AFFLICTED READ!

I HILADELPHIA MEDICAL HOUSE—Established 20 years ago by Dr. KINKELIN, corner of Taird and Union sis., between Sprude and Pine, Philadelphia, Pa.
INVALIDS are apprised that Dr. KINKELIN confines
his practice to a particular branch of medicine, which engages his undivided attention. He cautions the unfortunate
against the abuse of Agreenry; thousands are annually mercuralized out of his. Recont afflictions are promptly extra-

guished.
TWENTY YEARS OF EXPERIENCE in the treatment of a class all diceases hitherto neglected and imperfectly understood, has enable Dr KINKELIN. (Author of a work of boll free events), to prove that nine tenths of the causes of nervous debility, local and constitutional weakness, minuted and physical suffering are tractable to certain habits, forming the most secre, yet deadly and fattl springs of domestic milety and premature mottail. y. ing the most secret yet deadly and fatal springs of domestic misery and premature mottally.

TAKE PARTICULAR NOTICE.—There is an evil habit symmetimes induleed in by boys, in solitude, and growing up with them to manchood, and which if not reformed in due time, not only begets serious obttacles to matrimanial nample pers but gives itse to a serie so protracted institutes and do y vastating affections. Few of those who give way to this per pictors practice are nawne of the consequences, until they find the nervous system shaltered, feel strange an unaccountube feelings and vague fours in the mind.

The unfortunate thus affected becomes feeble, is numble to inbor with accurate which is a dull, irresolute and engages in sport with less energy than usual.

If he ennancipate himself before the practice has done its wort, and enter minimony, his marriage is unfortful, and his secreticits him that this, caused by early follies. These are considerations which should awaken the attention of those similarity situated.

MARRIAGE Requires the fulfillment of several condition.

In ARRIAGE Requires the fallilment of several conditions, in after that it may really be the cause of mutual happiness. Could the veil which covers the origin of domestic wretchedness be raised, and its true source in every instance disclosed, in how many could it be traced to physical disqualifications. noss be raited, and lits true source in every instance disclosed; in how many could it be tracent to physical disqualifications; and their attendant disappointments. Apply thon while it is yet lime, in order to have your unstruing and relaxed organization rebraced, revivified and strengthosed.

ReMEMBER ho who places himself under Dr. Kinkelin's treatment may religiously coulded in his honor as agentleman, and rely upon the assurance, that the secrets of Dr. K's pations will nover be disclosed.

Young man—let no false modesty deter you from making your case known to one who, from education and raspectability can certainly befriend you.

Too many think they will concent the secret in their own hants, and cure themselves. Alva, how often is this a fatal definion, and how many appromising young man, who might have been an oranment to society, has faded from the earth. Strictures of the urether are rapidly removed by the application of a new therapeutical agent, used only by Dr. K. Wenknest and constitutional debitity prompty cured, and full vigor restored.

Letter addressed to care of Mr. Curtis Hatch. Agent at Revenina, Ohio.

To Dr. MARCHISA:—I have been ten years troubled with Female Compliants—prolapsus u.erl, and all the attending difficulties; at times rendering my life most miserable. Thave had the attendance of some of the best physicians, with but little success; the mpst they could do was to relieve—a ourse was out of the question. For five months before commencing with your medicine, I had not been able to perform any labor, could wask but a few steps at a time, and cearcely went out of doors—in smot. I was completely prostrated, both in body and mind, and expected to drag; at the rest of my days in suffering and misery. But, reading your advertisement, I was induced to try your invaluable medicine called Utering Catholicon, at the last resort. I had not used it a week before I felt like another woman. By the use of three bottles I was enabled to perform all the labor for six in the family with ease, and could walk anywhere in the welshborhood without injurer. Nothing but a seeme of my duty to you and to the saffleited, has indu cd me to state my case to the public. I can safely recommend the preparation to all thore suffering like miself. (Signed) Mrs. SARAHA. BISHOP. Freedom, Portage Co., Ohio, Dec. 27, 1832.
