People rushed out of the cars as though crazy; ed to Pawtucket, but it was surprising that very little scream-

Wouldn't Contend.—A cross-grainthere were four or five badly wounded persons left at Old Bridge. A bucket of water was wanted for the wounded, and one of the engineers, who was throwing water on the engine fire, was requested to give it for the purpose, but he childishly refused. This so exasperated the passengers that they were almost ready to lynch why" replied Mr. F., "you must be stabilished its years ago by Dr. Kinkelin, N. W correct Third and Union streets, between the correct Third and Union streets, b ing was heard.
There were four or five badly wounded gers that they were almost ready to lynch him! The people of the neighborhood and mistaken I think." the uninjured passengers were most atten-

five to the wants of the wounded. The engineers and conductors were immediately arrested, and will be held to answer the result of the coroner's inquest, er. The engineers were seen to leap off their respective engines immediately before the leave it to any four men in the village that A Vigorous Life, or a Premature Death. collision. The name of the Philadelphia you shall select ?" eer, is said to be Isaac D of them were injured.

is Mascharuss; that of the Philadelphia frain is Graham.

.It is said that the cause of the accident

The indignation of the passengers was pahounded. A meeting was called on the spot, and resolutions denouncing the Compathy and its officers, as gunty or most reckless carelessness, adopted. Joseph Hsrrison, Jr., of Philadelphia, was appointed President, and S. Harry Richards, by way of showing his consequence, strutters of the path of th pany and its officers, as guilty of the Eastern exchanges has the following:

men, and the following were appointed a interlarding his language with any amount George Erhard Committee to draft resolutions expressing of oaths, especially annoying the landlord the sontiments of the passingers: Messrs, and several others present. W. P. Tatham, of Philadelphia; W. A.

ted up, which was called the 'swearing room,' and if he would only go there he might swear to his heart's content.

The stranger took the rebuke kindly, and no more swearing was heard from his lips at that time.

The result of the bad arrangements upon

the Camden and Amboy Railroad, and the recklesseness of the persons employed by the Company.

Resolved, That the use of a telegraph, so indispensable upon a single track road) the light have prevented this sad catastrophe.

Resolved, That the existence of a single track Railroad between the cities of the Kork and Philadelphia, is disgraceful to the Company that enjoys so lucrative a telegraph, and to the communities that telegraph, the company that enjoys so lucrative a telegraph telegraph.

Resolved, That these proceedings and the Case.—The assessor of taxes, in his official capacity, called on a certain landholder half way between St. John C. Reed John Remains John Blook John Blook

Dr. Hartshorne, of Philadelphia, then moved that the proceedings be signed by le passengers present, which was done.

THE undersigned would respectfully announce to their ceased business upon the "READY PAY" system, believing it to be the best system—lat, because the swill be no baddeted to be paid by taxing there who are willing to pay, as is to much the case under the credit system.—Becondly we can soll our stock lower than on seedit, because we can make cut return scener, and thus there will be an advantage to the selfer as well as the bayer.—We lutent keeping constantly of hand, a good ansortment of LEATHER, such as Span. Beautyper, Rips, and Calk-whire, Harness Leather Bhitlag, &c. For which we will take in exchange the highest market proces, all kinds of constry produces, and as GRAIN of every description, Reef. hides, Calf akins, hamber. Bark, I slow, &c., and even a little cash would come very handry. We will also, furnish customers with ready made Boots and Shoeil Gears, Harness, Collars, Briddes, Lines, Saddles &c., os short notice, and at the same prices which they would have to set the minimum material of the product of the minimum material stocks.
