LATE FROM CALIFORNIA.

Over One Million in Gold Dust.

The steamship Northern Light, Capt. Miner, from San Juan del Norte, arrived about one o'clock yesterday morning, at N. York, with 655 passengers, and $1,345,828 in specie, and dates from San Francisco to the 1st of September.

The N. L. left New Yrok on the 5th inst., at 3½ P. M., and arrived at San Juan Sept. 15th, at 9, P. M., having stopped at Kingston, Ja., evening of the 16th inst., at 8, P. M., bringing the mails and specie through from San Francisco to New York in less than twenty-three days and a half.

The N. L. is connected with the steamship Brother Jonathan, Capt. Baldwin, which left San Francisco on the 1st inst., at 3 o'clock, P. M., with 700 passengers, and $1,500,000 on freight, and arrived at San Juan del Sud on the 15th inst.

The steamship Cortes arrived at San Francisco on the 28th of August, four days previous to the sailing of the B. J., with the passengers of the Northern Light, which left New York on the 5th of Aug. inthe short space of twenty-three days, all in good health. The U. S. mails by the Panama route had not arrived at the time of the sailing of the Brother Jonathan.

The transit of the passengers and specie across the Isthmus occupied forty-six hours.

The passengers were all in good health, and there was no sickness on the route.

The two men who murdered Mr. Beekman at Volcano, California, in July last, were discovered, in a very extraordinary manner, on board the steamer Brother Jonathan, on her downward trip on the 8th inst. They testified against each other, after much prevarication. They were then put in irons, under a guard, until the Brother Jonathan should return to San Francisco, to which place they would be conveyed. The discovery and arrest of these two men caused much excitement among the passengers.

Every county in the State is a scene of political discussion and excitement. The election will take place on 7th prox., and until that event shall have transpired, the public mind will be to a great extent occupied by political matters.

The Indian outbreaks in the Rogue river valley, in the North are becoming serious and threatening. It is not improbable that general hostilities will be the consequence in that part of the State and the southern part of Oregon.

The murderers and thieves who have so long infested the State have been faring somewhat badly of late. A number of them have been brought to summary accounts, and forfeited their lives for their crimes. Among them is Vergais, who murdered Mr. Porter, near Los Angels, some weeks since, was lately killed at the military camp on the Colorado.

A rendezvous of villains, of all grades and characters, was recently discovered in the sink of the Humbolt River, east of the Sierra Nevada. A murderer was traced by a party from Calaveras county, to the rendezvous, where about one hundred and fifty of the outlaws were discovered.

From various circumstances, it is more than probable that the "Joexin Rangers," whose supposed capture of the renowned banditi, Joaquin Muriatta, created so much talk lately, were mistaken in their man, and decapitated an unlucky person, who went out with a party from Los Angels to catch wild horses.

A large meeting was held on the 21st of August, to take into consideration the best plan of action to hasten the construction of a Pacific railroad.

A considerable degree of interest has been manifested in this city in the result of a suit pending in the Supreme Court against Captain Patterson, of the Golden Gate, for putting a passenger in a barrel, as punishment. The suit was for vindicative damages of $3000. The jury failed to find a verdict, and were discharged on Saturday.

A comet was discovered in the west about 10 degrees above the horizon, on the 20th, about 8 P. M. The nucleus was about the size of a star of the third magnitude.

A small steamer for the river trade—the second made entirely in this city—was launched on the 25th. This is the fourth built here this summer, and another is on the stocks.

The journeymen bricklayers have struck for an increase of wages form $10 to $12 per day, and have obtained it. The hod carriers struck successfully for $6.

Frenzied Leap at the Falls of Niagara.

We have received a singular narration says the *Toronto colonist* of a narrow escape of life at the Falls of Niagara. Mr. E. V. Wilson of this city, of lightning-rod notoriety, went to the Falls with a party, and among the number was Mrs. N. L. Piper. The lady, at the time, was laboring slightly under a species of insanity. It was thought by her husband that travelling and change of air and scenery would do her good, but unfortunately, such was not the case. Immediately upon her arrival she was very desirous to see the Falls; and while standing on the Canada side, at about twenty feet from the falling sheet of water, she slipped her arm from Mr. Wilson and made a rush towards the precipice. He rushed after her, and just as she was going over, he caught hold of her dress, and by it held her dangling in the air. The dress gave way, and she fell upon a ledge of rock, at a distance of twenty feet. As she thus lay, Wilson, our narrative says, "with great presence of mind looked for a soft place," and discovering a quantity of loose dirt lying on the rocks, he immediately jumped down on it. He was just in time to save her from going over the main precipice. By the aid of a pair of long lines, belonging to a team close by, they were both drawn up together. But suffered from some contusion, but neither was seriously hurt. These circumstances took place on Thursday last.

THE FORCED LOAN IN MEXICO.—The *New York Journal of Commerce* learns through private letters from Mexico, that Santa Anna, on the 5th ult., was still at Tacubayo, endeavoring to effect a forced loan of seventeen milion dollars from the clergy. He had succeeded in enlisting a large body of troops for his standing army, but was destitute of the means to pay or support them. He had cut off sources of public information as to his own movements and intentions, though he kept a jealous watch upon the factions opposed to him.

By the same, on the same day, Mr. Jacob Flegal, of Morris Township, to Miss Margaret Jane Robertson of Clearfield

By the same, on the 27th inst, Mr. T. J. McCullough, to Miss Agnes E. Moore, both of Clearfield.

Letter addressed to care of Mr. Curtis Hatch, Agent at Ravenna, Ohio.

To Dr. MARCHISI:—I have been ten years troubled with Female Complaints—prolapsus uteri, and all the attending difficulties; at times rendering my life most miserable I have had the attendance of some of the best physicians, with but little success; the most they could do was to relieve—a cure was out of the question. For five months before commencing with your medicine, I had not been able to perform any labor, could walk but a few steps at a time, and scarcely went out of doors—in short, I was completely prostrated, both in body and mind, and expected to drag out the rest of my days in suffering and misery. But, reading your advertisement, I was induced to try your invaluable medicine called Uterine Catholicon, as the last resort. I had not used it a week before I felt like another woman. By the use of three bottles I was enabled to perform all the labor for six in the family with ease, and could walk anywhere in the neighborhood without injury. Nothing but a sense of my duty to you and to the afflicted, has induced me to state my case to the public. I can safely recommend the preparation to all those suffering like myself. Epilepsy can be Cured!

LAKE'S VEGETABLE COMPOUND,

For the cure of Epilepsy or Fits, is performing more wonderful cures than any other medicine yet known or before the public.

Price Five Dollars A Bottle.

The proprietor has in his possession numerous certificates, narrating the ASTONISHING AND MIRACULOUS CURES effected by this medicine, and directs attention to the following only, to assure those who are so unfortunate to be afflicted with this terrible disease to not consider incurable, that LAKE'S preparation

Is almost Infallible in its Cure!

From Mrs. Brooks, widow of Maj. Jas. Brooks, late of Conneaut, Ohio.

Mr. Z. LAKE.—Sir: Please send me another bottle of Fit Medicine, as I do not like to do without it on hand. When I commenced giving the Medicine to my son Edgar, he had from one to three fits per day. He has now taken the medicine over five months, and has had, I think, but two fits in that time, and those very light. His body and mind are very much improved and by the blessing of God, I feel that the medicine will restore his body and mind to their usual activity. He is 23 years old, and has had fits over 12 years, which have been very frequent, and very destructive to his constitution and mind. Hundreds of dollars have been expended for medicine to "CURE FITS" but nothing has relieved him until he used your medicine. Respectfully yours, POLLY BROOKS.

From Judson Landon, Superintendent of the Ashtabula County Infirmary.

Mr. Z. LAKE.—Please send me a few more bottles of your "Fit Medicine;" I may not need it, but think safer to keep it on hand. Your medicine has done wonders—I gave it to Miss Jane Pedano; she has had fits for 25 years, I gave it to Miss Jane Pedano; she has had fits for 25 years, brought on by having the measles when but four years old which could not be brought out to the surface. After taking the medicine a few days, she had a free eruption of measles, and has had no fits since. She had fits or symptoms almost daily. She and her father concur with me in saying that we believe the medicine has or will work a perfect cure. I also gave the medicine to Miss Jane Henderson and Asa Curly, who have had fits almost daily, for a number of years. Their fits have ceased, and I believe the medicine will have the desired effect. Much money has been expended by the friends of the above patients for doctoring, all to no purpose. The cure above patients for doctoring, all to no purpose. The cure was left for your medicine to perform, and I can cheerfully recommend it as a valuable discovery. Respec fully yours, JUDSON LANDON.

HOLLOWAY'S PILLS.

CURE OF A DISORDERED LIVER AND BAD DIGESTION.

Copy of a Letter from Mr. R. W. Kirkus, Chemist, 7, Prescot street, Liverpool, (England,) dated 6th June, 1851.

To Professor HOLLOWAY.

SIR—Your Pills and Ointment have stood the highest on a considerable list of Proprietary Medicines for some years. A customer, to whom I can refer for any enquiries, desires me to let you know the particulars of her case. She has been troubled with a disordered liver, and bad digestion. On the 1st of last month, however, the virulence of the attack was so alarming, and the inflammation set in so severely, that doubts were entertained of her not being able to bear up under it. She then first commenced to try your Pills, and she informs me that after the first and each succeeding dose, she had great relief. She continued to take them, and although she used only three boxes, she is now in the enjoyment of perfect health. I could have sent you many more cases but the above, from the severity of the Attack, and the Speedy Cure, I think, speaks much in favor of your astonishing Pills.
