss and freshness of youth. Thin hair is thickened, fallen hair checked, and baldness often prevented. It is also used for itching humors, and restores the hair where the follicles are destroyed or the glands atrophied and decayed; but such as remain can be saved by this application, and stimulated into activity, so that a new growth of hair is produced. Instead of forcing the hair with a nasty stimulant, it will keep it clean and vigorous. In the occasional use, it will prevent the hair from turning gray or falling out, and consequently prevent baldness. The restoration of vitality it gives to the scalp arrests and prevents the formation of dandruff, which is often so unhealthy and offensive. Free from those deleterious substances which make some preparations dangerous and injurious to the hair, the Vigor can only benefit, and not harm it. It is used merely for a HAIR DRESSING, nothing else can be found so desirable. Containing neither oil nor dye, it does not soil white cambric, and yet lasts long on the hair, giving it a rich, glossy lustre, and a graceful derriere.

Prepared by Dr. J. C. Ayer & Co., Lowell, Mass.

HALL'S VEGETABLE SICILIAN Hair Renewer.

Every year increases the popularity of this valuable Hair Preparation; which is due to its merit alone. We can assure our old patrons that it is kept fully up to its high standard; and it is the only reliable and perfected preparation for restoring GRAY or FADED HAIR to its youthful color, making it soft, lustrous and silken. The scalp, by its use, becomes white and clean. It removes all eruptions and dandruff, and by its tonic properties, prevents the hair from falling out, as it stimulates and nourishes the hair follicles. By its use, the hair grows thicker and stronger. In baldness it restores the capillary glands to their normal vigor, and will create a new growth, except in extreme old age. It is the most economical HAIR DRESSING ever used, as it requires fewer applications, and gives the hair a splendid, glossy appearance. A. A. HAYES, D. State Assayer of Massachusetts, says, "The constituents are pure, and carefully selected for excellent quality; and I consider it the BEST PREPARATION for its intended purposes."

BUCKINGHAM'S DYE For The Whiskers.

As our Renewer in many cases requires too long a time, and too much much care, to restore gray or faded Whiskers, we have prepared this dye, in one preparation; which will quickly and effectually accomplish this result. It is easily applied, and produces a color which will neither rub nor wash out. Sold by all Druggists.

AYER'S Cathartic Pills,

For the relief and cure of all derangements of the stomach, liver and bowels. They are a mild, aperient, and an excellent purgative. Being purely vegetable, they contain no mercury or mineral whatever. Much serious sickness and suffering is prevented by their timely use; and every family should have them on hand for their protection and relief, when required. Long experience has proved them to be the safest, purest and best of all PILLS with which the market abounds. By their occasional use, the blood is purified, the obstructions of the system expelled, obstructions removed, and the whole machinery of life restored to its healthy activity. Internal organs which become clogged and sluggish are cleansed by AYER'S PILLS, and stimulated into action. This important disease is changed into health, the value of which change, when reckoned on the vast multitudes who enjoy it, can hardly be computed. Their sugar coating makes them pleasant to take, and preserves their virtues unimpaired for any length of time, so that they are ever fresh, and perfectly reliable. Although searching, they are mild and operate without disturbance to the constitution, or diet, or occupation.

Full directions are given on the wrapper of each box, how to use them as a Family Physic, and for the following complaints, which these PILLS rapidly cure:

For DYSPEPSIA or INDIGESTION, LISTSNESS, LAXNOL, and LOSS OF APPETITE, they should be taken moderately to stimulate the stomach, and restore its healthy tone and action.

For LIVER COMPLAINT and its various symptoms, BILIOUS HEADACHE, SICK HEADACHE, JAUNDICE or GREEN SICKNESS, BILIOUS COLIC and BILIOUS FEVERS, they should be judiciously taken for each case, to correct the diseased action or remove the obstruction which cause it.

For BILIOUSNESS or DIARRHOEA, but one medicine is generally required.

For HEMORRHOID, GOUT, GRAVEL, PALPITATION OF THE HEART, PAIN in the side, back, and LOINS, they should be continuously taken, as required, to change the diseased action of the system. With such change those complaints disappear.

For DYSURIA and DYSMENSTRUAL SWELLINGS, they should be taken in large and frequent doses to produce the effect of a drastic cure.

For STIPRESION, a large dose should be taken, as a DINNER PILL, take one or two PILLS to promote digestion and relieve the stomach.

An occasional dose stimulates the stomach and bowels, restores the appetite, and invigorates the system. Hence it is often advantageous where any serious derangement exists. One who feels tolerably well, often finds that a dose of these PILLS makes him feel decidedly better, from their cleansing and renovating effect on the digestive apparatus.

Vinegar Bitters

PURELY VEGETABLE. FREE FROM ALCOHOL.

DR. WALKER'S California Vinegar Bitters

Dr. J. Walker's California Vinegar Bitters are a purely vegetable preparation, made of the finest herbs found on the Sierra Nevada mountains, the medicinal properties of which are extracted therefrom without the use of Alcohol. The question is daily asked, "What is the cause of disease, and the cause of its cure?" Our answer is, that the cause of disease, and the cause of its cure, is the same. They are the blood purifier and a life-giving tonic, and a perfect Renovator and Restorer of the system. Never before in the history of the world has a medicine so compounded possessing the medicinal qualities of VINEGAR BITTERS been discovered. They are a purely vegetable preparation, made of the finest herbs found on the Sierra Nevada mountains, the medicinal properties of which are extracted therefrom without the use of Alcohol. Never before in the history of the world has a medicine so compounded possessing the medicinal qualities of VINEGAR BITTERS been discovered. They are a purely vegetable preparation, made of the finest herbs found on the Sierra Nevada mountains, the medicinal properties of which are extracted therefrom without the use of Alcohol. The question is daily asked, "What is the cause of disease, and the cause of its cure?" Our answer is, that the cause of disease, and the cause of its cure, is the same. They are the blood purifier and a life-giving tonic, and a perfect Renovator and Restorer of the system. Never before in the history of the
