THE REPUBLICAN.

CLEARFIELD Pa., March 25, 1852.

FOR PRESIDENT,

JAMES BUCHANAN,

OF PENNSYLVANIA.

(Subject to the decision of the Democratic National Convention.)

FOR CANAL COMMISSIONER,

WILLIAM SEARIGHT,

OF FAYETTE COUNTY.

☞We are again compelled to defer the publication of the programme of the late school exhibition.

☞His Excellency, Gov. BIGLER, made a brief visit to his family last week. He arrived on Saturday evening and returned to Harrisburg again on Tuesday, he enjoys excellent health, and looks very well. And who wouldn't look well after having so efficiently put a check to careless and injurious legislation, in the manner he has done?

ALMOST.—Our entire population has been engaged for the last two weeks in preparing our lumber for market. The river was in fine order during the last week, though most of the time too high for safety. On Wednesday morning it was in good condition, and every thing seemed to be afloat. On Thursday the weather set in cold, and from that until the following Tuesday we had first rate winter.

SARTAINS MAGAZINE, For April is a perfect bird of a book. Who would be so regardless of the beauties of literature as to refuse to patronize it.

☞The "old fashion" part of the present winter still abides with us. Last Thursday, Friday and Saturday threatened very hard to prepare for another grand break-up by bridging our streams with ice. On Sunday and Monday nights several inches of snow fell, and so far as the appearance of the outer world is concerned, as well as the jingling of sleigh-bells, one might suppose we are still in midwinter.

DAGUERREOTYPING.—Our citizens now have a fair opportunity to procure well executed Daguerreotype likenesses. From what we have seen of the productions of Messrs. SILVERTHORN & McMEEN, who may be found in the room over the office of Esq. Wrigley, we should judge them to be well worthy of patronage.

FIRE!—We regret to learn that the dwelling of WM. FULLERTON, on the river about two miles above this place, was entirely destroyed by fire, on last Friday morning. A number of watermen were in the house over night, and the morning was very cold, a large fire was kept up in an early hour. The fire was not discovered until about daylight, when the watermen had all left, and had progressed so far that but few articles of furniture could be rescued from the devouring element.

ACCIDENTS.—We have heard of almost a number of accidents and narrow escapes of limbs and lives, during the present fasting season. Two were of a fatal character—the one, that of the drowning of a man on the river somewhere above Lewisville; the other, the crushing or killing of a man at Queensrun dam.—There are rumors, however, that are not verified, and as there are different stories afloat we begin to hope that there is no foundation for them.

☞The *Elk County Advocate* is out and voted in favor of the repeal of the law levying the circuntion of small notes, and down upon us like "a thousand-o'-clock" for the manner in which we alluded to a certain vote of Mr. GILLIS on this subject. Now, we are not going to quarrel with our friends of the *Advocate*. We would like to quarrel; and the long and the short of it is, we *won't* quarrel—with such fellows. But we should like to have a little space to show, that on this subject we are *right*, and they are *wrong*. Gentlemen, your small notes, whether State or domestic issue, are no more for the business and honest industry of your mammoth *pine stumps* necessary to the improvement and production of your verdant soil. And as to the possibility of excluding them from circulation, that is settled. Our business-men have their praise be it spoken—took them in hand, and, although they forced out our only currency when the law went into operation, a foreign small note is now seldom met with. Nor have we heard any serious complaint for the exchange more than was the case before. So would it be in every other State not excepted, if their men of business who generally put money in circulation return for the products of the soil would do as most of those of our people are in the habit of doing, and prefer *substance* to the *shadow*—or, *money*.

T. B. PETERSON, has placed in our hands a copy of "FIRST AND TRUE LOVE," a new novel by the agreeable author of "CONSUELLO" "Indiana," &c. It is a very excellent work, in many respects. Price 50 cents. 228 pages.

THE WAR ON THE RIO GRANDE.—The following are said to be the number of killed and wounded in the several engagements between the Liberators and Mexicans, since the commencement of the outbreak on the Rio Grande:

First battle of Camargo, Liberators, none killed, 5 wounded; Mexicans, 40 killed and wounded. At Matamoras, L's, 4 killed and 8 wounded; M's, 50 killed and wounded. At Cerralvo, L's, 10 killed and 20 wounded; M's, 52 killed and 60 wounded. The last battle of Camargo, L's, 8 killed, 16 wounded; M's, 70 killed, 100 wounded.

ANOTHER SCIENTIFIC WONDER PEPSIN an Artificial Digestive Fluid, or Gastric Juice!—A great Dyspepsia Curer, prepared from Rennet, of the fourth Stomach of the Ox, after directions of Baron Leibig, the great Physiological Chemist, by J. S. Houghton, M. D., No. 11 North Eighth Street, Philadelphia, Pa. This is a truly wonderful remedy for Indigestion, Dyspepsia, Jaundice, Liver Complaint, constipation, and Debility, curing after nature's own method, by nature's own agent, the Gastric Juice.
