YOUNG AGAIN—A Dream.

An old man sits in a high back'd chair,
Before an open door,
While the sun of a summer afternoon
Falls hot across the floor,
And the drowsy click of an ancient clock
Has notched the hour of four.

A breeze blows in and a breeze blows out
From the scented summer air,
And it flutters how on his wrinkled brow
And now it lifts his hair;
And the leaden lid of his eye drops down,
And he sleeps in his high-back'd chair.

The old man sleeps and the old man dreams;
His head drops on his breast,
His hands relax their feeble hold,
And fall to his lap in rest.
The old man sleeps, and in sleep he dreams,
And in dreams again is free.

The years unroll their fearful scroll;
He is a child again,
A mother's tones are in his ear,
And in his arms his brain;
He chases gaudy butterflies
Far down the rolling plain.

He plucks the wild rose in the woods
And gathers eglantine,
And holds the golden buttercups
Beneath his sister's chin;
And angles in the meadow brook
With a bent and naked pin.

He loiters down the grassy lane
And by the brimming pool,
And a sigh escapes his parted lips
As he hears the bell for school—
And he wishes it never were nine o'clock,
And the morning never were full.

A mother's hand is pressed on his head,
Her kiss is on his brow—
A summer's breeze blows in at the door
With toss of a leafy bough,
And the boy is a white-hair'd man again,
And his eyes are tear-fill'd again.

MINNESOTA.

The *St. Paul's Pioneer* gives the following account of things hereabouts:

The snow is two feet deep. We have had no rain, and our sleighing is abundant. Some of our people are travelling to Traverse des Sioux and back, either preparing for opening their claims on the Sioux purchase, or transporting merchandize. A great number of teams are hauling wood into town, some from the region north of town, but more of them from the river bottoms. Wood is worth from $3 to $3 50. Some are bringing up merchandize from La Crosse, Wis., about 130 miles down the river. They get $2 per cwt. freight.

Many farmers are bringing in produce, having kept it till this time for the sake of the highest prices. But they are probably too late. Prices are falling considerably. Pork in the hog is sold by the load at 8 cents. Flour is slightly on the decline. Oats, which one month ago were worth 60 and 65 cents, are now bought out of sleighs at 40 cents. Trade in town has not thus far been so brisk as in seasons past. We know not how to account for it, unless in the fact of the great increase of stores. Still, we think that our stocks will be mostly cleared out before the opening of navigation, which will be the first part of April.

Our Legislature is in session. The friends of Temperance will propose a bill for another law, the last having been decided invalid.

St. Paul wears a lively appearance these days, and looks like an old town. Our churches are well attended, and we have many private parties and balls. The holidays were respected with a truly Eastern devotion. Just at this time of the meeting of the Legislature, there is an unusual number of persons in from various points. The scene presented of a sunny winter's day about these times, in Third street, would be interesting to a stranger just set down from the Galena stage. Loaded teams almost crowd the way, and livery cutters driven by fast men, are threading their way among squads of politicians and lookers-on.

The crowd of people is made up of Americans from the various parts of the States, of—Canadian, French, of Half-breeds and Indians. Some wear the European costume, some the frontier fashions, which, among a numerous class, consist of a cap, cut according to shape and size of the varmint from which it was taken, with coat and pants fastened by a girdle, and moccasins to their feet. The Indians usually wear the blanket. In such a crowd one will hear the language of the English, the French, the German, and the Sioux.

"CIRCUMSTANCES ALTER CASES. The *Minnesota Pioneer* tells a story of an assessor of taxes, who, in his official capacity, called on a certain landholder halfway between St. Paul and St. Antony the other day, and commenced a valuation of the estate.

"Mr. D., what value do you hold your estate at?"

"Vy, sure, I hold de most valable estet in de territoroire. I hab fine prairie, good wasare and acres tree hundreds. It is worth one hundred dollars each acre. I hab been refuse ten tousend dollare."

"Very well, Mr. D., I will assess your estate, three hundred acres, at one hundred dollars an acre."

Whereupon the assessor mounted his horse and went on to the next house.—The sequel, as far as heard from, is that the imprudent D. had for three days been riding an Indian pony between his lawyer and the assessor, to get an abatement of the appraisal from one hundred dollars to five dollars, which, in his humility, he is ready to swear is the true value.

☞ The road to ruin is through the gate of wrong. The man who cheats has taken the first step towards litigation and poverty, bail-bonds and broken breeches. God has so ordered matters that the only things that produce lasting benefits, are honesty and right. Out of a dozen well-to-do scamps that we know five years ago, ten have run away, while the other two act as orderly sergeants to a swill wagon.

THE ROAD TO HEALTH
HOLLOWAY'S PILLS.

CURE OF A DISORDERED LIVER AND BAD DIGESTION.

Copy of a Letter from Mr. R. W. Kirkus, Chemist, 7, Prescot street, Liverpool, (England,) dated 6th June, 1851.

To Professor HOLLOWAY.

SIR—Your Pills and Ointment have stood the highest on our sale list of Proprietary Medicines for some years. A customer, to whom I can refer for any enquiries, desires me to let you know the particulars of her case. She had been troubled for years with a disordered liver, and bad digestion. On the last occasion, however, the virulence of the attack was so alarming, and the inflammation set in so severely, that doubts were entertained of her not being able to bear up under it; fortunately she was induced to try your Pills, and she informs me that after the first, and each succeeding dose, she had great relief. She continued to take them, and although abounded only three Boxes, she is now in the enjoyment of perfect health. I could have sent you many more cases, but the above, from the severity of the Attack, and the speedy Cure, I think, speaks much in favor of your astonishing Pills.

AN EXTRAORDINARY CURE OF RHEUMATIC FEVER, IN VAN DIEMAN'S LAND.

Copy of a Letter in the Hobart Town Courier, of the 1st March, 1851, by Major J. Welch.

Margaret M'Conigan, nineteen years of age, residing at New Town, had been suffering from a violent Rheumatic Fever for upwards of two months, which had entirely deprived her of the use of her limbs; during this period she was under the care of the most eminent medical men in Hobart Town, and by them her case was considered hopeless. A friend prevailed upon him to try Holloway's celebrated Pills, which she consented to do, and in an incredible short space of time they effected a perfect cure.

CURE OF A PAIN AND TIGHTNESS IN THE CHEST AND STOMACH OF A PERSON 84 YEARS OF AGE.

From Messrs. Thew & Son, Proprietors of the Lynn Advertiser, who can vouch for the following statement. August 2nd, 1851.

To Professor HOLLOWAY,

SIR—I desire to bear testimony to the good effects of Holloway's Pills. For some years I suffered severely from a pain and tightness in the stomach which was also accompanied by a shortness of breath, that prevented me from walking about. I am 84 years of age, and notwithstanding my advanced state of life, these Pills have so relieved me, that I am desirous that others should be made acquainted with their virtues. I am now rendered, by their means, comparatively active, and can take exercise without inconvenience or pain, which I could not do before.

(Signed) HENRY COE, North street, Lynn, Norfolk.

These celebrated Pills are wonderfully efficacious in the following complaints:

Ague	Fevers of all kinds	Sore Throats

$500 Challenge.

WHATEVER concerns the health and happiness of a people is of all titles of the most valuable importance. I take it for granted that every person will do all in their power to save the lives of their children, and that every person will endeavor to promote their own health at all sacrifices. I feel it to be my duty to solemnly assure you that WORMS, according to the opinion of the most celebrated Physicians, are the primary causes of a large majority of diseases to which children and adults are liable; if you have an appetite continually changeable from one kind of food to another, Bad Breath, Pain in the Stomach, Picking at the Nose, Haziness and Fullness of the Belly, Dry Cough, Slow Fever, Pulse Irregular—remember that all these denote WORMS, and you should at once apply the remedy:—

HOBENSACK'S WORM SYRUP.

An article founded upon Scientific Principles, compounded with purely vegetable substances, being perfectly safe when taken, and can be given to the most tender Infant with decided beneficial effect; where bowel Complaints and Diarrhœa have made them weak and debilitated the Tonic properties of my Worm Syrup are such that it stands without an equal in the catalogue of medicines; in giving tone and strength to the Stomach, which makes it an infallible remedy for those afflicted with Dyspepsia, the astonishing cures performed by the Syrup after Physicians have failed, is the best evidence of its superior efficacy over all others.

The Tape Worm!

This is the most difficult Worm to destroy of all that infest the human system, it grows to an almost indefinite length, becoming so coiled and fastened in the intestines and Stomach effecting the health so sadly as to cause St. Vitus Dance, Fits, &c., that those afflicted seldom if ever suspect that it is Tape Worm hastening them to an early grave. In order to destroy this Worm, a very energetic treatment must be pursued, it would therefore be proper to take 6 or 8 of my Liver Pills so as to remove all obstructions, that the Worm Syrup may not direct upon the Worm, which must be taken in doses of 2 Tablespoonfuls 3 times a day. These directions followed have never been known to fail in curing the most obstinate case of Tape Worm.

Hobensack's Liver Pills.

No part of the system is more liable to disease than the LIVER—it serving as a filterer to purify the blood, or giving the proper secretion to the bile—so that any wrong action of the liver effects the other important parts of the system, and results variously in Liver Complaint, Jaundice, Dyspepsia, &c. We should, therefore, watch every symptom that might indicate a wrong action of the Liver. These Pills being composed of ROOTS and PLANTS furnished by nature to heal the sick:—Namely, 1st. An EXPECTORANT, which augments the secretion from the Pulmonary mucus membrane, or promotes the discharge of secreted matter. 2d. An ALTERATIVE, which changes in some inexplicable and inimitable manner the certain morbid action of the system. 3d. A TONIC, which gives tone and strength to the various stomachs, renewing health and vigor to all parts of the body. 4th. A CATHARTIC, which acts in perfect harmony with the other ingredients, and operating on the Bowels, and expelling the whole mass of corrupt and vitiated matter, and purifying the Blood, which destroys disease and restores health.

To Females.

You will find these Pills an invaluable medicine in many complaints to which you are subject, in obstructions either total or partial, they have been found of inestimable benefit—restoring their functional arrangements to a healthy action—purifying the blood and other fluids so effectually as to put to flight all complaints which may arise from female irregularities, as Headache, Giddiness, Dimness of Sight, Pain in the Side, Back, &c.

None genuine unless signed J. N. HOBENSACK—all others are base imitations.
