

SABBATH CONVENTION.

According to a call published in the papers of our county, a number of our citizens in favor of the better observance of the Christian Sabbath, assembled in Convention in the Presbyterian church, in Curwensville, on the 1st inst.

The meeting was organized by the election of JOSEPH IRWIN, President.—BENJAMIN SPACKMAN, Wm. A. BLOOM, JOHN J. ROWLES, and ABEL L. HICKOCK, Vice Presidents. W. M. REEDY and Dr. M. WOODS, Secretaries.

The following named persons were appointed a Committee to prepare business for the convention: Dr. M. Woods, John W. Thompson, Conrad Baker, Robert Withrow, John C. Johnston, Wm. Thompson, and Rev. J. J. Hamilton.

The Committee after retiring for some time presented the following resolutions:

1st. Resolved, That our Constitution and form of government are essentially Christian, and Protestant in their character; and that we are indebted to the Bible for our most excellent political institutions; for the general morality of the community; for the liberty and security which we enjoy; and for all the domestic peace and happiness that is our portion as American citizens.

2d. Resolved, That the laws of our Commonwealth, and of our country, sanctifying the Sabbath and requiring a discontinuance, on this day, of all those secular labors that are lawful on other days of the week, are most righteous, and in accordance with the principles of our free institutions.

3d. Resolved, That the proper observance of the Christian Sabbath is essentially alike to the purity and progress of the church, and to the prosperity of the State; that a church without the Sabbath is apostate, and that a people who habitually disregard this divine institution, have abandoned one of the chief foundations of social order and of political freedom.

4th. Resolved, That we will resist most earnestly, all efforts by foreigners to wrest from us our Sabbaths and our Bibles, and that we will cherish these as the great safe guards of our Republican Government.

5th. Resolved, That while we grieve over the desecration of the Sabbath upon the public improvements of the State, and by the various Rail Road companies of our country, it is a cause of heartfelt sorrow, that at the time of high water in our noble river and its tributaries, many of our neighbors should so far neglect to sanctify this Holy Day as to throw open their store, and engage in all the busy labors of one of the secular days of the week; and that there is so much of railing, and drinking, and bustle, at those times upon God's holy day.

6th. Resolved, That it is our solemn conviction that the lumber of our county can be more safely conveyed to market, and at a less sacrifice of labor and money, by doing all our work in six days, and resting on the seventh, according to God's most wise, merciful and righteous commandment.

7th. Resolved, That we deplore the evil of drunkenness and reveling that is so prevalent upon this holy day, and we exhort those officers whose duty it is to see that the laws are executed, to compel our public houses to suspend the sale of intoxicating liquors upon the Sabbath, and thus vindicate the authority of law.

8th. Resolved, That we earnestly condemn the conduct of many who are in the habit of driving their teams on the Lord's day, and that we look upon it as a most venereal desecration of the Sabbath, and cruel as mercenary, as God requires that the cattle shall rest also.

The above resolutions were unanimously adopted, after being defended by the Rev. J. J. HAMILTON in an able and eloquent address, in which he portrayed the usurious attacks made upon the Sabbath and the Bible by the enemies of our religious and political freedom; and showed the advantages of the Sabbath as a safe guard to the political institutions of the State; as a promoter of our social enjoyment and fellowship; and its necessity to the health, condition, spiritual prosperity and onward progress of the Church of Christ, and our duty to do all our work in six days.

The following were appointed a committee to call a similar Convention to be held in Clearfield:

Rev. S. M. COOPER, Rev. J. J. HAMILTON, Dr. M. WOODS, Benj. Spackman, J. W. Thompson, Joseph Irwin, H. R. Smith, W. H. Robertson, Robert Withrow, Ross Reed, W. A. Bloom, John C. Johnston, Abel L. Hickok, Conrad Baker.

On motion, Resolved, That a copy of the proceedings of this convention be sent to the Clearfield Republican, Craftsman's Journal and Presbyterian Banner for publication.

On motion the Convention, closed with prayer by Rev. J. J. Hamilton.

W. M. REEDY, Dr. Woods, Secretaries.

For the Republican.

DESECRATION OF THE SABBATH AND ITS CONSEQUENCES.—On Sabbath, July 2d the next day after the Sabbath Convention was held in Curwensville, a young man named Andrew Cloyer, of Pike tp., went to bathe in the mill dam of Elisha Panton, and was drowned. This should be a warning to those who disregard the sacredness of this holy day. He was about 20 years of age.

W. Mussa says, kin you pay this bill? 'Your master is in a great hurry—I am not going to run away.' 'No, but by golly, ole massa's gwine to run away heseif.'

The prospect in Ireland is that potatoes will yield better than they have for fifteen years.

The New Orleans papers ridicule the rumor that a filibuster force has concentrated in that city.

ARRIVAL OF THE EUROPA.

ADVANCE IN FLOUR AND WHEAT. New York, June 30. The royal mail steamship Europa, with Liverpool dates to the 15th ult., (being three days later than the last advices) arrived at her dock at Jersey City this evening.

The Liverpool Grain Market was more active, and better prices had been obtained. Flour had advanced one shilling per bushel, and Wheat three pence. Corn was dull.

THE WAR NEWS.—Accounts from Vienna, coming from a responsible source, state that it is not doubted that Russia has rejected the summons of Austria.

The conference between the Emperor of Austria and the King of Prussia has resulted satisfactorily to the allied powers. Prussia will send an envoy to St. Petersburg to support the summons already dispatched thither by Austria.

Silistria still holds out against Russia. The allied army was daily expected to arrive.

No important battles have been fought on the Danube, though several severe skirmishes had taken place.

The Russians after being considerably harassed, concluded to retire from Jassy. It has been decided that seven thousand of the allied troops should go to Varna, and forty thousand to Sebastopol. The latter place it is said, cannot be taken without a heavy land force.

The report by the Canada that the Turkish commander of Silistria had been killed, is authoritatively contradicted.

A large portion of the English forces are encamping at Deva.

No further demonstrations have taken place by the allied fleets, either in the Baltic or the Black Seas.

The allied fleets in the Baltic were, at the latest accounts, before Swenborg.

The Turkish commanders were using their utmost exertion for the relief of Silistria.

The Russians in Lesser Wallachia had subjected the towns to pillage, and many outrages were committed.

Prince Paskewitch, the commander-in-chief of the Russian army, had been severely wounded by the Turks. Prince Gortschakoff, in consequence of this mishap, has taken temporary command of the army.

A declaration of war by Sweden against Russia is shortly expected to be made public.

The allied fleets destroyed a number of ships in the dock yard, and a large quantity of military stores in the Gulf of Boshna. The damage amounted to about 750,000 rubles.

Arrival of the Steamer Europa. THREE DAYS LATER FROM EUROPE. New York, June 30.—The royal mail steamer Europa, with dates from Liverpool to the 17th instant, arrived at her wharf at six o'clock this evening.

PROGRESS OF THE WAR.—A despatch received from Vienna, dated June 10th, states that the Russians made another successful attack on Silistria, on the 10th when General Paskewitch, the Russian commander, received a severe and painful contusion on the right leg. He had been compelled to delegate his command to Gortschakoff, and had been removed to Jassy.

A Turkish attack on the Island of Moka, which is held by the Russians, was also repulsed.

The Emperor Nicholas was shortly expected to Kiew. It was stated that he had been signified his acceptance of the convention proposed by Austria with reference to the eventual occupation of the Principality.

A telegraphic despatch, dated Godland June 11, says that both the French and English fleets were at Boreund, twenty miles from Swenborg, and it was expected that they would attack the latter place on or soon after, the 13th. There were sixteen Russian ships-of-war at Swenborg, and they had blockaded the harbor by sinking a ship loaded with rocks.

The British fleet was at Boreund, twenty miles from Helsingfors.

AUSTRIA AND PRUSSIA.—The Monitor assumes that Austria and Prussia jointly framed the reply overruling the objections of the smaller German States.

Colonel Mantouffil is about to go to St. Petersburg with a messenger from Prussia, recommending the Czar to accept Austria's recent summation. It is, however, rumored that the Czar has already refused it.

WHO WANTS A PICTURE?

Purviacco's stock is now complete. From little cases, very neat. Up to those of large dimensions. Suitable for high pretensions. Come on, Ladies! come on, Gents! Come on, all ye men of sense!

To show your friends your fancy goods. The dress is better to be dark. But brown on red is just the mark. For then the contrast fairly shows. He that takes your picture to the life. Those little snuffers, except babies. Should never come 'mid clouds and shades. But when the monarch of the skies. His shining robes put on, arise. And bring your little ones to me. And brightest pictures you will see. Another theme the muse suggests. To put all gloomy doubts to rest— Sit down most soberly to bed. Lost wicket craft frolic from the dnd. Should be invoked in place of art. And made to part a wily part. Are told with conscience clear of evil. We have no dealings with the devil. Clearfield, June 11, 1854.
